

---

# A question of stress...

---

## WHAT'S THE CONNECTION?

**Obesity and stress are very much connected. Obesity can give rise to hypertension, anxiety states and many other stress diseases. In fact, as recent surveys show, the obese patient is more liable to hypertensive stress than the non-obese.**

## HOW DOES IT HAPPEN?

Obesity increases blood pressure. Increased blood pressure produces cardiac overload and anxiety. This, in turn, can only exacerbate the hypertensive problem. So the first objective in the treatment of the

obese hypertensive patient must be to reduce weight.

## IS DIETING THE ANSWER?

It is well known that hypertensive patients are refractory to dietary measures. In any case, dieting alone is not often effective – except under controlled conditions which rarely occur. A complicating factor is that defective glucose metabolism can defeat the efforts of the most diet-conscious and co-operative of patients.

## ARE STIMULANTS A RISK?

The risks involved in prescribing simple appetite regulators of the stimulant variety are well recognised. In the treatment of obese hypertensive patients the stimulant amphetamines have several disadvantages.

They have a hypertensive action. They antagonise anti-hypertensive therapy. And their anorectic effect is reduced by most anti-hypertensive agents.

## IS THERE A SOLUTION?

There is. A non-stimulant metabolic regulator that causes muscles to increase their glucose uptake to levels seen in the lean person. A regulator that has a hypotensive action in its own right, works well with anti-hypertensive agents, and has its own anti-anxiety effect. A therapy which reduces weight naturally. And with it a more up-to-date, direct and effective method of obesity measurement.

The name of the therapy is Ponderax – the No. 1 obesity therapy.

---

# ...answered by **PONDERAX**<sup>®</sup> FENFLURAMINE

Ponderax (fenfluramine) is a glycoliptic agent which can effect a reduction in weight of up to 3.6 lb. per week without the dangers of stimulant addiction. It does not excite mechanisms involved with the central nervous system. Ponderax works by reducing the amount of glucose available for conversion to lipid, and by mobilising fat and reducing lipid synthesis. Thereby, Ponderax encourages *natural* weight loss.

The fact that Ponderax represents a major breakthrough in the treatment of obesity is supported by over 150 published papers and several long-term clinical trials. They confirm its glycoliptic (fat mobilisation) action; its proven weight-reducing properties; and its mild hypotensive effect. It is also important to note that after eight years widespread international use no case of dependence of any kind has occurred with Ponderax.

Ponderax, in fact, has been specifically excluded from prohibitive legislation on amphetamines in the Irish Republic and Australia and in new proposals recently announced in the U.K.

Diagnosis with Ponderax skinfold calipers is more effective than by weighing machine. A new spring-loaded version is now available. These new calipers are even more accurate and are useful as an effective guide to dosage. Evaluation of fat density from skinfold thickness measurements correlate well with values obtained from more elaborate methods.

## **PONDERAX**<sup>®</sup> -the No.1 obesity therapy

Harrow, Middlesex, HA1 4HQ.

### References

"This lack of correlation between blood-pressure fall and weight loss during fenfluramine therapy implies that fenfluramine has a mild pharmacological hypotensive action independent of weight change." — see *Lancet* (1969), ii, 1394/5.

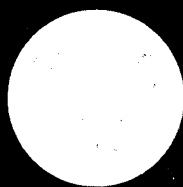

"...fenfluramine does in fact mimic the metabolic pattern seen in lean subjects who have greater muscle glucose uptake than fat persons". — see *Lancet*, (1969), ii, 109.

"This preparation (fenfluramine) therefore appears to offer a logical treatment for obesity and has the added advantages of no long-term addictive problems." — Office of Health Economics, 'Obesity & Disease', April 1969.

"The results of these studies confirm that fenfluramine is an effective and safe preparation for the treatment of polyphagic obesity. It is suitable for prolonged administration and provides an effective alternative to the stimulant anorexigenic drugs which, because of their addictive effects, should no longer be prescribed for obesity." See *Lancet* (1970), ii, 441

# 'Aldomet' two new strengths

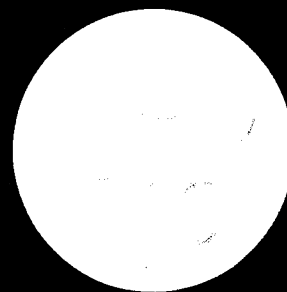

## New

**125 mg  
'Aldomet'**

**The standard  
strength  
'Aldomet'  
250 mg**

## New

**500 mg  
'Aldomet'**

In most hypertensive patients, the dosage of 'Aldomet' has always been simple. The additional tablet strengths will now make it even simpler by providing greater flexibility in treating the individual patient.

Supplied as tablets containing 125 mg, 250 mg and 500 mg methyldopa/MSD and, for emergency use, as an injection. Detailed information is available to physicians on request. 'Aldomet' is a registered trademark.

'Aldomet' should now be prescribed *by strength*

N.B. The figure on each 'Aldomet' Tablet is the identification code number and *not* the strength.

Night and day  
**Cetiprin<sup>®</sup>**  
controls  
urinary frequency

1. Brit. med. J. 2, 216. (1969).
2. Lancet, 1, 870. (1969).
3. Practitioner, 204, 705. (1970).

The very next elderly patient you will see probably needs Cetiprin to control urinary frequency. In a recent investigation reported in 'The Practitioner', the drug produced a 'good' or 'excellent' response in over 75% of the patients<sup>3</sup>. The consequent improvement in the patient's *general health* following treatment with Cetiprin is obvious, as will be the saving of your precious time. Imperfect bladder control is a troublesome problem in general practice, leading in many patients to anxiety, depression and loss of sleep<sup>3</sup>. Perhaps this is one of the prime reasons for the statement made in 'The

In 1817 James Parkinson wrote his Essay on the Shaking Palsy. Now, Roche announce Larodopa\*, probably the most significant single breakthrough in treatment in the whole history of Parkinson's Disease.

# 1970

## Larodopa Information Services to give doctors full and current information on Larodopa in Parkinson's Disease

### **1 The Information Service**

A special unit set up to hold all information and answer doctor's questions.

### **2 Clinical Reviews**

Issued at intervals, these contain abstracts and brief summaries of latest published work.

### **3 Larodopa Monographs**

These examine specific aspects — dosage, response etc. — of using Larodopa, extracted from all work published so far.

### **4 Larodopa Publications**

More definitive works on Parkinson's Disease and its treatment.

### **5 Material for Patients**

To help patients get the maximum benefit from treatment.

### **6 Prescribing Information Cards**

The briefest summary of current opinion on the technique of using Larodopa. These items will be re-issued as, and when, they require updating.

---

# Larodopa

---

Larodopa can benefit two thirds or more of patients with Parkinson's Disease, often dramatically. It offers many of them a hitherto unachievable improvement. All symptoms, including akinesia, respond.

Roche are making special arrangements to ensure that every doctor concerned with the management of Parkinsonian patients is kept fully informed of developments in this rapidly changing field. Every scrap of information which appears is being collected, evaluated and will be passed on.

## SIX OF THE BEST

Cole:

### THE DOCTOR'S SHORTHAND

Dr. Cole has amassed a list of abbreviations which will be welcomed by the Medical, Psychiatric, Dental and Nursing professions.  
By Frank Cole, M.D., *Editor, Nebraska State Medical Journal*.  
179 pages. £1 18s. 0d. November 1970

Laufman & Erichson:

### HEMATOLOGIC PROBLEMS IN SURGERY

This book is intended to be used with a minimum of effort by surgeons and others who are not specialists in blood diseases, for the rapidly accessible, practical and unadorned information that he needs when confronted with the hematologic problems of his patients.

By Harold Laufman, M.D.; and Robert B. Erichson, M.D., *both of the Montefiore Hospital and Medical Center, Bronx, New York*.  
249 pages. £4 5s. 0d. November 1970

Perloff:

### THE CLINICAL RECOGNITION OF CONGENITAL HEART DISEASE

Based upon an understanding of the mechanisms responsible for the symptoms and signs, this book discusses clinical diagnosis in all age groups of congenital cardiac disease.

By Joseph K. Perloff, M.D., *Georgetown University Hospital*.  
606 pages. 578 illustrations. £10 12s. 6d. November 1970.

Peacock & Van Winkle:

### SURGERY AND BIOLOGY OF WOUND REPAIR

Biological knowledge in the fields of wound repair, healing and regeneration, collagen biochemistry and metabolism, and the effects of epithelization, contraction and scar formation on organ function in human beings is covered in detail in this outstanding new book.

By Erle E. Peacock, Jr., M.D., and Walton Van Winkle, Jr., M.D.  
630 pages. 338 illustrations. £9 3s. 0d. November 1970.

DePalma & Rothman:

### THE INTERVERTEBRAL DISC

By Anthony F. DePalma, M.D., and Richard H. Rothman, M.D.  
373 pages. 243 illustrations. £7 0s. 0d. November 1970.

DeLand & Wagner:

### ATLAS OF NUCLEAR MEDICINE—Volume II Lung and Heart

This is the second volume of a three volume set entitled "An Atlas of Nuclear Medicine." Volume I (The Brain) was published in 1969. Volume II on the Heart, Lung is just available. Volume III (Thyroid, Parathyroid, Liver Spleen, Pancreas, Placenta and Bone) will follow in some months time.

By Frank H. DeLand, M.D., and Henry N. Wagner, Jr., M.D., *both of the Johns Hopkins Medical Institutions*.  
284 pages. 810 illustrations. £8 10s. 0d. October 1970.

## W. B. Saunders Company

12 Dyott Street, London WC1A 1DB

In Bremen in 1905  
Dr. Ludwig Roselius discovered  
how to remove caffeine from  
coffee without altering its flavour.

Since then, it has been possible  
for everyone to enjoy good  
coffee and good sleep. And in,  
nearly every country of the  
world, H.A.G. Decaffeinated  
Coffee is recommended by  
Doctors whenever caffeine is  
contraindicated. Liberal  
samples are free to any Doctor  
applying to the address below.

## To be published on January 18th, 1971 The second edition, fully revised, of PRACTICAL FORENSIC MEDICINE

by F E Camps and J M Cameron,  
assisted by David Lanham

45s (£2.25) paper, 90s (£4.50) cased (approx.)

Introducing  
The **Park Royal** range of  
medical inspection lamps

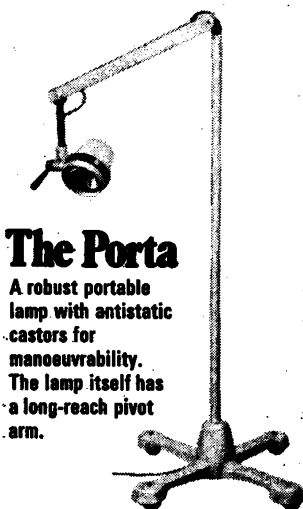

**To  
lighten  
your  
work**

The range is based on a common 12 volt sealed-beam lamp and integral transformer unit connected to the mains. Also available: a 24 volt sealed-beam lamp, an auto changeover adaptation with relay, and extension pieces for false ceilings.

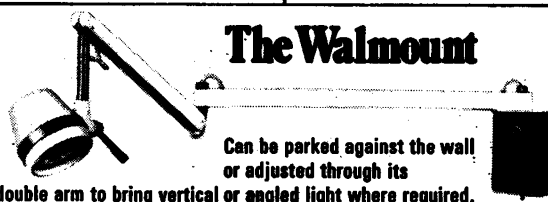

### The Seemount

For ceiling mounting. Finely engineered and finished with swivel joint, telescopic arm and adjustable lamphead. Operative arc of 120°, with two parking positions.

