

new twice daily

NAPROSYN

Powerful in arthritis

Courtesy of Westminster Hospital

What is Naprosyn? Naproxen—a new non-hormonal anti-inflammatory agent with analgesic properties, indicated for the treatment of rheumatoid arthritis, osteo-arthritis and ankylosing spondylitis.

How powerful is it? Double-blind cross-over trials have shown 500 mg Naprosyn to be significantly superior to placebo and equivalent in clinical efficacy to 4 g aspirin and 150 mg indomethacin in rheumatoid arthritis; and to 100 mg indomethacin in osteo-arthritis. Open studies have shown that Naprosyn is highly effective in ankylosing spondylitis.

How does Naprosyn help the arthritic patient? The long half-life of 12–15 hours means that one 250 mg Naprosyn tablet in the morning and one in the evening is sufficient in most patients to provide sustained relief throughout the day and night. Morning stiffness and painful joints are relieved, and mobility and grip strength improved.

How is Naprosyn “kind to patients”? It is extremely well tolerated. Side-effects are less frequent on 500 mg Naprosyn than on 4 g aspirin and 100 mg and 150 mg indomethacin. Some studies have shown that the incidence of side-effects is not significantly different to that exhibited on placebo. Gastric disturbances, in particular, are rarely seen with Naprosyn. Objective tests such as gastroscopy have shown

259384

Kind to patients

that Naprosyn causes minimal irritation to the gastric mucosa. Not least, patients find the twice daily dosage regimen more convenient. **How safe is it?** Doses of up to 3½ times the recommended dosage of Naprosyn (500 mg) have been administered to human subjects with no adverse reactions occurring.

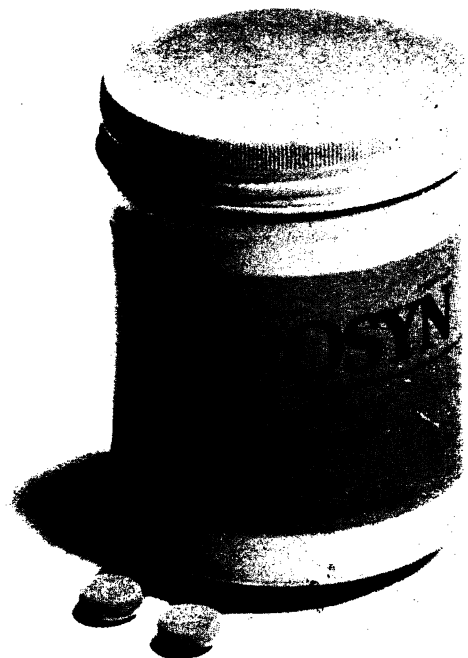

Can Naprosyn be taken on an empty stomach? Yes. In a number of clinical trials Naprosyn was given on a fasting stomach without adverse effects being reported. Furthermore, absorption is not significantly affected by the presence of food or alkali.

At what stage should Naprosyn be used? Since Naprosyn is at least as effective as 4 g aspirin and 150 mg indomethacin, and has a remarkably low incidence of side-effects, it may be considered either as first line treatment or as an alternative for patients with chronic disease who are developing tolerance to, or are exhibiting side-effects on, other anti-arthritis drugs.

Are there any contra-indications? There are no known contra-indications although caution should be exercised during pregnancy.

Technical literature, symposia proceedings and full bibliography are available on request.

British physicians prescribe 'Tryptizol'
more than any other antidepressant...

...‘TRYPTIZOL’ JUSTIFIES CONFIDENCE

‘Amitriptyline has many advantages for everyday use, including a decade of clinical experience, a high safety record and proven efficacy in depressive illness.’

Med. J. Aust., 1972, 1, 637 (25 Mar)

- ☐ ‘Tryptizol’ has a dual action, against both anxiety and depression
- ☐ ‘Tryptizol’ has a rapidly apparent anti-anxiety effect, usually followed by relief of depressive symptoms
- ☐ ‘Tryptizol’ relieves functional somatic symptoms in some patients
- ☐ ‘Tryptizol’ can help to relieve depressive insomnia
- ☐ ‘Tryptizol’ has a wide range of formulations
- ☐ ‘Tryptizol’ has a favourable margin of safety

Tryptizol®

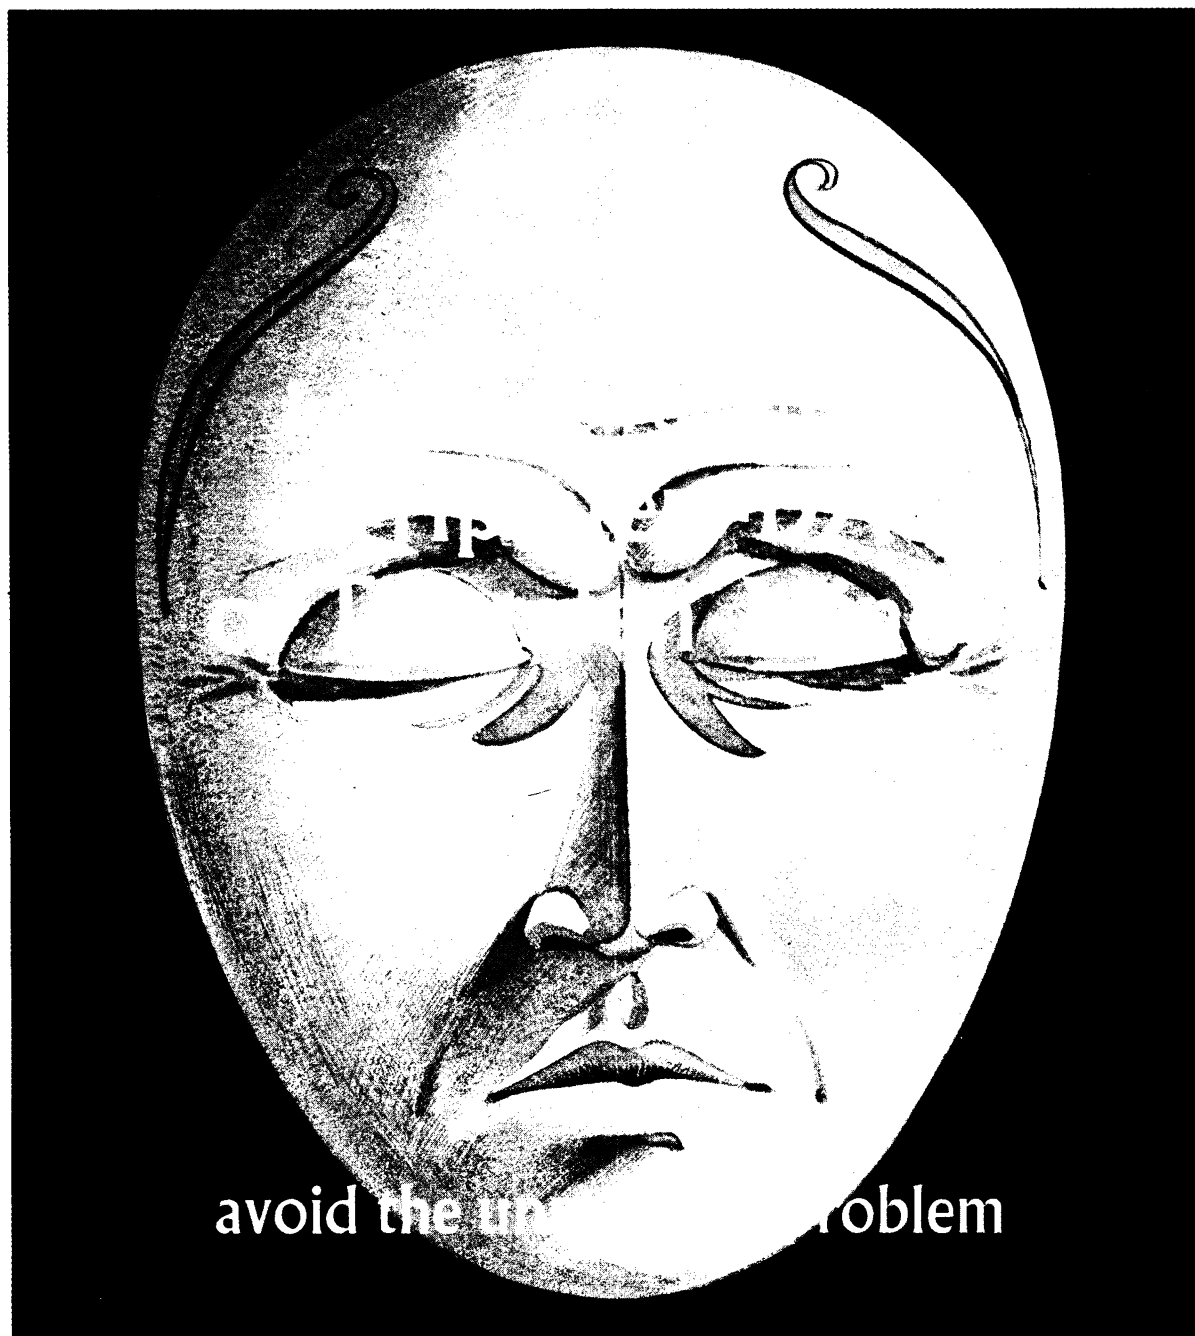

Amitriptyline hydrochloride/MSD

for the treatment of depression

Supplied as 10 mg, 25 mg, and 50 mg tablets,
a syrup, and an injection.

NEW
anti-inflammatory

Orudis

New from May & Baker

**Better tolerated than indomethacin
...with comparable activity**

**More active than ibuprofen
...with comparable tolerance**

**In both
rheumatoid arthritis
and osteoarthritis**

Orudis

provides the optimal therapeutic combination

high activity with good tolerance

effectively

- relieves pain
- reduces inflammation
- restores mobility

ensures

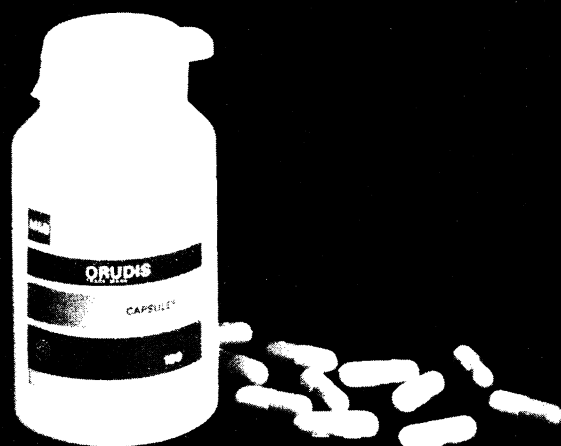

- a low incidence of side-effects
- minimal discomfort to the patient
- major benefits with fewer risks

obviates

the difficult choice between the "highly active but poorly tolerated" and the "less active but well tolerated" compound

'ORUDIS'

supplied as capsules of 50 mg in easy-to-open containers

Orudis

high activity
with good tolerance

Prescribing information

Indications

'Orudis' is a potent non-steroidal, anti-inflammatory analgesic agent. It is an inhibitor of prostaglandin synthesis.

'Orudis' is recommended in the management of the rheumatic diseases:

rheumatoid arthritis
osteoarthrosis
ankylosing spondylitis
gout

other forms of non-infectious arthropathy
acute articular and periarticular disorders – bursitis, tendinitis, synovitis, tenosynovitis, capsulitis of the shoulder
painful musculo-skeletal conditions.

