

Surgical hosiery provides venous support, but PAROVEN is a kind of 'physiological elastic stocking' for the capillaries.

"The most obvious effect of treatment with HR (Paroven) is the very constant relief of night cramps, with an improvement exceeding 90 per cent."

Brit J Clin Pract (1970) 23, 161

"The degree of relief in chronic aching pain in the legs was not so marked (compared with 90% improvement in night cramps and 70% improvement in heaviness of the legs), but still amounted to 54 per cent."

Brit J Clin Pract (1970) 23, 161

"Symptoms of heavy legs are improved in 70 per cent, and it was generally agreed that not only did legs feel lighter but the patients were more agile."

Brit J Clin Pract (1970) 23, 161

"The improved venous blood oxygenation and the reduced tissue oxygen extraction indicated better tissue perfusion with less blood oxygen having been taken from the increased capillary blood flow."

Brit med J (1971) 2, 138

PAROVEN[®]

improves capillary flow

Relief of symptoms in varicose disorders

Varicose veins, post-phlebitic syndrome, superficial thrombophlebitis, varicose ulcers, varicose eczema, ankle oedema, restless legs, paraesthesia, haemorrhoids.

Dosage Initial treatment: 4 capsules a day, preferably with meals. In most cases, at least four weeks treatment with PAROVEN is required before significant benefit is felt. At the point where the patient experiences benefit, the dosage may be adjusted to a maintenance level. Maintenance treatment: 1-2 capsules a day.

Side effects and Precautions In a few patients, slight gastro-intestinal disorders, flushes and headaches have been reported. These are usually overcome by taking the capsules with meals or by slight adjustment of dosage. There are no known contra-indications to PAROVEN; it is virtually non-toxic and has no teratogenic effects. In keeping with current teaching and practice its use during the first trimester should, however, be avoided.

Availability Capsules, each containing 250 mg of O-(β -hydroxyethyl)-rutosides (not less than 45% troxerutin) in bottles of 20 and 100 capsules.

Further information is
available on request.

Has she got intrinsic

Becotide Inhaler is likely to be effective whatever the type of asthma and whatever the aetiology.

In a trial of Becotide Inhaler in 17 asthmatic patients, intrinsic in 13 and extrinsic in 4, the results were equally good in both types of asthma. Of three patients with more severe intrinsic asthma the following report was given:

"Patients 13, 16 and 17 were all controlled on prednisolone in excess of 10mg per day and were unable to reduce the dose of prednisolone below that level without clinical deterioration. They now remain as well, if not better, controlled on the steroid aerosol (Becotide) in a dose of 100mcg four times a day and all have normal basal plasma-hydrocortisone levels."

(Lancet, 1972, 1, 1361)

"Effective control of the asthma (with Becotide Inhaler) is achieved with no evidence of systemic absorption or steroid side effects . . . As many of them had already failed to respond to disodium cromoglycate this new approach may have much to offer."

(Brit. med. J., 1972, 1, 585)

or extrinsic asthma?

**Becotide Inhaler
provides effective relief in both
intrinsic and extrinsic asthma . . .**

**and avoids unwanted
steroid side effects.**

This is because of the intrinsic properties of beclomethasone dipropionate and its localisation at the intended site of action.

Extensive clinical trials ^{1,2,3,4,5} have shown a high rate of success and no evidence of systemic steroid side effects, including adrenal suppression, in the recommended dosage.

FALSE ALARM!

A person often experiences anxiety when it can serve no useful purpose. A signal originates in the amygdala (orange spot) and is transmitted into the body via the hypothalamus (red spot) and autonomic nervous system. In such cases, anxiety becomes a problem causing many difficult and unpleasant symptoms.

Nobrium relieves anxiety by a precise action on the amygdala—the source of anxiety. It also acts specifically on the hypothalamus to damp the transmission of anxiety into the body. The precise action is highly effective—relieving over 80% of patients¹—and causes few side-effects² as other parts of the brain are virtually unaffected.

