HAPPILY EVER AFTER

'Keflex' offers a combination of effectiveness and safety which is unsurpassed by any other antibiotic.

No reports of teeth staining or renal damage, a very low incidence of rash and gastrointestinal disturbance make it particularly suitable for the treatment of bacterial infections in children. Add broad-spectrum, bactericidal action and resistance to penicillinase and it's easy to see why so many children recover so quickly with so few complications after 'Keflex' therapy.

'Keflex' Suspension is supplied in 100 ml bottles containing 125 mg cephalosporin (as the monohydrate) per 5 ml. 'Keflex' is also available for older children and adults as capsules each containing 250 mg cephalosporin (as the monohydrate).

The Medalllic History of Medicine

66 Superb Medals in 24 Carat Gold on Sterling Silver and in Solid Sterling Silver

'Special Mint Finish' by advance subscription only

**Limit: One set per subscriber.
Closing date for subscriptions:
27th November, 1970**

The brilliant discoveries of medical men and women through the centuries – from early civilisation to the present day – can only be matched by the wealth of artistic treasures created by man in homage to God and his environment. The richest of these tributes were created in precious gold and silver. And it seems fitting that history should repeat itself in this unique and beautiful tribute to medical progress.

**A unique series – with the
heirloom qualities of rarity,
historical significance,
artistry and precious metal.**

No effort has been spared to make this a unique and valuable series for the few privileged medical men, investors, historians and collectors who will have the lasting pleasure of owning it. The sculptures were created by an inspired group of British and American sculptors.

Each one magnificently detailed. Each one a work of art and a collector's piece in itself.

And, to ensure that THE MEDALLIC HISTORY OF MEDICINE is of true historic authenticity, the Department of Medical History has consulted Britain's noted medical historian Dr. Edwin Clarke as advisor in the selection of subjects for this unique 66-medal collection. Amongst those commemorated in precious gold and silver, are Hippocrates and Galen, Pasteur and Freud, Britain's Fleming, Lister and Florence Nightingale . . . and important medical milestones such as the discovery of blood circulation and the development of vaccination and anaesthesia.

**To add to its beauty and value –
The Medalllic History of Medicine
will be minted in 24ct Gold on
Sterling Silver and Solid
Sterling Silver**

To capture the full artistry of the series and to match the uniqueness and value of the collection, the Department of Medical History has commissioned John Pinches (Medallists) Ltd. Britain's foremost private mint, to produce

the medals. Each medal will be of 'Special Mint Finish' quality, with softly frosted sculpture on a mirror-finish background. Each will be edgemarked with your own personal subscription number and registered in the department's archives.

The value of the collection as an investment.

Rarity and beauty are inevitable components of value. And, by minting 'Special Mint Finish' and limiting the edition, these medals offer you a series with every possible potential for financial appreciation. Even beyond the potential increase in value of its solid silver content, which economists believe is certain to increase.

Even if the price of silver rises so much during the period of your subscription *that the bullion content of each medal is worth more than you pay for it*, you will be asked to pay no more. So, in fact, your medals could well have increased in value even before you finish paying for them.

Recently a limited edition of an American Medical Series appreciated 34 per cent within a year, based on private sales recorded by American coin dealers. Encouragement for the most timid investor! But, even as an investment in richness and pure beauty . . . as a display piece for your home, THE MEDALLIC HISTORY OF MEDICINE is a unique investment. It is a distinguished and rare collection which you can display with pride and which very few of your contemporaries will be fortunate enough to be able to match.

**Only a limited number of
Advance Subscriptions will
be accepted!**

And only one set will be issued to each subscriber. This is necessary because of the substantial bullion investment required. And, for collectors with long-term investment in mind, it ensures the exclusivity and value of the series from the outset.

**Advance Subscriptions must
be postmarked by 27 Nov. 1970.**

The number of sets minted in this series will be

24ct Gold on Sterling Silver
alternatively, in Solid Sterling Silver only

restricted to equal exactly the number of advance subscriptions postmarked by this given date, plus ten sets reserved for leading Medical Institutions and Museums. This limited series in Solid Sterling and Gold on Sterling will never be minted again!

Consultant advisers to the series include such names as Dr. Edwin Clarke, Physician, author, British medical historian, Walter Newman, M.V.O., Chief Engraver, Royal Mint, London and Barry Stanton, leading medallist designer and sculptor of the official United Nations 25th Anniversary medal.

Apply now to ensure acceptance.

Once the time limit for this edition has been reached, *not one further application can be considered*. This is a strict rule of the Historical Medical Department to ensure that the true value of this limited edition is maintained. So do act now, and assure yourself ownership of this uniquely valuable series on medical history. Complete the Advance Subscription Application together with the Bankers Order Form and post today. *Remember only applications postmarked by 27th November, 1970 will be accepted!*

This distinctive collector's book 'display' cabinet free with every subscription.

Each advance subscriber to the limited edition of this Medallist History of Medicine will receive this distinctive and exclusive album in which to display his collection. And, with it, valuable historical reference literature relating to each medal in the series.

ADVANCE SUBSCRIPTION APPLICATION

Must be postmarked by November 27th, 1970.
LIMIT: ONE 'SPECIAL MINT FINISH' SET PER SUBSCRIBER

To: Department of Medical History, Systema Sciences Ltd., 15 Albemarle Street, London W1. Tel: 01-499 0525
Please enter my subscription for one complete 'Special Mint Finish' set of THE MEDALLIST HISTORY OF MEDICINE consisting of sixty-six medals to be issued at a rate of two per month, beginning January, 1971. I would like my set to be struck in:

.....24ct Gold on Sterling 9 gns

.....Solid Sterling Silver 6 gns
If my subscription is accepted, I understand that these medals will be struck expressly for my account, and I agree to pay for each two medals promptly on being invoiced on a monthly prepayment basis. I will also receive, at no additional cost, a handsome 'book' display cabinet to protect my medals. The cabinet will be sent after I have received six medals. Enclosed is my remittance to cover the first two medals:

.....24ct Gold on Sterling 2 at 18 gns

.....Solid Sterling Silver 2 at 12 gns

I understand that my remittance will be promptly returned to me by December 18th if my subscription is not accepted.