Administration and dosage

'Orudis' is administered orally and *should always be taken with food.*

Dosage is usually one capsule (50 mg) three times daily. This dosage may be increased to one capsule four times daily or decreased to one capsule twice daily depending on the size and condition of the patient and on the severity of the disease.

Side-effects and precautions

No serious side-effects have been reported. Symptoms of dyspepsia have occurred in a small percentage of patients and, in some such instances, a reduction of dosage has been helpful. 'Orudis' should always be prescribed "To be taken with food".

Skin rashes have been rare.

In common with other anti-inflammatory agents, 'Orudis' should be used with caution in patients with a history of peptic ulcer and in those with impaired hepatic function.

No embryopathic effects have been recorded but it is a sound medical principle to exercise caution in prescribing any medication during the first trimester of pregnancy.

Presentation

Capsules each containing 50 mg ketoprofen, in packs of 100 and 500. The capsules are bi-coloured (opaque green/opaque purple), each half printed ORUDIS 50 in white.

Basic NHS cost (as at November 1973)
25 capsules of 50 mg £1.14
(ex dispensing pack)

Alistair is an he has only one

It's all around him, all the time yet, he's never seen it. Because at only 0.3mm in length, the common dust mite doesn't advertise itself.

Yet this minute creature is responsible for a disabling disease in an estimated 300,000 Britons. Now, at last, there is a new answer. A short immunisation course that is simple and very effective. A fundamental treatment that for the first time gives you, the family doctor, real control over this type of allergic asthma. And a new quality of life for your asthma patients.

Migen is effective. Allergy has always been recognised as one of the most common causes of asthma. Recently it has been established that the most important allergenic factor in house dust is the house dust mite; in fact, more than 90% of house dust sensitive patients are sensitive to house dust mite. And, "The rise in the mite content of dust from September to October has been shown to be directly related to an increase in asthma during this period."*

Migen immunises against the house dust mite. Immunisation against this powerful allergen raises the patients' overall level of tolerance. If he is multi-sensitive, he may well find that he no longer reacts to contact with other allergens which have previously provoked attacks. And the stress caused by fear of attack is reduced.

Migen is simple. Migen is a short course vaccine which contains pure extract of *Dermatophagoides pteronyssinus*, the most common British house dust mite. Just six injections form a complete course of treatment for asthma and perennial rhinitis. And each syringe is pre-filled to ensure accurate dosage.

Migen – minimal side effects. Migen's active material is released slowly but completely for maximum efficiency and minimum risk of adverse effects. Migen is adsorbed onto tyrosine, a naturally occurring amino acid, fully metabolisable in the human body.

Migen is a Bencard product. Prepared by Bencard, leaders in allergy research, Migen is the first asthma treatment to give *you* control over your asthma patients. Migen may usually be prescribed on the basis of a careful case history, no complicated testing techniques are necessary. However a simple confirmatory skin test kit is available on request, together with patient record cards and advice notes.

Migen. Many products have been advocated for use in the treatment of asthma. Most have drawbacks that you and your patients suffer for the sake of some relief. Now Migen offers an opportunity to treat asthma simply and effectively.

Allergy has always had a strong hold on the asthmatic. From today a powerful and very common

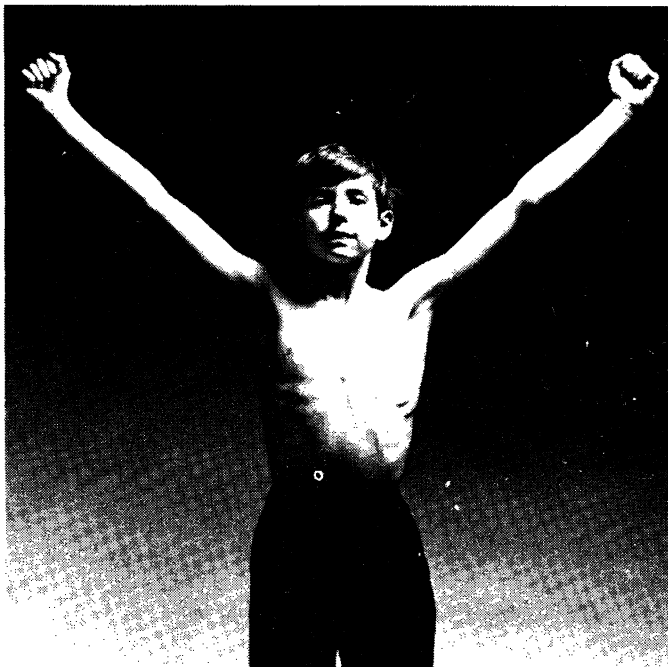

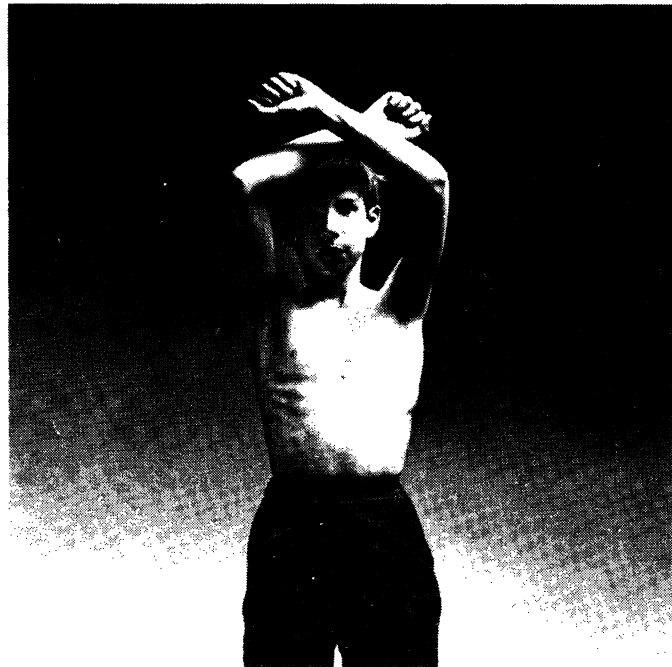

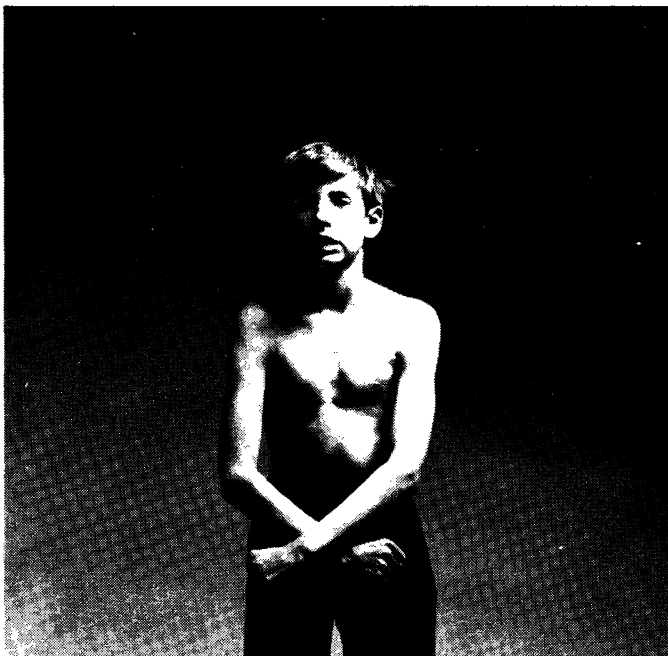

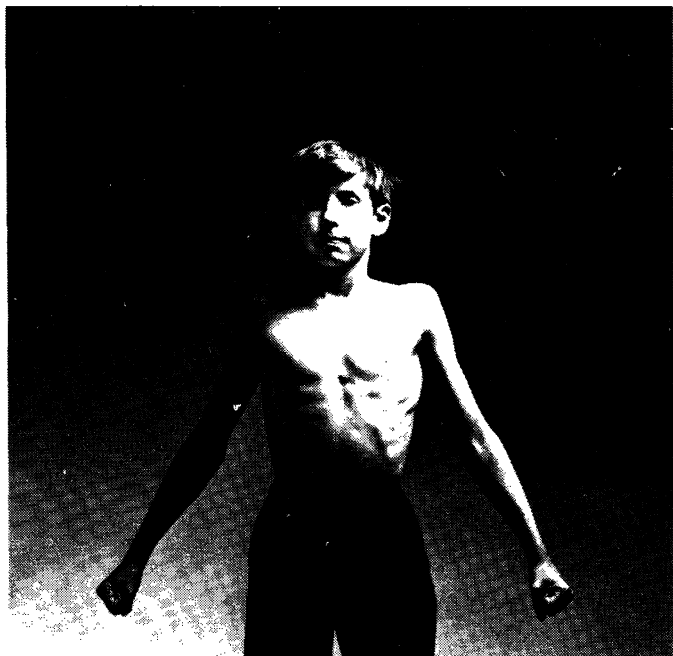

Treatment pack consisting of six pre-filled syringes with sterilised needles.

*Asthma Research Council

The habitual offender. Flatulent dyspepsia.

His is a common enough case. He has been before you many times. And it's always the same old trouble. Flatulent dyspepsia. Antacids and a variety of other preparations have failed to provide the complete answer. His symptoms keep recurring.

Now, with Maxolon, you can break this unpleasant routine. Maxolon, in contrast to antacids, overcomes the motility defects which

are so often the cause of flatulent dyspepsia. So Maxolon can work where antacids would fail.

Prescribe Maxolon for your flatulent dyspepsia patients and judge the results for yourself.

Full information is available on request.

Maxolon* (metoclopramide) is a product of
Beecham Research Laboratories,
Brentford, England.

*regd.

Maxolon breaks the routine of flatulent dyspepsia

Tommy Docherty, Manager, Manchester United F.C.

Antacids work. Up to a point.

Antacids and stomach coatings work. Very well. But not always for long, and only against one of the major symptoms of the distress. That's why you need 'Stelabid'.

'Stelabid' provides protection against hypersecretion, hypermotility and painful spasm.

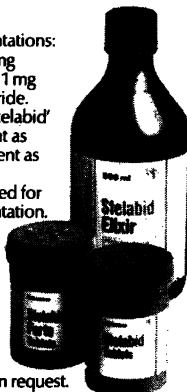

Its calming action alleviates the anxiety and stress so often associated

with gastro-intestinal disturbances.

'Stelabid' prescribed with antacids, provides a most persistent and effective symptomatic control of gastro-intestinal disorder throughout the whole spectrum from functional disorders to ulceration.

And a simple b.i.d. dosage protects the patient even throughout the night.

'Stelabid' is now available in three presentations: **'Stelabid' Tablets** Each tablet contains 5 mg isopropamide present as the iodide, and 1 mg trifluoperazine present as the hydrochloride. **NEW 'Stelabid' Elixir** Each 5 ml dose of 'Stelabid' Elixir contains 5 mg isopropamide present as the iodide, and 1 mg trifluoperazine present as the hydrochloride. 'Stelabid' Elixir is particularly recommended for those patients who prefer a liquid presentation. **NEW 'Stelabid' Forte Tablets** Each tablet contains 75 mg isopropamide present as the iodide, and 2 mg trifluoperazine present as the hydrochloride. 'Stelabid' Forte Tablets are especially useful in more severe cases when an extra measure of relief from spasm and hypersecretion is required. Full prescribing information is available on request.