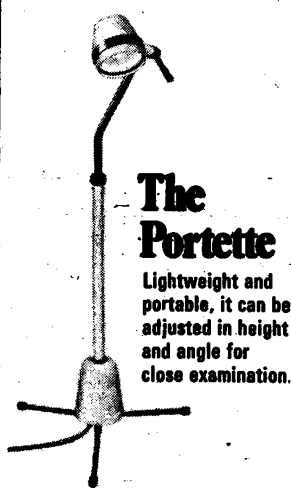

### The Porta

A robust portable lamp with antistatic castors for manoeuvrability. The lamp itself has a long-reach pivot arm.

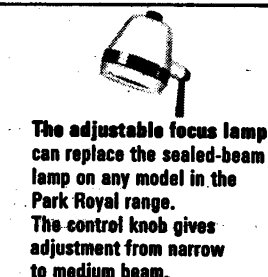

### The Walmount

Can be parked against the wall or adjusted through its double arm to bring vertical or angled light where required.

### The Portette

Lightweight and portable, it can be adjusted in height and angle for close examination.

The adjustable focus lamp can replace the sealed-beam lamp on any model in the Park Royal range. The control knob gives adjustment from narrow to medium beam.

For full information about the Park Royal Range of lamps, contact Wandsworth Electrical Manufacturing Co Ltd Dept. BMJ, Portman Chambers, 7/9 Baker Street, London W1M 1AB Telephone 01-486 3201

We offer you more.

**Initial  
complaint:  
insomnia  
real  
problem:  
despair**

**Anxiety symptoms often mask depressive states.**

Miss D: "I sat there all night, despairing. I couldn't sleep. I couldn't jump. I didn't want to live. Why make me live . . ."

Suicidal tendencies, guilt, apathy; aspects of depression not always revealed at the first consultation. Miss D complained of insomnia and might well have been given a tranquillizer if her doctor hadn't probed a little deeper and hit the button that revealed her despair – and the need for an antidepressant as well.

Many patients show symptoms of anxiety when their slowly increasing depression begins to affect their performance. On the other hand, long periods of stress may give rise to a depressive state. Treat such patients purely for anxiety – and their depression may get worse: treat them for depression alone – and they can become severely agitated. When anxiety precedes, hides, or accompanies depression Limbitrol\* is indicated to deal with both aspects of the anxiety/depression syndrome.

Magnified section of skin on ichthyotic forearm.

## Love at first sight...

The hyperkeratotic skin presents the physician with a dermatological problem with very high and pressing psychological and social overtones. Not the least of the merits of Calmurid is the speed with which it controls dry, rough, scaly skin.

The difficulty of combining sufficiently high concentrations of urea in a suitable base and still maintaining its stability under normal conditions has been overcome by exclusive manufacturing and formulation techniques perfected by Pharmacia. Now for the first time, urea in a stable emulsified form is available for the effective treatment of dominant and sex-linked ichthyosis, and other hyperkeratotic conditions.

Besides having exceptionally good keratolytic properties, Calmurid is designed to retain moisture in the skin by increasing the concentration of the water binding substances, urea and betaine. The direct result is that the skin becomes softer and assumes a natural appearance.<sup>1</sup> The acidity of Calmurid, together with the bactericidal and fungicidal properties of urea protect against infection. Calmurid is non-toxic, non-allergenic and causes no sensitivity problems.

## ...but not at second

### Composition

Carbamide lural B.P. 10%.

Stabilising emulsified basis to 100g.

### Indications

Dry and hyperkeratotic skin conditions, especially ichthyosis vulgaris and sex-linked ichthyosis; as adjunct therapy in atopic eczema.

### Contraindications

None. The cream contains substances natural to the body. No adverse reaction has ever been reported.

### Unwanted effects

Possibly a mild burning sensation immediately after the first application, if the skin surface is raw. Local anaesthetic properties of carbamide makes this of short duration. It is not likely to occur with subsequent applications.

### Application

Apply a thick layer twice daily to the affected areas. Leave for 3 to 5 minutes to allow penetration before smoothing. The application must be *after* washing or bathing. Calmurid is non-greasy and disappears quickly on application. Once the skin responds to treatment the frequency of application may be reduced.

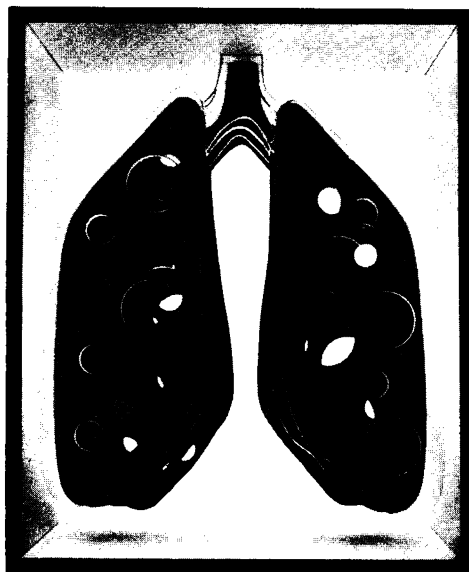

<sup>1</sup> Acta derm.-venereol. (1968) 48, 123.

# in bronchitis more effective than ampicillin or tetracycline

## Compared with ampicillin

In a controlled single-blind trial involving 50 patients with chronic bronchitis SEPTRIN\* was shown to be more effective than ampicillin, with reference to reduction of sputum volume and purulence.

### Sputum volume reduction

There was a significantly greater reduction in mean sputum volume after treatment with SEPTRIN than after treatment with ampicillin.

### Sputum purulence reduction

23 out of 24 cases with purulent sputum receiving SEPTRIN improved (using MRC sputum grading) as compared with 16 cases out of 22 cases with purulent sputum receiving ampicillin who improved in this respect. The success rate for SEPTRIN was significantly higher than for ampicillin.

### Clinical improvement

Clinically, 24 out of 25 cases receiving SEPTRIN responded as compared with 19 out of 25 receiving ampicillin.

Reference: *Postgrad med J.* (1969) 45, Supplement (November) 86.

\*Trade Mark

## Compared with tetracycline

In a trial designed to compare the effect of SEPTRIN with that of tetracycline in the treatment of chronic bronchitis, it was found that a week's course with SEPTRIN was more beneficial than a week's course of tetracycline.

24 patients received SEPTRIN and 22 received tetracycline, and objective data was collected from the two groups at the beginning and at the end of treatment.

### Sputum volume

The decrease in mean sputum volume after treatment, as a fraction of the initial measurements, was significantly larger for the SEPTRIN group.

### Sputum purulence

Objective grading of reduction in purulence of the sputum showed better results with SEPTRIN than with tetracycline at the end of treatment.

Reference: *Postgrad med J.* (1969) 45, Supplement, (November) 91.

SEPTRIN Tablets, SEPTRIN Paediatric Suspension and SEPTRIN Paediatric Tablets contain trimethoprim and sulphamethoxazole. Full information is available on request.

# Before 'Eraldin', he'd have thought twice about going

## In angina, 'Eraldin' makes the going easier for patient and doctor

### Easier for the Patient

His confidence is restored because his heart is protected against the effects of stress. Emotional situations no longer herald anginal attacks. Although he still knows his physical limits, these have been extended - by 'Eraldin'.

### Easier for the Doctor

'Eraldin', the latest, most advanced long-term protection against angina, shields the heart - and the heart alone - against excessive sympathetic stimulation. This cardioselectivity

permits protection in a broader group of anginal patients. Management is straightforward and dosage is on a simple twice or thrice daily basis. 'Eraldin' has other valuable properties - mainly related to safety.

Detailed information is available on request.

If your patient needs trinitrin he also needs

**"It's the same  
every winter,  
doctor"**

Michael's had asthma since he was three. Every winter it's the same old story – he gets a cold which quickly sets up the familiar pattern of bronchitis and severe asthma causing anxiety for Michael, his mother and his doctor.

Now Ceporex (cephalexin) is the effective answer. Ceporex kills most of the bacteria, including penicillin-resistant staphylococci, which commonly cause acute respiratory infections. The absorption of Ceporex is rapid and virtually complete, giving high serum levels within an hour of administration. Ceporex has very low toxicity, is well tolerated and can be considered the logical alternative for patients hypersensitive to the penicillins.

At the International Conference on Cephalosporins, 1970 twenty papers were presented on cephalixin. These reported on the treatment of 2,000 patients with a wide variety of conditions.

During a trial conducted in adults and children by General Practitioners, \* 341 infections were treated, including those of the ear, nose, throat and soft tissue, as well as those of the urinary and respiratory tracts. An over-all success rate of 91% was achieved with Ceporex at a dosage of 20 mg/kg per day or over. Confirmation that Ceporex really works. Make it your first choice in bronchitis.

cephalixin

**Maybe you'll be prescribing this new compound  
five years from now...**

**...Maybe!**

At this moment, there are probably half a dozen new compounds in our Research Institute that appear to be significant advances over existing agents. The chances are however that you'll never prescribe any of them. For each one must undergo the most stringent laboratory, toxicological and clinical testing that our scientists can devise. And the odds are against any of them surviving the obstacle course that we place in their paths. But one out of every 4,000 compounds synthesised by our chemists does get through. And it is this that makes all the shattered hopes seem worthwhile.

Agents like Negram and Fortral have been through this system. And more will follow. And each one will represent an enormous research effort aimed at ensuring the safety and efficacy that you, the physician, have the right to expect.

Sandoz Products Ltd, Sandoz House, 23 Great Castle Street, London W1N 8AE.

# Day after day of freedom from asthmatic attack

The unique mode of action of disodium cromoglycate offers the asthmatic patient outstanding benefits. A prophylactic treatment, it prevents the onset of asthmatic episodes - thus minimising long-term damage to lung tissue. Freedom from asthma attacks permits a happier, more normal life for the asthmatic patient.

Published clinical reports confirm that with INTAL COMPOUND, the incidence and severity of acute attacks is considerably reduced - even in patients on conventional therapy such as bronchodilators, antihistamines and corticosteroids. Less time is lost from work or school, exercise tolerance is improved and a consistent clinical comment on disodium cromoglycate has been the total absence of serious side effects.

INTAL COMPOUND - supplied in SPINCAPS (each containing 20 mg disodium cromoglycate, and 0.1 mg Isoprenaline Sulphate BP in powder form, together with an inert carrier). For use in a special insufflator - SPINHALER.

# The bronchodilator paradox and Medihaler-duo

FOR many years it was assumed that bronchodilators – by improving ventilation – must have a beneficial effect on oxygenation of the blood. However, several investigations<sup>1,2,3,4</sup> have shown that the converse is often the case, probably because of disproportionate increases in lung perfusion caused by these single agents<sup>5,6,7</sup>.

The combination product, *Medihaler-duo*, is a notable exception<sup>8,9,10</sup>. In three clinical trials involving a total of 47 patients with chronic obstructive pulmonary disease and reversible bronchospasm, relief of airways obstruction was followed by improved arterial oxygen tension in the majority of cases. In addition, raised blood carbon dioxide levels were reduced in most cases where they were measured.

1. *Journal of the Irish Medical Association* (1966) 59:184. 2. *Thorax* (1967) 22:543. 3. *Lancet* (1969) 2:438. 4. *Arzneimittel-Forschung* (1967) 17:565. 5. *Update* (1970) 2:167. 6. *British Medical Journal* (1969) 4:358. 7. *Lancet* (1967) 1:644. 8. *British Medical Journal* (1969) 4:557. 9. *Proceedings of The European Society of Respiratory Physiologists* (1970) 10. *British Medical Journal* (1970) 1:173.