Name

Address

As a doctor, you'd be better off abroad. Or would you?

Obviously, the decision's a difficult one. Especially if you're only just about to register.

So may we suggest something?

Rather than taking up a normal practice here or leaving the country, try the Royal Army Medical Corps. And you'll get the chance to do both.

Because, for some of the time, in the RAMC you're likely to see something of the world: in Germany, Cyprus, or maybe on exercises in countries from Canada to the Far East.

You can join for 3 or 5 years. And in that time you'll not only travel, you'll also gain valuable medical experience.

You'll hold the rank of Captain. And at say 24 years of age you earn around £3249 gross p.a. On top of that, there are all sorts of allowances.

Your surgery is well equipped by the Army. And you won't just be dealing with soldiers. There are wives and children to care for, too.

What's more, you get 6 weeks' paid leave every year.

After 5 years, if you like, you can apply to stay on for a Regular Commission. And have the opportunity of specialising. In fact, around 70% of all Regular Officers do take up post-graduate studies.

Alternatively, you can leave at the end of your Short Service Commission.

All the better for the experience and for a tax-free gratuity. You get £1500 after 3 years. £3000 after 5.

So think about it. And before you decide on anything, find out more about the RAMC.

If you want full details, or want to meet an RAMC Officer, write to **Colonel T. S. Hart, MB, DPH, DTM & H, RAMC, Ministry of Defence (AMD₂), Dept. 707 Lansdowne House, Berkeley Square, London, W1X 6AA.**

B.M.J. Publications

JUST PUBLISHED

The New General Practice 2

What important developments are there in General Practice? Does the General Practice Team work successfully? What is the Family Doctor's future role in the Hospital Service? These and other questions are answered in *The New General Practice 2* which, published two years after the first volume in this series, also deals with topics such as the use of computers, plans for the new towns, and Scandinavian developments in general practice. This second volume contains 27 articles published in the *B.M.J.* in the last two years. The introduction has been written by Professor J. D. E. Knox, Professor of General Practice at Dundee University.

PRICE 25s. (U.S.A. \$3.50), including postage

Today's Drugs

New 1970 Edition

The problem facing the prescribing doctor today is choice. Catalogues of drugs—no matter how detailed—are of little help unless accompanied by advice on which drug to give for what condition. So this new edition of "Today's Drugs" not only gives a full account of the drugs but also includes clear accounts of the management of common conditions such as urinary infections and epilepsy.

The new edition differs from the earlier one in other ways. It deals with only three subjects—infections, vitamin deficiencies and anaemias, and disorders of the nervous system. Further volumes will be published at intervals of about a year, and by the time the whole field of therapeutics has been covered this first volume will have become obsolete and due for replacement. In order to further emphasize the ephemeral nature of books on therapeutics—and to cut costs—the book is a paperback.

PRICE 20s. (U.S.A. \$3.00) including postage

Road Accidents and the Family Doctor

Road accidents are now acknowledged to be one of the major epidemics of our time. It has been estimated that many accident deaths could be saved by skilled treatment at the site of the accident, and recently doctors in Britain and abroad have been playing an increasingly active part in this. This booklet, which reprints a series of articles which appeared in the *B.M.J.* last autumn, contains contributions on organization and medical equipment, the management of soft-tissue injuries resuscitation, fractures of the spine, and extrication of persons trapped in a vehicle. The introduction is written by Mr. Norman Capener, Chairman of the Medical Commission on Accident Prevention.

PRICE 10s. (U.S.A. \$1.75) including postage

When you prescribe Penbritin you now have 2,000 second opinions

There are now 2,000 references relating to Penbritin. They show an unequalled record of effectiveness over a wide range of respiratory, urinary tract and other infections.

Penbritin is one of the safest broad-spectrum antibiotics currently available. It is being used to treat the young and the elderly, neonates, pregnant patients and even those in renal failure.

Continually rising demand, world-wide, has made it possible to manufacture Penbritin more economically. As the references have mounted up, the price has come down.

Further information is available on request.

Penbritin

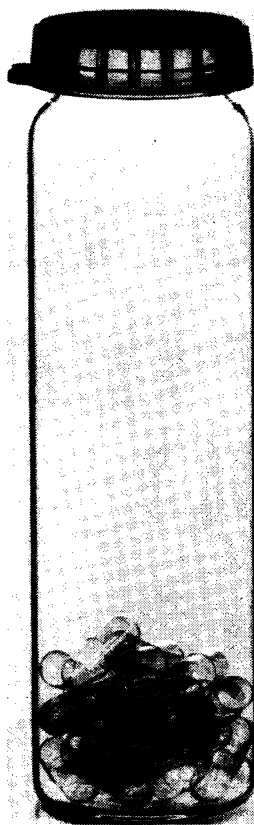

Penbritin* (ampicillin B.P.) is a product of British research at Beecham Research Laboratories Brentford, England originators of the new penicillins.

Hypnotics: isn't it time we all woke up?

barbiturates

As few as 25 can
cause anaesthesia, coma
and death

*Mogadon**

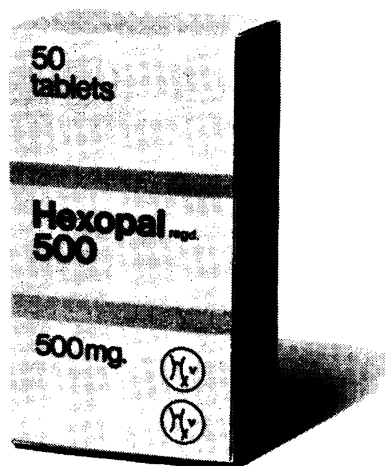

To date, no
authenticated death (up
to 80 tablets produced
no harmful effects)¹

“Now that satisfactory and safe alternative hypnotics such as nitrazepam are available it would seem high time that prescribing of barbiturates, at any rate to outpatients, be restricted or better still abandoned”²