For the private misery of vaginitis/vaginal discharge...

...comprehensive treatment affording dramatic relief:

Flagyl Compak

Monilial infection?
Trichomonal infection?
Or both?

Often you can't be sure.

Whichever is responsible 'Flagyl Compak' provides a reliable answer to the very personal problem of vaginitis/vaginal discharge:

- combines, in the one pack, the standard antimonilial, topical nystatin, and the standard trichomonocide, oral 'Flagyl', each of which cures up to 98 per cent of patients in one week in separate use^{1,2}
- rapidly relieves the disquieting symptoms of inflammation, pruritus and discharge – within twenty-four hours in many cases
- carries no risk of resistance, produces no serious side-effects, has no contra-indications
- will not mask the presence of the more serious venereal diseases

Flagyl Compak: the one-week all-inclusive treatment

21 'Flagyl' tablets each containing 200 mg metronidazole
14 vaginal inserts each containing 100,000 units nystatin
1 vaginal insert applicator

the days of aspirin are numbered

**New trial shows:-
In 13 weeks time your patients
would be doing a lot better on Prinalgin
than on aspirin.**

A recent trial* shows Prinalgin to be superior to high dose aspirin by all the normal criteria of improvement in rheumatoid arthritis.

In particular, one feature of the trial really stands out: After 91 days (13 weeks) the superiority of Prinalgin becomes increasingly significant.

The conclusion is obvious: long lasting improvement in rheumatoid arthritis is better achieved with Prinalgin than high dose aspirin.

*Details of the paper (In press) are available on request from Medical Information Dept., Berk Pharmaceuticals Ltd., Shalford, Surrey.

**ANOTHER
BRUFEN
BENEFIT**

IT REDUCES INFLAMMATION

Brufen has the powerful analgesic and anti-inflammatory properties needed to relieve the pain, stiffness and swelling of arthritis. There is now little doubt that Brufen is the best tolerated of the available antirheumatic drugs.

Experience has shown that at least 7 out of every 10 arthritic patients on Brufen improve as judged by both subjective and objective criteria. It has been well demonstrated that patients prefer Brufen to other drugs.

Given at the recommended dosage, Brufen can do much for those who suffer with arthritis.

Brufen is ibuprofen, available as tablets containing 200 mg and as a Suspension containing 100 mg in each 5 ml. Full information from The Boots Company Ltd., Nottingham.

BRUFEN 
(ibuprofen)

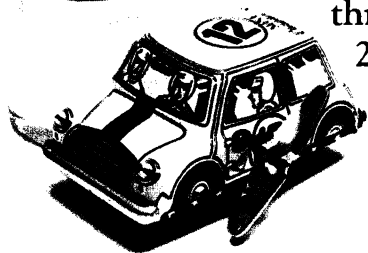

first in arthritis—for the best possible reasons

Excellent in child

Amoxil is an excellent antibiotic for the commonly occurring bacterial infections in children. For a start, Amoxil is pleasant to take. The citrus-flavoured syrup or paediatric suspension pleases even the fussiest of patients.

Then Amoxil can get to work. Its broad spectrum of bactericidal activity and outstanding oral absorption¹ ensure the high serum levels necessary for a rapid response. In fact, just three daytime doses give 24 hour therapeutic effect.

Children's infections.

It is not surprising, therefore, that Amoxil's extensive clinical trials have proved it so reliable: a recent study², involving 150 children, demonstrated a success rate of 94%.

Add to this Amoxil's penicillin safety and low treatment cost and you really have an excellent antibiotic for children – and for grown-ups too.

Further information on Amoxil (regd) is available from Bencard, Freepost, Brentford, England.

Prescribing information

Dosage: Adults 250 mg three times a day.

Children – up to 10 years: 125 mg three times a day. In the case of severe infections the dosage should be doubled.

Presentation: Amoxil capsules 250 mg. Amoxil syrup 250 mg/5 ml, 100 ml bottle. Amoxil syrup 125 mg/5 ml, 100 ml bottle. Amoxil Paediatric Suspension 125 mg/1.25 ml, 20 ml bottle with pipette. Amoxil presentations contain amoxycillin as the trihydrate.

Contra-indication: Amoxil is a penicillin and should not be given to penicillin-hypersensitive patients.

Side effects: No serious side effects have been reported in extensive clinical trials. Those side effects which were encountered were mild and of a transitory nature.

WALLY USED TO SLEEP ON THE JOB

Antihistamine drowsiness is no joke when you're on piece-work. Particularly if you like a drink or a drive. That's why Wally's doctor put him on Rynacrom. Rynacrom clears and prevents the symptoms of allergic rhinitis and is effective against a wide spectrum of allergens, from house dust to pets and pollens. Its specific, local action means that there are no untoward effects.

Put your next patient on Rynacrom. It soon had Wally back on the job.

RYNACROM[®]
for allergic rhinitis

Further information on Rynacrom (Sodium Cromoglycate BP) is available from
FISONS LIMITED—PHARMACEUTICAL DIVISION, Loughborough, Leics.

John Armstrong suffers from bouts of deep depression

He has psoriasis

Have you ever stopped to think what it is really like to be a psoriatic? Psoriasis is more than a skin disease. It is a terrible mental affliction, particularly for young people and can literally ruin their lives. Most forms of treatment are equally depressing.

Steroids under polythene? True the lesions may resolve rapidly but in almost all cases the rebound factor will bring back the psoriasis even more quickly and more severely. And the patient will rebound into your surgery with a questioning look after doing unspeakable things to himself in a youth hostel – or trying to lead a normal love life in a plastic bag!

Coal Tar? Anointing oneself with smelly tar is even less appealing.

Dithranol? Certainly very effective treatment, but patients jib at the burning and particularly the staining which makes the lesions even more noticeable while under treatment.

The Advantages of Exolan Treatment Exolan attacks the psoriatic lesions with the striking effectiveness of dithranol but without its unpleasant side effects of burning and staining.

Exolan has been available for years as a paste and a cream – and now, in response to the suggestions of dermatologists – Exolan has been formulated as a Lotion, particularly for those patients with dry scaly lesions, lesions of the scalp, and of the flexures, where a soothing emollient effect is required.

Exolan (triacetoxyanthracene) is available as a Paste, as a Cream and as a Lotion.

FALSE ALARM!

A person often experiences anxiety when it can serve no useful purpose. A signal originates in the amygdala (orange spot) and is transmitted into the body via the hypothalamus (red spot) and autonomic nervous system. In such cases, anxiety becomes a problem causing many difficult and unpleasant symptoms.

Nobrium relieves anxiety by a precise action on the amygdala—the source of anxiety. It also acts specifically on the hypothalamus to damp the transmission of anxiety into the body. The precise action is highly effective—relieving over 80% of patients—and causes few side-effects² as other parts of the brain are virtually unaffected.

A MULTI-PURPOSE DIURETIC

that helps to conserve the body's natural potassium

'Moduretic' owes its versatility to the complementary actions of its active constituents:

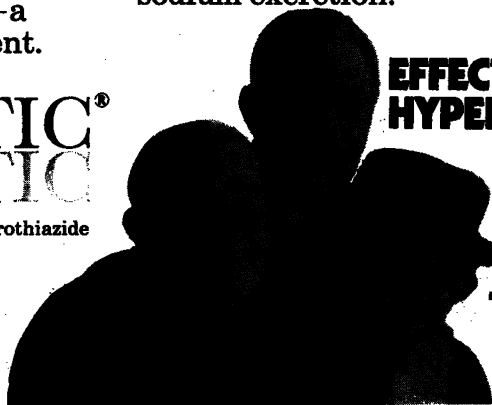

Hydrochlorothiazide—the well-established thiazide diuretic.
Amiloride hydrochloride—a potassium-conserving agent.

Besides moderating the kaliuretic effect of hydrochlorothiazide, amiloride has an additive diuretic effect; the results of some studies reflect a synergistic effect on sodium excretion.

THE HISTAMINE CHALLENGE:

Can any single antihistamine tablet fight off attacks for 24 hours?

In a study† designed to test the duration of protection afforded by PRO-ACTIDIL*, human volunteers were given intradermal injections of histamine and the areas of flare and weal response were measured. After the responses had completely disappeared one PRO-ACTIDIL tablet was administered to each volunteer and the histamine challenge was repeated. By measuring the reduction in areas of flares and weals the protective effect of PRO-ACTIDIL could be plotted for the 24 hours following administration. After 24 hours the weals still showed a reduction of 65 per cent and the flares a reduction of 83 per cent. The authors concluded that the anti-histaminic effect of PRO-ACTIDIL lasts for 24 hours.

The sporting life.

Many of your hypertensive patients may be denied it on their present treatment. But it comes free with 'Inderal'. Free because during 'Inderal' treatment exercise does not cause hypotension. Nor does posture or hot weather.

So the patient is not only normotensive for 24 hours a day, but he is also free to play. And to think, move and love. He can recover his lost form, with 'Inderal'.

Further information is available on request.

KING EDWARD'S HOSPITAL FUND FOR LONDON

EXCHANGE VISIT WITH
USA AND CANADA

The King's Fund College are arranging to take a further visiting course to the U.S.A. and Canada in March, 1974. The purpose of the course is to look in depth at health care provision and, at the same time, to complement the American student course held in the college each year. The Spring course will last approximately four weeks and all expenses will be borne by the King's Fund.

Applications are invited from medical practitioners of senior house officer, first-year registrar or equivalent status including general practitioners, who would like to be considered for the course and who will be under 30 years of age on 1st March, 1974. There will be five doctors, five administrators and five nurses on the course.

Applications should be submitted to the Director, King's Fund College, 2 Palace Court, Bayswater, London W2 4HS (Tel: 01-229 9361) by not later than 26th November, 1973, and should include brief details of experience and present post. (29752) 4

THE M.R.C.P. (U.K.) EXAMINATIONS

Our course covers all the requirements of the new examinations.

It includes communications on all aspects of internal medicine; X-rays, E.C.G.s, pathology forms, clinical case problems, colour slides and viewer, multiple choice questions. All aspects have detailed model answers. Personal guidance and assessment is given throughout. Write for details and your initial assessment to Medical Tutors Ltd., 113 Seven Sisters Rd., London N.7. 4

THE ROYAL COLLEGE OF PATHOLOGISTS
2 Carlton House Terrace, London SW1Y 5AF

UNIVERSITY OF LONDON

The Primary Examination will be held during February/March, 1974. Two 3-hour papers will be held on Tuesday, 12th February and the practical examinations will be held during the week 11th-15th March. The written examination will be held in London and in other centres.

This examination is open to medical and non-medical candidates who hold qualifications approved by the College and who fulfil the training requirements for entry. Applicants, who must have completed at least 2 years' full-time work in pathology in recognized laboratories, should obtain an entrance form from the Registrar, at the above address, and should return it not later than 17th December, 1973.

