

new twice daily NAPROSYN

Powerful in arthritis

Courtesy of Westminster Hospital

What is Naprosyn? Naproxen – a new non-hormonal anti-inflammatory agent with analgesic properties, indicated for the treatment of rheumatoid arthritis, osteo-arthritis and ankylosing spondylitis.

How powerful is it? Double-blind cross-over trials have shown 500 mg Naprosyn to be significantly superior to placebo and equivalent in clinical efficacy to 4 g aspirin and 150 mg indomethacin in rheumatoid arthritis; and to 100 mg indomethacin in osteo-arthritis. Open studies have shown that Naprosyn is highly effective in ankylosing spondylitis.

How does Naprosyn help the arthritic patient? The long half-life of 12–15 hours means that one 250 mg Naprosyn tablet in the morning and one in the evening is sufficient in most patients to provide sustained relief throughout the day and night. Morning stiffness and painful joints are relieved, and mobility and grip strength improved.

How is Naprosyn "kind to patients"? It is extremely well tolerated. Side-effects are less frequent on 500 mg Naprosyn than on 4 g aspirin and 100 mg and 150 mg indomethacin. Some studies have shown that the incidence of side-effects is not significantly different to that exhibited on placebo. Gastric disturbances, in particular, are rarely seen with Naprosyn. Objective tests such as gastroscopy have shown

Kind to patients

that Naprosyn causes minimal irritation to the gastric mucosa.

Not least, patients find the twice daily dosage regimen more convenient.

How safe is it? Doses of up to 3½ times the recommended dosage of Naprosyn (500 mg) have been administered to human subjects with no adverse reactions occurring.

Can Naprosyn be taken on an empty stomach? Yes. In a number of clinical trials Naprosyn was given on a fasting stomach without adverse effects being reported. Furthermore, absorption is not significantly affected by the presence of food or alkali.

At what stage should Naprosyn be used? Since Naprosyn is at least as effective as 4 g aspirin and 150 mg indomethacin, and has a remarkably low incidence of side-effects, it may be considered either as first line treatment or as an alternative for patients with chronic disease who are developing tolerance to, or are exhibiting side-effects on, other anti-arthritic drugs.

Are there any contra-indications? There are no known contra-indications although caution should be exercised during pregnancy.

Technical literature, symposia proceedings and full bibliography are available on request.
Naprosyn is a registered trade mark.

- major benefits with fewer risks

obviates

the difficult choice between the "highly active but poorly tolerated" and the "less active but well tolerated" compound

'ORUDIS'

supplied as capsules of 50 mg in easy-to-open containers

Orudis

high activity
with good tolerance

Prescribing information

Indications

'Orudis' is a potent non-steroidal, anti-inflammatory analgesic agent. It is an inhibitor of prostaglandin synthesis.

'Orudis' is recommended in the management of the rheumatic diseases:

rheumatoid arthritis
osteoarthritis
ankylosing spondylitis
gout

other forms of non-infectious arthropathy
acute articular and periarticular disorders – bursitis, tendinitis, synovitis, tenosynovitis, capsulitis of the shoulder
painful musculo-skeletal conditions.

Skin rashes have been rare.

In common with other anti-inflammatory agents, 'Orudis' should be used with caution in patients with a history of peptic ulcer and in those with impaired hepatic function.

No embryopathic effects have been recorded but it is a sound medical principle to exercise caution in prescribing any medication during the first trimester of pregnancy.

Presentation

Capsules each containing 50 mg ketoprofen, in packs of 100 and 500. The capsules are bi-coloured (opaque green/opaque purple), each half printed ORUDIS 50 in white.

Administration and dosage

'Orudis' is administered orally and should always be taken with food.

Dosage is usually one capsule (50 mg) three times daily. This dosage may be increased to one capsule four times daily or decreased to one capsule twice daily depending on the size and condition of the patient and on the severity of the disease.

Basic NHS cost (as at November 1973)
25 capsules of 50 mg £1.14
(ex dispensing pack)

Further information is available on request

Side-effects and precautions

No serious side-effects have been reported. Symptoms of dyspepsia have occurred in a small percentage of patients and, in some such instances, a reduction of dosage has been helpful. 'Orudis' should always be prescribed "To be taken with food".

AUTOTHERM the luxury heating control that turns your central heating into a personal comfort system

Autotherm does something few other controls can do - it lets your radiators get hotter as the weather gets colder!

Most ordinary controls just turn your heating off or full on, boosting heat and fuel bills at the same time.

hot water	>	off	timed	constant	constant	constant	constant	constant	constant	timed
		1	2	3	4	5	6	7	8	
central heating	>	off	off	off	max constant	low constant	normal constant	norm/low timed	norm/off timed	

Autotherm gives comfort and economy. You can 'tune' it yourself to match your personal comfort requirements. No less than eight programmes plus its timer also give you complete flexibility and convenience. Pamper yourself with the luxury of Autotherm control.

Keflex **stops bronchitis in its tracks**

'KEFLEX' provides an outstanding clinical response in bronchitis. It is active against all the common bacterial pathogens causing acute exacerbations. The range of activity includes penicillinase-producing organisms, thus giving a greater chance of first time success. 'Keflex' controls infection quickly with low toxicity and minimum risk of adverse reactions.

So this winter, remember the 'K' in bronchitis stands for 'Keflex'.

The Citroën GS. Comfort has never looked better.

Even standing still, that low GS bonnet and sweetly cut-off tail promise a special quality of motoring.

On the move, you soon know this promise is no illusion. The GS 1220 accelerates smoothly from 0–50 in 10.6 seconds. It cruises easily on continental auto-routes at 90-plus.

More important, maybe, is that at all speeds and on all kinds of roads you drive comfortably in a GS.

It has the same system of Hydropneumatic suspension as the big Citroën DS cars. This Citroën system is unlike any other. Other systems react to the road. Self-levelling Hydropneumatic suspension—because it's a 'live' pressurised system—reacts both to the road *and* to the load in the car.

The car automatically stays level—no matter how

light or heavy the load you carry or how uneven the road surface. Driver and passengers stay comfortable and roadholding is tenacious under almost any conditions. Hydropneumatic suspension has been proved over millions of miles. Now, in the GS, you can enjoy its unique advantages in a medium-price car.

Despite its expensive-looking lines and exclusive suspension, GS prices start at only £1110.42 plus VAT. A test-drive awaits you at your Citroën dealers.

Or write for a brochure and list of agents in our comprehensive U.K. network to:
Citroën Cars Ltd, Dept. C106,
Trading Estate, Slough
SL1 4QA.

CITROËN 
A word for comfort.

Please enquire about our Personal Export and Diplomatic schemes.

Price includes car tax but excludes VAT (seat belts, number plates and delivery extra). The model illustrated is the GS saloon.

Bill's bananas are suffering from bronchitis.

Bill's bananas are only one casualty of his bronchitis.

When he's ill, everything comes to a standstill and some people's work just won't keep.

That's why he needs 'Eskacef,' fast.

'Eskacef' acts quickly, is strongly bactericidal, has high tissue penetration and extremely low toxicity. You can give as much as 4g a day and nephrotoxicity has not proved a problem, even in children. This means you can hit the infection hard in the beginning, giving your patient the best possible chance of recovery in the shortest possible time.

'Eskacef' Starter Packs

Because 'Eskacef' acts quickly, a 'Starter Pack' in the surgery will put your patient on the road to recovery fast.

The packs are available from your SK&F representative.

'Eskacef' (cephradine) is available as capsules, oral suspension and vials for injection.

Further information available on request.

After two years of work

It is probably the most exhaustive study ever made of anti-obesity treatment.^{1,2} It took more than two years of work from start to finish. 134 overweight patients completed treatment. All were women living in the Edinburgh area.

The study compared two agents. One was fenfluramine. The other—*Duromine* (phentermine). Each patient was treated for 36 weeks. *Duromine*—even when given only every other month—was remarkably successful in helping patients keep to a diet. Mean weight loss was 26.3 lb.—striking confirmation of previous results with *Duromine*.³

In contrast, fenfluramine given in a similar manner was “less effective, and more likely to produce troublesome side-effects”. In particular, significant withdrawal depression was observed with fenfluramine.^{1,4}

what else but

Duromine

can offer your patients the help
they really need to lose weight

Composition *Duromine* capsules contain phentermine as an ion-exchange resin complex. Capsules are available in two strengths: grey/green 15 mg. and grey/maroon 30 mg.

Indications Simple obesity. *Duromine* may also be used to re-establish appetite control in patients who have developed tolerance to other anorectic agents. **Dosage** One capsule at breakfast time. Capsules in two strengths (15 mg. and 30 mg.) allow for adjustment of dosage if necessary.

Side-effects Slight dryness of the mouth or a tendency to early waking may be experienced from the higher dosage. **Contra-indications** *Duromine* is contra-indicated in patients under treatment with monoamine-oxidase (MAO) inhibitors.

Antacids work. Up to a point.

Antacids and stomach coatings work. Very well. But not always for long, and only against one of the major symptoms of the distress. That's why you need 'Stelabid'.

'Stelabid' provides protection against hypersecretion, hypermotility and painful spasm.

Its calming action alleviates the anxiety and stress so often associated

with gastro-intestinal disturbances.

'Stelabid' prescribed with antacids, provides a most persistent and effective symptomatic control of gastro-intestinal disorder throughout the whole spectrum from functional disorders to ulceration.

And a simple b.i.d. dosage protects the patient even throughout the night.

'Stelabid' is now available in three presentations:

'Stelabid' Tablets Each tablet contains 5 mg isopropamide present as the iodide, and 1 mg trifluoperazine present as the hydrochloride.

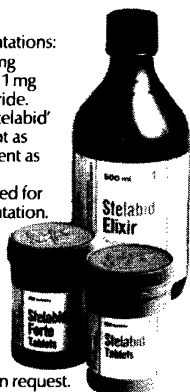

NEW 'Stelabid' Elixir Each 5 ml dose of 'Stelabid' Elixir contains 5 mg isopropamide present as the iodide, and 1 mg trifluoperazine present as the hydrochloride.

'Stelabid' Elixir is particularly recommended for those patients who prefer a liquid presentation.

NEW 'Stelabid' Forte Tablets Each tablet contains 7.5 mg isopropamide present as the iodide, and 2 mg trifluoperazine present as the hydrochloride.

'Stelabid' Forte Tablets are especially useful in more severe cases when an extra measure of relief from spasm and hypersecretion is required.

Full prescribing information is available on request.

Stelabid

'Stelabid' is a trade mark

Carol Fisher keeps herself very much to herself

She has psoriasis

Have you ever stopped to think what it is really like to be a psoriatic? Psoriasis is more than a skin disease. It is a terrible mental affliction, particularly for young people and can literally ruin their lives. Most forms of treatment are equally depressing.