When bronchitis

causes concern

In acute-on-chronic bronchitis and other severe chest infections, you can be more certain of first-time success when you prescribe Magnapen.

Magnapen's greater certainty means that the patient is more likely to respond quickly, minimising the damage to lung tissue. And Magnapen can save you the time which you might otherwise have to spend on repeat visits, second consultations or night calls to patients who may fail to respond to other antibiotics.

Magnapen destroys virtually all the bacteria met in general practice. So you can rely on Magnapen even when there are no laboratory reports to guide you.

Full information on Magnapen is available on request.

Magnapen* (ampicillin with flucloxacillin) is a British product originated by

a top performer

in psoriasis &

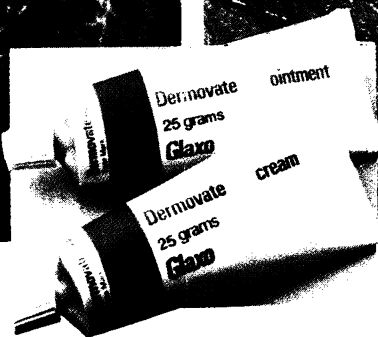

stubborn eczemas

Psoriasis

After 8 days' treatment with clobetasol propionate

When the next patient presents with a psoriasis or eczema requiring a more effective steroid than has so far been available, take the opportunity to assess the merits of Dermovate yourself.

Dermovate contains clobetasol propionate, a new Glaxo steroid that has been the subject of clinical trials in over 1,100 referred patients with these conditions.

In psoriasis, a notably stringent test of topical steroid efficacy, thorough comparison with the modern steroids suggested Dermovate superior.

Dermovate also proved second to none in various other stubborn, inflammatory dermatoses.

So next time psoriasis or a recalcitrant eczema looks like becoming a clinical problem, why not put Dermovate to the test?

A sample and detailed information are available on request from:
Medical Department, Glaxo Laboratories Ltd, Greenford, Middlesex

SEPTRIN TACTICS

first

SEPTRIN ensures coverage against all likely bacterial pathogens.

fast

SEPTRIN rapidly obtains effective blood levels with simple twice daily dosage.

decisive

SEPTRIN crushes bacterial resistance with a bactericidal action which differs essentially from that of the antibiotics

Superior to either ampicillin or tetracycline as judged by reduction in sputum purulence or sputum volume.^{1,2}

"...not only are the two primary pathogens, *Strep pneumoniae* and *H influenzae*, sensitive, but so are the secondary invaders such as *klebsiella* which often replace them after antibiotic treatment."³

"...can only be considered excellent on the criteria originally specified, namely the elimination of the infecting micro-organism."⁴

superior in bronchitis

One day they'll find me out.

He's a poet, a writer and one of the most dazzling playwrights of his time. Yet he's unhappy, withdrawn and racked with self-doubts.

He believes his talent is superficial; that he isn't as creative as people think, that one day everyone will "find him out". So he pushes himself too hard, works night and day but is never satisfied.

He is an anxious depressive with obvious symptoms of agitation and a deep underlying depression.

Obviously we must treat both the anxiety and the depression. That's why we need Limbitrol.

Limbitrol combines an effective

anxiolytic Librium, with amitriptyline, a proven antidepressant. The patient feels the supportive benefit of the anxiolytic almost immediately. His depression begins to lift within days.

The General Practitioner Research Group used both drugs over a period of years as standards for comparison for newer psychotropic agents. They have concluded, 'None of the newer drugs that we have investigated have proved to be significantly better than the two standard drugs, namely: Chlordiazepoxide in anxiety, and amitriptyline in depression.'¹

¹Proc. roy. soc. Med., 1972, **65**, 317.

Limbitrol is the trade mark for Roche pharmaceutical preparations containing chlordiazepoxide and amitriptyline. Librium is the trade mark for Roche pharmaceutical preparations containing chlordiazepoxide.