Candidates will normally be allowed four attempts at the Primary Examination after which they may only re-enter for a specified number of further attempts to be decided by the College. R. C. Curran, Registrar, November, 1973. (29839) 4

A lecture entitled "Functional Differentiation of the Trophoblast in the Mammalian and Human Placenta" will be delivered by Professor M. Panigel (Paris) at 5 p.m. on 13th November at Queen Charlotte's Maternity Hospital, Institute Lecture Theatre, Goldhawk Road, W.6. Admission Free, without ticket. Academic Registrar. (29770) 4

UNIVERSITY OF LONDON

A lecture entitled "The Role of the Veterinarian in Animal Reproduction and Production" will be delivered by Dr. D. R. Melrose at 5 p.m. on 13th November at the Royal Veterinary College, Royal College Street, N.W.1. Admission Free, without ticket. Academic Registrar. (29769) 4

INSTITUTE OF UROLOGY and INSTITUTE OF BASIC MEDICAL SCIENCES
(University of London)

NEPHROLOGY COURSE

Tuesday, 20th November

SCIENTIFIC ASPECTS OF RENAL DISEASE

At the Royal College of Surgeons, Lincoln's Inn Fields, W.C.2
Speakers will include Mr. Howard G. Hanley, Dr. M. S. Israel, Dr. A. M. Joekes, Professor F. W. O'Grady, Dr. G. A. Rose, Professor D. Slome, Professor J. Turk.

Wednesday, 21st November/Thursday, 22nd November

NEPHROLOGY FOR MEMBERSHIP

At the Institute of Urology, 172 Shaftesbury Avenue, W.C.2
Speakers will include Dr. A. R. Harrison, Dr. A. M. Joekes, Dr. G. A. Rose, Dr. T. Sherwood, Professor J. W. Stewart.

Friday, 23rd November

HYPERTENSION

A Symposium at the Institute of Urology
Speakers will include Dr. A. M. Joekes, Dr. A. F. Lever, Dr. F. D. Thompson

Fee for the combined course: £25 (including lunches, coffees, teas)
1 day only — £8 — 2 day Membership course — £12

Applications to the Secretary, Institute of Urology, 172 Shaftesbury Avenue, London WC2H 8JE from whom detailed programmes may be obtained.

A Guest Lecture entitled "RENIN IN ACUTE RENAL FAILURE" by Dr. A. F. Lever, F.R.C.P., will be held at the Royal College of Physicians, St. Andrew's Place, N.W.1., on THURSDAY, 22ND NOVEMBER, at 4.30 p.m., and all interested are invited to attend. (28952) 4

THE ROYAL COLLEGE OF
GENERAL PRACTITIONERS
ANNUAL SYMPOSIUM
PATIENT, DOCTOR AND SOCIETY

on 21st November, 1973 at the Wellcome Foundation Building, 183 Euston Road, London NW1. (Approved under Section 63 of the Public Health Act, 1968, as a course of two sessions).

Three panels of distinguished laymen and doctors will discuss a number of previously submitted questions on three topics of current major interest:

1. Too Old to Care. The problems of caring for the old in the community.

2. Fertility and Responsibility. The needs of patients for counselling in relation to fertility, psycho-sexual problems and genetic hazards.

3. Depression or Unhappiness? The problems of defining psychiatric illness in the community, the effects of stress in modern society and the responsibility of the general practitioner in dealing with these manifestations of ill health.

Each of the panels will be chaired by Sir Michael Swann, Chairman of the BBC.

Tickets price £1.50 obtainable from The Secretary, R.C.G.P., 14 Princes Gate, London SW7 1PU, to include lunch, tea and coffee.

Registration: 9.00 a.m. Wednesday 21st November. Programme: 9.30 a.m. to 4.30 p.m. (29415) 4

ROYAL COLLEGE OF PHYSICIANS

GROWING POINTS IN MEDICINE

(14th November, 1973)

The programme for the session on Wednesday, 14th November, 1973, is as follows. There will be no charge for attendance and all doctors are welcome.

Chairman and Organiser: Dr. C. C. Booth, F.R.C.P., Royal Postgraduate Medical School. 2.00 — 2.30 "Physiology of the Intestinal Immune System" Dr. J. F. Hereman, University of Saint Pierre, Brussels.

2.45 — 2.45 Discussion. 3.15 "Immune Deficiency Syndromes" Dr. G. L. Asherson, F.R.C.P., Northwick Park Hospital.

3.15 — 3.30 Discussion. 3.30 — 4.00 Tea.

4.00 — 4.30 "Intestinal Lymphoma and Alpha Chain Disease" Dr. W. F. Doe, M.R.C.P., Royal Postgraduate Medical School.

4.30 — 4.45 Discussion. 4.45 — 5.15 "Inflammatory Bowel Disease and Coeliac Disease" Dr. J. R. Hobbs, F.R.C.P., Westminster Hospital Medical School.

PRACTICES (Executive Councils)

For vacancies (except those in Scotland) apply on Form E.C.16A, obtainable from the Executive Council. Mark envelopes "Vacancy."

NATIONAL HEALTH SERVICES

INNER LONDON EXECUTIVE COUNCIL

GUY'S HOSPITAL MEDICAL SCHOOL
THAMESMEAD

An experienced general practitioner is required to establish and lead the first of three teams of doctors to be based on the Thamesmead Main Health Centre and to take an active part in teaching and research.

An integrated health service is being planned for the new community of Thamesmead and the Main Health Centre, which is expected to open in 1978, will be the principal base for an ambitious teaching programme for medical and dental students, nurses and others. It will also provide a wide range of specialist clinics and diagnostic services. The centre will serve an ultimate population of up to 40,000 in the northern (Greenwich) area of Thamesmead, the first of whom will arrive in the spring of 1974.

Until 1978 the new practice will be based on temporary premises and will be supported by nurses and other staff attached to the Area Health Authority. Teaching activities will be arranged in co-operation with the staff of the Lakeside Health Centre which serves 7,000 people now living in the Southern (Bexley) area of Thamesmead. Out of hours duties may be arranged similarly.

It is expected that the successful applicant will be eligible for a Type D allowance which takes the form of a guarantee that the doctor's income will be made up to an amount agreed with the Executive Council; he will be offered an appointment as Senior Lecturer in the Department of General Practice at Guy's Hospital Medical School. He will be expected to take up his appointment as early as possible in 1974.

Application forms and further information may be obtained from the Clerk, Inner London Executive Council, Addison House, 32-43 Chart Street, London N1 6EF. Further information may also be obtained from the Secretary, Department of General Practice, Guy's Hospital Medical School, London Bridge, S.E.1.

The closing date for receipt of completed application forms is Monday, 12th November, 1973. (H14611) 5

INSTITUTE OF OBSTETRICS AND GYNAECOLOGY
(University of London)

WOLVERHAMPTON HOSPITAL MANAGEMENT COMMITTEE

Two vacancies exist in the Wolverhampton Group of Hospitals in a Vocational Training Scheme for General Practice (recognized by Royal College of General Practitioners). Commences 1st February, 1974. Scheme involves a series of resident Senior House Officer appointments for 2 years, and a further year as a trainee in general practice. Subjects covered in hospital will be General Medicine, Obstetrics and Gynaecology, Psychiatry, Paediatrics, Accident Work and Geriatrics. Experience in other disciplines will be arranged as required. Period in general practice will include release courses and there will be opportunities to attend both Local Authority and Hospital Departments. Single accommodation provided, but married accommodation may be available. Applications to Group Secretary, The Royal Hospital, Wolverhampton WV2 1BT, by 13th November, 1973. (57692) 22

UNIVERSITY AND RESEARCH APPOINTMENTS

GUY'S HOSPITAL MEDICAL SCHOOL Department of General Practice

SENIOR LECTURER (Part-time)

Applications are invited for a senior vacancy in the Guy's Community Teaching Unit at Thamesmead. The doctor appointed will establish the first of the three teams to be based on the Main Health Centre and will take an active part in teaching and research. See under Practices (Executive Councils) for further details. (H14616) 25

INSTITUTE OF UROLOGY (UNIVERSITY OF LONDON)

In Association with St. Peter's Hospitals

Applications are invited for the appointment of

SENIOR LECTURER IN NEPHROLOGY

to take up duties on 1st April, 1974 or such earlier date as is mutually convenient. The appointment will be for three years in the first instance and subject to personal confirmation on appointment the holder of this post will be granted an Honorary Consultant contract with the Board of Governors, St. Peter's Hospitals. A part-time appointment would be considered if applicant were undertaking work in another nephrological unit. The salary will be on the University of London Senior Lecturer scale (£5,085—£7,599).

Further details of the appointment may be obtained from the Secretary, Institute of Urology, 172 Shaftesbury Avenue, London WC2H 8JE, to whom applications, together with the names and addresses of 3 referees, should be sent by 26th November, 1973. (H14737) 25

ROYAL COLLEGE OF SURGEONS IN IRELAND

St. Stephen's Green, Dublin 2.

ACADEMIC SECRETARY

£4,500 The post of Academic Secretary is being established on the Dean & Registrar's staff at the College. The successful applicant will probably be in the age group 30—38 years, may be medically qualified and should have an up to date knowledge of developments in education, particularly medical education and be an experienced administrator. Further particulars may be obtained from Dr. H. O'Flanagan, Dean & Registrar. (H14625) 25

THE LONDON HOSPITAL MEDICAL COLLEGE (University of London)

LECTURER IN MEDICINE

Applications are invited for the above appointment on the Professorial Medical Unit. The appointment will be for one year in the first instance, renewable for a total of three years or possibly longer. The post provides clinical experience in general medicine and in the special fields of nephrology and hypertension. The Lecturer will be expected to participate in research. Applicants should possess the M.R.C.P. and should have had at least six months' post-registration experience in general medicine. Initial salary within the range £3,012/£3,912 per annum, together with superannuation under the F.S.S.U. or N.H.S. Enquiries to Professor M. Desborough by letter or telephone (01-247 5454 Ext. 415).

Applications, giving full details of qualifications and experience, together with the names of two referees, should be sent to the Secretary, The London Hospital Medical College, Turner Street, London E1 2AD, within 14 days. (29625) 25

THE MEDICAL COLLEGE OF ST. BARTHOLOMEW'S HOSPITAL West Smithfield, EC1A 7BE

Applications are invited for three posts of

LECTURER IN PHYSIOLOGY

tenable from 1st January, 1974. Salary scale £1,929—£4,548 per annum, plus £162 London Allowance, and membership of the F.S.S.U. Forms of application may be obtained from The Secretary of the Medical College, and should be returned to the Dean not later than the 30th November, 1973. Further particulars may be obtained from the Department of Physiology. (H14747) 25

THE UNIVERSITY OF MANCHESTER

RESEARCH FELLOW

in the Department of Community Medicine. Applications invited for this post in connection with a study of the long term management of schizophrenia in the community. Candidates should be registered medical practitioners with some experience in psychiatry. Further particulars and application forms (returnable by 8th November) from the Registrar, The University, Manchester M13 9PL. Quote ref: 186/73/JMB. (29581) 25

UNIVERSITY OF MANCHESTER

LECTURER IN VIROLOGY

Applications invited for this post from candidates with or without medical qualifications. Salary ranges p.a.: (clinical) (£2,535—£5,361; (non-clinical) £1,929—£4,548. F.S.S.U. Further particulars and application forms (returnable by 30th November) from the Registrar, The University, Manchester M13 9PL. Quote ref: 191/73/JMB. (29782) 25

UNIVERSITY OF NEWCASTLE UPON TYNE The Medical School, and the Newcastle University Hospitals

Appointment of LECTURER IN MEDICINE

Applications are invited from registered medical practitioners, preferably with an interest in either nephrology, hypertension, bone or related metabolic disease, for the whole-time appointment of Lecturer in the Department of Medicine tenable from the 1st January, 1974 or such other date as may be agreed.