Steroids under polythene? True the lesions may resolve rapidly but in almost all cases the rebound factor will bring back the psoriasis even more quickly and more severely. And the patient will rebound into your surgery with a questioning look after doing unspeakable things to himself in a youth hostel – or trying to lead a normal love life in a plastic bag!

Coal Tar? Anointing oneself with smelly tar is even less appealing.

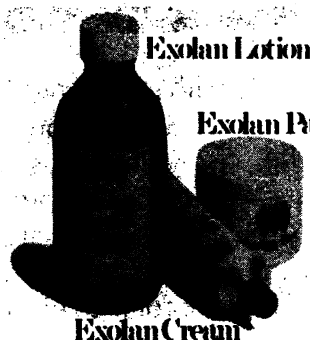

Dithranol? Certainly very effective treatment, but patients jib at the burning and particularly the staining which makes the lesions even more noticeable while under treatment.

The Advantages of Exolan Treatment Exolan attacks the psoriatic lesions with the striking effectiveness of dithranol but without its unpleasant side effects of burning and staining.

Exolan has been available for years as a paste and a cream – and now, in response to the suggestions of dermatologists – Exolan has been formulated as a Lotion, particularly for those patients with dry scaly lesions, lesions of the scalp, and of the flexures, where a soothing emollient effect is required.

Exolan Lotion could make your surgery a less depressing place for you and your patient.

Exolan (triacetoxyanthracene) is available as a Paste, as a Cream and as a Lotion.

Are your bronchodilators getting through to the patient?

Intal is well established as a highly effective treatment for allergic asthma in the young.

But what about the late-onset patient with obstructive airways disease?

Once an asthmatic attack has started, an aerosol bronchodilator may not give adequate relief. It may only reach part of the lung, resulting in hyperventilation where it's least needed and little or no effect in the obstructed area.

Can Intal prevent this situation arising?

Clinical studies^{1,2} show that a surprisingly high proportion of patients over 40 benefit from Intal, even where there is no clearly defined allergic component.

Excellent in chil

Amoxil is an excellent antibiotic for the commonly occurring bacterial infections in children. For a start, Amoxil is pleasant to take. The citrus-flavoured syrup or paediatric suspension pleases even the fussiest of patients.

Then Amoxil can get to work. Its broad spectrum of bactericidal activity and outstanding oral absorption¹ ensure the high serum levels necessary for a rapid response. In fact, just three daytime doses give 24 hour therapeutic effect.

Children's infections.

It is not surprising, therefore, that Amoxil's extensive clinical trials have proved it so reliable: a recent study², involving 150 children, demonstrated a success rate of 94%.

Add to this Amoxil's penicillin safety and low treatment cost and you really have an excellent antibiotic for children – and for grown-ups too.

Further information on Amoxil (regd) is available from Bencard,
Freepost, Brentford, England.

Prescribing information

Dosage: Adults 250 mg three times a day.

Children – up to 10 years: 125 mg three times a day. In the case of severe infections the dosage should be doubled.

Presentation: Amoxil capsules 250 mg. Amoxil syrup 250 mg/5 ml, 100 ml bottle. Amoxil syrup 125 mg/5 ml, 100 ml bottle. Amoxil Paediatric Suspension 125 mg/1.25 ml, 20 ml bottle with pipette. Amoxil presentations contain amoxycillin as the trihydrate.

Contra-indication: Amoxil is a penicillin and should not be given to penicillin-hypersensitive patients.

Side effects: No serious side effects have been reported in extensive clinical trials. Those side effects which were encountered were mild and of a transitory nature.

Another victim of Angina ...years before his time

The pain of angina continues long after angina has ceased to be a problem.

But, do people die from angina?

Strictly speaking no. Angina is a symptom but in most cases it is a symptom of the fatal condition ischaemic heart disease.

About 25% of angina patients are likely to have a coronary within 5 years of diagnosis and the prognosis beyond that is extremely poor.⁴

Pain killers alleviate the symptoms but do nothing to the underlying disease.

In three long-term studies^{1,2,3} 'Atromid'-S (clofibrate) reduced the death-rate in angina patients

by 55%, 62% and 67% respectively as well as reducing the infarction rate by 39 and 44%^{1,2}.

"A good deal of attention is justifiably given to relieving symptoms and increasing exercise tolerance in angina patients.

*However, even more important is secondary prevention aimed at reducing the high likelihood of a myocardial infarction and premature death."*⁴

GOOD NEWS FOR CHRONIC BRONCHITIS

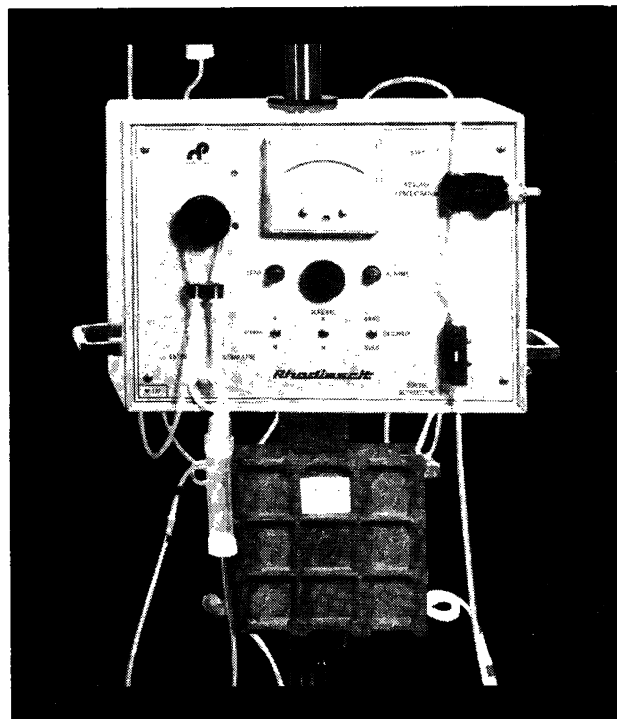

Bactrim Roche

In April 1973 an article¹ in *The Practitioner* showed that Bactrim Roche – already an established treatment for acute exacerbations of chronic bronchitis superior to ampicillin,² the tetracyclines^{3,4} and cephalixin⁵ – can also play a valuable role in the long-term management of that condition.

a new concept in ascites therapy: conserves proteins, reduces patient distress and hospitalisation time

Rhodiascit

an integrated system for the concentration and reinjection of ascitic fluid

**The Rhodiascit system of reinjection of ascitic fluid
concentrate into the venous circulation system gives
optimal patient advantages.**

- conservation of proteins and substances with molecular weights greater than 45,000, these being lost in ordinary paracentesis procedures;
- maintains an adjustable ultrafiltration rate for water and excess sodium removal without excessive loss of potassium;
- normally reduces hospitalisation time from several weeks or months to a few days;
- facilitates social and economic rehabilitation of the patient;
- comprises a reliable monitoring system and a compact ultrafilter complete with silicone elastomer 'SCURASIL' lines.

Q
A

How much Caved-S can an intractable duodenal ulcer patient take?

For a full year without relapse, 12 tablets a day for up to 16 weeks*

The Practitioner

June 1973 Vol. **210** pp. 820-823

* This dosage regimen was established in a recent trial of Caved-S on patients all with intractable duodenal ulcer and a history of more than six relapses in the year prior to the trial. Of twenty patients receiving 12 Caved-S tablets a day for 16 weeks, 12 had no relapse in a full year's follow-up, and the other 8 had two or one relapse in the follow-up year. All these patients had actually been referred for surgery, but surgery was avoided in all cases. Another similar group of 20 patients received 8 Caved-S tablets a day for 8 weeks - the condition of patients selected was too serious for controls with a placebo. Of this second group 3 had no relapse, 7 up to two relapses, and 10 up to 4 relapses in a year's follow-up.

No significant side effects occurred. Only one patient discontinued treatment, and he later resumed treatment successfully.

The authors conclude:

"Caved-S . . . should be given in high dosage before surgery is attempted in patients with duodenal ulcer who fail to respond to a low dose or other treatments."

Caved-S
the ulcer fighter

Licence No. 0425/5000
Composition: Liquorice (not more than 3% glycyrrhizic acid) 380 mg., bismuth subnitrate 100 mg., alum. hydrox. gel 100 mg., light mag. carb. 200 mg., sod. bicarb. 100 mg., frangula bark 30 mg.; brown tab.

Tillotts Laboratories,
44 Lupus Street,
London SW1V 3EB

Caved-S effective and economic in high dosage

the days of aspirin are numbered

**New trial shows:-
In 13 weeks time your patients
would be doing a lot better on Prinalgin
than on aspirin.**

A recent trial* shows Prinalgin to be superior to high dose aspirin by all the normal criteria of improvement in rheumatoid arthritis.

In particular, one feature of the trial really stands out: After 91 days (13 weeks) the superiority of Prinalgin becomes increasingly significant.

The conclusion is obvious: long lasting improvement in rheumatoid arthritis is better achieved with Prinalgin than high dose aspirin.

*Details of the paper (In press) are available on request from Medical Information Dept., Berk Pharmaceuticals Ltd., Shalford, Surrey.

THE ROYAL COLLEGE OF GENERAL PRACTITIONERS ANNUAL SYMPOSIUM PATIENT, DOCTOR AND SOCIETY

on 21st November, 1973 at the Wellcome Foundation Building, 183 Euston Road, London NW1. (Approved under Section 63 of the Public Health Act, 1968, as a course of two sessions).

Three panels of distinguished laymen and doctors will discuss a number of previously submitted questions on three topics of current major interest:

1. Too Old to Care. The problems of caring for the old in the community.
2. Fertility and Responsibility. The needs of patients for counselling in relation to fertility, psycho-sexual problems and genetic hazards.
3. Depression or Unhappiness? The problems of defining psychiatric illness in the community, the effects of stress in modern society and the responsibility of the general practitioner in dealing with these manifestations of ill health.

Each of the panels will be chaired by Sir Michael Swann, Chairman of the BBC. Tickets price £1.50 obtainable from The Secretary, R.C.G.P., 14 Princes Gate, London SW7 1PU, to include lunch, tea and coffee. Registration: 9.00 a.m. Wednesday, 21st November. Programme: 9.30 a.m. to 4.30 p.m. (29415)

UNIVERSITY OF SURREY Postgraduate Medical Subcommittee Senate

M.Sc. in MEDICAL SCIENCES
The next entry to the M.Sc. in Medical Sciences will be in January, 1974. The course lasts for 2 years all day Wednesdays during the academic terms. The syllabus covers the material for the basic sciences of the primary courses in medicine, surgery, obstetrics and gynaecology, and anaesthetics, but does not exempt students from the relevant primary examinations of the Royal Colleges.