**The Anxiety-Depressive Syndrome.
Are you half-treating your patients?**

Q A

How much Caved-S can an intractable duodenal ulcer patient take?

For a full year without relapse, 12 tablets a day for up to 16 weeks*

The Practitioner

June 1973 Vol. 210 pp. 820-823

* This dosage regimen was established in a recent trial of Caved-S on patients all with intractable duodenal ulcer and a history of more than six relapses in the year prior to the trial. Of twenty patients receiving 12 Caved-S tablets a day for 16 weeks, 12 had no relapse in a full year's follow-up, and the other 8 had two or one relapse in the follow-up year. All these patients had actually been referred for surgery, but surgery was avoided in all cases. Another similar group of 20 patients received 8 Caved-S tablets a day for 8 weeks - the condition of patients selected was too serious for controls with a placebo. Of this second group 3 had no relapse, 7 up to two relapses, and 10 up to 4 relapses in a year's follow-up.

No significant side effects occurred. Only one patient discontinued treatment, and he later resumed treatment successfully.

The authors conclude:

"Caved-S . . . should be given in high dosage before surgery is attempted in patients with duodenal ulcer who fail to respond to a low dose or other treatments."

Caved-S

the ulcer fighter

Licence No. 0425/5000
Composition: Liquorice (not more than 3% glycyrrhizinic acid) 380 mg., bismuth subnitrate 100 mg., alum. hydrox. gel 100 mg., light mag. carb. 200 mg., sod. bicarb. 100 mg., frangula bark 30 mg.; brown tab.

Caved-S effective and economic in high dosage

Jones B. missed the battle of Waterloo.

When upper respiratory bacterial infection keeps a child from school, the gaps in his education tend to snowball. He can soon find himself falling behind.

That's why he needs 'Eskacef,' fast.

'Eskacef' acts quickly, is strongly bactericidal, has high tissue penetration, and extremely low toxicity. Nephrotoxicity has not proved a problem, even in children. So you can hit the infection hard in the beginning, giving the child the best possible chance of recovery in the shortest possible time. 'Eskacef,' paediatric suspension has a pleasant fruity flavour.

'Eskacef' Starter Packs

Because 'Eskacef' acts quickly, a 'Starter Pack' in the surgery will put your patient on the road to recovery fast.

The packs are available from your SK&F representative.

'Eskacef' (cephradine) is available as capsules, oral suspension and vials for injection.

Further information available on request.

eskacef
Gets them back to school fast.

the days of aspirin are numbered

**New trial shows:-
In 13 weeks time your patients
would be doing a lot better on Prinalgin
than on aspirin.**

A recent trial* shows Prinalgin to be superior to high dose aspirin by all the normal criteria of improvement in rheumatoid arthritis.

In particular, one feature of the trial really stands out: After 91 days (13 weeks) the superiority of Prinalgin becomes increasingly significant.

The conclusion is obvious: long lasting improvement in rheumatoid arthritis is better achieved with Prinalgin than high dose aspirin.

Auntie remembers— taking her Lucidril.

Forgetfulness presents itself in many ways in old age—for example, a patient often forgets when and how much to take of any prescribed medication.

Lucidril can help a patient's memory by an action that does not depend on improving the blood supply to the brain.

Lucidril starts the old brain working again—along different lines. Firstly, it stimulates the metabolism of

the brain, probably through different pathways. Secondly, it removes the lipofuscin pigments which are a concomitant of old age and which may impair cellular metabolism.

Lucidril thus improves mental function; as a recent clinical paper has pointed out:*

"These preliminary results [with Lucidril] are encouraging, because they indicate that the intellectual impairment exhibited by such patients

may be reversible, even when the underlying causes are presumably of an organic nature, such as cerebral arteriosclerosis."