The appointment will be made at a suitable point on the Lecturers' General Clinical Grade (£4,635 x £120 — £4,995 x £138 — £5,271) according to age, qualifications and experience of the successful applicant. Membership of F.S.S.U. will be required. Further particulars may be obtained from the Registrar, The University, Newcastle upon Tyne NE1 7RU, with whom applications (four copies) together with three referees' names and addresses to whom reference may be made should be lodged not later than 24th November, 1973. Please quote reference. JMB. (29834) 25

UNIVERSITY OF LEICESTER DEPARTMENT OF ANATOMY

Applications are invited for the post of

READER OR SENIOR LECTURER

in the Department of Anatomy. The level of the appointment and initial salary will be dependent on qualifications and experience within the scale £4,368-£5,496, with F.S.S.U. membership. The Anatomy Department, located in the new Medical School, will be responsible for teaching Topographical Anatomy, Embryology, Neuro-anatomy, Histology and related subjects to medical and honours science students. Postgraduate teaching is anticipated. The successful applicant will have the opportunity of participating in the organisation of the new Department. An active research interest is essential.

Further particulars from the Registrar, to whom applications should be sent by 5th December. Please quote A201.

Informal enquiries may be made directly to the Professor of Anatomy. (29578) 25

COMMERCIAL APPOINTMENTS

Clinical Research

Glaxo Laboratories Ltd. require a Doctor to fill a vacancy in a multi-disciplinary team in their Medical Department at Greenford consequent upon promotion. The work is responsible and interesting and is concerned with the initiation and supervision of clinical and pharmacological studies of new and established drugs. Medical advisory work and some teaching for other company departments will also be required and provision will be made for continuation of some general clinical work in a hospital clinic. Candidates will be either men or women who have had hospital clinical experience preferably to Registrar level, and may have been involved in laboratory or clinical research. Previous experience in the pharmaceutical industry is not necessary. The conditions of employment are good and include a company car, contributory pension scheme and a bonus scheme. Assistance with re-location will be offered in appropriate cases. Please telephone (01-629 1844 at any time) or write — in confidence — for further information. B. G. Woodrow reference AM.4784.

UNIVERSITY OF WALES
THE WELSH NATIONAL SCHOOL OF MEDICINE

Applications are invited for the post of

Assistant Lecturer

(Trainee Pathologist) in the Department of Pathology. The post is suitable for training for Part 1 of the Membership of the Royal College of Pathologists and there is opportunity for rotation between the four Departments of Pathology, Haematology, Medical Microbiology and Chemical Pathology. The successful applicant may specialise in any one of the four subjects named.

The appointment is a full-time one for a period of three years in the first instance, within the salary scale £2,652; £2,883; £3,111 per annum, with participation in the superannuation scheme. Previous experience in Pathology is not essential. Excellent study research facilities will be provided in the new Integrated Medical Teaching Centre.

Applications should be made to the Registrar, The Welsh National School of Medicine, Heath Park, Cardiff CF4 4XN, from whom further particulars may be obtained within 4 weeks of the appearance of this advertisement. (29763) 25

UNIVERSITY OF OXFORD

Radcliffe Travelling Fellowship in Medical Science 1974

The Radcliffe Travelling Fellowship is endowed out of the Fund bequeathed to University College by Dr. John Radcliffe. It is held for two years of which the Fellow must spend at least one year abroad engaged in the study of medical science. While abroad he will be paid £3,500, plus allowances of £650 for a wife and £150 for each child; these payments will normally not be subject to tax. No payment will be made to the Fellow while he is in this country but he will be entitled to the common meal at University College.

Candidates must have passed all the examinations required by the University for the Degrees of Bachelor of Arts and Bachelor of Medicine of the University of Oxford, and must not have exceeded six years from the time of passing the last examination for the Degree of Bachelor of Medicine.

The examination for the Fellowship will take the form of a self-chosen essay and an interview to be held in Oxford during Hilary Term 1974. Further particulars may be obtained from the Regius Professor of Medicine, 13 Norham Gardens, Oxford, to whom all applications, with essays, must be sent by 31st January, 1974. (H12184) 25

INDUSTRIAL APPOINTMENTS

(See also p.xxvii)

Attention is drawn to the British Medical Association's statement of policy on the Remuneration of Industrial Medical Officers as approved by the Representative Body, which is available on request from the Secretary.

for duties mainly at North Middlesex Hospital. Application form from Secretary (NE), 40 Eastbourne Terrace, London W2 3QR. Closing date 23rd November, 1973. (29944) 52-1

APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1969, No. 163).

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

SALARY SCALES OF HOSPITAL MEDICAL STAFF

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £1,914 per annum for the posts held during the first year; £2,061 per annum for posts held during the second year; £2,208 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,475 per annum x £189(1) x £186(1) — £2,850.

Deductions of £210 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,850 per annum x £171(3) x £168(1) — £3,531.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale, and £243 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £204 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £3,363 per annum x £168(1) x £216(4) — £4,395.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £3,155 per annum x £183(2) x £180(2) x £160(10) — £5,562.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £5,085 per annum x £279(8) x £282(1) — £7,599.

Deductions of £420 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rent is appropriate.

August, 1973

MANCHESTER
REGIONAL HOSPITAL BOARD

Whole-time or maximum part-time
CONSULTANT ANAESTHETIST
to the Salford Group of Hospitals. Wide experience and possession of F.F.A. are essential and the appointee will be required to live within 10 road miles of Hope Hospital which, it is anticipated, will be designated as a University Teaching Hospital in 1974.

BLOOD TRANSFUSION

**EAST ANGLIAN
REGIONAL HOSPITAL BOARD**
Regional Transfusion
and Immuno-Haematology Centre
Lond Road, Cambridge

DEPUTY DIRECTOR (Consultant)

Applicants should hold a higher medical qualification and have clinical and/or laboratory experience in blood transfusion work. Previous experience in a Transfusion Centre would be desirable. Administrative ability is essential.

The holder of the post would be expected to assist the Director in all aspects of running the Unit and to deputise for him when necessary. Amongst his routine duties would be the supervision and administration of all aspects of blood collection work including plasma pheresis and immunisation of volunteer donors. Other duties would depend to some extent on experience and interests of the individual but within the general framework of the Centre there would be full scope for development and research work.
The Unit is housed in a new and well-

equipped building within the teaching hospital campus.

Applications (no forms provided) stating age, qualifications, experience and the names of three referees to S.A.M.O., East Anglian R.H.B., Union Lane, Chesterton, Cambridge by 19th November, 1973.

Applicants wishing to view the Centre may do so by appointment with the Director (Dr. J. Garbrough) Tel: Cambridge (0223) 45921. (57369) 53-1

MANCHESTER REGIONAL HOSPITAL BOARD

PART-TIME MEDICAL OFFICER
for the Blood Transfusion Service, Manchester, for four notional half-days a week at £435.00 per annum per notional half-day. Residence in the immediate vicinity of Manchester not essential.

Application forms from the Senior Administrative Medical Officer to the Board, Gateway House, Piccadilly South, Manchester M60 7LP, to be returned by 19th November, 1973. (29911) 53-4

CARDIOLOGY

SOUTH-EASTERN REGIONAL HOSPITAL BOARD

Applications are invited for the post of **CONSULTANT**

PAEDIATRIC CARDIOLOGIST
with duties in the Royal Hospital for Sick Children, Edinburgh, the Royal Infirmary, Edinburgh and the Northern Group of Hospitals, Edinburgh.
The appointment will be whole-time or maximum part-time and the person appointed may be offered a part-time Senior Lectureship in the University of Edinburgh, in which case his contract with the Regional Board would include a specific allocation of sessions for academic duties.

The appointment may however, be with the Regional Board only, without a University component, other than appointment to the Clinical Teaching Staff.

Further particulars on application.
Applications which should be typewritten, giving particulars of age, qualifications and previous experience, together with the names and addresses of three referees, should be lodged with the Secretary, 11 Drumsheugh Gardens, Edinburgh EH3 7QQ by 1st December, 1973. (H14750) 54-1

CHEMICAL PATHOLOGY (Clinical Biochemistry)

**MANCHESTER
REGIONAL HOSPITAL BOARD**
Whole-time or maximum part-time

**CONSULTANT PATHOLOGIST
(Chemical Pathology)**
to Booth Hall Children's Hospital and Monsall Hospital (Booth Hall and Monsall Hospital Group) and the Royal Manchester Children's Hospital (Salford) Group. This is a new post and the appointee will be expected to develop services in paediatric biochemistry. Wide experience and a higher qualification are essential and the appointee will be required to live within 10 road miles of the main hospitals.
Application forms and further particulars from the Senior Administrative Medical Officer to the Board, Gateway House, Piccadilly South, Manchester M60 7LP, to be returned by 17th November, 1973. (29724) 56-1

**SOUTH WESTERN
REGIONAL HOSPITAL BOARD**
Applications are invited for rotating **SENIOR REGISTRARS
IN CHEMICAL PATHOLOGY**

(2 posts) for:—
(1) Southmead Hospital Group Laboratory, Bristol, and

(2) The Area Laboratory, Exeter.
It is expected that about two years will be spent at Exeter and two years at Southmead Hospital, which provides extensive clinical facilities for the University of Bristol, but the Senior Registrars will have their appointments reviewed after the first year in accordance with the Department of Health's circular HM(61)119. Full research facilities are available for a wide range of investigations, and candidates will be encouraged to participate in academic activities in Bristol and Exeter.

Candidates should have passed the Primary Examination of the Royal College of Pathologists or hold an appropriate higher qualification.

Further details may be obtained from the Board's Senior Administrative Medical Officer.

Application forms obtainable from the Secretary, South Western Regional Hospital Board, 27 Tyndalls Park Road, Bristol BS8 1PE, from 12th November, 1973, to 28th November, 1973. Selected candidates will be interviewed on 30th November, 1973. (H14800) 56-5

Birch Hill Hospital

RESIDENT SENIOR HOUSE OFFICER
required as soon as possible for main duties on the Geriatric Wards at the above general hospital, although some successful candidate may be required to admit to the general medical wards. There is an active postgraduate medical centre situated at the hospital. Possibility of married accommodation available if required.

Application giving full personal particulars and previous experience to the Group Secretary, Birch Hill Hospital, Rochdale OL12 9QB, as soon as possible. (57485) 63-8

SCOTT HOSPITAL

**RESIDENT LOCUM
SENIOR HOUSE OFFICER
IN GERIATRICS**

required from 15th to 23rd November, 1973, inclusive.

Detailed applications giving the names and addresses of two referees, to the Hospital Secretary, North Friary House, Greenbank Terrace, Plymouth PL4 8QQ. (2951) 63-8

SOUTHAMPTON UNIVERSITY HOSPITAL MANAGEMENT COMMITTEE

Applications are invited for the post of

SENIOR HOUSE OFFICER
in Psychogeriatric Medicine (Non-resident) in the Southampton University Group of Hospitals, under the direction of Dr. C. Godber, Consultant in Psychogeriatrics, Southampton University, and based at Moorgreen Hospital.