Further details or enquiries may be addressed to the Course Organiser, Dr. H. Hillman, Department of Biological Sciences, University of Surrey, Guildford, Surrey. Tel: Guildford 71281, Ext. 573. (20277)

PRACTICES (Executive Councils)

For vacancies (except those in Scotland) apply on Form E.C.16A, obtainable from the Executive Council. Mark envelopes "Vacancy."

CARDIFF EXECUTIVE COUNCIL

Applications are invited from General Medical Practitioners for a vacancy in the new development at Pentwyn, on the outskirts of Cardiff, the estimated population being ultimately in the region of 8,000.

GENERAL PRACTICE TRAINING POSTS

See also p.x.x.

WAKEFIELD HOSPITAL MANAGEMENT COMMITTEE VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTICE

Applications are invited for places on the Wakefield Vocational Training Scheme for General Practice commencing on the 1st February, 1973. The scheme is at the Wakefield Group of Hospitals. Trainees in hospital will occupy post of Senior House Officer grade in the hospital and one year in General Practice with approved trainers. Hospital training will in all cases include six months in Obstetrics and all will have an elective period of six months for subjects of their choice. Appointments available in the hospital will include General Medicine, Paediatrics, Geriatrics, Dermatology, Neurology, Thoracic Medicine, Psychiatry, Mental Handicap, Accident and E.N.T. There is a new purpose built Postgraduate Medical Centre including a well equipped library with a trained Librarian and staff at Pinderfields General Hospital. There will be a comprehensive programme of lectures, tutorials, demonstrations and visits covering all aspects of community and environmental medicine.

Accommodation will be provided by the General Practitioner during the year in General Practice, and there will be hospital accommodation during the two years in the hospital.

Further particulars and application forms can be obtained from the Group Secretary, Wakefield Hospital Management Committee, Pinderfields General Hospital, Wakefield and completed application forms should be submitted so as to be received by him not later than 28th November, 1973. (20524) 22

WESSEX REGIONAL HOSPITAL BOARD Southampton University Hospital Management Committee

Applications are invited for the post of Senior House Officer which will be a 3 year linked Hospital and General Practice training post. The Hospital post includes an opportunity to take the D.Obst. R.C.O.G. and to study in various specialties.

The final year will be as a Trainee in a selected Practice and will include a day release course for general practice.

The vacancy will occur on the 1st January, 1974, and the proposed programme will include 6 months each in Obstetrics and Gynaecology, Geriatric Medicine, elective subjects and the possibility of acute medicine in addition.

Application forms and further particulars from the Medical Services Division, Southampton University H.M.C., 119, Tremona Road, Shirley, Southampton, the closing date being the 24th November, 1973. (20301) 22

UNIVERSITY AND RESEARCH APPOINTMENTS**KENNEDY INSTITUTE OF RHEUMATOLOGY**

Applications are invited for the MAYNARD JENOUR RESEARCH FELLOWSHIP tenable within the Division of Clinical Research at Registrar level. The Fellow will be expected to engage in a research programme within the Institute and also to participate in clinical work (which will include general medicine) in the unit at the New Charing Cross and West London Hospitals. Previous knowledge of rheumatology not necessary. Salary in range £2,850—£3,531 p.a., plus F.S.S.U.

Applications, with the names of 2 referees, to the Secretary, Kennedy Institute, But. Gardens, London, W6 7DW, by 30th November, 1974. (R14880) 25

NORTH WEST METROPOLITAN REGIONAL HOSPITAL BOARD**RESEARCH ASSISTANT**

Applications are invited for a doctor or doctors as research assistant(s) for a 3-year Hepatitis Survey in the London Boroughs of Hounslow, Ealing and Richmond, based upon the West Middlesex and the South Middlesex Hospitals. The object of the study is to determine the incidence of different forms of hepatitis in an open urban community. The successful candidate(s) will work in close association with the staffs of the hospitals, laboratories and Local Health Authorities concerned.

This post could be filled by one doctor working whole-time or by two doctors working part-time, in each case for the whole or for part of the remaining fourteen months of the study, from 1st January, 1974. The post would be suitable for doctors (such as married women) with other commitments. It will be possible to arrange for a clinical session at one of the hospitals concerned, if this is desired.

The salary scale would be based on that of a registrar (£2,850—£3,531). A higher rate could be paid to an applicant with the necessary qualifications and experience.

Further details about this post are available from the Hospital Secretary, West Middlesex Hospital, Isleworth, Middlesex, to whom applications should be sent. Tel: 01 560 2121, ext. 517. The closing date for receipt of applications is 21st November, 1973. (20175) 25

MANCHESTER REGIONAL COUNCIL FOR POSTGRADUATE MEDICAL EDUCATION/ UNIVERSITY OF MANCHESTER DEPARTMENT OF GENERAL PRACTICE

Applications are invited for

Two Senior House Officer Posts under the Vocational Training Scheme for General Practice

to commence on 1st March, 1974 at the Preston Hospital Management Committee Group of Hospitals. While the posts are subject to the normal terms and conditions of service for S.H.O. appointments, the scheme is intended to run for 3 years. Continuation in the scheme will be subject to satisfactory progress during each of the stages. The subjects offered are General Medicine, Paediatrics, Obstetrics/Gynaecology, Casualty, with attachments in various other relevant specialties. Subject to satisfactory completion of 2 years in hospital service it is intended to arrange for successful candidates to be attached for the final year of the course to a recognized general practitioner trainer.

Applications should be made to the Group Secretary, The Royal Infirmary, Preston PR1 6PS, not later than 1st December, 1973.

Further information can be obtained from The Dean of Postgraduate Medical Studies, Gateway House, Piccadilly South, Manchester M60 7LP. (20316) 22

UNIVERSITY OF BIRMINGHAM VOCATIONAL TRAINING FOR GENERAL PRACTICE

The Dudley and Stourbridge Area offer Vocational Training for General Practice as recommended by the Department of Health and Social Security.

Four periods, each of six months to be spent in Hospital with S.H.O. responsibilities. Courses already planned: Obstetrics with Gynaecology, Paediatrics, Medicine, Psychiatry or Casualty. Alternatives could be considered.

A year with a trainer in a group General Practice with visits to Community Services etc.

Examination possibilities: D.Obst.R.C.O.G., D.C.H., M.R.C.G.P.

Commencing dates on the first of February, May, August and November, 1974.

Applications, naming two referees, to Group Secretary, Dudley, Stourbridge and District H.M.C., Kelvin House, 6 The Broadway, Dudley, Worcs., as soon as possible. Further information available from Postgraduate Clinical Tutor, The Medical Services Centre, The Corbett Hospital, Stourbridge, Worcs DY8 4JB. (58081) 22

Leeds Regional Hospital Board Vocational Training Scheme for General Practice in the Leeds area

A three year vocational training scheme in general practice is in operation and further entrants will be accepted to start on 1st February, 1974. The scheme is recognized by the Royal College of General Practitioners as suitable preparation for the M.R.C.G.P. examination and candidates completing the programme will qualify for the Vocational Training Allowance. It consists of one year as a trainee in training practices in Leeds and two years in hospital appointments at Senior House Officer level in teaching hospitals and a regional hospital. The four hospital posts each of which is for six months are Geriatric Medicine at St. James's Hospital, Obstetrics at St. Mary's Hospital and Infectious Diseases and Paediatrics at Seacroft Hospital, Leeds.

A study half-day release scheme is in operation.

Applications stating age, qualifications and experience, together with the names and addresses of two referees to be forwarded to the

POSTGRADUATE DEAN,
SCHOOL OF MEDICINE,
THORESBY PLACE, LEEDS 2

not later than 28th November, 1973 from whom if necessary further details may be obtained.

Salary ranges: without Honorary Consultant status £4,817 — £6,213 a year; with Honorary Consultant status £5,085 — £7,599 a year with F.S.S.U. provision.

Further particulars from the Registrar and Secretary, the University, Sheffield S10 2TN, to whom applications (one copy) should be sent by 10th December 1973. Quote Ref. R.91/P. (20353) 25

M.R.C. CLINICAL RESEARCH CENTRE,
(Northwick Park Hospital),
Watford Road,
Harrow, Middlesex, HA1 3UJ.

Applications are invited for the post of

Research Assistant

to Sir Peter Medawar, joining a small group of workers mainly studying transplantation and tumour immunity. Salary according to experience and qualifications. FSSU benefits.

Applications by 30th November to Sir Peter Medawar, from whom further particulars may be obtained. Ref.G1 (20253) 25

GENERAL PRACTICE TRAINING POSTS

**MANCHESTER REGIONAL COUNCIL
FOR POSTGRADUATE MEDICAL EDUCATION/
UNIVERSITY OF MANCHESTER
DEPARTMENT OF GENERAL PRACTICE**

Applications are invited for

**Two Senior House Officer Posts
under the
Vocational Training Scheme
for General Practice**

to commence on 1st February, 1974 at the Stockport Hospital Management Committee Group of Hospitals. While the posts are subject to the normal terms and conditions of service for S.H.O. appointments, the scheme is intended to run for 3 years. Continuation in the scheme will be subject to satisfactory progress during each of the stages. The subjects offered are General Medicine, Obstetrics/Gynaecology, Dermatology and Paediatrics, Rheumatology and Rehabilitation, with attachments in various other relevant specialties. Subject to satisfactory completion of 2 years in hospital service it is intended to arrange for successful candidates to be attached for the final year of the course to a recognized general practitioner trainer.

Applications should be made to the Group Secretary, Stockport & Buxton Hospital Management Committee, Group Offices, Bramhall Moor Lane, Hazel Grove, Stockport SK7 5AB, not later than 1st December, 1973.

Further information can be obtained from The Dean of Postgraduate Medical Studies, Gateway House, Piccadilly South, Manchester M60 7LP. (20315) 22

**Regional Postgraduate Institute
for Medicine and Dentistry**

Newcastle upon Tyne

**VOCATIONAL TRAINING
FOR GENERAL PRACTICE**

Applications are invited from recently qualified medical graduates (including women graduates) for TWO vacancies on a 3-year programme of Vocational Training for General Practice starting in January, 1974. One of the successful applicants must be prepared to commence with an S.H.O. post in obstetrics, and the other must be prepared to commence with a similar post in paediatrics. Apart from the completion of the initial hospital post, the programme of training will comprise a total of one year of appointments in teaching general practices, and also further hospital posts in specialties relevant to general practice, all at S.H.O. level.

Regular weekly seminars and visits augment practical experience and cover major aspects of general practice with particular relevance to the examination of M.R.C.G.P. In addition, the qualifications for the D.C.H. and D.Obst.R.C.O.G. examinations can be met. The course described in the B.M.J. of the 2nd January, 1971, are now well established with approximately 80 trainees in posts throughout the Newcastle Region. Salaries are at the combined trainee assistant and S.H.O. scale.