Lucidril 300 contains 300 mg. meclofenoxate hydrochloride. Product Licence Number 0098/5002. Lucidril is a trade mark.

*Copies of the paper, Age and Ageing, (1972) 1, 74, and any further information are available on request.

If you think
you have a good chance
of falling ill
during the next 20 years,
call this number.

01-636 1686

Just about everybody falls ill sometime. It happens to doctors just as much as it happens to everybody else. Without regular money coming in, the expenses of your practice and home can prove to be a crippling financial burden.

Luckily there's a cure for all this. A sickness and accident policy with the Medical Sickness Society. The mutual society founded to take care of the insurance needs of doctors and dentists.

If you should fall ill for a long time the policy will make sure there's adequate money coming in to your bank account to take care of your expenses.

And we'll go on paying until you're fit enough to go back to work again or, if necessary, right up to your retirement age.

So contact us now. Be it for sickness and accident cover, or for life assurance, a pension plan, an equity-linked savings policy, or just plain advice about your insurance problems.

All you have to do is 'phone 01-636 1686. We'll do the rest.

Are your bronchodilators getting through to the patient?

Intal is well established as a highly effective treatment for allergic asthma in the young.

But what about the late-onset patient with obstructive airways disease?

Once an asthmatic attack has started, an aerosol bronchodilator may not give adequate relief. It may only reach part of the lung, resulting in hyperventilation where it's least needed and little or no effect in the obstructed area.

Can Intal prevent this situation arising?

Clinical studies^{1,2} show that a surprisingly high proportion of patients over 40 benefit from Intal, even where there is no clearly defined allergic component.

1. Proc. Symp. Sodium Cromoglycate, Roy. Soc. Med. London, March 5th, 1969, page 171.

 **FISONS** 

Full information is available from FISONS LIMITED -
PHARMACEUTICAL DIVISION, Loughborough, Leicestershire, England.

Vertigo is an anxious business. Hence Vertigon.

The psychological aspects of vertigo can be critical. Anxiety can trigger the attacks.¹ And the attacks intensify anxiety.²

That's why therapy must be aimed at both. That's why we've produced 'Vertigon'.

'Vertigon' is a powerful vestibular sedative with both anxiolytic^{3,4,5} and antemetic properties.^{6,7,8}

It is effective during attack and can provide protection, too.

Taken early or in stressful situations it should usually avert the active phase.

'Vertigon' is available as sustained-release 'Spansule' Capsules. It gives smooth, continuous, day-long control so there is steady drug release, less chance of break-through symptoms and fewer side effects.

'Vertigon' can be taken for long periods of time.^{9,10} Further information available on request.

GOOD NEWS
FOR
CHRONIC
BRONCHITIS

Bactrim Roche

In April 1973 an article¹ in The Practitioner showed that Bactrim Roche – already an established treatment for acute exacerbations of chronic bronchitis superior to ampicillin,² the tetracyclines^{3,4} and cephalixin⁵ – can also play a valuable role in the long-term management of that condition.

LINCTIFED EXPECTORANT

effective expectoration in bronchitis

The sporting life.

Many of your hypertensive patients may be denied it on their present treatment.

But it comes free with 'Inderal'. Free because during 'Inderal' treatment exercise does not cause hypotension. Nor does posture or hot weather.

So the patient is not only normotensive for 24 hours a day, but he is also free to play. And to think, move and love. He can recover his lost form, with 'Inderal'.

Further information is available on request.

INDERAL

Treatment for life.

'Inderal' is a trademark for Propranolol.

John Armstrong suffers from bouts of deep depression

He has psoriasis

Have you ever stopped to think what it is really like to be a psoriatic? Psoriasis is more than a skin disease. It is a terrible mental affliction, particularly for young people and can literally ruin their lives. Most forms of treatment are equally depressing.