The post is available from the 1st January, 1974. Duties will centre on the Psychogeriatric Assessment Unit at Moorgreen Hospital, but the S.H.O. will be able to partake in the domiciliary and out-patient work which will form the basis of a community orientated service. This post would provide valuable experience to someone planning a career in General Practice, or Geriatrics, or contemplating one in Psychiatry. The S.H.O. would be encouraged to take part in vocational courses in which ever of these fields he was interested.

Application forms are obtainable from the Medical Services Division, Southampton University H.M.C., 119 Tremona Road, Shirley, Southampton, to whom they should be returned by the 12th November, 1973. (27988) 63-8

ST. MICHAELS HOSPITAL

Aylsham, Norfolk
(Cromer Area
Hospital Management Committee)

SENIOR HOUSE OFFICER
(resident as a condition of service) required for the Department of Geriatrics at this unit of 85 beds. This is an additional Senior House Officer post resulting from a reorganisation of Geriatric Services in the Cromer Area. An acute assessment unit has been established which it is hoped to increase to 30 beds in the near future.

A furnished, centrally heated detached bungalow is available for married or single applicants.

The hospital has close association with the Norfolk and Norwich hospital where excellent postgraduate facilities exist.

Applications stating age, nationality, sexual status, details of family, qualifications, experience and type of registration with the General Medical Council together with the names and addresses of 2 referees should be forwarded to the Secretary, St. Michael's Hospital, Aylsham, Norfolk NR11 07Y (Tel. 2341) from whom further information may be obtained. (57579) 63-8

THE UNITED LIVERPOOL HOSPITALS

Mossley Hill Hospital
Park Avenue, Liverpool 18

Applications are invited for the post of

**SENIOR HOUSE OFFICER
IN GERIATRIC MEDICINE**
(Compulsorily resident)

for the period to 30th September 1974.

This vacancy is in the new Department of Geriatric Medicine at the Mossley Hill Hospital which is staffed by two Consultant Physicians and headed by a Professor of the University of Liverpool.

The post offers experience in the setting up and developing of a Geriatric Service in Liverpool and excellent facilities exist for the investigation, diagnosis and treatment of patients. The unit will also undertake the teaching of medical students and a full range of postgraduate activities.

Apply by 16th November, 1973 on form obtainable from the Secretary, The United Liverpool Hospitals, 80 Rodney Street, Liverpool L1 1AP. (H14774) 63-8

WALSgrave HOSPITAL Coventry CV2 2DX

Applications invited for new combined

SENIOR HOUSE OFFICER
post in acute medicine for the elderly and General medicine within the new district general hospital (814 beds). Post vacant 1st January, 1974. Resident post, married accommodation may be available.

Participation in Graduate Membership Course encouraged. Excellent study facilities and a postgraduate medical centre in Coventry. Excellent recreation facilities.

Applications naming two referees to Hospital Secretary as soon as possible. (57711) 63-8

Next week may be too late

An illness or an accident can be costly. Fortunately, most of us recover and the setback to family finance is only temporary. But can the same be said of permanent incapacity? Adequate insurance is the answer for the majority of doctors.

**SOUTH SHIELDS DISTRICT
HOSPITAL MANAGEMENT COMMITTEE**

South Shields General Hospital

**SENIOR HOUSE OFFICER
resident**

required in the Psychiatric Unit of South Shields General Hospital early in November.

This is an additional appointment to the existing team which will consist of 2 Consultants, a Registrar, 2 Senior House Officers, and G.P. Clinical Assistants. The Psychiatric Unit, which is in recently built accommodation, is being enlarged. The Unit works in close co-operation with the other General Hospital departments. There is scope for excellent experience in in-patient and out-patient work, and facilities are available for postgraduate training. The Department is recognized for the D.P.M. and the M.R.C.Psych. examination. The duties of the Resident Medical Staff will include work in the Psycho-Geriatric Unit which has been upgraded and provides valuable additional experience.

Previous experience in psychiatry not essential. Married accommodation available if required.

Applications should be sent to the Medical Superintendent, General Hospital, Harton Lane, South Shields NE34 0PL. (29753) 84-8

**NEW SOUTHGATE GROUP
HOSPITAL MANAGEMENT COMMITTEE**

Applications are invited for the post of
SENIOR HOUSE OFFICER
IN PSYCHIATRY

at Friern Hospital and Halliwick House. There is a rotational scheme for S.H.O.'s and Registrars offering comprehensive training for the M.R.C.Psych. and D.P.M. examinations, including weekly lectures, case conferences, journal club and seminars in individual and group psychotherapy. Opportunity for a period with the Professional Unit of the Royal Free Hospital at Friern, research, and experience of therapeutic community methods in Halliwick House. Arrangements for junior doctors to spend a period of secondment at Harperbury Hospital are under consideration.

Successful candidates will be eligible to apply for Registrar posts after completion of their first year.

Details may be discussed with the Clinical Tutor. The appointment is non-resident but single accommodation is available and married accommodation may be possible.

Application forms from the Group Secretary, Friern Hospital, New Southgate, London, N.11 (Tel: 01-368 8371, Ext. 30) should be returned by 15th November, 1973. (29859) 84-8

PUBLIC HEALTH (See also p. xlvi)

MEDICAL OFFICER

£3054 — £4041

The post offers exceptional opportunity to a doctor whose major interests lie in the field of child health. It entails developmental assessment of children from birth to school leaving age, and offers scope in clinical management of the handicapped, obesity control and special investigation clinics for children with behaviour problems.

Most of the Health Department doctors are closely associated with paediatric and psychiatric departments of local hospitals and it is hoped that the appointed doctor will actively participate in an integrated Child Health Service. The Department has a regular programme of in-service training in Child Health and Development which brings together General Practitioners, Junior Hospital Staff and Medical Officers of Wandsworth.

The successful candidate will be offered an induction course, and while in service will be encouraged to attend postgraduate courses in Child Health and Development, Education and related disciplines.

Possession of postgraduate qualifications D.P.H., D.C.H., and Developmental Paediatric training or experience would be an advantage.

Forms from Medical Officer of Health, Municipal Buildings, S.W.18 (Tel: 870 4211, Ext. 35). Closes 12th November, 1973. Quote Ref. BMJ.

LONDON BOROUGH OF

GOVERNMENTAL

MINISTRY OF HEALTH AND SOCIAL SERVICES

MEDICAL REFEREE SERVICE PANEL OF PART-TIME MEDICAL REFEREES

Vacancies presently exist on the above panel and the Ministry invites applications from suitably qualified candidates for enrolment. Candidates for appointment may be either male or female and should be registered medical practitioners with wide experience in general practice and/or in the hospital service. Normally they should not be engaged in the provision of general medical services under the Health Service Acts in the vicinity of any Centre to which they may be called as a referee. (It is a requirement that candidates should be available for work in Belfast or in any other centres in Northern Ireland).

Those appointed will not be required to undertake more than 2 examination sessions in any one day. These sessions are held in the morning and afternoon, are normally of approximately 2½ hours duration and can be at various times depending on the location of the Centre. Sessions cannot be guaranteed.

The rate of remuneration will be £9.90 per session.

Preference will be given to suitably qualified ex-Service candidates.

Applications giving full particulars of qualifications, experience, date and place of birth and availability should be forwarded to the Establishment Officer, Ministry of Health and Social Services, Room 514, Dundonald House, Belfast BT4 3SF so as to reach him not later than 9th November, 1973. (H14814) 112

OVERSEA

Attention is drawn to the importance of detailed careful consideration to the terms of any contract, especially as terms and conditions of service may differ markedly in different areas. 'Notes on Contracts Overseas' may be obtained on application to the Secretary.

Before any contract is signed it is advisable to obtain full details of remuneration and of terms and conditions of service and information about local conditions. These may often be obtained from the local B.M.A. Branch or affiliated Medical Association whose address may also be obtained on application to the Secretary.

Completed application forms should be returned to the Staff Commission not later than November 14, 1973. (29818) 113

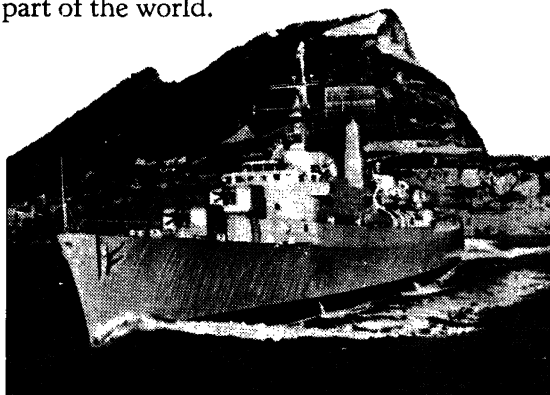

SERVICES

AS A NAVAL DOCTOR, YOU'D GET A WHOLE LOT MORE OUT OF LIFE.

(AND SO WOULD YOUR FAMILY)

Right from the start, you'd have a complete change of scene.

Serving either with the Navy at sea or among service personnel and their families at a naval establishment. Very likely in another part of the world.

Either way, you'd never find yourself short of assistance. (Every naval doctor is fully supported by medical staff).

Equally important, you'd never find yourself getting into a rut – for in two years or so you'd receive a new appointment.

In a new place. Doing a different job. Perhaps with the chance to learn something of the special problems of diving, aviation, or tropical medicine for example.

It's a stimulating life. Not only for yourself but for your family too.

For in most cases they'd accompany you. And wherever you go there are usually married quarters – fully furnished houses or flats, equipped with everything you need. And at very reasonable rents.

What's more, a generous education

allowance is made for your children if they are at boarding school. £363 p.a. for a first child, £432 p.a. for a second, £519 p.a. for a third. On top of this, removal and other allowances are also provided.

Add this to the salary and you'll see how well a naval doctor's pay compares with a civilian doctor's.

For instance, with five years' post registration experience you would join us as a Surgeon Lieutenant-Commander on £4,767 a year.

And any specialist qualifications/experience you have could increase your salary even more.

There are opportunities, too, to keep up with the latest developments in medicine. For the Navy fully recognises the need for such opportunities both in the interests of naval medicine and a doctor's professional advancement.

That's not all. You can join on a 3-year or 5-year commission (each carrying a tax-free terminal gratuity of £1,500 and £3,000 respectively) and you can transfer to a full 16-year pensionable commission if you wish.

To find out more, write to Surgeon Cdr. L. C. Banks, M.B., B.Ch., R.N. (724 ABK), Dept. of the Medical Director-General (Navy), Empress State Building, London S.W.6.