**Composition** *Medihaler-duo* contains a suspension of isoprenaline hydrochloride 8 mg./ml., phenylephrine bitartrate 12 mg./ml., and each puff delivers to the patient a measured dose containing 0.16 mg. isoprenaline hydrochloride and 0.24 mg. phenylephrine bitartrate. **Contra-indications** There are no absolute contra-indications, but *Medihaler-duo* should be used with caution in the presence of cardiac disease, hypertension or hyperthyroidism. **Side-effects** Overdosage may cause dry mouth, palpitations, or nervousness. **Dosage** One to three puffs should be sufficient to provide relief in most cases. It should not be necessary for the patient to take further treatment for at least thirty minutes, or more than eight treatments a day. **Children** *Medihaler-duo* should be administered to children only under the supervision of a responsible adult. **Basic NHS price** Standard pack (complete 400-dose unit) 17/-. Full information is available on request.

# Temperature can rise so quickly in tonsillitis

The child is burning hot. He wants to sleep. His throat is so sore he can hardly swallow at all. The tonsils are red and swollen, the fauces narrowed. A typical case of acute tonsillitis in a young child. You look for a treatment that is effective quickly, and easy to take.

You decide to prescribe Broxil. It is absorbed rapidly. For children, the elderly or patients who have extreme difficulty in swallowing, you probably prefer Broxil Syrup.

Otherwise capsules and tablets are available.

Broxil works. In practice patients do seem to get better quicker with Broxil. It has the excellent safety record of a well-tried penicillin.

For upper respiratory, ENT, soft tissue infections, no other antibiotic treatment can match up to Broxil's record of safety and effectiveness over ten years of practice.

## Broxil works in practice

*Further information is available on request.*

*“Hay fever  
desensitisation is  
all right in theory,  
but what about all  
those injections?”*

D-VAC Pollens means effective desensitisation from hay fever in 80% of patients. And yet the complete course consists of only three injections. D-VAC Pollens contains the 12 grass pollens that cause the vast majority of cases of classical hay fever and grass pollen asthma. Patients are quick to appreciate the benefit of a short course of D-VAC Pollens.

*With  
**D-VAC Pollens**  
there are only  
three injections for a  
complete course.*

D-VAC\* Pollens should preferably be ordered before 31st December so that a course can be started between 8th February and 6th March 1971. Each dose of vaccine will be automatically delivered at four-weekly intervals, a few days before it is needed.

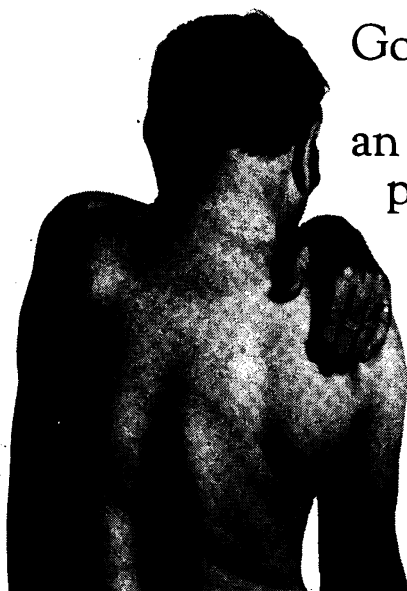

**D-VAC Pollens**  **Bencard**

For prescribing information consult the current issue of MIMS. Further information available from Bencard, Great West Road, Brentford, Middlesex.

# is it gout?

Gout does not always present in the classical manner, with an inflamed big toe. It can present as pain in almost any joint. Colicky pain due to urate stones is sometimes a precursor of gout.

In circumstances like these it is worth remembering gout and having the serum uric acid level checked.

If the diagnosis is gout, ZYLORIC\* is there to provide effective prophylactic treatment. ZYLORIC provides the rational way of treating gout by controlling uric acid formation and so preventing the acute attacks and the degenerative changes associated with the history of the disease.

## Book reviews

Psychological Medicine is a journal for the publication of original research in clinical psychiatry and the basic sciences related to it. These will comprise not only the several fields of biological inquiry traditionally associated with medicine, but also the various psychological and social sciences whose relevance to medicine has become increasingly apparent. Editorials and commissioned review articles will also be published from time to time.

The first issue, November 1970, has just been published. Subsequent issues will appear quarterly in February, May and August. Each issue will contain approximately 80 pages. The title page, contents list and volume index for the first five issues will be contained in the November (1971) issue.

### DRUMMOND PRIZE 1971

The Drummond Trustees have made available an annual prize of £250 to be awarded for research in the field of nutrition. The Trustees have invited the Council of The Nutrition Society to undertake the arrangements for the award for the present and the Council have agreed to do so. The Trustees and the Council of The Nutrition Society have agreed that the prize shall be open to competition amongst people who have not reached the age of 40 by the closing date. The prize is for research undertaken by persons normally resident in the U.K., although research cited may have been carried out overseas.

Applications for the prize are invited from suitable candidates or from senior investigators who are willing to nominate candidates. Applications or nominations should be supported by a curriculum vitae, a list of publications together with four copies of each paper listed, and a summary not exceeding 800 words of the research on which the candidature is based. Nominations or applications should be sent to Dr. G. L. S. Pawan, Metabolic Division, Department of Medicine, The Middlesex Hospital Medical School, London, W1P 7PN, before February 1 1971. (13780) 2

### THE M.R.C.P. EXAMINATIONS

We deal exclusively with these examinations. The course is completely up to date and contains: Communications discussing all aspects of Internal Medicine \* X-rays, E.C.G.'s, and pathology forms, all with model answers \* Colour slides and viewer with questions and model answers \* Essay and short note questions \* Multiple choice questions with detailed analyses of answers \* Personal guidance and assessment is given throughout. Write for details and your initial assessment to: Medical Tutors Ltd., 34 Park Avenue North, London, N.8. 2

### SYMPOSIUM ON PLASTICS IN MEDICINE AND SURGERY

A Symposium arranged by the North-East Section of the Plastics Institute and members of the University of Newcastle-upon-Tyne will be held in the University of Newcastle-upon-Tyne on September 15 and 16, 1971.

The main topics and some of the opening speakers are:

#### The Body Response to Plastic

Materials  
Dr. D. Conning  
Dr. P. Grasso  
Dr. G. V. McHattie

#### Membranes—Properties and

Limitations  
Mr. T. H. Frost,  
Professor D. G. Melrose  
Dr. W. M. Muir

#### Biological Engineering

Professor R. M. Kenedi

Mr. A. Kennaway

#### Implants—Future Possibilities

Professor J. S. Calnan  
Mr. J. Charnley  
Mr. J. T. Scales

There will be opportunities for a number of short papers related to the main topics of the Symposium. Anyone wishing to submit a paper should send a 200-word abstract for consideration to Mr. A. J. Harrow, Administrative Assistant, Regional Postgraduate Institute for Medicine and Dentistry, The Medical School, University of Newcastle-upon-Tyne, NE1 7RU, by January 30, 1971. 2

### M.R.C.P. FIVE DAY INTENSIVE COURSE

Royal Northern Hospital, London, N.7

#### MONDAY JANUARY 4 TO FRIDAY JANUARY 8 1971

The course will include tutorials on liver  
disease, granulomas, antibody deficiency  
syndromes, psychiatry, diuretics, therapeutics,  
tropical diseases, antibiotics, cardiology,  
adrenal function, malabsorption, autoimmunity,  
function of the thymus, renal disease,  
venereology.

Each afternoon session is practical,  
devoted entirely to the correct routine for  
the examination and presentation of patients,  
x-rays and problems. There will also be  
clinical demonstrations.

The course is approved by the B.M.F.  
for study leave. Fee: 20 guineas.

### THE ROYAL COLLEGE OF PATHOLOGISTS

2 Carlton House Terrace

London, S.W.1

The Primary Examination will be held  
during February/March 1971. Two 3-hour  
papers will be held on Wednesday, February  
10 and the practical examinations will be  
held during the week March 8-12. The written  
examination will be held in London and in  
other centres according to the number of  
candidates entered.

This examination is open to Medical,  
Dental, and Veterinary candidates who hold  
qualifications approved by the College and  
who fulfil the training requirements for  
entry.

Applicants, who must have completed at  
least 2 years' full-time work in pathology in  
recognized laboratories, should obtain an  
entrance form from the Registrar, at the  
above address, and should return it not later  
than December 14, 1970.

As from October 1971 the Primary Examination will comprise a multiple choice question paper covering all branches of pathology and related subjects and an essay-type question paper, practical and oral examination in only one discipline of pathology.  
R. C. Curran, Registrar. (13753) 2

### QUALIFYING & POSTGRADUATE EXAMINATIONS

## UNIVERSITY AND RESEARCH APPOINTMENTS

(see also OVERSEA)

### UNIVERSITY OF MANCHESTER

**SENIOR LECTURER OR LECTURER**  
IN ORAL RADIOLOGY  
LECTURER IN ORAL MEDICINE  
OR PERIODONTOLOGY

Applications invited for these full time posts in the Department of Oral Medicine from candidates with dental or medical qualifications registrable in the U.K. Appointments will be made as soon as may be arranged. Salary ranges p.a.: Senior Lecturer £4,713-£5,310; Lecturer £2,667-£4,713. F.S.S.U. Particulars and application forms (returnable by December 14) from the Registrar, The University, Manchester M13 9PL. Quote reference 239/70/BJM and state for which post you are applying. (13820) 14-1

## BEIT MEMORIAL FELLOWSHIPS FOR MEDICAL RESEARCH 1971

Notice is hereby given that an election of Junior Fellows to begin work on October 1 next will take place in May 1971. Junior Fellowships have annual values of £1525-£1900 p.a. plus yearly increments of £125 for three years. As a rule superannuation benefits are provided to which the successful candidate will be required to contribute 5% of the annual stipend and to which the Trust will make a contribution of 10%. Candidates must have taken a degree in a faculty of a university approved by the Trustees in Her Majesty's Dominions, Protectorates and Mandated Territories, India, Pakistan, The Republic of Ireland and the United Kingdom, or a medical diploma registrable in the United Kingdom. Elections to Junior Fellowships are rarely made above the age of 35 years. Applications from candidates must be received not later than March 20, 1971. Candidates must submit evidence that they can be given accommodation in the departments where they propose to work, which must be in Great Britain or Ireland.

Forms of application and all information may be obtained by letter only, addressed to Professor W. G. Spector, Pathology Department, St. Bartholomew's Hospital, London E.C.1. For overseas candidates forms of application may be obtained from The Secretary, South African Medical Council, P.O. Box 205, Pretoria, South Africa; The Ministry of Health, The Government of India, New Delhi, India; The Government of East Pakistan, Eden Buildings, Ramna, Dacca, East Pakistan; The Secretary, Department of Education and Science, P.O. Box 826, Canberra City, A.C.T. 2601, Australia; The Department of Health, Wellington, New Zealand; and The Canadian Medical Association, 244, St. George Street, Toronto, Canada. 14-1

## RADIOLOGY OF MUSCULO-SKELETAL DISORDERS

### RESEARCH ASSISTANT (Registrar Grade)

A post has been created which would be suitable for a young radiologist with the D.M.R.D. who has a special interest in musculo-skeletal disorders and who would be prepared to undertake research work in this field.

The appointment is jointly with The Division of Radiology at the Institute of Orthopaedics, The Robert Jones and Agnes Hunt Orthopaedic Hospital, Oswestry, and the Department of Radiology, Shrewsbury Hospitals Group. There will be a balanced research and general training programme.

Sessions will be designated to research work in the Institute in two specially designed radiographic laboratories equipped for ultra-microfocal radiography, thermography and radio-isotopes. The remainder of the sessions will be devoted to gaining experience in general radiographic work and procedures including orthopaedic radiology.

The vacancy will arise in December, 1970 but the appointment may be taken up later by mutual arrangement with the successful candidate.

There is single accommodation and married accommodation may be available.