Further details are available from:—

**Dr. Andrew Smith,
Lecturer in Family Medicine,
Department of Family and Community Medicine,
23 St. Thomas Street,
Newcastle upon Tyne;**

to whom applications, together with the names and addresses of two referees, should be sent not later than Monday, 3rd December, 1973.

COMMERCIAL APPOINTMENTS

Medical Adviser

We are the U.K. subsidiary of Bayer AG, West Germany, who have been active in pharmaceutical research for almost 100 years. Our current broad-based research programme continues to produce interesting compounds. This means an expansion of our clinical research activities in the U.K.

We therefore wish to appoint an additional Medical Adviser to our Medical Department. The duties will include initiating, controlling and evaluating clinical trials on existing and future products. The work will involve travel mainly in the U.K. and occasionally in Europe. Applications are invited from Registered Medical Practitioners in the 28-35 age group with experience in either hospital or general practice.

The salary, which is reviewed annually, is negotiable and the conditions of employment are excellent including company car, pension and life assurance schemes.

Please apply in writing giving brief career details in confidence to:

Dr. H. B. Allen,
Medical Director,
Bayer Pharmaceuticals Limited,
Haywards Heath, Sussex.

35

UNIVERSITY OF WESTERN AUSTRALIA

Perth

Applications are invited for the following appointments from as early as possible in 1974:

ANATOMY SENIOR LECTURER OR LECTURER

In Anatomy or Human Biology in the Department of Anatomy. This post could be of interest to a medically qualified person who has experience in the field of gross anatomy teaching and its clinical applications. Alternatively, an individual with training in physical anthropology who can teach gross anatomy to medical and science students would also be suitable. Research support for a major project in the physical anthropology of the Western Australian Aboriginal population is very likely to be available from the Australian Institute of Aboriginal Studies. Further information can be obtained from the Head of the Department, Professor D.B. Allbrook.

Medicine ASSOCIATE PROFESSOR (1 position)

SENIOR LECTURER (2 positions)

LECTURER (2 positions)

LECTURER
(temporary appointment for 1974)
in the Department of Medicine. The Department includes teaching beds at each of the following hospitals: Fremantle Hospital, Repatriation General Hospital, Hollywood, Royal Perth Hospital and Sir Charles Gairdner Hospital. The present research interests of the Department are gastroenterology, cardiology and renal disease. The appointees will be responsible for in-patient and Out-patient care, teaching and research. They may be located at one or other of the University teaching hospitals. Candidates must have a medical qualification registrable in the State of Western Australia, and the M.R.A.C.P. or an equivalent higher qualification is essential.

The salary ranges are: Associate Professor — \$A15940 p.a.; Senior Lecturer — \$A12268-14308 p.a.; Lecturer — \$A8698-11982 p.a. The appointees in Medicine will also be entitled to the following differentials for clinical responsibilities: Associate Professor — \$A3000 p.a.; Senior Lecturer and Lecturer — \$A2500 p.a. Permanent conditions of appointment will include superannuation similar to F.S.S.U., fares to Perth for appointee and dependent family, removal allowance, study leave and long service leave and housing loan scheme. A temporary appointee from within Australia will be entitled to fares to Perth for himself and wife, and from elsewhere to appointment expenses up to \$A1000. Further information is available from the Staffing Officer.

Applications in duplicate stating full personal particulars, qualifications, experience and earliest date of availability should reach the Staffing Officer, University of Western Australia, Nedlands, Western Australia, 6009, by 15th December, 1973. FELLOWSHIP AWARDS

ELECTIONS

FACULTY OF ANAESTHETISTS OF THE ROYAL COLLEGE OF SURGEONS OF ENGLAND

BOARD OF FACULTY ELECTION

Notice is hereby given that an election of one Fellow in the Faculty to the vacancy on the Board occasioned by the retirement in rotation of Dr. J. F. Nunn, will take place at the College on Wednesday, 6th March, 1974 at 2 p.m. Dr. Nunn is eligible for re-election to the Board of Faculty.

The following shall be eligible for election to the Board on complying with the conditions of the Regulations: (a) All Fellows in the Faculty by election, provided they have been medically qualified for fifteen years at the date of the election. (b) All Fellows in the Faculty who have been medically qualified for fifteen years and Fellows by examination for ten years at the date of the election.

Standing Orders VII(ii) prescribe that an elected Member of the Board may not serve beyond the date of election next following his 67th birthday.

Copies of the requisite Notice to be signed by the Candidate and three Fellows in the Faculty may be obtained on application to me, and must be received by me duly completed, not later than Monday, 17th December, 1973.

The names of the candidates will be published in the medical journals on or about Friday, 11th January, 1974. A voting paper will be sent by post to each Fellow whose address is registered at the College, on Tuesday, 15th January, 1974. Fellows are requested to give notice, without delay, of any change of address so that their voting papers may not be misdirected. R. S. Johnson-Gilbert, Secretary, 35/43 Lincoln's Inn Fields, London WC2A 3PN. (20278) 32

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

SALARY SCALES OF HOSPITAL MEDICAL STAFF

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £1,914 per annum for the posts held during the first year; £2,061 per annum for posts held during the second year; £2,208 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,475 per annum x £189(1) x £186(1) — £2,850.

Deductions of £210 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,850 per annum x £171(3) x £168(1) — £3,531.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale, and £243 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £204 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £3,363 per annum x £168(1) x £216(4) — £4,395.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £3,155 per annum x £183(2) x £180(2) x £160(10) — £5,562.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £5,085 per annum x £279(8) x £282(1) — £7,599.

Deductions of £420 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rent is appropriate.
August, 1973

UNIVERSITY OF LIVERPOOL

Joint Committee for Regional Postgraduate Medical Education

COMBINED TRAINING PROGRAMME FOR GENERAL PRACTICE WITH OBSTETRICS AND PAEDIATRICS
Applications are invited from registered medical practitioners for a two year rotating training post which will include Obstetrics, Paediatrics and General Practice, starting on 1st March, 1974.
During the two years each doctor will spend six months in Obstetrics, six months in Paediatrics, and two six month periods in two separate group practices. The training offered would be of value not only to those intending to enter General Practice, but also to those hoping to specialise, particularly in Obstetrics or Paediatrics.
The Obstetric post will be at Mill Road Maternity Hospital, Liverpool, and the Paediatric post at Alder Hey Children's Hospital, Liverpool. General Practice training will be in two approved teaching group premises. The Obstetric training will qualify a candidate for the D.Obst. R.C.O.G. examination, and the Paediatric training will qualify for the D.C.H. examination. The appointment in Paediatrics allocated to this training scheme is one of the Senior House Officer posts which are advertised in the Paediatric section of this issue. An appropriate day release course is organised. Any candidate who has already spent at least one year post-registration in a hospital appointment would also qualify for the Vocational Training allowance on entering general practice.
Salaries will be at the appropriate hospital grade and, in the practice year at the appropriate level on the Trainee Practitioner's Scheme, with car allowance.
Applicants wishing to visit the two practices should apply to Dr J. Lowe, Cantil Farm Health Centre, The Withens, Liverpool L28 1NL. Tel: 051-489 9924; or Dr C. W. Warner, 6 Woolton Street, Liverpool 25. Tel: 051-428 4184.
Application forms are obtainable from the Group Personnel Manager, East Liverpool University Hospital Management Committee, Group Headquarters, Broadgreen Hospital, Liverpool L14 3LB, and should be returned by 1st December, 1973. (20570) 75-8

IN ORTHOPAEDICS**
from 18th November until end of year. Tel: 272 3070 Ext. 405. (57995) 77-6

BATH HOSPITAL MANAGEMENT COMMITTEE

SENIOR HOUSE OFFICER
(Orthopaedic and Traumatic Surgery) required at Royal United Hospital immediately. The post is not only recognized for the F.R.C.S. examination but is a centre recognized as a training unit for orthopaedic surgery. Postgraduate lectures and teaching sessions are held regularly for the Final F.R.C.S. examination. The successful candidate will work in a team of 5 Senior House Officers under 5 Consultant Surgeons. Primary F.R.C.S. desirable but not essential. The post is normally non-resident but residential accommodation may be available if required.

Applications giving details of past and present appointments with two referees to Group Secretary, Royal United Hospital (North), Bath BA1 3NN. (20104) 77-8

BOLTON AND DISTRICT HOSPITAL MANAGEMENT COMMITTEE The Royal Infirmary, Bolton (244 beds)

RESIDENT SENIOR HOUSE OFFICER
for Orthopaedic and Accident Departments. Now vacant. Please state whether married accommodation required. Recognized for F.R.C.S. The combined staffing of the two Departments consists of three Consultants, one Medical Assistant, one Registrar, and nine Senior House Officers (including the post now advertised). In addition, there are twenty-six General Practitioner sessions per week.

Applications, giving full details, including the names of two referees, to Group Secretary, King Edward VII House, The Royal Infirmary, Bolton BL1 4QS. (58281) 77-8

BRIDGE OF EARN HOSPITAL Perthshire

Applications are invited for the following posts, which are due to fall vacant on 1st February, 1974:—

2 SENIOR HOUSE SURGEONS
for the Traumatic and Orthopaedic Unit. The posts are tenable for six months and are recognized by the Royal College of Surgeons under regulations for the F.R.C.S. Experience is provided in all branches of orthopaedic surgery and there are excellent facilities for postgraduate study.

These are resident appointments, but married accommodation may be available.

Applications, giving age, qualifications, experience, and names of two referees, should be sent to the Group Medical Superintendent, Board of Management for the County and City of Perth General Hospitals, Taymount Terrace, Perth, Scotland. (H15081) 77-8

DRYBURN HOSPITAL Durham (419 beds)

SENIOR HOUSE OFFICER
wanted in Orthopaedics and Casualty. The post is tenable for six months and is recognized by the Royal College of Surgeons under regulations for the F.R.C.S. Experience is provided in all branches of orthopaedic surgery and there are excellent facilities for postgraduate study.

Dryburn Hospital is situated in a University and Cathedral City within easy reach of the Medical School of the University of Newcastle upon Tyne and is ideal for attendance at the many postgraduate courses held there. There is a team of four S.H.O.'s working with two Registrars and three Consultants. The Accident Unit is staffed by the S.H.O.'s and local G.P.'s on a duty rota basis which gives generous off duty time for study.

Post F.R.C.S. recognized for Casualty and non-specific surgery.

Married and single accommodation available.

Applications with full details and two referees to Group Secretary, Dryburn Hospital, Durham. (H15047) 77-8

**MANCHESTER
REGIONAL HOSPITAL BOARD**

**Whole-time, non-resident
SENIOR REGISTRAR IN
CHILD AND ADOLESCENT PSYCHIATRY**
at Booth Hall (Children's) Hospital and Parkside Hospital.