Steroids under polythene? True the lesions may resolve rapidly but in almost all cases the rebound factor will bring back the psoriasis even more quickly and more severely. And the patient will rebound into your surgery with a questioning look after doing unspeakable things to himself in a youth hostel – or trying to lead a normal love life in a plastic bag!

Coal Tar? Anointing oneself with smelly tar is even less appealing.

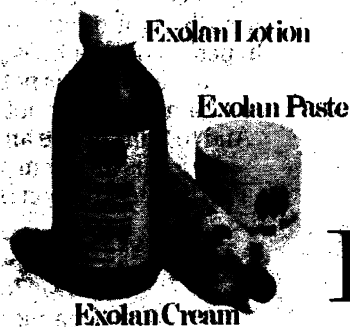

Dithranol? Certainly very effective treatment, but patients jib at the burning and particularly the staining which makes the lesions even more noticeable while under treatment.

The Advantages of Exolan Treatment Exolan attacks the psoriatic lesions with the striking effectiveness of dithranol but without its unpleasant side effects of burning and staining.

Exolan has been available for years as a paste and a cream – and now, in response to the suggestions of dermatologists – Exolan has been formulated as a Lotion, particularly for those patients with dry scaly lesions, lesions of the scalp, and of the flexures, where a soothing emollient effect is required.

Exolan Lotion could make your surgery a less depressing place for you and your patient.

Exolan (triacetoxanthracene) is available as a Paste, as a Cream and as a Lotion.

Buttered toast — the big question

By ALAN MARRAS

LOTS OF HOT TOAST with loadings of butter may be a temptation. But is it good for you?

Animal fat is a killer, says doctor

Finland has the highest incidence of coronary heart disease in the world — in an effort to reduce the death rate subjects with polyunsaturated fat diets.

Margarine to prevent coronaries?

Egg yolk and bacon 'can kill'

The validity of diet as a means of lowering serum cholesterol was considered proved

Dramatic drop in coronaries following polyunsaturate diet

ONE of the first really long-term studies to investigate the effects of cholesterol-lowering diets on mortality and morbidity from coronary heart disease has recently been carried out by the Department of Biochemistry, Institute of Occupational Health, Helsinki.

Pro in Helsinki. "Let's prove a coronary."

"Such risk out. The case changed a fed fat. Milk and milk" who to which a Special polyunsaturated and cooking routine for the age group like this.

Finally, after several months the study has shown that the subjects who had been on the polyunsaturated diet had a dramatic drop in the incidence of coronary heart disease.

After six years the two hospitals involved agreed and another set of figures showed that can be reconstructed from the original records of the two hospitals.

of diet, and tested "from better films primarily, after the hospital of the survey. Professor J. I.

Animal fats: a warning

Frank light on the subject way in which polyunsaturates may not be harmful.

"One should not be so alarmed that the actual therapeutic approach in coronary disease may be due to a metabolic deficiency of linoleic acid," he told BMJ. "There are in such a way as to inhibit the intracellular production of prostaglandin G₂."

It normally has a pronounced anticoagulant effect. And if the important polyunsaturated fat, linoleic acid, is deficient, no substitute will do. So it looks as though

It is safer to eat Flora

Few people now discount the relationship between saturated fats, high blood cholesterol levels and coronary heart disease.

Many authorities would argue that some substitution of polyunsaturated fats for saturated fats in normal diet may reduce the risk of coronary heart disease. And, because of its cholesterol-reducing properties, Flora is particularly effective in the dietary treatment of some hyperlipidaemias.

Where the risk of heart disease is present — Flora margarine makes very good advice.

Flora

Highest in polyunsaturated fats.

At least 50% of Flora's fat content is linoleic essential fatty acid. Flora has a fat content of not less than 80% of the total product and is sold in half pound tubs.

NEW REPORT

non-ergotamine migraine treatment SHOULD BE TRIED FIRST!

"On the results of this trial¹ (Migraleve versus ergotamine/cyclizine), it would certainly seem justified to try first simpler drugs, such as the (Migraleve) anti-histamine-analgesic combination used in this study . . ."