Application forms with job specification are available from Dr. W. M. Park, F.F.R., Director of Radiology, The Robert Jones and Agnes Hunt Orthopaedic Hospital, Oswestry, Shropshire. (39448) 14-1

### THE UNIVERSITY OF MANCHESTER

#### TEMPORARY LECTURER IN NEUROPATHOLOGY

Applications are invited for this post. Duties will consist of teaching, research and participation in the Morbid Anatomy and Biopsy service of the United Manchester Hospitals and the University Hospital of South Manchester. The position is within the Department of Pathology and offers facilities for training in all branches of morbid anatomy if required for the examinations of the M.R.C.Path. Previous experience in neuropathology not essential. Candidate will be expected to follow a programme of research in the subject leading to a thesis. Salary scale p.a. £2,067-£4,713.

Further particulars and application forms (returnable by December 18) from the Registrar, The University, Manchester M13 9PL. Quote ref 237/70/JNB. (13800) 14-1

## B.M.A. DEPUTISING SERVICES

Applications are invited from Doctors interested in becoming full time or part time Locums in the Sheffield and Nottingham areas. Full time or part time positions are offered on either a short or long term basis and subject to a suitable probationary period. It will be possible to offer full time doctors a most advantageous contract which will give him guaranteed security, both financially and in terms of tenure. To give some idea of the remuneration a basic week of 60/65 hours could produce an annual income in the region of £4,000 plus and those working less or more hours than this would be paid on a strictly pro-rata basis. Applications to be sent to the B.M.A. Deputising Services 47a, Low Pavement, Chesterfield.

# MEDICAL RESEARCH COUNCIL STATISTICAL RESEARCH AND SERVICES UNIT

Applications are invited from medical graduates up to 35 for a vacancy on the scientific staff of this Unit, to assist with the initiation and development of a variety of research projects into the aetiology and epidemiology of disease. Previous knowledge of statistics, though desirable, is not essential. The vacancy would be of particular interest to a graduate wishing to gain experience in the application of statistical methods to medical research problems but not necessarily wishing to commit himself to leaving clinical medicine for more than two years, or a graduate interested in a career in epidemiology. The Unit is attached to University College Hospital Medical School and it should be possible to arrange an honorary clinical responsibility in an appropriate specialty if the person appointed so desires. Salary would be on the appropriate MRC scale and dependent on age, qualifications and experience. An allowance for superannuation would be made. Applications, together with curriculum vitae and the names of two referees, should be sent to the Director, MRC Statistical Research and Services Unit, 115 Gower Street, London WC1E 6AS. (39881) 14-1

# UNIVERSITY OF LONDON King's College Hospital Dental School

## FULL-TIME LECTURER

Applications are invited for the post of full-time Lecturer in Oral Surgery with honorary grading of Registrar or Senior Registrar.

The post provides opportunities for research and experience in all branches of Oral Surgery. Previous experience in the specialty would be an advantage and a medical qualification is desirable as the department is attached to a major accident centre. The salary will be within the range of £2,450 to £3,475 according to age, qualifications and experience. Post available from January 1, 1971.

Further particulars may be obtained from the Secretary, King's College Hospital Medical School, Denmark Hill, London, S.E.5 to whom applications (four copies) with the names of three referees should be sent not later than December 31, 1970. (13822) 14-1

# UNIVERSITY OF LONDON (British Postgraduate Medical Federation)

## INSTITUTE OF NEUROLOGY Queen Square Prize in Neurology

A prize of £100 will be awarded annually to a present or past postgraduate student or member of the staffs of the Institute of Neurology and the National Hospitals for Nervous Diseases, not holding Consultant status at the time of submission, who presents the best entry describing work, a large part of which was carried out in the Institute or Hospitals.

Conditions of the Award.

The entry must be the original work of the applicant.

The work must have been done at some time within five years preceding the date of the application.

The entry may include published work or theses. The applicant should submit a précis of not more than 5,000 words as well as the published work or theses.

Entries must be submitted so as to reach the Dean, Institute of Neurology, Queen Square, London WC1N 3BG, not later than April 1, in each year.

The award will be announced in July and made to the Prize Winner at the Inaugural Lecture held at the beginning of each Academic year in October. (H701.3) 14-1

# UNIVERSITY OF LONDON Central Institutions Student Health Service

Applications are invited for the post of **STUDENT HEALTH PHYSICIAN** on the staff of the Student Health Unit for Central Institutions of the University. Salary will be within the Senior Lecturer in Clinical Medicine Scale i.e. £3,635 x £160—£3,955 x £165—£4,450 x £130—£5,230 x £94 £5,324. An allowance of £650 is payable towards the expenses of carrying out the duties of Student Health Physician.

Applicants should have a good background in general medicine and general surgery. No formal psychiatric qualification is required but a strong interest in the psychological aspects of medical practice is essential.

The person appointed will assist Dr. N. Mallison, Director of the Unit but further particulars are obtainable from the Clerk of the Senate, University of London, Senate House, (69/BM), WC1E 7HU, to whom applications (3 copies) should be sent not later than January 15, 1971. (13916) 14-1

# UNIVERSITY OF SOUTHAMPTON Lecturer in Human Reproduction and Obstetrics

Applications are invited from registered medical practitioners who hold the M.R.C.O.G. for lecturership in human reproduction and obstetrics at the new medical school. The person appointed will be required to undertake clinical teaching and research duties. An honorary senior registrar contract will be arranged with the Wessex Regional Hospital Board for the successful candidate. Salary on scale £2,915 x £175—£4,490. Starting date as soon as possible by negotiation. Further particulars should be obtained from the Deputy Secretary, The University, Southampton SO9 5NH to whom applications (7 copies from United Kingdom applicants) should be sent not later than January 1, 1971. Quoting ref. JMB. (13946) 14-1

# UNIVERSITY OF NEWCASTLE UPON TYNE

## The Medical School and the

United Newcastle upon Tyne Hospital  
Appointment of First Assistant in  
the Department of Psychological  
Medicine

Applications are invited from registered medical practitioners for the whole-time appointment of First Assistant in the Department of Psychological Medicine tenable from January 1, 1971. Candidates should have wide experience in clinical psychiatry and some experience in clinical research is desirable. They should hold a higher qualification in medicine or psychiatry.

The Department is the regional centre for psychiatric training and the duties of the post will include undergraduate and postgraduate teaching. There are ample opportunities for research.

The appointment will be for one year in the first instance but renewable to a maximum of not more than three years. The commencing salary will be within the range £3,015 x £177—£3,192 x £174—£3,368 x £177—£3,720 x £159—£3,879 x £165—£4,044 x £162—£4,206 according to qualifications and experience. The successful candidate will be required to join the F.S.S.U. Scheme if not already a contributor to the N.H.S. Superannuation Scheme.

Further particulars may be obtained from the Deputy Registrar, The Medical School, The University, Queen Victoria Road, Newcastle upon Tyne, NE1 7RU with whom applications (three copies) together with the names and addresses of three persons to whom reference may be made should be lodged not later than three weeks after the appearance of this advertisement. (13821) 14-1

# THE UNIVERSITY OF LEEDS

Applications are invited for posts in the following departments.

## **PATHOLOGY LECTURER**

Applicants should preferably have held at least an SHO post in Clinical Pathology and have completed the Primary M.R.C.Path; and must have a real interest in teaching and research in Pathology. Facilities can be provided for almost any special interest in Pathology but owing to existing interests, special encouragement would be given to a candidate seeking eventually to do research either in Bone Pathology or in Cardio-respiratory Pathology.

CLOSING DATE: December 22, 1970.

Reference number 46/8/J.

## **PHYSIOLOGY LECTURER**

A medical qualification advantageous but science graduates will be considered.

CLOSING DATE: December 22, 1970.

Reference number 44/6/J.

## **BACTERIOLOGY LECTURER**

Other things being equal preference will be given to a medically qualified applicant. The post involves clinical diagnostic bacteriology and teaching of medicine and science students.

CLOSING DATE: December 22, 1970.

Reference number 48/7/J.

## **SALARY SCALES:**

**Lecturer (Clinical) £2,070-**

**£4,645**

**(efficiency bar £3,545)**

**Lecturer £1,355-£3,105.**

**(efficiency bar £2,230)**

**Forms of application and further particulars of the posts can be obtained by writing to the Registrar, The University, Leeds LS2 9JT quoting reference number. Applications should be returned to the Registrar as soon as possible.**

(13779) 14-1

# UNIVERSITY OF SOUTHAMPTON Medical Research Fellow in Institute of Sound and Vibration Research

Applications for a long-term M.R.C. supported Fellowship commencing March, 1971 are invited from medically qualified candidates. Clinical and experimental work in an auditory research group particularly in the electrophysiological, otological and neurological fields. Previous experience in these or related fields and a practical interest in electronics as applied to medicine is desirable. Salary for successful candidate on Lecturer (clinical) scale, currently £2,915-£4,490 plus F.S.S.U. contributions.

Applications and curriculum vitae to the Deputy Secretary, University of Southampton, Southampton, SO9 5NH, by December 31, 1970, quoting ref. JMB. (13858) 14-1

# UNIVERSITY OF NEW SOUTH WALES

## LECTURER—PHYSIOLOGY AND/OR PHARMACOLOGY

Applications are invited for the above-mentioned post.

Salary: \$A6318 range \$A8760 per annum. Commencing salary according to qualifications and experience.

Applicants must have high academic qualifications and applications will be welcomed from persons qualified in medicine, science or veterinary science with appropriate teaching and research experience. The applicant is responsible for undergraduate courses in physiology and pharmacology to medical students, teaches physiology to honours level to science students and has an active graduate programme.

Details of appointment, including superannuation, study leave and housing scheme, may be obtained from the Secretary-General, Association of Commonwealth Universities (Appis), 36 Gordon Square, London WC1H 0PF.

Applications close in Australia and London on December 31, 1970. (13762) 14-1

# UNIVERSITY OF EDINBURGH FACULTY OFFICER

Applications are invited for the post of Faculty Officer in the Faculty of Medicine. The appointment will be in the grade of Senior Administrative Officer on the salary scale £2,230 x £125—£3,105 per annum, together with superannuation benefits.

Candidates should preferably have a good Honours Degree or a combination of degrees in Arts and Law. It is desirable that applicants should also have some years of experience in University or Hospital Service administration or other comparable work. The post will carry the prospect of advancement in the University for a person of sufficiently high calibre and initiative. Further particulars of appointment may be obtained from the Secretary to the University, Old College, South Bridge, Edinburgh, EH8 9YL, with whom applications, giving the names of three referees, should be lodged not later than January 8, 1971. Please quote reference 4008.

(13842) 14-1

# UNIVERSITY OF EDINBURGH DEPARTMENT OF PATHOLOGY

Applications are invited for the post of

## SENIOR LECTURER

in the above Department. The successful applicant will be offered an Honorary Consultant contract by the South-Eastern Regional Hospital Board, Scotland.

Salary scale: £4,512-£6,330 per annum, together with F.S.S.U.

Applications, by letter (six copies), together with the names of two referees, should be sent to the Secretary to the University, Old College, South Bridge, Edinburgh, EH8 9YL, from whom further particulars may be obtained. The closing date for applications is December 31, 1970. Please quote reference 504. (13841) 14-1

# UNIVERSITY OF GLASGOW

# MSL

Management Consultants  
in Human Resources  
17 Stratton Street London W1

# Medical Advisers

# Clinical Research

Expansion of the research programme, following a record of success in developing new drugs, has generated these appointments in a major British pharmaceutical company. Basically they will be responsible for initiating, progressing and analysing clinical trials on research based products. This will involve travel both in the UK and overseas; close liaison with consultants and clinicians; attendance and participation in medical conferences; and the opportunity to publish papers.

The emphasis is on research. Candidates, probably in their thirties, must be registered medical practitioners with several years' experience, preferably in hospital, or the pharmaceutical industry. An interest in therapeutics or pharmacology is essential and a knowledge of a European language would be useful. Salary will be negotiable in the range £3,500 to £5,000. Benefits include profit sharing, pension and removal assistance. T. R. Ball reference AM.1929.