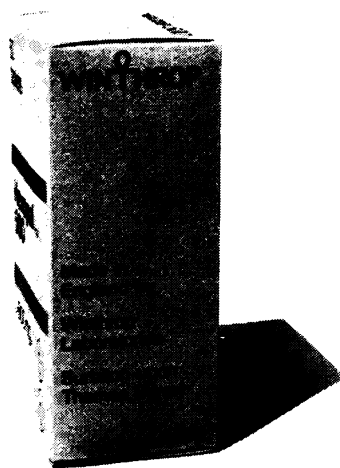

In one year 1,857 people died of barbiturate poisoning, including 1,260 suicides.³ ☐ Is there really any excuse for such a high figure any more? ☐ With Mogadon, the safe hypnotic, comes the possibility of safe sleep. ☐ To date it has resulted in no authenticated deaths or suicides. Indeed as many as 80 tablets have produced no harmful effects¹ and clinical and animal experiments lead us to believe that the amount necessary to produce death could probably not be consumed in tablet form. ☐ When such a drug exists (and a recent trial in the British Medical Journal showed it to be comparable in effectiveness to butobarbitone)¹ is one any longer justified in using anything else?

1. Brit. med J., 1969, 3, 23 / 2. ibid, 1969, 3, 177 / 3. Registrar General's Annual Report for 1967

The face is familiar...

... but you can't place the name

You've probably known Hexopal 500 for years,
but the name Winthrop may be a little strange to you.
Don't worry about it. We're just the same Company with a different name.
Forget our new name if you like. But don't forget Hexopal 500.

It's *more* than just a vasodilator and its unique
four-fold action can come in very useful in
dealing with atherosclerosis.

Why disrupt the flu virus?

So it won't disrupt your patient.

WELLCOME* Flu Vaccine is prepared by a special 'split virus' technique in which the killed virus is disrupted by chemical action to dissolve the outer coating of the virus and release the active immunizing principles as sub-unit particles. The splitting of the virus by this treatment produces a vaccine which is less reactogenic than the older, conventional vaccines but which retains its immunizing properties in full.

WELLCOME Flu Vaccine provides effective protection against the current strains of influenza virus—A2/Hong-Kong/68 and the current B strains. For your

vaccination programme, WELLCOME Flu Vaccine means worthwhile protection with fewer reactions.

from asthmatic attack

British Medical Journal, 31 October, 1970

The unique mode of action of disodium cromoglycate offers the asthmatic patient outstanding benefits. A prophylactic treatment, it prevents the onset of asthmatic episodes - thus minimising long-term damage to lung tissue. Freedom from asthma attacks permits a happier, more normal life for the asthmatic patient.

Published clinical reports¹⁻²² confirm that with INTAL COMPOUND, the incidence and severity of acute attacks is considerably reduced - even in patients on conventional therapy such as bronchodilators, antihistamines and corticosteroids. Less time is lost from work or school,

exercise tolerance is improved and a consistent clinical comment on disodium cromoglycate has been the total absence of serious side effects.

INTAL COMPOUND - supplied in SPINCAPS (each containing 20 mg disodium cromoglycate, and 0.1 mg Isoprenaline Sulphate BP in powder form, together with an inert carrier). For use in a special insufflator - SPINHALER.

is it gout?

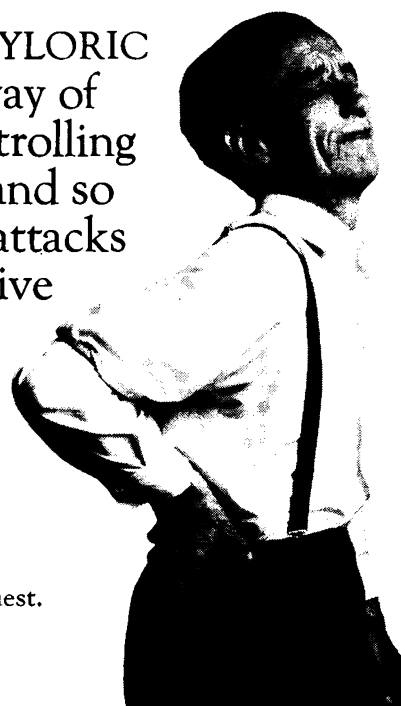

Gout does not always present in the classical manner, with an inflamed big toe. It can present as pain in almost any joint. Colicky pain due to urate stones is sometimes a precursor of gout.

In circumstances like these it is worth remembering gout and having the serum uric acid level checked.

If the diagnosis is gout, ZYLORIC* is there to provide effective prophylactic treatment. ZYLORIC provides the rational way of treating gout by controlling uric acid formation and so preventing the acute attacks and the degenerative changes associated with the history of the disease.

Our tax-saving retirement plan is now even better.

If you are in general or private practice, or draw part of your income as a part-time consultant, the taxman allows you to invest in a personal pension policy. All your contributions qualify for full income tax relief and surtax relief.

That means you pay less tax now, and enjoy an excellent pension later. You could say the taxman is subsidising your retirement investment. Which is quite a bargain.

Now we've made this outstandingly attractive policy even better. An additional bonus will be paid at the time when your pension starts. Which means that the annual sum we pay you is even higher than it was before.

If you pay tax under Schedule 'D', it's time you discovered what you are missing. Write to us today quoting reference 5003 and tell us your name, address and date of birth, before the taxman makes another demand.

Glaxo brief

Introducing new Golden Ostermilk

Golden Ostermilk is a complete milk food for babies. It is homogenised, spray-dried and instantised so it mixes more conveniently, more hygienically. It is made from pure full-cream milk, and contains vitamins A, D, C and extra iron, in recommended daily quantities, which babies need to grow healthy and strong. From the very beginning baby finds Golden Ostermilk easy to digest. And as Golden Ostermilk is homogenised there is no separation of fat which might cause vomiting, and no separation of the fat soluble vitamins A and D. Golden Ostermilk needs to be mixed in a new way. It's called the warm-mix method and it means mother can mix baby's feed in a few moments in a wide-neck feeding bottle. It's safer for baby because there's less risk of carrying infection from mixing utensils to the bottle, and it's simpler for mother, too. And there's a free Golden Ostermilk Presentation Box for mothers of new babies in your area — ask your local Glaxo representative for details.