Training in Child Psychiatry will be at the unit at Booth Hall Hospital which includes a busy O.P. clinic and a large I.P. department. Members of the staff hold University appointments and are responsible for various training courses. Training includes courses of lectures, regular supervision of diagnostic and long term treatment cases and visits to special hospital units, special schools and homes and hospitals of the Social Services Department. Multi disciplinary team conferences and seminars are an important feature of the work of the Unit and all members of staff contribute to these. The 22-bedded Inpatient Unit with its school, Occupational Therapy Department and gymnasium is organized on a family group basis and the Senior Registrar attached to each Consultant plays an important role in the relevant family group, and is responsible for individual therapy with the children.
Training in the 20-bedded purpose-built unit for disturbed adolescents will involve team 'management' under the supervision of the Consultant (who also holds a University appointment), daily group therapy, (initially as a co-therapist), daily group therapy meetings, weekly group for families, experience working in a team with individual families and experience in therapeutic community methods. Teaching hospital O.P. work and visits to units run by other caring agencies will also be arranged. The adolescent unit also provides a course of lectures from external sources including the Tavistock Clinic.

Previous clinical experience in child psychiatry desirable. Interested candidates are encouraged to visit the two units.
Application forms from the Senior Administrative Medical Officer to the Board, Bexley House, Piccadilly South, Manchester M60 7LP, to be returned by 7th December, 1973. (20326) 84-5

**NORTH WEST SURREY GROUP
HOSPITAL MANAGEMENT COMMITTEE**
Holloway Sanatorium, Virginia Water.

LOCUM SENIOR REGISTRAR
required at this 460 bed Psychiatric Hospital. The post is vacant from the 1st December and married accommodation may be available.
The Hospital is situated close to a main-line railway station from which there are frequent trains to central and suburban London, the journey to central London takes some 35 minutes.
Written applications naming two referees to: The Hospital Administrator, Holloway Sanatorium, Virginia Water, Surrey, TW20 2241. (57855) 84-5

**SHENLEY
HOSPITAL MANAGEMENT COMMITTEE**
Shenley Hospital
Shenley, Radlett, Herts WD7 9HB

LOCUM SENIOR REGISTRAR
(Resident) required for duties in this modern psychiatric hospital situated within 30 minutes of London, from 19th December to 8th January, 1974 inclusive.
For further details please contact the Consultant 'H' Division, Radlett 5631, Ext. 222. (20509) 84-5

WESSEX

REGIONAL HOSPITAL BOARD

SENIOR REGISTRAR IN RADIOLOGY

This is a new post based on the Wessex Radiotherapy Centre at the Royal South Hants Hospital, Southampton, and offers planned training in Radiotherapy and Clinical Oncology. The Radiotherapy Centre is a new building equipped with a full range of modern units and supplies a service, with numerous peripheral clinics, to a large area of Wessex. The Department is expected to work in close association with the new Regional Oncological Centre planned for Southampton. There are excellent facilities for postgraduate study. Candidates should have at least three years post Registration experience and hold a higher qualification.

Further particulars and Application Forms may be obtained from the Senior Administrative Medical Officer, Highcroft, Romsey Road, Winchester. Closing date 8th December, 1973. Please quote reference 720. (58167) 86-5

INSTITUTE OF CANCER RESEARCH & ROYAL MARSDEN HOSPITAL

SENIOR CLINICAL RESEARCH FELLOWSHIP IN RADIOLOGY (at Consultant level)

A special appointment is being made with D.H.S.S. support to investigate the optimum conditions for the use of Xeroradiography and similar methods of image formation both in mammography and in other suitable radiological procedures.

Applicants should have radiological qualifications and experience appropriate to senior lecturer in the academic field. Salary equivalent to a consultant post for a suitably qualified candidate. Tenure will be for two years. The person appointed will be responsible to the Director of the Department of Radiology and will collaborate with the Director of the Breast Unit at the Royal Marsden Hospital and with the Professor of Physics in further developments of the technique. The Department can be visited by direct appointment.

Applications giving particulars of experience and the names of two referees should be sent in duplicate to the Secretary, Institute of Cancer Research, 34 Summer Place, London SW7 3NU, quoting Ref. No. 300/G/64. (20012) 85-1

SOUTH WESTERN REGIONAL HOSPITAL BOARD Plymouth Clinical Area

Applications are invited for the appointment of a

REGISTRAR

IN RADIOLOGY AND ONCOLOGY at Plymouth General Hospital (non-resident). The appointment, which is a new one, will be for a period of one year in the first instance and will then be subject to review.

Plymouth is an important sub-regional Radiotherapy centre recognized for teaching the D.M.R.T. Parts I and II. Recognition for teaching the F.F.R. has been requested. Training in radiotherapy and oncology, nuclear medicine and medical physics will be given. Excellent research and postgraduate facilities available.

Application forms obtainable from the Secretary, South Western Regional Hospital Board, 27 Tyndalls Park Road, Bristol BS8 1PJ to whom they should be returned by 29th November, 1973. Selected candidates will be interviewed on 14th December, 1973. (H15030) 86-6

WESSEX REGIONAL HOSPITAL BOARD (Southampton University Hospital Management Committee)

Applications are invited for the post of

REGISTRAR

(non-resident) at the Wessex Radiotherapy Centre, which is based at the Royal South Hants Hospital in Southampton.

The post will be available from the 1st January, 1974. There is a full range of equipment for planning and treatment including Linear Accelerator (with electrons), Cobalt Units and a Simulator. About 1,800 new malignant cases are seen per annum and wide experience is available in Radiotherapy and Chemotherapy.

Study facilities are available for both parts of the D.M.R.T., and F.F.R. Examinations. Southampton Postgraduate Medical Federation organises an extensive programme of postgraduate education.

Application forms are obtainable from the Medical Services Division, Southampton University H.M.C., 119, Tremona Road, Shirley, Southampton, to whom they should be returned by the 23rd November, 1973. (20274) 86-6

HULL GROUP OF HOSPITALS

MEDICAL TRAINING SCHEME

Two rotational posts are available from 1st February, 1974 in the SENIOR HOUSE OFFICER grade for a period of one year. One will commence with six months in Cardiology and General Medicine at the Kingston General Hospital, where duties include the care of patients in a nine-bedded Coronary Monitoring Unit, followed by six months in Neurology at Hull Royal Infirmary. The other post will commence with six months in the Neurology Department at Hull Royal Infirmary, followed by six months in Cardiology and General Medicine at Kingston General Hospital.

These posts offer excellent experience in the respective diagnostic investigational procedures, and participation in departmental research projects will be encouraged. The successful candidates will also be expected to take part in the postgraduate training programme, and there are full library facilities. Both posts are recognized by the Royal College of Physicians for Consultant Training.

Application forms from the Group Personnel Officer, Hull (A) Group Hospital Management Committee, Victoria House, Park Street, Hull. Closing date 21st November, 1973. (H14988) 88-8

GOVERNMENTAL See also p. xlvii & xlviii

Department of Employment

Chief Employment Medical Adviser

£8675
London

The Chief Employment Medical Adviser is responsible to the Director of Occupational Safety and Health for the general direction and policy development of the Employment Medical Advisory Service.

He is also Chief Scientist of the Department of Employment for research programmes related to occupational health and safety and is a member of the Medical Research Council.

The EMAS defines criteria for safe and healthy working and offers medical supervision to workers where these criteria cannot be met. It co-operates with other official bodies concerned with industrial safety and health, and advises all those concerned with medical matters related to work. Members of the Service carry out medical examinations of workers thought to be at risk, of certain young people entering employment, and of people undergoing industrial rehabilitation and training. It has its own Laboratory as well as access to the investigatory services of the NHS.

Candidates (men and women) must be fully registered as medical practitioners in the United Kingdom with a wide knowledge of occupational medicine and experience in epidemiology. Fellowship or Membership of a Royal College of Physicians is highly desirable.

Non-contributory pension scheme.

For full details and an application form (to be returned by 7 December 1973) write to Civil Service Commission, Alencon Link, Basingstoke, Hants., RG21 1JB or telephone BASINGSTOKE 29222 ext. 500 or LONDON 01-839 1992 (24 hour answering service). Please quote S/8450/1.

Application forms from Group Secretary, The Royal Hospital, Wolverhampton WV2 1BT to be returned by 27th November 1973. (58305) 94-6

GOVERNMENTAL

Welsh Office — Y Swyddfa Gymreig

MEDICAL OFFICERS (£4,498 - £6,245)

These doctors based in Cardiff, are to help plan and develop the reorganised National Health Service.

Candidates must be fully registered medical practitioners in the United Kingdom and have experience in a local authority, a hospital, or medical administration.

Starting salary will be within the quoted scale according to qualifications and experience. Promotion prospects. Non-contributory pension scheme.

For full details and an application form (to be returned by 12th December, 1973) write to Civil Service Commission, Alencon Link, Basingstoke, Hants. RG21 1JB, or Tel: Basingstoke 29222, Ext. 500 or London 01-839 1992 (24 hour answering service), quoting S(Z)/630/1. (20282) 112

WELSH OFFICE — Y SWYDDFA GYMREIG

Scientific Adviser Health Services

£5550

This is a new appointment in Cardiff with overall responsibility for improving the effectiveness of scientific and technical aspects of the reorganised health services in Wales, and for advising on the implementation in Wales of the Zuckerman report.

Main duties will be: to interpret and contribute to policy; liaise with the DHSS and maintain two-way links with area health authorities and hospitals; advise on scientific services and staffing in the health service; plan vocational education and training of scientific and technical staff at all levels; some liaison on purchasing arrangements for scientific and technical equipment including questions of standardisation and variety reduction.

This key post calls for candidates, probably from 35 to 50, who hold a 1st or 2nd class honours degree, or an equivalent qualification, in a relevant subject. Success as an administrator and communicator essential.

Starting salary as shown. Annual increments to £6460. Non-contributory pension scheme. Promotion opportunities not confined to the Welsh Office.

Full details of this appointment may be obtained by writing to the Civil Service Commission, Alencon Link, Basingstoke, Hants., RG21 1JB, or by telephoning BASINGSTOKE 29222 ext. 500 or LONDON 01-839 1992 (24-hour answering service), quoting S/8440/AM. Closing date 6 December 1973. (20361) 112

GOVERNMENTAL

Medical Officers Research

(£4498-£6245)

ARMY PERSONNEL RESEARCH ESTABLISHMENT, Farnborough, Hants.

Research into physiological and psychological factors which may affect a soldier's performance.

Post 1: physical fitness and the energy cost of occupational activities in the Army.

Post 2: effects of clothing and military equipment on physiological responses to environmental stresses.

CHEMICAL DEFENCE ESTABLISHMENT Porton Down, Wilts.

Defence research against chemical warfare and into aspects of trauma, including human physiological response. Candidates should have a qualification in a preclinical science, preferably physiology.