# The MSL Consultant has analysed this appointment

Further information will be sent if you provide your name and address by telephoning 01-629 1844 or writing to the consultant quoting the reference. Your enquiry will be in confidence.

UNIVERSITY OF SOUTHAMPTON  
Faculty of Medicine

Applications are invited for a research fellow to undertake a two year programme of research under the direction of Professor J. B. Howell, Professor of Medicine, into the nature of the sensation of breathlessness (it is intended that the successful candidate should be granted honorary registrar status for the duration of the appointment). Salary up to £2592 per annum dependent on qualifications and experience. Superannuation. Applicants should be medically qualified. The programme of research may provide the basis for a M.D. thesis. Further details available from Professor Howell.

Applications giving age, experience, qualifications and the names of three referees should be sent to the Deputy Secretary, The University, Southampton, SO9 5NH by December 12, 1970. (13857) 14-1

## FELLOWSHIP AWARDS

## THE ROYAL SOCIETY

BRUNO MENDEL  
TRAVELLING FELLOWSHIPS

Applications are invited for Bruno Mendel Travelling Fellowships up to a maximum of £2,500 per annum (tenable for periods of up to one year from October 1, 1971 to enable postgraduate candidates to carry out experimental medical research in the United Kingdom, The Netherlands or Israel. Candidates should be normally resident in one of these three countries and should not already be living in the country which they propose to visit.

Application forms, to be returned by January 15, 1971, and further details are available from the Executive Secretary, The Royal Society, 6 Carlton House Terrace, London, S.W.1. (H7009) 14-2

APPOINTMENTS  
ACCIDENT & EMERGENCY  
(including CASUALTY)BIRMINGHAM REGIONAL HOSPITAL  
BOARD

Whole-time or maximum part-time  
CONSULTANT SURGEON TO THE  
ORTHOPAEDIC AND ACCIDENT  
AND EMERGENCY DEPARTMENTS  
of the North Birmingham and District Group, based on Good Hope General Hospital, Sutton Coldfield, Warwickshire.

There are two maximum part-time Consultant Surgeons and one whole-time medical assistant already in post, with stable junior medical staff. The Group serves a population of about 300,000. The third consultant would share equally the Orthopaedic and Accident work loads with the incumbents.

The General Hospital on the developing Good Hope campus at present contains 220 acute beds, with a maternity hospital of 166 beds. The final phase of building (of the second ward block) begins in December, 1972. On completion of the development the bed complement will be as follows: acute 542, maternity 166 and geriatric/psychiatric 298.

Appointment includes one session at the Birmingham Accident Hospital. Wide experience, speciality and higher qualification required.

Successful candidate must reside within 10 miles Sutton Coldfield.  
Fifteen copies applications naming three referees to Secretary, 146 Hagley Road, Birmingham 16, by January 4. Candidates welcome to visit hospitals. (39912) 20-1

Stourbridge, Worcestershire

LOCUM MEDICAL ASSISTANT  
required for Accident Department from Monday, December 28, 1970, to Sunday, January 10, 1971, inclusive. Duties: Monday, to Friday, 9 a.m. to 5 p.m., Saturday, 9 a.m. to 1 p.m.

Applications, naming two referees, to Secretary, Dudley, Stourbridge & District H.M.C., Kelvin House, 6 The Broadway, Dudley, Worcs., as soon as possible. (39500) 20-3

## INDUSTRIAL APPOINTMENTS see also p. xxx

Attention is drawn to the British Medical Association's statement of policy on the Remuneration of Industrial Medical Officers as approved by the Representative Body, which is available on request from the Secretary.

## Doctor

Eastern Region of British Rail require a full-time Doctor to give a medical service to the staff in the Doncaster area.

Present salary will be in the range of £2,540/4,040, dependent upon age experience and qualifications, but this range is under review.

Benefits include generous leave, free and privilege rail travel and sick pay arrangements. Contributory Superannuation Fund.

Candidates, who should have a good clinical background with experience in industrial medicine an advantage, should supply full details, including age, qualifications and experience to:—

Dr. R. Fraser MacKenzie,  
Regional Medical Officer,  
British Railways,  
Eastern Region,  
York.

(13815)

## SOUTH WEST GAS

## MEDICAL OFFICER

Applications are invited from registered medical practitioners with experience of the practice of industrial medicine for the above post which becomes vacant in February.

The successful applicant will be in charge of the Board's Occupational Health Service which is based at the Head Office in Bath and is provided for 5½ thousand employees in the Board's area which extends from Gloucestershire to Devon and Cornwall. Some routine medical examinations are carried out by appointed General Practitioners and there is a part-time Assistant Medical Officer for Torquay and Exeter.

The service has been established for 16 years and there are three Occupational Health Nurses operating from the main centres at Bath, Bristol and Plymouth.

Salary will be commensurate with the B.M.A. recommended range for Medical Officer depending on experience. Assistance will be given with essential re-location expenses.

Please apply in writing, quoting reference 5459 to Director of Personnel, South Western Gas Board, 9a Quiet Street, Bath, BA1 2JX. (13872) 17

## ROTHERHAM HOSPITAL

HOUSE OFFICER OR LOCUM SENIOR HOUSE OFFICER required in Accident and Emergency. Applications, stating age, qualifications and experience, giving names of two referees to Hospital Secretary, Doncaster Gate, Rotherham. (39385) 20-8

## ROYAL INFIRMARY

New Durham Road, Sunderland (300 Beds) Immediate vacancy for a Resident SENIOR HOUSE OFFICER IN THE CASUALTY DEPARTMENT. The person appointed will be under the direct supervision of a Consultant Surgeon. The post is recognized for F.R.C.S. Application should be sent immediately to the Hospital Secretary naming two referees. (39695) 20-8

ROYAL GWENT HOSPITAL  
Newport, Mon. (432 beds)  
(Recognized F.R.C.S.)

FOUR SENIOR HOUSE OFFICERS required from February 1, 1971. Resident or non-resident. Married quarters available for some posts. The Department is in the charge of a full-time Consultant Surgeon, has five Senior House Officers and all emergency cases are admitted through the department, which is responsible for initial resuscitation. The department is equipped with apparatus for cardiac monitoring, positive pressure ventilation and x-ray intensifiers and a Berman F.B. Locator. The hospital is the base hospital for the Group, and therefore has a large volume of acute cases in all specialties. It is being extensively redeveloped by a major capital building programme. A new intensive care unit has recently been opened. There is a close connexion with the teaching hospital at Cardiff, 10 miles to the west, and there is an extensive postgraduate education programme with a very good library. A new postgraduate centre has recently been opened. The appointment gives ample opportunity to the holder to avail himself of these facilities. The successful candidate will be expected to be resident on the nights on which he is on first call, which will on average be one night in five.

Applications giving full particulars and names and addresses of two referees to Group Secretary, 64 Cardiff Road, Newport, Mon. (39705) 20-8

## APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1969, No. 163).

## SALARY SCALES OF HOSPITAL MEDICAL STAFF

Following the Twelfth Report of the Review Body, new salary scales have been approved. These came into force on April 1, 1970. The scales are set out below: HOUSE OFFICER: Each post in this grade shall be tenable for six months. £1,626 per annum for the posts held during the first year; £1,755 per annum for posts held during the second year; £1,884 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,040 per annum in the first year; £2,184 per annum in the second year; £2,328 per annum in the third or subsequent years.

Deductions of £210 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,328 per annum × £144(3) × £126(1) = £2,886.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale, and £243 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £183 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £2,760 per annum × £126(1) × £174(1) × £177(1) × £174(1) × £177(1) = £3,588.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £2,520 per annum × £144(1) × £156(3) × £144(10) = £4,572.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £4,512 per annum × £201(8) × £210(1) = £6,330.

Deductions of £420 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rental is appropriate.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters may be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association. (November, 1970)

ROYAL GWENT HOSPITAL  
Newport, Mon. (428 beds)  
(Recognized F.R.C.S.)

LOCUM SENIOR HOUSE OFFICER required from November 28 to December 13. Resident or non-resident. The Department is in the charge of a full-time Consultant Surgeon, has five Senior House Officers and all emergency cases are admitted through the department, which is responsible for initial resuscitation. The department is equipped with apparatus for cardiac monitoring, positive pressure ventilation, as well as x-ray intensifiers and a Berman F.B. Locator. The hospital is the base hospital for the Group, and therefore has a large volume of acute cases in all specialties. GROUP HOSPITAL MANAGEMENT  
COMMITTEE**

**WHOLE-TIME SENIOR  
HOUSE OFFICER IN  
PSYCHIATRY**

required for duties at Long Grove Hospital, Epsom, post available from December 20, 1970. Wide experience of all modern methods of psychiatric treatment is provided. One of the Consultants is Clinical Tutor in Psychiatry in the Region. Lectures and tutorials are given weekly for candidates from the D.P.M. and adequate time off is given for attendance at lectures in London Teaching Centres.

Candidates are invited to visit Long Grove Hospital by appointment (Tel: Epsom 26432). Applications in writing immediately to Physician Superintendent. (39957) 44-8

**MANCHESTER REGIONAL HOSPITAL  
BOARD**

Queen's Park Hospital and the Royal Infirmary, Blackburn

**SENIOR HOUSE OFFICER OR  
LOCUM**

required in comprehensive service based on general group of hospitals (see Brit. Psychiatry, 1968, 114, 493). Successful applicant will be a member of a team consisting of two Consultant Psychiatrists, Medical Assistant, Registrar, Senior House Officer and two part-time Clinical Assistants (in addition to medical officers from large psychiatric hospital).

Unit accommodates Clinical Psychology Department and Laboratory. Occupational Centre and Sheltered Industrial Workshop. 107 beds, day-care facilities, out-patient services and therapeutic social club and alcoholics anonymous group.

Routine ward teaching seminars. Every facility for postgraduate study or research including attendance at D.P.M. course, Manchester University. Services of Social Worker and Mental Welfare Officers with whom weekly conferences held.

Married accommodation may be available. Applications giving full details and names of two referees to the Group Secretary, H.M.C. Offices, Royal Infirmary, Blackburn. (39621) 44-8

**NEW CROSS HOSPITAL,**  
Wolverhampton

Applications are invited for four new appointments as

**SENIOR HOUSE OFFICER IN  
PSYCHIATRY**

at New Cross Hospital, Wolverhampton. This is a new Psychiatric Unit of 243 beds which will provide a comprehensive Psychiatric Service including Child Psychiatry for catchment area of 384,000 population. Opportunity for excellent experience and training for D.P.M. is available. The postgraduate Clinical Tutor works in association with the Department of Psychiatry at Birmingham University where courses for the D.P.M. are held. Day hospital facilities, a Psycho-Geriatric Assessment Unit and the South Staffordshire Post Graduate Medical Institute are on site. A Clinical Psychologist will be associated with the Unit and an E.E.G. Department is being established. Newly built accommodation, married or single is available. Previous experience not essential. Candidates may visit the Unit if desired.

Apply giving names and addresses of two referees to the Hospital Secretary. (13825) 44-8

**ROCHDALE AND DISTRICT HOSPITAL  
MANAGEMENT COMMITTEE**  
Birch Hill Hospital

**SENIOR HOUSE OFFICER**

required in psychiatric unit of this pleasantly situated and progressive general hospital. The post, which is resident and carries a peripheral allowance of £183 per annum, is recognized by both the D.P.M. and the successful candidate will be encouraged to attend preparatory courses for this Diploma at Manchester University. The hospital also has a Postgraduate Medical Centre with good library facilities and regular programme of lectures, etc. Excellent, centrally heated married accommodation available if required.