Both preparations were effective in relieving the symptoms of migraine, but vomiting was less severe with Migraleve - calling into question the use of ergot preparations, particularly in view of the limited period over which they could be administered with safety. In contrast, therapy with Migraleve can be continued as long as necessary.¹

This confirms the results of an earlier trial² which showed that 65% of regular ergotamine users preferred Migraleve and that Migraleve successfully treated the migraine attack in 79% of patients.

With Migraleve, many migraine sufferers feel that for the first time in the history of their condition they have something which is effective in averting or relieving their attacks. A typical response to a first trial with Migraleve is . . .

"RELIEF! Only a fellow migraine sufferer can appreciate what it means!"

Migraleve®

Rx 'Migraleve-24' for duo-treatment pack containing 16 Pink and 8 Yellow tablets. Detailed dosage instructions enclosed in each pack.

Each Pink tablet contains buclizine dihydrochloride 6.25mg, paracetamol 500mg, codeine phosphate 8mg, dioctylsodium sulphosuccinate 10mg. Each Yellow tablet contains paracetamol 500mg, codeine phosphate 8mg, dioctylsodium sulphosuccinate 20mg.

GENERAL PRACTICE TRAINING POSTS (See also p. xxii)

ISLE OF THANET (EAST KENT) VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTICE

A Vocational Training Scheme for General Practice is in operation in the hospitals of the above-mentioned area, consisting of four periods of six months in hospital posts in Senior House Officer Grade, followed by one year in General Practice. Vocational Training Grant payable on completion of the course. The hospital posts are as follows:— Paediatrics, E.N.T., Ophthalmology and Occasional Emergency Surgery, Obstetrics, General Medicine (including Skins and Physical Medicine), Geriatrics and Psychiatry. (Possible variations to suit individual).

The first three posts are at the Isle of Thanet District Hospital (Margate and Ramsgate Wings) and the fourth at Nunery Fields Hospital, Canterbury. Training is recognized for the D.(Obst.)R.C.O.G., and the M.R.C.G.P. An extended day release course over 3 years is held at the Kent Postgraduate Medical Centre, Canterbury and trainees are able to attend this Course: regular programmes of lectures and demonstrations are arranged in the Thanet Group.

Suitable single or married accommodation available for the duration of the hospital appointment.

Two vacant posts, one to commence as soon after 1st December, 1973 as possible and one to commence on the 1st June, 1974. Further information available from Hospital Secretary, District Hospital, Margate, Kent. (58364) 22

Orders for specific grades cannot be accepted. Payment must be PREPAID and enclosed with application.

GENERAL PRACTICE TRAINING POSTS (See also p. xxi)

Vocational Training for General Practice Taunton Scheme

An exciting opportunity for far-seeing Young Doctors occurs in this scheme which has been carefully planned in every detail.

Places will become available each six months — and every doctor will gain experience in two progressive General Practices and be offered options rotating through active responsible posts in Paediatrics, Medicine, Obstetrics, Accident & Emergency, Geriatrics, Psychiatry and E.N.T. This is a three-year course, one year of which will be spent in General Practice. Half day Release Training will be given in Ophthalmology, Community Medicine, Laboratory Medicine, Chest Diseases, Family Planning and Organisation & Methods of Practice.