All candidates must be fully registered as medical practitioners in the United Kingdom.

Starting salary will be within the quoted scale according to qualifications and experience. Promotion prospects. Non-contributory pension scheme.

For full details and an application form (to be returned by 5th December, 1973) write to **Civil Service Commission, Alencon Link, Basingstoke, Hants RG21 1JB**, or telephone Basingstoke 29222 ext. 500 or London 01-839 1992 (24 hour answering service), quoting S(Y)/630. (20001) 112

Hobart Clinic
Applications are invited from legally qualified medical practitioners possessing a specialist qualification in Radiotherapy for position of Radiotherapist-in-Charge, Hobart Clinic. The appointee will be responsible to the medical director.

The Institute, of which the Peter MacCullum Clinic is part, provides a radiotherapy service throughout Victoria and Tasmania where megavoltage therapy units are in use in Launceston (cobalt 60) and Hobart (6MEV, linear accelerator). The clinic is associated with the clinical teaching of the medical course of the University of Tasmania.

Salary will be within the range of \$A15,776 to \$A18,590 per annum, dependent upon qualifications and experience. Other conditions include superannuation, long service leave, sick and recreational leave. Limited rights of private practice may be granted.

As interstate or overseas appointee will be granted economy class air fares for himself and family, together with an allowance for removal of furniture and personal effects.

Particulars of the appointment and duties may be obtained from the Medical Director, Mr. R.D. Wright.

Application forms available from The Manager, 278 William St. Melbourne, Victoria, 3000, close on 24th December 1973. (58130) 118

Box 48, Torquay, Victoria, 3228, Australia. 118 to travel and accommodation from Lions Club of Torquay, P.O. Box 48, Torquay, Victoria, 3228, Australia.

Opportunities Overseas

The posts described below are partly financed by the British Government under Britain's programme of aid to the developing countries. They offer a challenge and the possibility of doing a responsible and worthwhile job. The emoluments shown cover basic salaries and allowances; salaries are assessed in accordance with qualifications and experience. Other benefits include paid leave, free family passages, children's education allowances and subsidised accommodation. An appointment grant of up to £200 and car purchase loan of up to £600 may be payable in certain circumstances. Superannuation rights can be safeguarded. Appointments are for 2-3 years in the first instance. Applicants should normally be citizens of, and permanently resident in, the United Kingdom and be eligible for full registration with the General Medical Council in the U.K.

Seychelles

OBSTETRICIAN —
GYNAECOLOGIST

Required to work in the Victoria Hospital, Mahe. To be in sole charge of maternity unit gynaecological beds and out-patients clinic. Applicants must possess the M.R.C.O.G.

Salary £4,348 or £4,468 p.a. which includes an allowance payable in the United Kingdom and normally tax free, of £696 or £816 p.a. Terminal gratuity 25% of gross salary.

Equivalent gross U.K. return approximately £6,450 p.a. married and £6,300 p.a. single.

Anguilla

MEDICAL OFFICER

Urgently required for General Medical duties including Surgery and Public Health. Appointment for 1 year.

Salary, in scale £3,024-£4,117 p.a. which includes an allowance payable in the United Kingdom, and normally tax free, in range of £1,224-£1,842 p.a. Terminal gratuity 25% of gross salary.

Equivalent gross U.K. return approximately £5,700-£6,300 p.a. married and £4,750-£5,300 p.a. single.

NOTE: For both posts the figures show the gross (i.e. before tax) U.K. returns which are roughly equivalent to the total emoluments and gratuity for a married man with two children, and for a single man, paying tax at standard rates.

RHEUMATOLOGIST AND LECTURER (OR SENIOR LECTURER) IN MEDICINE

Applications are invited from suitably qualified Medical Practitioners, who qualify for Specialist Status, for the full-time position of Rheumatologist and Lecturer (or Senior Lecturer) on the Clinical and Teaching Staff of the Department of Medicine of the Otago Hospital Board and University of Otago Medical School, Dunedin.

The duties of the appointee will consist of clinical work in the field of Rheumatology; but with some responsibility for the teaching of Medical Students and with the opportunity to undertake research activities.

Salary will be in accordance with the Hospital Employment (Medical Officers) Determinations, Specialists Scales, namely: (a) Automatic Scale — \$11,290 p.a. — \$15,120 p.a. (b) Higher Gradings subject to determination by Medical Officers Grading Committee: \$15,892 p.a. — \$16,666 p.a. — \$17,549 p.a. — \$19,291 p.a.

The commencing rate within these Scales will be determined by the Department of Health's Medical Officers Salaries Grading Committee in accordance with the qualifications, experience, status and ability of the appointee. The salary will be subject to any deduction imposed by law.

Assistance with travelling expenses will be paid in accordance with the information attached to the Conditions of Appointment.

Applications on the prescribed form attached to the Conditions of Appointment, available from the Board's Office will be received by the Chief Executive, Otago Hospital Board, P.O. Box 948, Dunedin, New Zealand, until 15th January 1974. (20543) 118

Medical Research in Germany

Are you a doctor looking for a new venue involving interesting medical research? Then what about in Germany and in a pharmaceutical company of international scientific repute?

We, at Chemie Grunenthal, offer you a position with excellent opportunities and the best scientific conditions.

We are one of the leading firms in pharmaceutical research in Germany with a "know-how" which has been acquired over the space of many years.

You will be working on scientific innovations above all in the fields of Chemotherapy, Pharmacotherapy and Endocrinology. That means solving therapeutic problems, combining therapy and practice, international exchange of experience, co-operation with clinicians, pharmacologists, toxicologists, microbiologists, chemists, and biochemists.

As regards your personal life, it also means regular working hours with an attractive salary, other interesting benefits and a home in a beautiful part of Germany.

Applicants should have a good knowledge of German or be prepared to learn the language here. If you find all this interesting, please write to us enclosing a curriculum vitae in preparation for an interview.

When PAIN is the problem
Paramol-118

Paracetamol fortified with Dihydrocodeine

**eases your surgery burden by
providing reliable low-dose control**

**eases your patient's burden by
providing rapid and effective relief**

Paramol is a Trade Mark of BDH Pharmaceuticals Limited London E2
Full information is available on request.

The habitual offender. Flatulent dyspepsia.

His is a common enough case. He has been before you many times. And it's always the same old trouble. Flatulent dyspepsia. Antacids and a variety of other preparations have failed to provide the complete answer. His symptoms keep recurring.

Now, with Maxolon, you can break this unpleasant routine. Maxolon, in contrast to antacids, overcomes the motility defects which

are so often the cause of flatulent dyspepsia. So Maxolon can work where antacids would fail.

Prescribe Maxolon for your flatulent dyspepsia patients and judge the results for yourself.

Full information is available on request.

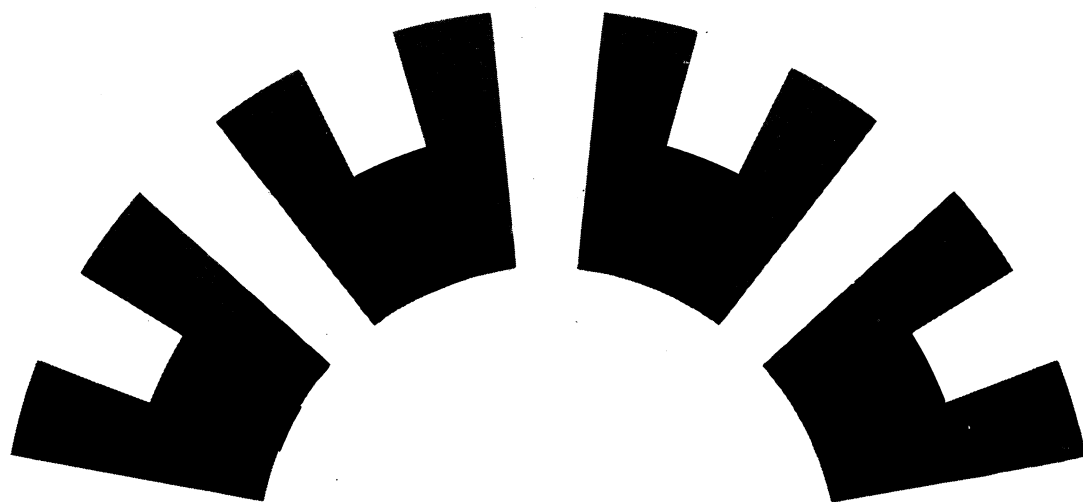

Maxolon* (metoclopramide) is a product of
Beecham Research Laboratories,
Brentford, England.

*regd.