Group Secretary, Birch Hill Hospital, Rochdale, with names of two referees, as soon as possible. (39958) 44-8

**PRINCESS ALEXANDRA HOSPITAL**  
Harlow, Essex

**SENIOR HOUSE OFFICER**

required in the Psychiatric Unit of this new district hospital near London, immediately. Married accommodation probably available. Postgraduate facilities available. Post recognized for D.P.M.

Applications, with the names of two referees, to the Hospital Secretary. (39770) 44-8

**QUEEN ELIZABETH II HOSPITAL**  
Welwyn Garden City, Herts

**SENIOR HOUSE OFFICER  
IN PSYCHIATRY**

required December 27 for 100-bedded Psychiatric Wing in this new district hospital of 427 beds. Previous experience an advantage but not essential. Recognized for D.P.M. Active and successful local D.P.M. Part I and II courses. Compulsory resident, married accommodation available.

Applications naming two referees to Group Secretary, St. Albans City Hospital, St. Albans, Herts. (38610) 44-8

**ST. FRANCIS HOSPITAL**  
Haywards Heath, Sussex

**SENIOR HOUSE OFFICER  
IN PSYCHIATRY**

required. Accommodation available. Active teaching programme. The duties of S.H.O.s include rotation within the psychiatric service in the Brighton area under St. Francis Hospital Consultants.

Applications with the names and addresses of two referees to the Secretary of the Hospital Management Committee, St. Francis Hospital, by December 20, 1970. (13859) 44-8

**SEVERALLS HOSPITAL**  
Colchester, Essex

**SENIOR HOUSE OFFICER  
IN PSYCHIATRY**

(male or female) required. Must be eligible for temporary registration. Severalls Hospital is a progressive psychiatric hospital, 55 minutes from London, with departments of psychology and electroencephalography. There is an up-to-date medical and psychiatric library. Regular seminars and lectures cover D.P.M. subjects are held and facilities for attending lectures and courses are available. The Hospital is run on a firm system and the S.H.O. will work on a unit having 200 beds in charge of a Consultant. Complete range of treatment carried out and there are opportunities for research and teaching. Accommodation available.

Applications, with names of two referees, to Group Secretary, St. Helena Group H.M.C., 14 Pope's Lane, Colchester. (39849) 44-8

**SOUTH WEST WALES HOSPITAL  
MANAGEMENT COMMITTEE**  
St. David's Hospital, Carmarthen

**SENIOR HOUSE OFFICER  
IN PSYCHIATRY**

This hospital and the newly opened Psychiatric Ward and Day Centre at the nearby West Wales District General Hospital offer wide experience in modern methods of treatment and diagnosis of psychiatric illness.

The hospital is fully recognized for the D.P.M., and training facilities and appropriate study leave to work for this diploma are available. Experience at the General Hospital Unit is given on a rotation basis.

Conditions of service and salary as laid down by the Department of Health and Social Security. Peripheral allowance payable. Furnished accommodation available.

The hospital is situated in a pleasant area in the County Town of Carmarthen.

Applications, stating age, qualifications, experience and nationality, with the names and addresses of three referees, to the Group Secretary, South West Wales Hospital Management Committee, Glangwili, Carmarthen. (39850) 44-8

**RADIOLOGY**

**BIRMINGHAM REGIONAL  
HOSPITAL BOARD**  
(revised advertisement)

**Two whole-time or maximum part time  
CONSULTANT RADIOLOGISTS**

One replacement and one new post. Each post mainly in Coventry where the new Walsgrave Hospital has recently opened. Two and a half weekly evenings allocated for work in Nuncaton hospitals. Wide experience, specialty and higher qualification required. Successful candidates must reside within easy reach of Coventry and Nuncaton. One of the successful candidates should have a particular interest in neuroradiology; the other would have the opportunity of working with the "Open Heart" surgery unit if desired. Twelve copies of application naming three referees to Secretary, 146 Hagley Road, Birmingham B16 9PA by January 4. Candidates may visit hospitals. (39907) 45-1

**BIRMINGHAM REGIONAL  
HOSPITAL BOARD**

**CONSULTANT RADIOLOGIST**

Whole-time or maximum part-time post with duties at Royal Hospital, Wolverhampton, and other hospitals in the Wolverhampton Group. Wide experience in specialty required. An interest in neuroradiology an advantage. Successful candidate must reside within ten miles of Wolverhampton. Certain removal expenses may be payable. Twelve copies of application naming three referees to Secretary, 146 Hagley Road, Birmingham 16, by January 4, 1971.

Candidates welcome to visit hospitals. (39692) 45-1

**CHASE FARM HOSPITAL**  
Enfield, Middlesex

**LOCUM CONSULTANT RADIOLOGIST**

required from January 1 to February 14, 1971. Applications giving details of previous experience to Hospital Secretary. (13944) 45-1

**MANCHESTER REGIONAL HOSPITAL  
BOARD**

**Whole-time or maximum part-time  
CONSULTANT RADIOLOGIST**

to the North East Manchester and Booth Hall 42 Mental Groups of Hospitals, duties mainly at Crumpsall Hospital, Manchester (1015 beds) and Booth Hall (Children's Hospital (347 beds)).

The post carries responsibility for the Neuro-radiological and vascular studies of the Group and an Isotope Scanning Unit which is in an advanced stage of planning, as well as approximately three sessions of general work. Previous experience in Isotope Scanning is not essential but the successful candidate would be required to undertake a course of training in these techniques.

Good experience and higher qualifications essential; appointee to live within a reasonable distance of the main hospitals.

Application forms and further particulars from the Senior Administrative Medical Officer to the Board, Gateway House, Piccadilly South, Manchester M60 7LP, to be returned by December 14, 1970. (13595) 45-1

**OXFORD REGIONAL HOSPITAL  
BOARD**

**CONSULTANT RADIOLOGIST**

(whole-time or maximum part-time) required for the General Hospital, Northampton. A higher qualification is desirable. A new 1,200 bedded District General Hospital is being planned to commence in 1972 and a new x-ray Department is incorporated in Stage I and Stage II of the development.

Further particulars available on request.

Applications (12 copies) giving particulars and names of three referees to The Secretary, Oxford Regional Hospital Board, Old Road, Headington, Oxford by January 4, 1971. Quoting reference 17/11/35. (39851) 45-1

**ST. BARTHOLOMEW'S HOSPITAL**  
London E.C.1

Applications are invited for the post of full-time (or maximum part-time)

**CONSULTANT IN  
DIAGNOSTIC RADIOLOGY**

The post is tenable from June 1, 1971 and a higher qualification is essential. The appointment will be based at St. Bartholomew's Hospital. St. Bartholomew's Hospital takes responsibility for running the Department of Diagnostic Radiology at St. Leonard's Hospital, Nuttall Street, N.1. (Nottingham East Metropolitan Hospital Board) and the successful applicant will be expected to take charge at St. Leonard's Hospital, where the work will entail six weekly sessions.

Applications (16 copies) with the names of three referees, should be submitted to the undersigned by January 4, 1971. J. W. Goody, Clerk to the Governors. (13838) 45-1

**SOUTH-EAST METROPOLITAN  
REGIONAL HOSPITAL BOARD**

Applications are invited for appointment as

**CONSULTANT RADIOLOGIST**

(whole-time or maximum part-time) to Clinical Area 2 for duties in the Eastbourne and Hastings Group of Hospitals. Wide experience in the specialty and an appropriate Diploma essential. Hospitals may be visited.

Application forms from the Secretary, Advisory Appointments Committee, South-East Metropolitan Regional Hospital Board, 100 Rotherhithe House, Wellcley Road, Croydon CR9 3QA, to be returned by January 4, 1971. (39988) 45-1

**JOINT REGISTRARS COMMITTEE

# in bronchitis

# Lilly Keflex

PREPARATIONS OF CEPHALEXIN MONOHYDRATE

## multi-spectrum antibiotic

- Highly effective — trials show satisfactory clinical response in 90% of patients
- Resistant to penicillinase
- Well tolerated — very low incidence of hypersensitivity reactions and gastro-intestinal disturbance
- Low toxicity — with care, may even be given to patients with renal impairment

'Keflex' is available in green and white capsules containing 250 mg cephalexin (as the monohydrate) and as a suspension containing 125 mg cephalexin (as the monohydrate) per 5 ml.

Basingstoke Hants

# What is the word for emotional distress?

The presenting symptoms? "Can't sleep... irritable... no appetite... tired... aches and pains"—consultation after consultation.

The task? To penetrate behind the facade to the underlying condition.

The aim? To make the patient feel better quickly and reveal the problem, without unnecessary consultations.

Tranquillizers or hypnotics may deal with part of this aim, but only part.

Prothiaden can meet all the requirements. It is rapidly effective in both anxiety and depression. One ingredient, a single-strength capsule means straightforward dosage.

Prothiaden is well tolerated even by the elderly.

Prothiaden can mean trouble-free treatment of anxiety, depression, in fact any manifestation of emotional distress.