Bronchopneumonia — a case for Ceporex

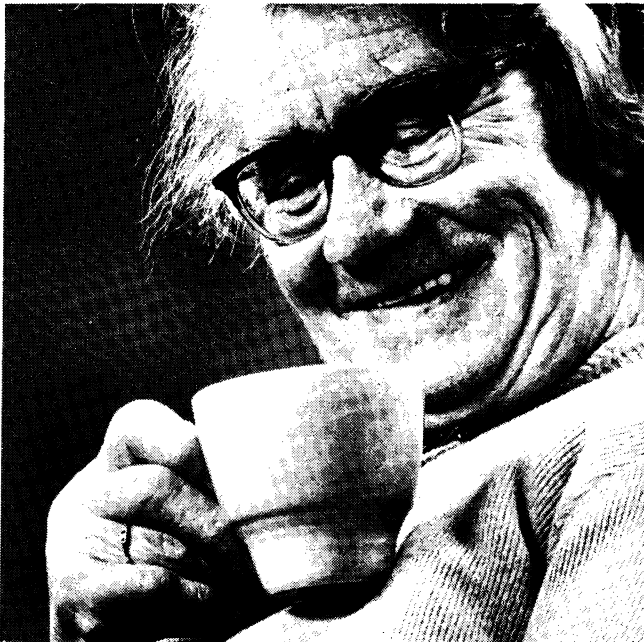

Mrs. Murray is seventy. Her doctor has just diagnosed bronchopneumonia, possibly due to mixed infection. That's why Ceporex is being prescribed. Ceporex kills both the gram-positive and gram-negative organisms which are commonly responsible for respiratory infections. Ceporex absorption is rapid and virtually complete giving high serum levels within an hour of administration. Ceporex is well tolerated, has low toxicity and can be considered in patients hypersensitive to the penicillins.

Presentation
Ceporex Tablets or Capsules :
250 mg or 500 mg of cephalexin, in bottles of 20 and 100
Ceporex Syrup (as granules, 250 mg cephalexin
per 5 ml) : 100 ml bottles
Ceporex Syrup (as granules, 500 mg cephalexin
per 5 ml) : 100 ml bottles

absorbed oral antibiotic

Glaxo brief

Complan – when nutrition is a problem

Complan greatly simplifies nutritional problems in hospitals and the home. Complan contains the protein, carbohydrates, fats, vitamins and minerals necessary to maintain a nutritional state in the patient as near the normal as possible. Patients who are unable or unwilling to swallow solid food may be completely nourished by Complan alone – administered as a drink or as a tube feed.

A detailed leaflet is available on request

Clinimycin Tablets – new 500 mg strength, same high quality

Now there's a wider choice in oxytetracycline therapy – Clinimycin Tablets are available in a new 500 mg strength. Each tablet has the name Clinimycin printed on it, so it's easy to identify.

Clinimycin 250 mg tablets are the smallest oxytetracycline tablets available and are easy to swallow.

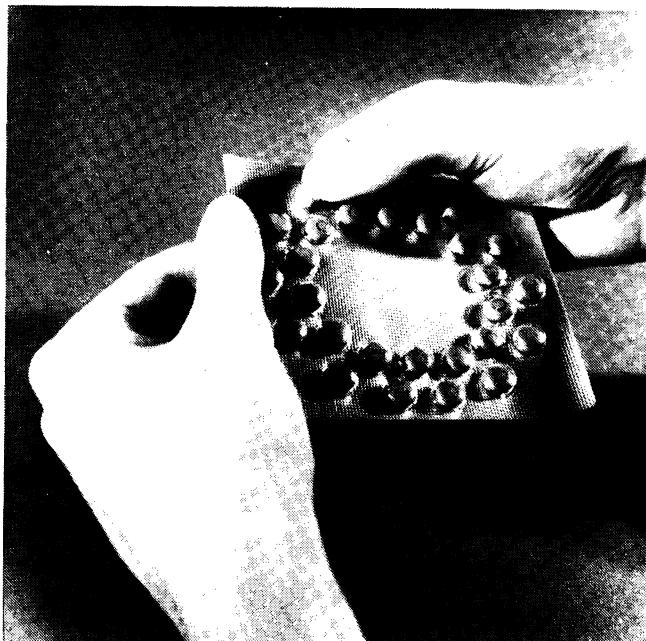

Clinimycin Syrup (125 mg/5 ml) has a pleasant fruit flavour and a uniform suspension which helps achieve accurate dosage every time.

Good reasons for prescribing Clinimycin.

Presentation

Glaxo brief

Fersaday daily iron in forget-proof packs

Fersaday Tablets provide once-daily iron for mild to moderate iron deficiency anaemia in specially designed pop-out packs. Each Fersaday Tablet contains 304 mg ferrous fumarate BP (equivalent to 100 mg ferrous iron).

The low irritancy of ferrous fumarate (as against the higher irritancy of ferrous sulphate which many iron tablets contain) means Fersaday can be taken in this dosage with less risk of gastric upsets.

Next time you prescribe once-daily iron, remember Fersaday.

Presentation
Wallets of 28 tablets

Penicillin therapy is easier with Crystapen G

In strep. throats and acute tonsillitis, Crystapen G provides effective treatment.

Crystapen G Tablets are easier to swallow because they are film-coated.

Crystapen G Tablets are unmistakable – they are overprinted with name and strength.

Crystapen G Syrup (125 mg or 250 mg/5 ml) contains twenty doses per 100 ml bottle. It has a pleasant fruit flavour. Remember, Crystapen G is effective, not expensive.

Do most of your elderly patients admit to urinary frequency?

(They should:
most of them
have it)¹

The very next elderly patient you will see probably needs Cetiprin to control urinary frequency. In a recent investigation reported in 'The Practitioner', the drug produced a 'good' or 'excellent' response in over 75% of the patients³. The consequent improvement in the patient's *general health* following treatment with Cetiprin is obvious, as will be the saving of your precious time. Imperfect bladder control is a troublesome problem in general practice, leading in many patients to anxiety, depression and loss of sleep³. Perhaps this is one of the prime reasons for the statement made in 'The

Regrettably, the lack of socially acceptable words for the excretory functions makes communication between patient and doctor difficult².