FOLLOWING the death of the Senior Partner and a previous retirement from the Partnership, a major re-organisation of a thriving general practice is contemplated. Two General Practitioners are urgently required — fully rostered system of nights and weekends. Long weekend — one in every three. Adequate help and supervision available. Visiting Consultants attend regularly and are available for consultation. One months holiday per year, two weeks study leave, superannuation scheme and long service leave. One hundred bed hospital and honorary appointments available. The practice is conducted from a modern purpose-built medical centre with two Nurses and Secretarial staff. It is well equipped with medical library and is capable of enlargement to include other ancillary personnel. The practice is problem orientated and envisages team care. Situated in Inverell, Northern New South Wales in one of the most pleasant climates in Australia. The population of the town is 10,000 with a district of 30,000. Inverell is recognized as a progressive commercial centre serving a rural and sapphire mining community. It is well supplied with all sporting facilities including the massive Copeton Dam for sailing and water sports. Educationally, it is the centre for a large district and has three secondary schools and three primary schools. The opportunity offered for total involvement in medical care has much to offer. Write to Dr. K. M. Whish, P.O. Box 462, Inverell 2360, N.S.W., Australia. 118

GROUP of 3 young GP's (2 Scottish and 1 Canadian) in North West Toronto (Weston area) require an assistant. If compatible, partnership in one year is offered. Previous experience in obstetrics an advantage but not essential. Rota on call one night per week and every fifth weekend. Write for further information and include curriculum vitae. Box 1610 BMJ 118

MATER MISERICORDIAE
CHILDREN'S HOSPITAL
South Brisbane, 4101
Queensland, Australia
(113 beds)

Applications are invited from qualified Medical Practitioners for the position of **PAEDIATRIC CLINICAL SUPERVISOR**. Salary Classification \$18,389 p.a. A 12% increase has been granted. A voluntary superannuation scheme is also available. It is intended that the appointment be a full-time one. However, a half-time appointment will be considered.

A higher degree is essential, preferably in Paediatric Medicine. However, applicants with other specialist qualifications will be eligible. The hospital has active University affiliations and full College accreditation in all specialties. A large building programme is currently in progress.

The duties of the Clinical Supervisor will include:-

1. Clinical Supervision of Registrars and Resident Medical Officers in their clinical duties with responsibility for the maintenance of clinical standards within the hospital. 2. Teaching. The organization of postgraduate teaching for Registrars and Resident Medical Officers. The University Paediatric Unit in the hospital is co-operating in this. 3. Research. The Clinical Supervisor would be encouraged to co-operate with the Reader and Senior Lecturer in Child Health in Clinical Research projects. 4. Administrative. Minimal involving some assistance to the Director of Medical Services on organization of medical staff.

A comprehensive job description is available on request from the Director of Medical Services.

Applications, closing on Friday, 7th December, stating full name, age, qualifications and experience, marital status and the names of at least three referees together with the earliest date upon which the appointment could be assumed should be forwarded to the Secretary, P.J. Maguire, Secretary. 118

CANADA

Province of Saskatchewan

requires

Psychiatrists

This province pioneered in the establishment of a Public Psychiatric Program, and now has 25 years experience in bringing services to the province's population of 900,000.

The result has been a dramatic decline in hospital in-patient populations coincident with expansion of post-discharge and preventive community services.

SALARIES

\$21,876 to \$29,304 (\$25,932 to \$33,084 for those with Canadian Certification and Full Licence).

BENEFITS

Excellent superannuation, leave for illness, Group Life Insurance Plans, paid annual vacation, leave for professional training, and additional pay for extra duty. There is 100% travel assistance with two year service obligation.

Applications may be obtained from and should be returned by Airmail to:

Dr. C.M. Smith, M.D., F.R.C.P. (c)
Executive Director,
Psychiatric Services Branch,
Provincial Health Building,
Regina, Saskatchewan.

ONTARIO MINISTRY OF HEALTH

CHIEF VIROLOGIST

SALARY \$17,362 — \$21,723
(under review)

This position in the Laboratory Services Branch of the Ministry of Health has become vacant due to retirement of Dr. N. A. Labzoffsky.

The responsibilities of this position include the supervision of scientists engaged in a wide spectrum of practical research projects and the management of a routine virus diagnostic laboratory examining some 60,000 specimens annually. The successful candidate will also act as a scientific consultant to other branches of the Ministry, Hospitals and Physicians.

University appointment is anticipated.

Applications are invited from persons with a doctorate degree or equivalent and a significant background of experience in virus research and laboratory diagnostic field.

Please submit an application or resume as soon as possible to:

Director of Personnel
Ontario Ministry of Health
11th floor, Hepburn Block
Queen's Park TORONTO, Ontario Canada. (H14736)

Opportunities Overseas

These appointments are partly financed by the British Government under Britain's programme of aid to the developing countries.

Belize

TWO ANAESTHETISTS

required by the Medical Department. Duties will include

A. Attending to the pre-anaesthetic care of patients, as well as administering general and regional anaesthetics for all forms of surgery, except major cardiac procedures.

B. Assisting in emergency resuscitative work where necessary. Posting initially would be to Belize City Hospital where there is a twin operating theatre. Applicants who should normally be citizens of, and permanently resident in, the United Kingdom must possess the D.A. or equivalent with at least five years' experience in anaesthesia and be eligible for full registration with the General Medical Council in the United Kingdom.

Salary in scale £4,075 to £4,775 p.a. which includes an allowance payable in the United Kingdom, and normally tax free, in scale £1,900 to £2,600 p.a. Terminal gratuity 20% of salary.

For a married man with two children and paying tax at standard rates, the total emoluments described above, including gratuity, approximate to a gross (i.e. before tax) U.K. return of £5,900 p.a. and for a single man about £5,250 p.a.

Other benefits include paid leave, free family passages, children's education allowances and subsidised accommodation. A tax free appointment grant of up to £200 and an interest free car purchase loan of up to £600 may be payable in certain circumstances.

Medical Officers

Zambia £6,770 + p.a.

You are offered the prospect of a tour of duty — for as little as one year — in Zambia, one which will give you both a wide range of professional experience and early responsibility (all in addition to a wide extension of your personal horizons). It is with the nation's major mining organisation, Nchanga Consolidated Copper Mines Ltd. with an international staff of technical specialists.

The company is responsible for providing full medical care to its employees — over 30,000 — and their families; the total of persons to be looked after is about 150,000.

There is a senior doctor staff of over 40, including a full complement of specialists and 150 fully qualified nurses. The modern facilities include 5 well-equipped hospitals (814 beds), 16 clinics and 8 main first aid dressing stations.

General Duty Medical Officers will be involved in preventive and curative medicine, surgery, anaesthetics, gynaecology/obstetrics, public health and nutrition; and although the mines have a strict safety code an amount of accident work can be expected.

Contracts may be negotiated for periods of one to three years. Locums can also often be arranged.

Salaries will depend on experience, but the minimum is K10,750 (£6,772) gross per annum. In addition there is a tax free settling-in allowance; subsidised Company private primary schools; a detached, furnished house with garden is provided for £1.50 per week; and children receiving secondary education overseas are granted up to K900 per child per year, tax free, towards school fees and two free return passages to visit their parents during holidays; interest free car loan available.

Exchange Control Regulations allow for the annual externalisation of up to 33⅓% of gross income.

Please send for details to:

THE WOLLONGONG HOSPITAL
Australia

REGIONAL DIRECTOR OF RADIOLOGY

Applications are invited from suitably
qualified Medical Practitioners for the above
position. The successful applicant will be
employed by and located at The Wollongong
Hospital but will be required to undertake
regional duties as follows:-

DUTIES:
(a) Wollongong Hospital — to act as the Head
of the Radiology Department and carry out all
the duties consistent with that position.
(b) Regional — (i) Consultative — to act as a
Radiology Consultant to the South Coast and
Southern Tablelands Regional Office of the
Health Commission and at the request of the
Regional Administrative Officer to
investigate, advise and report on matters
pertaining to the standard and operation of
any X-ray equipment or Radiology services
within the region. (ii) Regional Report — to
provide a Radiology reporting service to a
limited number of regional hospitals who do
not have the services of a visiting Radiologist
or where a Radiology service ceases to
function.

REMUNERATION:
A salary will be paid in accordance with the
Public Hospitals Specialists (State) Award
subject to service and qualifications. An
allowance of \$3,767.00 per annum will be paid
in respect of the regional duties of the
position.
(b) Regional — (i) Consultative — to act as a
Radiology Consultant to the South Coast and
Southern Tablelands Regional Office of the
Health Commission and at the request of the
Regional Administrative Officer to
investigate, advise and report on matters
pertaining to the standard and operation of
any X-ray equipment. Applications close on
the 15th November, 1973 and should include
details of age, qualifications and experience,
be accompanied by three nominated referees
and be forwarded to the Chief Executive
Officer, The Wollongong Hospital, Crown
Street, Wollongong, N.S.W. Australia.

**THE WOLLONGONG & THE PORT
KEMBLA DISTRICT
HOSPITAL GROUP LABORATORY**

DIRECTOR OF PATHOLOGY

Applications are invited from suitably
qualified Medical Practitioners for the above
position.

The successful applicant will be required to
organise and supervise pathology services at
both hospitals through a central laboratory
situated at The Wollongong Hospital. The total
bed capacity of both hospitals is over 500 beds
and they are situated in a rapidly expanding
area. The laboratory itself is new with new
equipment continually being added to meet
the increasing demands.

Negotiations are presently taking place for
the occupant of this position to act as Regional
Director in the South Coast and Southern
Tablelands Region of N.S.W.

The Wollongong Hospital anticipates
commencing a vocational training programme
for general practitioners in 1974.

The salary and conditions of employment of
medical specialists are those as prescribed
within the N.S.W. Specialists (State) Award. In
addition to a salary based on experience, a
limited right of private practice exists.

Applications close on the 15th November,
1973 and should include details of age,
qualifications and experience, be
accompanied by three nominated referees

Doctors for Brussels

Research and Commercial Development

Smith, Kline & French Laboratories, a member of the
worldwide SmithKline Corporation of Philadelphia,
USA, is engaged in the development and manufacture
of a wide range of pharmaceutical products in a number
of European countries. The company's large plant near
Brussels is a centre of research activities, and an area of
high attraction for doctors from hospital, general
practice and industrial backgrounds who want to use
their capabilities in a stimulating environment.

The Company's commitment to growth through
research and commercial development has created the
need to appoint two Medical Advisers to posts that will
give them ample scope to extend their skills and
interests. Reporting directly to the Medical Director —
Continental Europe, they will both be personally
involved in our development plans and play a vital part
in our future.

One Medical Adviser must be a commercially
minded extrovert with the industrial feeling and
experience that is essential to medical evaluation
directed towards the launch of new products.
He or she will also be involved in clinical
trials related to the development of existing
products. The other Medical Adviser need
not necessarily come from industry. He or she

will be engaged exclusively in clinical trials and
medical work related to new compounds under a more
scientific approach.

Both Medical Advisers can expect some travel to
other European countries and the UK. They should both
be aged 28 to 40, with a sound knowledge of European
medical matters and fluency in English, French and,
preferably, one other European language.

Salary and benefits will attract people of the highest
calibre to these positions which offer first class prospects
of career development. Generous assistance will be
given with removal expenses where appropriate.

If you have the intellectual ability and attitude of
mind to succeed in an industrial environment, please
write in complete confidence, giving sufficient informa-
tion on qualifications, experience etc. for us to decide
whether your name should be on our short list of
candidates. Applications should be sent to either:

**Dr. A. Prinzie, Medical Director — Continental
Europe, Smith, Kline & French Laboratories, S.A.,
Chaussee de la Hulpe 181, 1170 Brussels., or
Mr. K. J. London, Group Personnel Manager,
Smith, Kline & French Laboratories Ltd.,
Mundells, Welwyn Garden City, Herts,
England.**

A member of the worldwide **SmithKline Corporation**

RADIOLOGIST Perth, Western Australia. Locum/Assistant wanted immediately. Salary — \$450 (Aus) per week, return air fare for period not less than six months. Details and enquiries from suitably qualified applicants to Dr Cole, 8 King's Park Road, West Perth, Western Australia 6005. 118

THE JAMAICA HOSPITAL
89 Avenue & Van Wyck Expressway

ROYAL ALEXANDRA HOSPITAL FOR CHILDREN Camperdown, N.S.W., 2050 Australia

PAEDIATRIC REGISTRARS

Applications are invited for two positions of Medical Registrar for 12 months from 15th July, 1974. Previous paediatric experience is essential.