## Prothiaden

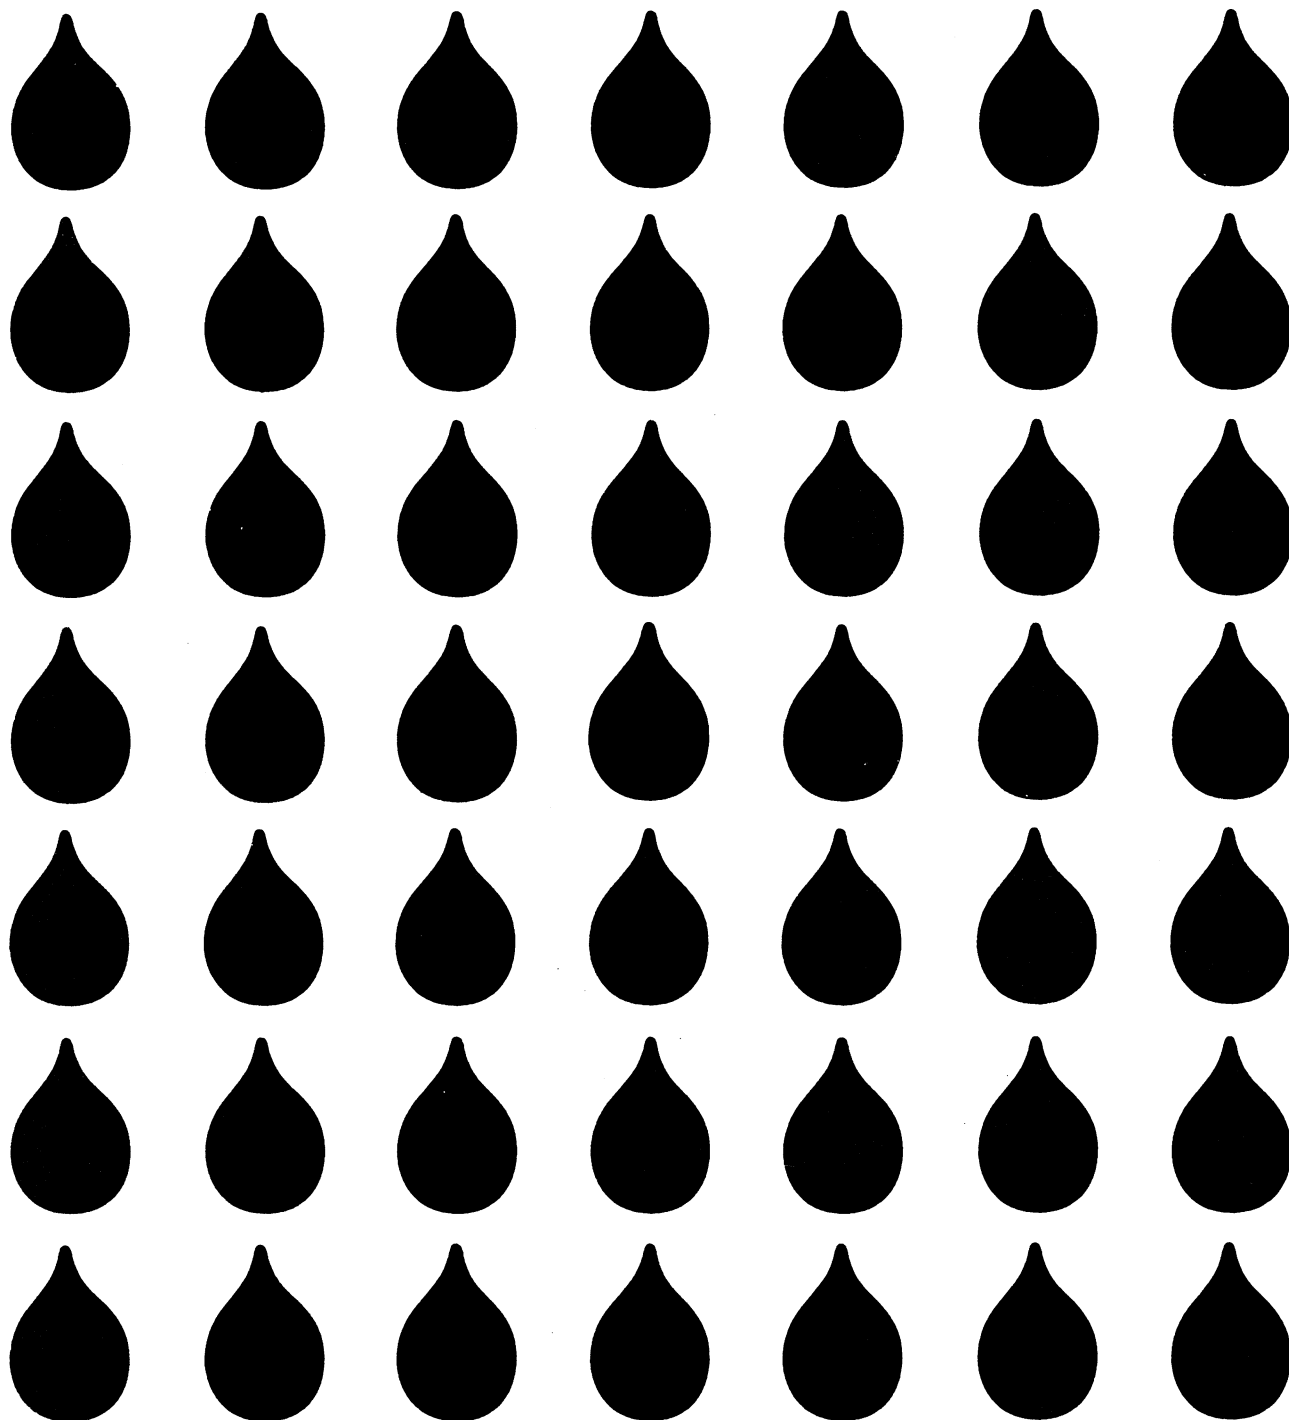

Presentation:  
hard gelatin capsules  
each containing 25 mg.  
Dothiepin hydrochloride.

COUNTY BOROUGH OF GLOUCESTER  
HEALTH DEPARTMENT

Applications are invited for a full-time post of Female Department Medical Officer. The duties will cover the whole range of local health and education authority services, with opportunities for experience in medical administration. The post will carry duties at a local hospital for which a plussage of £250 per annum is payable.

Salary scale in accordance with Whitley Council recommendations (£2,160-£2,895). All previous medical experience may be considered in fixing the point of entry on salary scale. Car allowance on essential user scale. Further details and form of application may be obtained from the Medical Officer of Health, Rikenel, Montpellier, Gloucester. (H7040) 56

COUNTY BOROUGH OF  
BARROW-IN-FURNESSMEDICAL OFFICER IN  
DEPARTMENT

Applications are invited from fully qualified and registered Medical Practitioners for the above position.

The salary scale is £2,160 x £85(1) x £90(1) x £85(1) x £90(1) x £95(2) x £100(1) x £95(1) to the maximum of £2,895 per annum, and the starting salary will be fixed according to qualifications and experience.

The appointment is subject to the Corporation's general conditions of service and is superannuable. It is the Authority's practice to grant a car allowance.

Duties are mainly in connection with the School Health Service and Maternity and Child Welfare Service. There is ample opportunity to develop newer ideas about these and other services. The possession of a D.P.H. or D.C.H. would be an advantage.

Further particulars and application forms may be obtained from the Medical Officer of Health, Health Department, Hardy Street, Barrow-in-Furness, to whom completed application forms should be sent as soon as possible. (13812) 56

LONDON BOROUGH OF SOUTHWARK  
HEALTH DEPARTMENTVISITING MEDICAL OFFICER—ELDERWOOD  
OLD PEOPLE'S HOME

Applications are invited from medical practitioners under the National Health Service in the West Norwood area for appointment as Visiting Medical Officer to Elderwood, a home for 83 elderly people which is situated in Elder Road, S.E.27. The successful applicant will be required to commence duties on January 1, 1971.

**Remuneration** Annual salary not less than £76, and increase is under review. In addition, fees are receivable from the Executive Council in respect of residents and resident staff who may be on the N.H.S. List.

Application forms from the Medical Officer of Health, London Borough of Southwark, Castle House, 2 Walworth Road, S.E.1. (Telephone number: 703 6363 Extension 341). Closing date December 10, 1970. Ref.: (B.M.J./8/2227). (13817) 56

LONDON BOROUGH OF HOUNSLOW  
HEALTH DEPARTMENT

## (a) SENIOR DEPARTMENTAL MEDICAL OFFICER

(£3080 - £3655)

## (b) DEPARTMENTAL MEDICAL OFFICERS

(£2250 - £2985)

Applications are invited for the above-mentioned appointments. Duties will be mainly concerned with child health clinics, developmental paediatrics, school health and screening clinics for well women, although other general public health duties may be allocated by the Medical Officer of Health. Facilities exist for in-service clinical training in the assessment of handicapped children. The Borough is currently participating in an important four-year combined child health/obstetric project.

The Borough possesses the first local authority purpose-built hearing clinic (Audiology Unit) and a new medical unit has been opened extending existing facilities for assessment and treatment of cerebral palsied and other physically handicapped children. Medical surveillance is provided by the Department for handicapped children in special schools for: (i) educationally subnormal pupils; (ii) delicate/maladjusted; (iii) deaf, with associated classes for partially hearing pupils in normal schools; (iv) physically handicapped, and in two junior training schools and two special care units. For some years the department has accepted, as a matter of routine, medical students from London Teaching Hospitals for visits to the various units and services comprising the Department of Health.

A full-time assisted D.P.H. course scheme is in operation in the Borough. A lump sum car allowance is payable.

Subject to medical assessment the appointment is permanent and pensionable. Whitley Council conditions of service apply. Application forms obtainable from the Medical Officer of Health, 92 Bath Road, Hounslow, returnable by December 11, 1970. (13811) 56

Application forms from the County Medical Officer, County Health Department, Love's Grove, Castle Street, Worcester, returnable by December 12, 1970 (13803) 56

## SERVICES

# What's in the RAF for a young doctor?

## Interesting out-of-the-rut medicine

The typical R.A.F. station doctor is a G.P. — with probably a lot of experience in pediatrics! He also has important responsibilities in aviation medicine, public health and industrial health. He does much more preventive work than most civilian doctors are able to do. There are wide opportunities for hospital practice — 47% of R.A.F. doctors are now working in specialist departments.

## The chance to travel

You could live and work abroad, in many different conditions and climates, treating not only R.A.F. personnel and their families, but local populations. Your gain in clinical experience would be marked.

## ... a fair crack of the whip for the Doctor's wife

A Doctor's wife is a Doctor's *wife*. She should not also have to be his telephone-answerer, appointment-maker, dispenser and general auxiliary! In the R.A.F., these things are done by professionals: the typical R.A.F. doctor, on a typical R.A.F. station, works in a fully equipped Medical Centre, which he shares with another doctor; between them they would probably have about 12 staff—secretarial as well as nursing.

## £3,000 (tax free) after 5 years

In the first case, you would probably join the RAF for 5 years. If you decide to go back to civil life at the end of this time, you would take with you a tax-free honorarium; at present £3,000. (You might of course wish to stay on: you can apply after the first year.) Now for income. Suppose you are 25, and fully registered. If you were in the RAF, your income would be at least £3,395 p.a. And if you're married, the RAF would probably also provide you with a fully furnished house at a modest rent.

To find out more please write, giving your age, nationality, qualifications and date of full registration with General Medical Council, to The Directorate-General of Medical Services, RAF(MA1 RAF), Ministry of Defence (724QS15), 1-6 Tavistock Square, London WC1.

# Royal Air Force

## OVERSEA

Attention is drawn to the desirability of obtaining full details of remuneration and terms of service in advertised appointments where these are not stated in the advertisement. In some cases local B.M.A. Branches or affiliated Associations may be in a position to provide information, and their addresses are available on application to the Secretary of the Association.

A VACANCY HAS OCCURRED ON THE sunshine coast of Queensland, 65 miles north of Brisbane, for an experienced General Practitioner to replace a third partner entering full-time specialist practice. Excellent hospital and practice facilities. Good gross income. Opportunities to pursue any special interest. Ten miles from the best surfing and fishing beaches in Australia. Unrivalled scenery and sporting facilities; ideal for children. Good education to University entrance. Married man preferred. Initial housing available. Immigrant sponsorship offered. Initial assistantship six months, then full third share if mutually acceptable. Salary as Assistant A\$10,400 p.a., including car allowance. Please send recent photograph and full details to Drs. Munro and Anderson, Box 237, Nambour, Queensland, Australia. 61-1

AUSTRALIA. ASSISTANT REQUIRED with early view to fourth partnership in good country town. Interest in Obstetrics and Gynaecology an advantage. Excellent hospital facilities, new surgeries, good schools and sporting facilities. G.T. in excess of \$100,000 per annum. Reply P.O. Box 452, Lenton N.S.W. 2705. 61-1

ALBERTA, CANADA. TWO ENGLISH general practitioners, both members of Inter-Varsity Christian Fellowship, require third partner with similar evangelical Christian views. Busy varied practice in medium sized oil and farming town, ninety minutes drive from Edmonton, with 50-bed G.P. hospital and schools to University entrance. Local sport includes fishing and skiing, and the Rockies are within easy reach. Friendly co-operation exists with the three other doctors in town. Salary based on experience, but not less than \$15,000 p.a. (about £6,000) with partnership after six months if mutually agreeable. Experience in surgery and anaesthetics not mandatory. A man with active interest in medical missionary work would be very acceptable. Please write air mail giving full personal details and date available to Drs. D. J. Lewis and D.L. Belcher, Medical Centre, Drayton Valley, Alberta, Canada. Further information will be sent to prospective applicants, and there would be an interview before appointment is confirmed. 61-1

## PHYSICIANS

Drug Advisory Bureau  
Food and Drug Directorate  
Department of National Health and Welfare  
OTTAWA  
Salary to \$22,521

The Food and Drug Directorate has statutory responsibility for the enforcement of the Food and Drug Act and Regulations and related legislation. To meet this responsibility several positions are available with the Division of Medicine and Pharmacology for physicians to participate in a programme of evaluation of drug submissions.

Candidates must be eligible for a licence to practise medicine in a province of Canada. Desirable qualifications include either a comprehensive all-round knowledge of general medicine or of a medical subspecialty; obstetrics and gynaecology; clinical pharmacology; neuropsychopharmacology; endocrinology; chemotherapy or the pharmacological basis of therapeutics. Prior pharmaceutical industrial experience, while not essential, would be considered desirable.