Biocrats', by Gerald Leach (pub. Jonathan Cape Ltd, London, 1970, p. 285) that '... old people on average need medical treatment twice as frequently, with each treatment lasting twice as long, as do the rest of the population'.

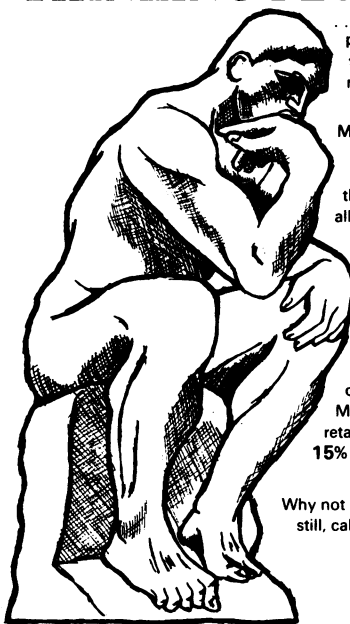

Cetiprin (emepronium bromide); Ethyl (3,3-diphenyl-1-methylpropyl) dimethylammonium bromide.

Manufacturer: AB Kabi, Stockholm, Sweden.

THINKING PEOPLE KNOW

... that there are no recommended prices for **CARPETS**. They realise that offers of 30% or 33% discount mean absolutely nothing.

Many claim to give large discounts—we just say that our prices will stand comparison with anyone's. Couple this with the vast choice available in all our showrooms (the London Carpet Department is believed to contain the largest selection in the country with over 4,000 different carpets beautifully displayed) and you really can't go wrong.

We also have a huge, constantly-changing range of **FURNITURE**. Most makes have a recommended retail price and our discount varies from **15%–20%***

Why not send for our free brochure or, better still, call in at one of our showrooms.

*Excluding Purchase Tax.

In anxiety depression

Posed photograph

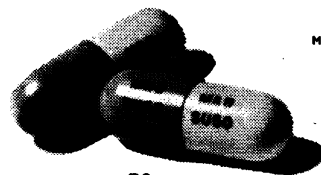

**when sleepless nights
follow anxious days,**

Surmontil acts in two ways

First: Its anxiolytic action produces rapid restoration of normal sleep rhythms, and a subjective improvement in the patient.
Then: Its powerful antidepressant action produces mood elevation, usually within seven to ten days.

Surmontil Capsules 1 or 2 nocte

control depression and its major symptoms,
sleep disturbance and anxiety

THAMES POLYTECHNIC

LONDON, S.E.18

(formerly Woolwich Polytechnic)

ULTRASONICS

2nd to 4th DECEMBER, 1970

Specialist lecturers will give a broad survey
of this subject and its applications. Limited
exhibition and demonstration of equipment
will be provided for.

FEE: £10 (inclusive of meals)

Application forms and further particulars
from the Secretary, Thames Polytechnic,
Admissions Department No. 63, Wellington
Street, London, S.E.18. (12748) 2

UNIVERSITY OF EXETER Postgraduate Medical Institute

A full-time postgraduate course lasting 10
weeks will begin on January 13, 1971. These
courses are held 3 times a year, starting in
October, January and April. Each course
includes instruction in general medicine,
paediatrics, preventive medicine, pathology,
psychiatry, orthopaedics and general surgery.
The programme is planned so that students
wishing to specialise in a particular clinical
subject are given facilities to do so, while
other students are taught in each of the
main clinical departments. Unpaid clinical
attachments can be arranged at the end of
the course for students requiring a longer
period of training, but these are normally
reserved for students sponsored by some
official body.

It is sometimes possible to accept general
practitioners for 1 or 2 weeks of a course,
and attendance for this period is recognized
under Section 63 of the Health Services and
Public Health Act 1968. These courses are
also recognized under the special scheme for
the re-training for general practice of
doctors who have been out of the Health
Service for at least 5 years.

The fee for this course will be £40 (£83
for students from outside the United King-
dom).

Further particulars and application forms
for these courses are obtainable from the
Director, The Postgraduate Medical Institute,
The University, Exeter, Devonshire. (12746) 2

THE WELSH NATIONAL SCHOOL OF MEDICINE

University of Wales

LECTURER IN GENERAL AND ORAL SURGERY

Applications are invited from persons with dental and medical degrees for the post of Lecturer in the Department of Surgery. This is a new appointment designed to provide opportunities for a trainee oral surgeon to gain experience in general surgery. The person appointed will participate in the teaching and research programme of the Department with special responsibilities in assisting with the course of instruction in general surgery to the dental students. Arrangements can be made for the appointee to participate in oral surgery at the Dental School if he wishes. Appointment for two years, after which time it is expected that the appointee will wish to return to full-time oral surgery. Salary will be on the interim scale £2,145-£3,792 per annum. Federated Superannuation System for Universities. Applications should be submitted by November 16, 1970 to the Academic Registrar, 34, Newport Road, Cardiff CF2 1YE from whom further particulars may be obtained. (12605) 14-1

ST. THOMAS'S HOSPITAL MEDICAL SCHOOL (University of London) London S.E.1

Applications are invited for the post of **ASSISTANT LECTURER/LECTURER IN PATHOLOGY**

The appointee will be given the appropriate honorary N.H.S. grading in St. Thomas's Hospital. This is a training post offering experience in all branches of pathology and is suitable for those intending to practise hospital or academic pathology. The successful candidate will work in turn in the recently established laboratories in St. Thomas's Hospital, all of which are recognized for the M.R.C.Path. examinations. Previous experience in pathology is not essential. The appointment is for one year in the first instance, renewable for a second and third year. Salary in the range £2,065-£2,640.