Maxolon breaks the routine of flatulent dyspepsia

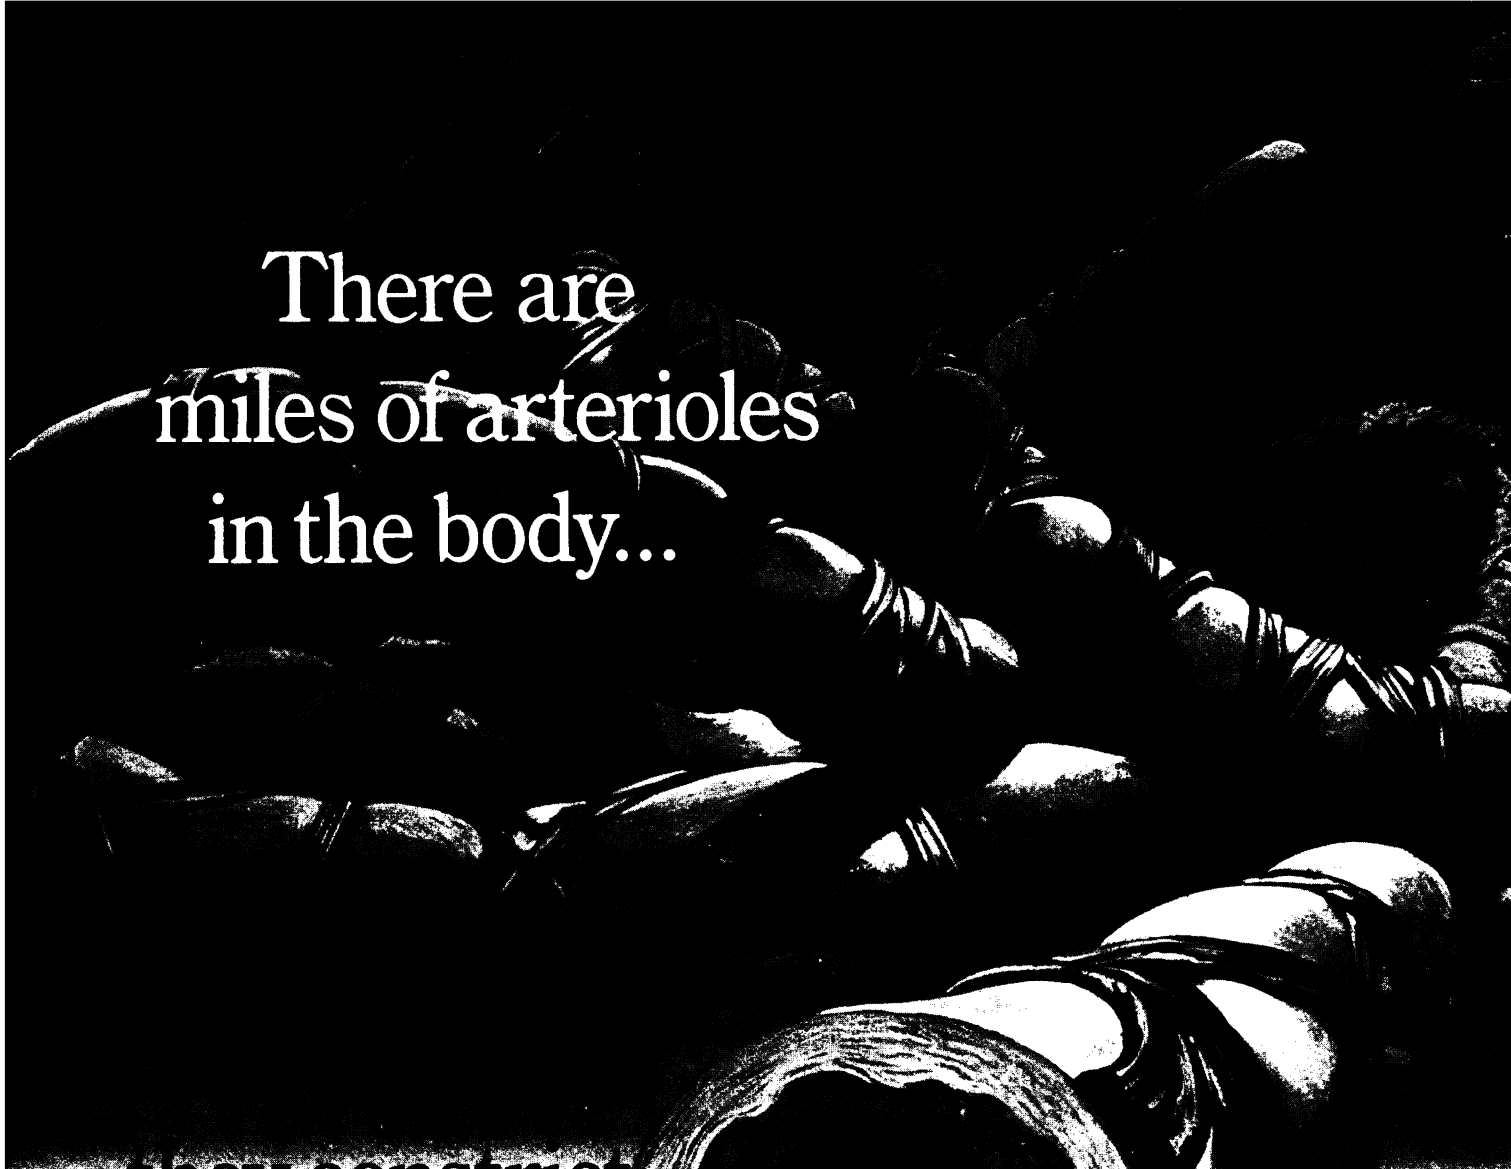

**the first dose in the morning
is the last dose of the day**

ISMELIN[®]

guanethidine sulphate

the once-a-day way to treat hypertension

C I B A

There are
miles of arterioles
in the body...

they constrict

Blood supply to the periphery is suddenly reduced. The skin cools. If any abnormal constriction lasts, some tissue anoxia develops. Eventually, if not relieved, gangrene can set in. Opilon is the simple and specific way to solve the problem of peripheral vasospasm, with one tablet four times a day.

Vasospastic conditions: Opilon improves blood flow in the skin and superficial tissues in such conditions as Raynaud's phenomenon, night cramps, acrocyanosis and chilblains.

Occlusive conditions: by selectively enhancing the peripheral blood flow and thus maintaining nutrition of the skin distal to the block, Opilon can be used with beneficial effect in intermittent claudication and other occlusive circulatory disorders.

Supplied as tablets containing thymoxamine 40 mg. Full information on request. William R. Warner & Co. Ltd., Eastleigh, Hants. Tel. Eastleigh 3131

Opilon is a registered trade mark.

Opilon

helps blood go to extremes

Erythroped PI
Children over 2 years - Adults
500 mg./5 ml.

Erythroped is the easy antibiotic. Easy for you to prescribe. Easy for parents to give. Easy for children—and old people—to take.

Erythroped is made in 3 strengths for 3 different age groups—the only children's antibiotic that is. We've increased the three strengths, so now Erythroped is even more effective. Simply prescribe them by name, according to the age of the child, q.i.d.

And the delicious cherry taste of Erythroped will ensure that all the treatment you prescribe gets taken.

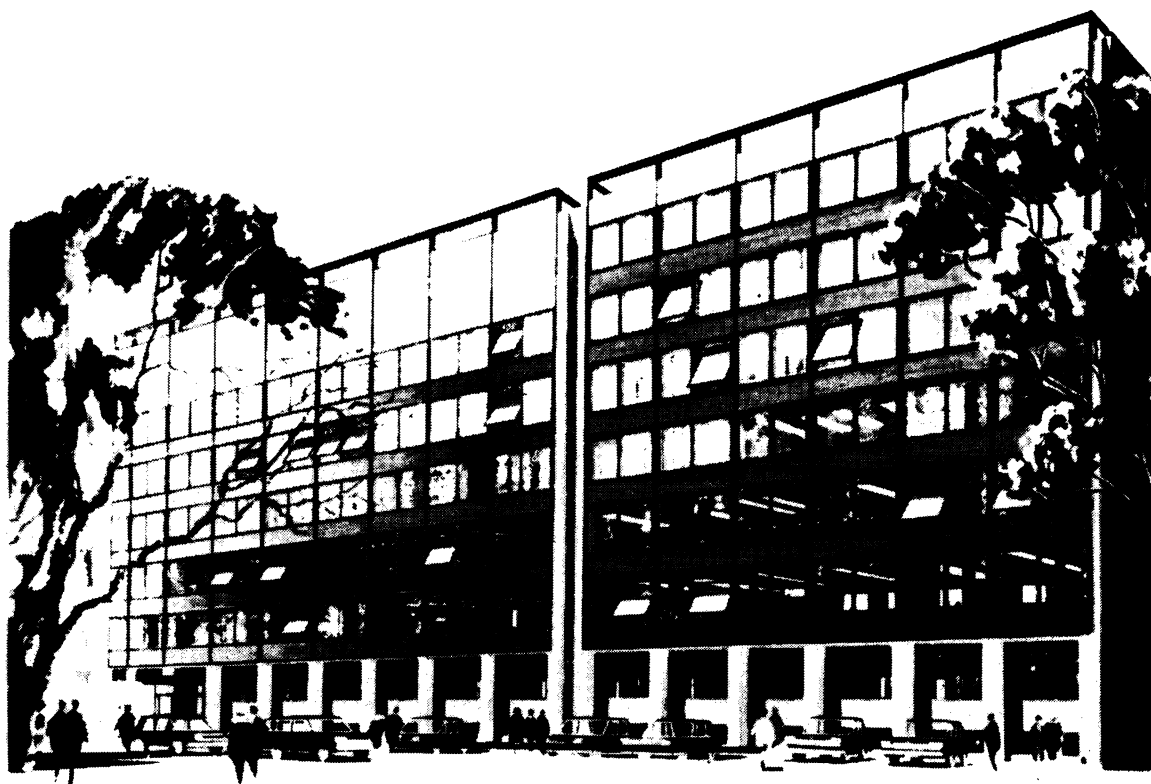

You know exactly where you are with Erythroped. It's the antibiotic that makes life easier for everyone.

Full information on Erythroped (Erythromycin ethyl succinate) from **Abbott Laboratories Ltd., Queenborough, Kent, ME11 5EL.**

The main laboratories at Lincoln's Inn Fields

The Imperial Cancer Research Fund deserves your support

because

- It is entirely financed from voluntary contributions and devotes more than 95p of every pound donated to cancer research.
- Its laboratories at Lincoln's Inn Fields offer unrivalled facilities and are the largest independent centre for cancer research in Europe.
- It is committed to an expanding research programme and its hopes for the future depend on YOUR SUPPORT NOW.

For everyone's sake support I.C.R.F. now with an offer of help or a donation.
It makes sense.

Donations may be sent to: I.C.R.F., Dept. 101,
P.O. Box 123, Lincoln's Inn Fields, London, WC2A 3PX.

bronchitis

Bronchitis means the loss of millions
of working days.

This winter, as every winter, you can expect to see
a number of new patients with acute bronchitis.

This winter, too, you'll be seeing a lot of familiar faces—
your regular chronic bronchitic patients.

Ceporex can help all your bronchitic patients.

Ceporex is cephalexin, the broad spectrum antibiotic from Glaxo.

With a success rate of 94% in acute bronchitis
and 87% in acute exacerbations of chronic bronchitis*.

Prescribe Ceporex this winter.