Interested parties should forward detailed résumés of education and experience to the

Public  
Service  
of  
Canada

Bio-Physical Sciences Programme,  
Public Service Commission of  
Canada, Ottawa 4, Ontario.

### RESIDENCIES IN LABORATORY

#### MEDICINE

(1) **PATHOLOGY RESIDENCY**  
A rotating program in clinical pathology and anatomical pathology, and a straight four year course in anatomical pathology, fully approved by the Royal College of Physicians and Surgeons of Canada and the American Board, is available in a 1,100-bed Ottawa University affiliated general treatment hospital. The staff includes four full-time pathologists, 2 haematologists, a cytopathologist, a medical bacteriologist and a medical biochemist. The annual workload consists of 10,000 surgicals, 500-600 autopsies, 500 bone marrow and 279,466 other haematological tests 27,100 cytology specimens 103,151 biochemical tests and 55,422 bacteriological tests per year. Emphasis is placed on participation in intra- and interdepartmental conferences, seminars and clinically oriented laboratory work. There is an opportunity to participate in the teaching of undergraduate medical students and laboratory technology students.

#### (2) MEDICAL BIOCHEMIST

#### RESIDENCY

A four-year training program, approved by the Royal College of Physicians and Surgeons of Canada, is available at the Ottawa University affiliated general treatment hospital. The department is staffed by a medical biochemist, a clinical chemist and two laboratory scientists. Advanced and modern methods of investigation including radio-isotope methods, radioisotopes, general and hormonal methodology are included. Full integration with other medical disciplines and departments are provided for the prospective candidates. There is an opportunity for individual research in intra- and interdepartmental conferences, seminars and clinically oriented laboratory work.

#### (3) HEMATOLOGY RESIDENCY

The training program in Hematology covers all requirements for examination in hematological pathology of the Royal College of Physicians and Surgeons of Canada. This includes advanced coagulation techniques, radio-isotope methods, general hematology, bone marrow examinations and blood banking, cytogenetic studies and extensive investigation in hemoglobinopathies. The department is responsible for patients and therefore, clinical teaching is provided. There is a staff of two hematologists.

For further information for any of the above courses, apply to Dr. R. Barr, Department of Pathology, Ottawa Civic Hospital, Carling Avenue, Ottawa 3, Ontario. (H6627) 61-1

## SAUDI ARABIA. PRIVATE HOSPITAL

requires graduates of a British University with higher qualifications in all medical and surgical specialties, including general medicine and gynaecology. Salary negotiable (above £4,500 annually). One or two year contracts.—Box 1156, B.M.J. 61-1

## STATEN ISLAND, NEW YORK. LONDON

graduate offers excellent opportunity to G.P. Internist in rapidly expanding suburban hospital practice. Hospital privileges. No obstetrics or surgery. Starting salary \$20,000. Equal partnership three years.—Reply giving résumé care Dr. V. C. Hyman, 17 Wembley Park Drive, Wembley, Middx. 61-1

## DOCTORS ABROAD. Copies of

vacancies advertised in the Journal can be sent by AIR MAIL: Members rate: minimum cost is 40 shillings for six weeks' supply, which covers up to five separate headings. Non-members rate: 60 shillings minimum for six weeks' supply of five headings or less. Additional headings: 10 shillings each for six weeks' supply (for members and non-members). Orders for specific grades cannot be accepted. Payment must be PREPAID and enclosed with application.

**THE PRINCE HENRY HOSPITAL**  
LITTLE BAY  
**THE PRINCE OF WALES HOSPITAL**  
RANDWICK  
(Teaching Hospitals of the University of  
New South Wales)  
**THE EASTERN SUBURBS HOSPITAL**  
BONDI JUNCTION  
SYDNEY, AUSTRALIA

### SPECIALIST IN DIAGNOSTIC RADIOLOGY

Applications are invited from suitably qualified medical practitioners for the above position.

The department is modern and well equipped, and a considerable proportion of its work lies in specialized radiological investigation, including angiography, regional angiography, neuroradiology and precision tomography. There are facilities for both clinical and basic research, and an active undergraduate and postgraduate teaching programme is maintained.

There is a system of joint appointment with the University of New South Wales and at present this system is under review.

Salary will be according to the Medical Officers Hospital Specialists (State) Award. Commencing salary \$10,032-\$12,566 per annum with further increase for Senior Specialist (\$13,833 per annum).

Detailed information regarding the position may be obtained from Associate Professor B. Williams, Director of Diagnostic Radiology.

Applications close: January 22, 1971.

Written applications containing full details of qualifications and experience and the names and addresses of three referees should be forwarded to the Personnel Officer, The Prince Henry Hospital, Little Bay, Sydney, N.S.W. 2036, Australia.

J. R. CLANCY  
Chief Executive Officer 61-1

(13835)

### TEACHING FELLOWSHIPS IN ANATOMY

Applications are invited from medical and non-medical graduates for appointment as Teaching Fellows in the Department of Anatomy, as from July 1, 1971. The Fellowships are tenable for one year, with a salary of \$5,000.00 per annum. They are intended for graduates wishing to further their knowledge of human anatomy prior to or during specialist training. The appointees will give practical instruction in the various classes in gross anatomy conducted by the Department.

Applications, including curriculum vitae and the names of two referees, should be sent to the Head, Department of Anatomy, University of Saskatchewan, Saskatoon, Canada, before January 15, 1971. (H6859) 61-1

**THE ROYAL WOMEN'S HOSPITAL**  
Melbourne, Australia

### CLINICAL CHEMIST

Applications are invited from suitably qualified medical or science graduates for the position of Clinical Chemist in charge of the Biochemistry section of the Pathology Department.

The Royal Women's Hospital has been rebuilt with 47 delivery beds, 250 post-natal beds, 156 gynaecological beds and 137 paediatric neo-natal cots. It is affiliated with the University of Melbourne for the teaching of Obstetrics and gynaecology, and is recognized as a training hospital by the Royal College of Obstetricians and Gynaecologists and the College of Pathologists of Australia.

The section of Biochemistry is housed in a modern Pathology building and has an area of approximately 3,500 sq. ft. It contains up to date equipment and performs some 60,000 tests per annum. There are good opportunities and facilities for research.

Salary—Medical graduate \$11,440-\$14,320 Science graduate \$7,540-\$10,400

Voluntary contributory superannuation is available equivalent to 10% of salary.

Further details may be obtained from the Director of Pathology. By Order, A. J. Cunningham, Manager & Secretary, 732, Swanston Street, Melbourne, Victoria, 3053, Australia. (H6965) 61-1

**SURGEON, REQUIRED TO JOIN 2** young English G.P.s in expanding practice in Saskatchewan, Canada. Must be willing to do some general practice. Young, family man, preferred. Good hospital and clinic facilities. Salary \$16,000—18,000 1st year. Reply giving curriculum vitae and references to Box 1600, Kamsack, Saskatchewan, Canada. (1215) 61-1

Applications, stating details of experience and names of three (3) referees, to be submitted to the Medical Superintendent, Dr. I. Dixon, The Wollongong Hospital, Wollongong, N.S.W. 2500, Australia. A. E. Knowles, Chief Executive Officer. (H7002) 61-1

### THE UNIVERSITY OF OTAGO AND THE OTAGO HOSPITAL BOARD DUNEDIN, NEW ZEALAND

Visiting Otolaryngologist  
Otago Hospital Board  
AND  
Lecturer in Otolaryngology  
University of Otago

Applications are invited for the position of Visiting Otolaryngologist and Lecturer on the Clinical and Teaching Staff of the Dunedin Hospitals and the Faculty of Medicine.

Candidates must have a medical qualification registrable in New Zealand and must hold a higher qualification in Otolaryngology such as F.R.C.S. or its equivalent, have been qualified for at least eight years and have had at least five years' experience in Otolaryngology.

The Hospital salary scale for the position will be based on 0.675 of the nominal whole-time salary plus further remuneration as a Lecturer in Otolaryngology, based on one-twentieth of a University Scale depending on Status.

The nominal whole-time salary scale prescribed under the Hospital Employment (Medical Officers) Regs for a Specialist is \$6,740—\$9,101 by nine automatic annual increases and the Regs also provide for progression beyond the maximum automatic rate of \$9,101 per annum in three steps to \$10,562 per annum in cases of exceptional responsibility or of exceptional merit.

Conditions of Appointment may be obtained from the office of the High Commissioner for New Zealand, New Zealand House, The Haymarket, London S.W.1. or from the Secretary to the Board.

Applications on the Form attached to the Conditions of Appointment together with the names and addresses of two persons to whom confidential reference may be made, will be received by the Undersigned until Monday February 1, 1971.

D. C. J. Pearce,  
Secretary,  
Otago Hospital Board,  
P.O. Box 946,  
Dunedin,  
NEW ZEALAND.

### ST. ANDREW'S HOSPITAL NORTHAMPTON

Medical Director: James Harper M.B.,  
F.R.C.P. (Edin.), D.P.M.  
St. Andrew's Hospital is a private psychia-  
tric hospital situated in 130 acres of park-  
land in the county town of Northampton. In  
general, patients are admitted to Wantage  
House, a reception unit in the grounds,  
which is equipped for the investigation and  
treatment of all forms of mental and ner-  
vous illness. In addition, there is accom-  
modation mainly in private rooms, both in  
the main hospital and in various villas, for  
longer-stay patients and geriatric patients.  
The hospital's amenities include Gloucester  
House, which comprises an Occupational  
Therapy department, a swimming pool, a  
squash court and library, while in the  
grounds there are tennis courts, a nine-hole  
golf course, etc.  
Fees range from £31 10s. per week, and  
subscribers to private medical insurance  
schemes, such as British United Provident  
Association and Private Patients Plan, may  
claim benefit in respect of these charges.  
Further particulars may be obtained from  
the Medical Director, St. Andrew's Hospital,  
Northampton Tel. Northampton 34354, who  
can be seen in consultation by appointment,  
either at the hospital or at 55 Harley Street,  
London, W.1. 67-13

always available from advertisers on  
request.

# When you diagnose Bronchitis, you're in the right territory

## The right-first-time antibiotic for Bronchitis

Penbritin is right because of its clinical record. In more than 1000 cases of bronchitis reported over eight years Penbritin has proved successful in 95% of acute and 79% of chronic infections.

Penbritin is right because it is effective against the bacteria commonly involved in bronchitis, *Strep. pneumoniae* and *H. influenzae*, some strains of which are resistant to tetracyclines.

Penbritin is right because of its safety record. Nearly 2,000 references demonstrate its suitability for a wide range of patient-types.

Penbritin is available in capsule, syrup, tablet and injectable forms. You can prescribe the right antibiotic in the right presentation for each patient.

**Usual Adult Dosage:** 250 mg. q.i.d.  $\frac{1}{2}$ -1 hr. a.c.

**Contra-indication:** Penicillin allergy.

**Side-effects:** As with other penicillins.

Further information is available on request.

# Penbritin

Penbritin\* (ampicillin B.P.) is a product of British research at

# Fucidin — parenterally

## as well as orally

Clinicians often require a parenteral antibiotic in the treatment of severe staphylococcal infections. To meet this need LEO research over a three-year period has led to the development of Fucidin for intravenous infusion. This preparation widens the scope of Fucidin (sodium fusidate B.P.) which over the last seven years has been increasingly used as a potent *ora*/antistaphylococcal agent.

### **Fucidin for intravenous infusion.**

Presented in packs of 2 ampoules one of which contains 580 mg diethanolamine fusidate B.P.C. as a dry powder (equivalent to 500 mg sodium fusidate B.P.) and the other 50 ml sterile phosphate-citrate buffer.

Detailed information on dosage, administration, applications and case-histories appears in the packing leaflet and also is available on request from