Applications giving details of age, qualifications and experience, with the names of three referees, to the Secretary, by November 14, 1970. (H6283) 14-1

THE ROYAL SOCIETY FLOREY FELLOWSHIP

Applications are invited by the Council of the Royal Society for a Florey Fellowship tenable at any university, medical school or other research institution in Australia for two years from October 1, 1971. This appointment will be the first to be made in the United Kingdom to the Fellowships established by the Australian National University and the Royal Society in memory of Lord Florey for young scientists to research in the biomedical sciences. Candidates must be normally resident in the United Kingdom; they must be younger than 30 on the date when applications close and should have a Ph.D. or equivalent qualification in physiology, biochemistry, pathology, pharmacology or related subject. The subject of the proposed research, and where it will be done, together with the name of the Head of Department, whose consent should first be obtained, must be stated.

The stipend will be Australian \$6,000 per annum (£2,790) together with superannuation benefits and family allowances; return fares for the Fellow and family will be provided. The appointment will be subject to the conditions of award governing Florey Fellowships, of which copies can be obtained from the Royal Society. Applications should be made on forms to be obtained from the Executive Secretary, The Royal Society, 6 Carlton House Terrace, London, S.W.1, and returned by March 1, 1971. (12716) 14-1

THE WELSH NATIONAL SCHOOL OF MEDICINE (University of Wales)

LECTURER IN TUBERCULOSIS AND CHEST DISEASES

Applications are invited for the post of Lecturer in the Department of Tuberculosis and Chest Diseases.

Salary will be on the scale £2,145-£4,284 per annum. Federated Superannuation System for Universities.

Applications should be submitted by November 28, 1970, to the Academic Registrar, 34 Newport Road, Cardiff CF2 1YE from whom further particulars may be obtained. (12829) 14-1

Application forms and conditions of appointment are obtainable from the Registrar, King's College London, Strand, WC2R 2LS, and should be returned to him by November 14, 1970. (12604) 14-1

COMMERCIAL
APPOINTMENTS

TO ALL DOCTORS

and particularly lady doctors including those no longer practising

A new company requires the part-time services of qualified doctors to co-ordinate meetings at which new medical products and services will be presented to groups of General Practitioners throughout the U.K.

This work will appeal to all doctors with 1 or 2 evenings a week to devote to it, including those practising, those engaged in part-time or locum work, and those no longer practising for family or other reasons. We anticipate that this description will be more likely to fit lady doctors but men with spare time are welcome to apply.

If you are interested, please send your name, address, qualifications and experience to the Box Number below; then you will receive full details of the work and fees involved.

(And if you happen to know of any doctors who may be interested in earning such fees, please show them this advertisement.) Box 539, B.M.J. 16

THE MEDICAL COLLEGE OF
ST. BARTHOLOMEW'S HOSPITAL
West Smithfield, LONDON, EC1A 7BE
LECTURER IN HAEMATOLOGY

Applications are invited for the above post at this Medical College. Candidates should have experience of haematology and the post provides excellent training for the Final M.R.C. Path. The work involves diagnostic haematology, blood transfusion, and gives opportunities for patient management (in association with an active clinical unit), research, and undergraduate teaching.

Salary scale under review, commencing salary within the range £2,450-£3,545. The successful applicant would be required to start as soon as possible after January 1, 1971. Application forms which are returnable to the Dean by November 23, may be obtained from the Secretary of the Medical College at the above address. (H6454) 14-1

THE UNIVERSITY OF LEEDS

Applications are invited for posts in the following Departments:-

PHYSIOLOGY AND MEDICINE—
CARDIOVASCULAR UNIT
LECTURERS

(Two posts). Duties include coronary care, cardiac investigations, research in animal laboratories, undergraduate and postgraduate teaching.

CLOSING DATE: November 2, 1970. Reference Number: 43/6/J.

SURGERY
RESEARCH ASSISTANT

To join an established team investigating aspects of human and computer-aided diagnosis. Post available for up to two years if required, and offers considerable opportunities for studying a variety of topics relating to clinical diagnosis and medical computing. Salary within Senior House Officer range, according to applicant's present status.

CLOSING DATE: November 9, 1970. Reference Number: 53/7/J.

SALARY SCALES: Lecturers £1,590—£3,605 (efficiency bar £2,725) under review.

Research Assistant £2,040—£2,328.

Forms of application and further particulars of the posts can be obtained by writing to the Registrar, The University, Leeds LS2 9JT quoting reference number. Applications should be returned to The Registrar by the dates stated above or as soon as possible.

UNIVERSITY SURGICAL UNIT LEEDS (ST. JAMES'S)
UNIVERSITY HOSPITAL AND DEPARTMENT
OF MECHANICAL ENGINEERING
LEVERHULME RESEARCH FELLOW IN
ORTHOPAEDICS AND BIOMECHANICS

in the University Surgical Unit at Leeds (St. James's) University Hospital to work in the field of Joint Geometry and Endoprosthetic Replacement.

Candidates should have obtained their F.R.C.S. and preference will be given to candidates intending to specialise in Orthopaedics.

The successful candidate will be expected to do clinical and experimental work in Orthopaedics at Leeds (St. James's) University Hospital and in Bio-Engineering in the Institute of Tribology in the Department of Mechanical Engineering.

An honorary Registrar or Senior Registrar Contract with the Leeds Regional Hospital Board will be sought for the successful candidate depending upon his qualifications.

CLOSING DATE: November 9, 1970. Reference Number: 53/8/J.

SALARY SCALE: £2,760 on appointment.

Further details of this appointment can be obtained from Dr. Reeves, Department of Orthopaedics, Leeds (St. James's) University Hospital.

(12693)

14-1

THE WELSH NATIONAL
SCHOOL OF MEDICINE
(University of Wales)

Professor of Surgery

Applications are invited for the Chair of Surgery in Cardiff, in succession to Professor A. P. M. Forrest. The person appointed will be granted an honorary consultant contract by the Welsh Hospital Board to work with the University Hospital of Wales Group.

The salary will be within the range for clinical professors, with participation in the Federated Superannuation System for Universities.

Further particulars may be obtained from the Academic Registrar, 34 Newport Road, Cardiff CF2-1YE, to whom applications should be made by November 30, 1970.

(12588)

COMMERCIAL APPOINTMENTS

BIO-MEDICAL ENGINEERING

Applications are invited for posts in the Bio-Medical research department of a major engineering company situated in the Home Counties.