The Hospital has 580 beds and is the paediatric teaching hospital of the University of Sydney. A FULL RANGE OF PAEDIATRIC SERVICES IS AVAILABLE. An extensive training programme is in operation and the posts are fully recognized for paediatric training by the Royal Australasian College of Physicians.

Duties will involve mainly general paediatrics, but there will be rotation in the sub-specialties, including neo-natal training in nearby maternity teaching Hospitals associated with the University of Sydney. Limited experience, on a rotational basis, will also be offered in the Paediatric Departments of several regional general hospitals.

Salary and conditions in accordance with the Public Hospitals (Resident Medical Officers) Award: basic salary \$6,640/\$9,085 (at present under review) plus allowance for higher qualifications where appropriate (ESTGI — \$1.62).

Applications with names of two referees to the undersigned by 3rd December, 1973. P. McReady, General Medical Superintendent. (29775) 118

THE NETHERLANDS Enschede

Ceporex beats bronchitis

Bronchitis means the loss of millions of working days.

This winter, as every winter, you can expect to see a number of new patients with acute bronchitis.

This winter, too, you'll be seeing a lot of familiar faces—your regular chronic bronchitic patients.

Ceporex can help all your bronchitic patients.

Ceporex is cephalexin, the broad spectrum antibiotic from Glaxo.

With a success rate of 94% in acute bronchitis and 87% in acute exacerbations of chronic bronchitis*.

**Prescribe Ceporex this winter.
You'll help get rid of bronchitis.
Safely and surely.**

Presentation
Ceporex is available as tablets, capsules
and syrup in 250 mg and 500 mg strengths.

Glaxo

Literature on Ceporex (trade mark)
is available from Glaxo Laboratories Ltd

Bricanyl (Terbutaline Sulphate) is a Registered Trade Mark

Prothiaden quickly breaks the web of depressive illness

Rarely does one encounter a depressed patient who does not also show definite signs of anxiety. A common problem for the prescriber. Tranquillizer? Anti-depressant? Or both? Prothiaden is the anti-depressant that not only treats depression, but also quickly relieves the anxiety so often a feature of depressive illness. Fast-acting, exceptionally well tolerated, with Prothiaden your depressed patient is soon having a lot more 'good' days than bad ones.

Prothiaden the better anti-depressant

Most doctors know that for many patients with asthma, treatment with Ventolin is all that is needed.

* A bicycle ergometer was used to the extent necessary to induce an asthmatic attack in 9 asthmatic patients. All these patients had positive skin tests.

A dose of two inhalations of Ventolin Inhaler prior to the exercise prevented an asthmatic attack in 8 out of 9 of the patients. The one who failed, obtained full protection when the dose of Ventolin was doubled.

As a comparison sodium cromoglycate, in a dose of one capsule (20mg), was given to 6 of the same patients prior to exercise. Protection against asthma was obtained in 4 of the 6 patients.

Doubling the dose to two capsules still failed to protect the one patient who had required a double dose of Ventolin.

(*Brit. J. Dis. Chest*, 1972, **66**, 133.)

Ventolin Inhaler – a metered aerosol of salbutamol BP – rapid, effective and long-lasting.

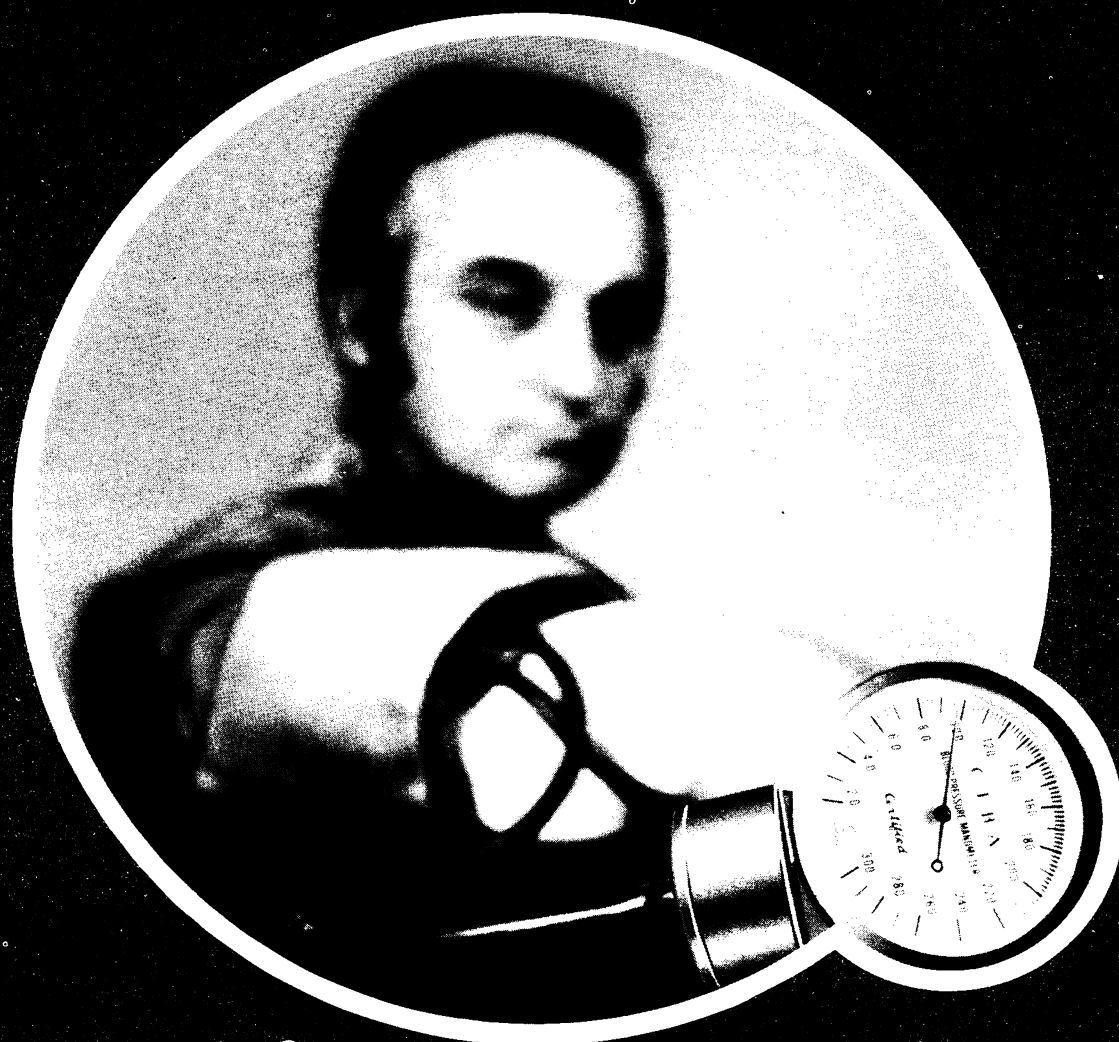

Ventolin Tablets 2mg and 4mg – each contain salbutamol BP as sulphate – for routine, oral bronchodilator therapy.

Ventolin Syrup – contains salbutamol BP as

sulphate – fruit flavoured for ready acceptability by children.

Ventolin Spandets – each contain salbutamol BP as sulphate – sustained-action tablets, particularly suitable where nocturnal bronchospasm is a problem.

Trasicor[®] 80mg

Effective without postural hypotension^{1,2,3,4}

Cardioprotective⁵

Minimal side effects^{2,3,4}

Simple non-critical dosage

Are your bronchodilators getting through to the patient?

Intal is well established as a highly effective treatment for allergic asthma in the young.

But what about the late-onset patient with obstructive airways disease?

Once an asthmatic attack has started, an aerosol bronchodilator may not give adequate relief. It may only reach part of the lung, resulting in hyperventilation where it's least needed and little or no effect in the obstructed area.

Can Intal prevent this situation arising?

Clinical studies^{1,2} show that a surprisingly high proportion of patients over 40 benefit from Intal, even where there is no clearly defined allergic component.

Harmogen offers her 'the menopause' without tears

The dramatic decline in oestrogen production during the menopause has been held responsible for the many symptoms which cause a woman so much physical and mental distress—insomnia, nocturnal sweating, nervousness, headaches and 'hot flushes'—all the symptoms that mean tears are never far away. Currently these conditions are treated independently but Harmogen is specifically formulated to re-establish oestrogen levels during the menopausal syndrome and alleviate not one but all conditions.

If declining oestrogen levels cause menopausal problems, oestrogen replacement therapy must surely be indicated.

Harmogen[®]

THE NATURAL CHOICE

Each tablet contains 1.5 mg. Piperazine oestrone sulphate = 0.93 mg. oestrone.

When waking hours stretch far into the night...

...The simple answer so often is **'Surmontil'**

Insomnia is a complex problem.

Partly because sleep itself is a complex process: to correct abnormalities requires special care.

And partly because sleep disorder is but a symptom: its cause must be identified and treated too.

'Surmontil' can often provide a simple answer.

First, by promoting sound, *natural* sleep. Research has shown that many hypnotics fall short of this requirement: they do, of course, provide sleep, but only by inducing new, artificial sleep patterns. These can cause unpleasant symptoms when treatment is withdrawn and so encourage dependence. With 'Surmontil' old, physiological patterns are restored, and the patient sleeps as she used to.

Second, because 'Surmontil' also has powerful mood-elevating and tranquillizing properties it provides more than partial relief when insomnia is traced to anxiety/depression. It acts not only

on the physical symptom but also on the emotional causes, thus ensuring full recovery. No hypnotic, tranquillizer or antidepressant alone can provide this comprehensive benefit — only 'Surmontil', with all three required effects, makes a complex problem less so.

**'Surmontil' restores sleep,
lifts depression, allays anxiety**

Any similarity between Burinex and other diuretics is purely beneficial (and so are the differences.)

Different in Chemistry

Burinex* is a new chemical entity, being derived from metanilamide; it is quite distinct from any available diuretic. Despite careful search by such techniques as autoradiography, it has not been possible to detect any metabolite in the human.

Different in Pharmacology

Burinex differs in pharmacological potency, with a dose about one-fortieth that of any other short-acting diuretic. After oral administration, diuresis normally begins at 30 minutes – "peaks" at 90 minutes and is largely complete within three hours.

Beneficial in Effect

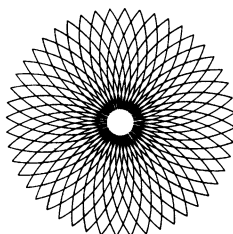

Burinex has been shown to be of value in clinical practice, not only for the seriously ill patient where a rapid diuresis is required but also for maintenance, where the predictable effect can be utilised to fit the patient's domestic circumstances and work routine. During long term treatment Burinex has proved to be very well tolerated.

Beneficial in Price

The price of Burinex is significantly less than any comparable diuretic. The long term use of Burinex would therefore represent a considerable saving in cost.

Burinex

a major new diuretic