The starting date is February, 1974 and interviews will be held in December when posts beginning February and August, 1974 will be filled and applicants wishing to join at points on the rotation other than the beginning will be considered. It is planned that hospital houses will be available and that the practices involved will also have accommodation. The Organisation will be by the Somerset Postgraduate Centre. Applications before 4th December to the Hospital Secretary, Musgrove Park Hospital, Taunton. (Tel: 3444, Ext. 12). (58461) 22

University of Birmingham and Birmingham Regional Hospital Board

Vocational Training Schemes for General Practice

- In 1974 there will be over fifty places available to suitable applicants for three year vocational training in general practice (two years in hospital and one year in practice).
- Schemes have been carefully organised throughout the region (which includes Herefordshire, Shropshire, Staffordshire, Warwickshire and Worcestershire) and there is a central co-ordinating point in Birmingham to ensure some flexibility, total suitability and acceptance of all posts for MRCGP, DCH, DOBstROG and other examinations.
- Additionally care will be taken in providing a comprehensive training involving all specialities and including regional and local meetings during the two hospital years. Close contact with local GP trainees will be arranged by clinical tutors and RCGP tutors throughout the three years. During the years training in a teaching practice a half day release course is provided for all trainees during the three University terms. Some adjustment in the three year period may be allowed for previous experience.
- Posts at SHO level. Vacancies being filled between January and August 1974.
- Applications naming two referees, stating age, sex, qualifications, previous experience and aspirations in the content of the course and area or hospital groups of preference to the Clinical Tutor in the appropriate Postgraduate Centre or to the Regional Adviser in General Practice, 146 Hagley Road, Birmingham B16 9PA immediately. UNIVERSITY AND RESEARCH APPOINTMENTS

DEPARTMENT OF HUMAN ANATOMY
University of Oxford

DEPARTMENTAL DEMONSTRATION
Applications are invited for Departmental Demonstratorships, tenable in the Department of Human Anatomy, in which the following subjects are being actively pursued: Cell Biology, Embryology, Endocrinology, Human Morphology and Neurology. The successful candidates will be expected to take part in teaching up to the standard required for the examinations in one or more of these subjects. Appointments would be for one year in the first instance. Salary according to qualifications and experience, with a maximum of £2,283 per annum and membership of F.S.S.U. Starting date as soon as possible.

Applications (three copies), including names of two referees, should be sent to Professor A.C.M. Weddell, Department of Human Anatomy, South Parks Road, Oxford, OX1 3QX. (H15108)

**NORTHERN
REGIONAL HOSPITAL BOARD
(Scotland)
and
Northern Regional Postgraduate
Medical Education Committee**

Applications are invited for the post of
**REGIONAL ADVISER
IN GENERAL PRACTICE**

to assist the Regional Director of Postgraduate Medical Education in the organisation of General Practitioner Training. This newly established appointment will be on the basis of two notional half-days per week in the first instance. This sessional allocation will be reviewed annually and may be increased to a maximum of four notional half-days per week. Applicants should be actively engaged in general practice as principals within the area of the present Northern Regional Hospital Board or within the area of the proposed Highland Health Board. The salary for the appointment will be £1,383 per annum (two notional half-days).

Further particulars and forms of application are obtainable from the Senior Administrative Medical Officer, Northern Regional Hospital Board, Reay House, 17 Old Edinburgh Road, Inverness, with whom applications should be lodged by 17th December 1973. (H15033) 25

ST. BARTHOLOMEW'S HOSPITAL
London, E.C.1.

THE UNIVERSITY OF NOTTINGHAM

Nottingham University
Hospital Management Committee
General Hospital, Nottingham
**Combined posts of
DEMONSTRATOR
in Department of Human Morphology
University of Nottingham**
SENIOR HOUSE OFFICER
In the Accident and Emergency Department
Nottingham General Hospital
Applications are invited for four of the above combined resident posts. The appointments are for one year, and successful applicants will have a one day attachment to Professor Coupland's Department of Human Morphology at the Nottingham University Medical School.

Two posts will rotate into the Orthopaedic Department in the second six months while still continuing the one day attachment at the Department of Human Morphology, if required.

Holders of these posts who complete the year satisfactorily will then be considered for inclusion in Surgical training programmes at Senior House Officer and Registrar level in the Nottingham Hospitals.

Posts are recognized for F.R.C.S. There is an active postgraduate training programme including primary and final fellowship courses.