The successful candidates will be responsible for carrying out research programmes aimed at the initiation of design and development of bio-medical equipment and automated laboratory instrumentation. A wide field of interest is open to those selected. Graduates in medical and non-medical sciences will be considered but previous experience would be an advantage. The conditions of employment include a contributory pension scheme. Salary will be negotiable and appropriate to the posts offered, in the range £1,750 to £3,000.

Applications together with a curriculum vitae should be sent to Box 547 BMJ 16.

Medical Adviser

We are a substantial ethical pharmaceutical company with an impressive growth record and now require a Medical Adviser to head our Medical Department.

This important department is responsible for the organisation of all clinical trials, evaluation of new and existing products and preparation of medical information for the profession and official bodies.

Applications are invited for the above post from registered doctors, preferably under the age of 40, with wide clinical experience. Previous experience in the Industry and in pharmacology would be an advantage.

A car will be provided and there is a generous pension scheme in operation. Salary by negotiation.

Applications in confidence should be addressed, quoting ref. ML143, to:

The Chairman,

Berk Pharmaceuticals Ltd.

Station Road, Shalford, Nr. Guildford,
Surrey.

SALARY SCALES OF HOSPITAL MEDICAL STAFF

Following the Twelfth Report of the Review Body, new salary scales have been approved. These came into force on April 1, 1970. The scales are set out below:

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £1,626 per annum for the posts held during the first year; £1,755 per annum for posts held during the second year; £1,884 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £165 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,040 per annum in the first year; £2,184 per annum in the second year; £2,328 per annum in the third or subsequent years.

Deductions of £195 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,328 per annum × £144(3) × £126(1)—£2,886.

Deductions of £195 per annum for those with remuneration at the first point on the scale, and £225 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £183 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £2,760 per annum × £126(1) × £174(1) × £177(1) × £174(1) × £177(1)—£3,588.

Deductions of £250 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £2,520 per annum × £144(1) × £156(3) × £144(10)—£4,572.

Deductions of £250 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £4,512 per annum × £201(8) × £210(1)—£6,330.

Deductions of £390 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rental is appropriate.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters may be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association. (October, 1970)

The officer will be regarded as spending 50 per cent of his time on each of the appointments. The aggregate salary is £3,171 17s. 6d. per annum rising by annual increments to £3,616 17s. 6d. per annum.

The North-Western Area of the County, as defined for Health Service purposes, comprises the whole of the Meriden Rural District, which has an area of 66,531 acres and a population of 105,000. The latter figure is expected to rise to 123,000 by next year as a consequence of the development of the Birmingham Corporation's major housing estate at Chelmsley Wood.

The successful applicant will be required to provide and maintain a motor car for the performance of duties, and travelling allowances on the essential user scale recommended by the Medical Whitley Council will be paid according to the engine capacity of the vehicle used, but not exceeding 1,199 c.c.

The person appointed will not be permitted to engage in private practice and will be required to devote the whole of his time to the duties of the two offices.

Forms of application, further particulars, and conditions of appointment can be obtained from the Clerk of the Meriden Rural District Council, The Council House, Coleshill, Birmingham. Canvassing in any form will disqualify and relationship to any member or senior officer of the employing authorities must be stated.

Closing date for applications—November 16, 1970. (H6368) 56

Overseas Development

The provision of skilled man-power is a vital element in Britain's aid to the developing countries. Your professional skills will be welcome and you will have the satisfaction of doing a challenging, responsible and worthwhile job. In addition to the emoluments quoted for the vacancies below there are usually substantial extra benefits such as terminal gratuities, family passages, paid leave, educational grants and free or subsidized accommodation. For certain of these appointments an appointment grant of up to £200 and car purchase loan of up to £300 may be payable. Employment will be on contract to the overseas Government; in most cases superannuation rights can be preserved or maintained. Candidates should be citizens of, and permanently resident in, the United Kingdom. They must possess full medical qualifications and be eligible for full registration with the General Medical Council in the United Kingdom.

SENIOR REGISTRAR £3,767/Zambia

A Senior Registrar in Obstetrics and Gynaecology is required. He must be under 50 and have postgraduate qualification and proven experience in the appropriate specialty. Emoluments quoted above includes an inducement allowance, normally tax-free, of £780. Contract three years.

SURGICAL SPECIALIST £4,011/Zambia

For Surgical Specialist duties at Kitwe Central Hospital candidates must be FRCS with three years proven post-fellowship surgical experience. Emoluments quoted above include an inducement allowance, normally tax free, of £780. An allowance of £1,166 in lieu of private practice is also payable. Contract 3 years.

PSYCHIATRIST/ NEUROLOGIST £3,627/British Honduras

To take up the duties of Superintendent of the Mental Hospital, to train nurses and custodial staff, to be the Consulting Psychiatrist in the British Honduras Medical Services and general Consultant on neurological conditions. Emoluments quoted above include an inducement allowance of £1,452. Contracts 2-3 years.

ANAESTHETIST £3,627/British Honduras

He or she must possess the D.A. and have at least 2 years' post-registration experience in anaesthesia. Emoluments quoted above include an inducement allowance of £1,452. An allowance of £175 in lieu of private practice is also payable. Contract 2-3 years.

SENIOR MEDICAL SUPERINTENDENT £3,558/Malawi

To be responsible for the administrative and medical control of the Queen Elizabeth Hospital, Blantyre. He must be under 50 and have previous experience in medical administration. Emoluments quoted above include a supplement, normally tax free, of £208. A gratuity, normally tax free, of 25% of emoluments (excluding supplement) is payable on completion of tour of not less than 30 months.

MEDICAL OFFICERS OF HEALTH £2,640-3,546/Jamaica

To administer all Government Public Health functions in any one of the 12 rural parishes. Services include Environmental Sanitation, Maternal and Child Health, School Medical Services, communicable disease, Health Education and Insect Control together with any other appropriate duties that may be assigned to the Chief Medical Officer. Emoluments quoted above include an inducement allowance, normally tax-free of £540-696. Private practice not permitted.