**You'll help get rid of bronchitis.
Safely and surely.**

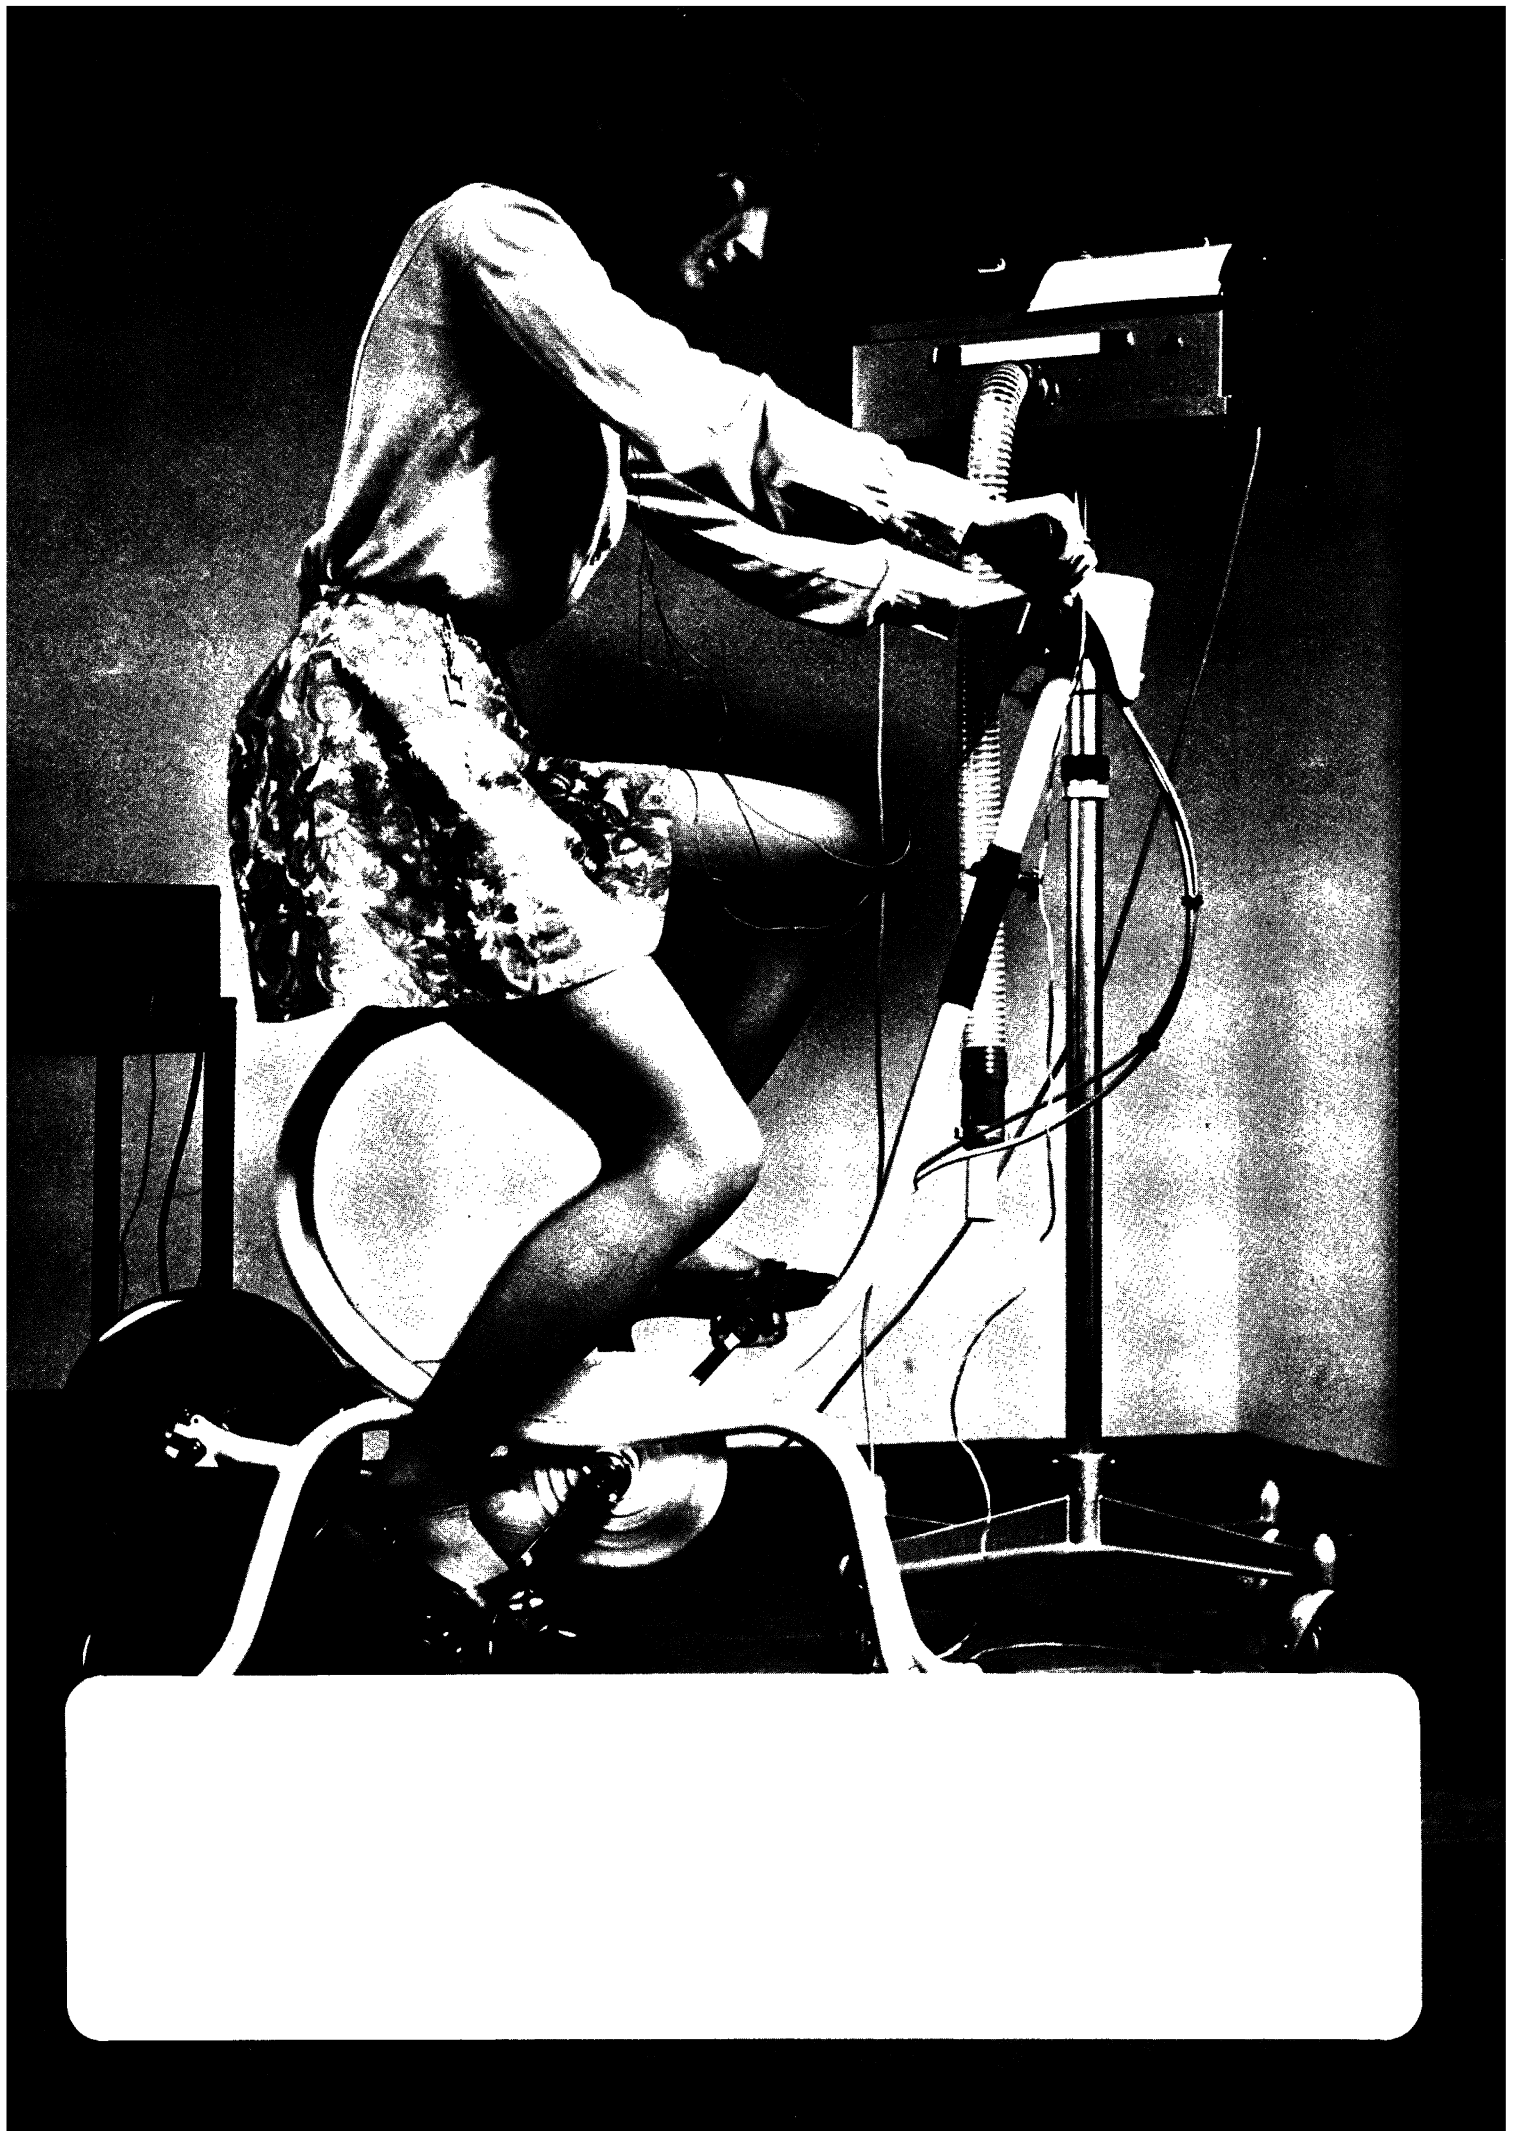

Presentation Ceporex is available as tablets, capsules
and syrup in 250mg and 500mg strengths.

Glaxo

Literature on Ceporex (trade mark)
is available from Glaxo Laboratories Ltd
Greenford, Middlesex, UB6 0HE

**Advances in Antimicrobial and
Antineoplastic Chemotherapy,
1972, 1, 1199*

Most doctors know that for many patients with asthma, treatment with Ventolin is all that is needed.

* A bicycle ergometer was used to the extent necessary to induce an asthmatic attack in 9 asthmatic patients. All these patients had positive skin tests.

A dose of two inhalations of Ventolin Inhaler prior to the exercise prevented an asthmatic attack in 8 out of 9 of the patients. The one who failed, obtained full protection when the dose of Ventolin was doubled.

As a comparison sodium cromoglycate, in a dose of one capsule (20mg), was given to 6 of the same patients prior to exercise. Protection against asthma was obtained in 4 of the 6 patients.

Doubling the dose to two capsules still failed to protect the one patient who had required a double dose of Ventolin.

(*Brit. J. Dis. Chest*, 1972, 66, 133.)

Ventolin Inhaler – a metered aerosol of salbutamol BP – rapid, effective and long-lasting.

Ventolin Tablets 2mg and 4mg – each contain salbutamol BP as sulphate – for routine, oral bronchodilator therapy.

Ventolin Syrup – contains salbutamol BP as

sulphate – fruit flavoured for ready acceptability by children.

Ventolin Spandets – each contain salbutamol BP as sulphate – sustained-action tablets, particularly suitable where nocturnal bronchospasm is a problem.

ANAFRANIL

ANAFRANIL®

Effective treatment for diffuse phobic anxiety,
agoraphobia and other phobic disorders

ANAFRANIL®