REGISTRAR (E.N.T.) £2,834-3,424/Barbados

The officer will be directly responsible to the Head of Department at Queen Elizabeth Hospital and under the general direction and control of the Hospital Director for those duties usually required in a teaching hospital. He should be under 57 and preferably possess F.R.C.S. or equivalent OR have at least one year's post registration experience in E.N.T. Emoluments quoted above include an inducement allowance normally tax-free of £684-924.

CLINICAL TUTOR (ANATOMY) £1,890-3,247/Fiji

To teach anatomy to medical students at the Fiji School for Medicine, Suva. Experience in teaching anatomy at under-graduate level is desirable. Emoluments quoted above include an inducement allowance, normally tax-free, of £596-841. Private practice is not permitted. Contract 3 years.

MEDICAL OFFICER £2,462-3,050/Anguilla

For general duties including surgery and public health. Emoluments quoted above include an inducement allowance, normally tax-free, of £912-1,500. Contract 1 year.

MEDICAL OFFICER £2,071-3,328/Lesotho

For general medical duties in hospitals varying in size from 50-100 beds. Some Medico-legal work will be involved and they may be in sole charge of a hospital. Emoluments quoted above include an inducement allowance, normally tax-free, of £342-528. Contract 2-3 years.

MEDICAL OFFICER OF HEALTH £2,521-3,472/Seychelles

For normal M.O.H. duties including responsibility for sea and airport health work and health matters in connection with the operation of new hotels. The candidate must be male, under 45 and have adequate experience in public health work. Possession of the D.P.H. is desirable. Emoluments quoted above include an inducement allowance, normally tax-free, of £426-696. Contract 2-3 years.

ANAESTHETIST £2,986/St. Kitts

Required at the Joseph France General Hospital to administer anaesthetics during operating sessions, and when necessary, to share duty as medical officer on wards. He should possess a high qualification in anaesthetics. Emoluments quoted above include an inducement allowance, normally tax-free, of £1,236. Limited private practice is permitted or an allowance of £250 is paid in lieu. Contract 2-3 years.

GENERAL DUTY MEDICAL OFFICERS

are required in Botswana, British Solomon Islands Protectorate, Kenya, Malawi, Sabah, St. Kitts, St. Vincent, and Zambia. Salaries vary with local costs, but with some exceptions range from £1,650-2,900. Appointments are normally on contract for 2-3 years.

TRAINING SCHEME FOR RECENTLY QUALIFIED DOCTORS

In return for an undertaking to serve for at least two years in the developing countries the Ministry offers a course of training to recently qualified doctors approaching completion of their pre-registration year. The scheme is designed to fit them for service overseas and is attractive professionally and financially. During the training period of 12-15 months the doctor will receive the retaining fee of £288 per annum in addition to his hospital salary. Candidates should be citizens of, and permanently resident in, the United Kingdom.

MSL

**Management Consultants
in Human Resources**
17 Stratton Street London W1

Medical Adviser above £5000

A leading French manufacturer of pharmaceutical products requires a doctor to join its management team engaged in developing its activity in English-speaking countries. The company, which has over one thousand employees, is one of the five largest in France and its products, all developed in its own laboratories, have established a worldwide reputation. After a period of acclimatisation the man appointed will be responsible for co-ordinating and managing the launch of the company's products in English-speaking countries, particularly the USA. This will include the adaptation (including translation) of the company's technical literature; and evaluation of the facilities provided by the associates who are to carry out clinical trials, as well as supervising the conduct of these trials. The appointment is based in Paris but frequent visits of varying duration to other countries, particularly the United States, will be necessary. Eventual transfer to the USA is a possibility. Candidates should be M.B., Ch.B., with English mother tongue and a good knowledge of French, and relevant experience in the pharmaceuticals industry. Salary will be negotiable above £5000 and additional allowances will be payable including full re-location expenses. J. D. Boyle reference AM.1844.

**WANGARATTA DISTRICT BASE
HOSPITAL**
Australia

REGIONAL PATHOLOGIST
The Committee of Management invites
applications for this post from Pathologists
registrable in Australia, preferably with
higher qualification.

The Regional Laboratory caters for the
Base Hospital (183 beds) and twelve District
Hospitals in North East Victoria. It is new,
well equipped and air-conditioned.
Applicants should therefore be capable of
supervising routine haematology, bacteri-
ology, chemical pathology and histopathology,
even if their interest lies mainly in one
branch.

Wangaratta is a pleasant country town of
16,000 people, 150 miles North East of Mel-
bourne on the Melbourne-Sydney highway.
There is a wide range of educational, social
and sporting activities available.
Present salary scale to a maximum of
\$13,822 per annum. Limited right of private
practice. A three bedroomed brick residence
is available at \$8 per week. Financial help
towards cost of removal.

Four weeks' annual leave. Liberal confer-
ence and study leave. Cumulative sick leave
and sabbatical leave. Encouragement and
help in special projects.

Applications and enquiries to the
undersigned, N. B. Perrin, Manager and Sec-
retary. (H6210) 61-1

ST. ANDREW'S HOSPITAL NORTHAMPTON

Medical Director: James Harper M.B.,
F.R.C.P. (Edin.), D.P.M.

St. Andrew's Hospital is a private psychia-
tric hospital situated in 130 acres of park-
land in the county town of Northampton. In
general, patients are admitted to Wansley
House, a reception unit in the grounds,
which is equipped for the investigation and
treatment of all forms of mental and ner-
vous illness. In addition, there is accom-
modation mainly in private rooms, both in
the main hospital and in various villas, for
longer-stay patients and geriatric patients.
The hospital's amenities include Gloucester
House, which comprises an Occupational
Therapy department, a swimming pool,
a squash court and library, while in the
grounds there are tennis courts, a nine-hole
golf course, etc.

Fees range from £31 10s. per week and
subscribers to private medical insurance
schemes, such as British United Provident
Association and Private Patients Plan, may
claim benefit in respect of these charges.
Further particulars may be obtained from
the Medical Director, St. Andrew's Hospital,
Northampton (Tel. Northampton 34354), who
can be seen in consultation by appointment,
either at the hospital or at 55 Harley Street,
London, W.1. 67-13