N.H.S. Superannuation. Married accommodation may be available.

Further information may be obtained from Professor R.E. Coupland, Department of Human Morphology, University of Nottingham, or Mr. P.A.M. Weston, Consultant-in-Charge, Accident and Emergency Department, Nottingham General Hospital.

Applications giving full details and naming two referees to Group Personnel Officer, Harvey Court, University Hospital, Nottingham. (58307) 25

UNIVERSITY OF BIRMINGHAM
Faculty of Medicine and Dentistry

Applications are invited for a
TEMPORARY LECTURESHIP
in the Department of Physiology in the Medical School. Preference will be given to medically qualified applicants.

Salary in the scale £1,929 — £4,548 + F.S.S.U. Applications (9 copies) naming three referees should be sent by 14th December, 1973, to the Assistant Registrar, The Medical School, University of Birmingham, Birmingham B15 2TJ. Further particulars may be obtained from the Head of the Department of Physiology, Professor S. M. Hilton. (58365) 25

UNIVERSITY OF BRISTOL

Applications are invited from registered medical practitioners for appointment as
DEMONSTRATOR IN PATHOLOGY
Salary Scale £2,535 — £3,696 per annum, according to qualifications and experience. Previous experience in Pathology is not necessary. The duties include assistance with the teaching of medical and other students and the conduct of autopsies. Facilities for research and training in diagnostic histology are available.

Applications (3 copies) giving full name, age and qualifications, details of education and experience, together with the names of not more than three referees, should reach the Secretary, the Senate House, the University, Bristol, BS8 1TH (quoting reference TLJ) from whom further particulars may be obtained, not later than Friday, 7th December, 1973. (20764) 25

UNIVERSITY OF
NEW SOUTH WALESPROFESSOR OF
CLINICAL PHARMACOLOGY

Applications are invited for appointment to the above-mentioned chair. Applicants should possess medical qualifications and have had appropriate teaching, research and clinical experience.

The chair is in the School of Physiology and Pharmacology, but the successful applicant will also have appropriate status in the School of Medicine and may receive a clinical appointment at one or more of the University teaching hospitals. The professor will assist with the development of a teaching programme, extending throughout the medical course, in which pharmacology will be integrated with the basic medical and clinical sciences. He will also supervise and participate in teaching and examining undergraduate and postgraduate students in the University and the teaching hospitals and engage in and promote research and advanced study in the field of his chair.

Basic salary \$A19,102 per annum. It is expected that a loading will also be payable. Subject to the consent of the University Council, professors may undertake a limited amount of higher consultative work. The University reserves the right to fill any chair by invitation.

Applications close 1st February, 1974. Details of appointment, including superannuation, study leave and housing scheme, may be obtained from the Association of Commonwealth Universities (Appts), 36 Gordon Square, London WC1H 0PF. (20772) 25

UNIVERSITY OF OTAGO
Faculty of Medicine
The Christchurch Clinical School
Christchurch, New ZealandLECTURER OR SENIOR LECTURER
IN PSYCHOLOGICAL MEDICINE

Applications are invited from medical graduates for the appointment of lecturer or senior lecturer in Psychological Medicine in the recently established Christchurch Clinical School.

Duties will include undergraduate and postgraduate teaching and participation in patient care. The successful candidate will be expected to engage in research.

Salary: Lecturer: NZ \$8931—\$12762 per annum with a bar at \$10551; Senior Lecturer: NZ \$13130—\$15120 per annum.

Senior Lecturers, and Lecturers above the bar, may be paid an allowance for clinical responsibilities.

Information about the Department may be obtained from the Professor of Psychological Medicine, The Christchurch Clinical School, Christchurch, New Zealand.

Further general information and the method of application may be obtained from the Secretary-General, Association of Commonwealth Universities (Appts), 36 Gordon Square, London WC1H 0PF, or from the Registrar, University of Otago, P.O. Box 56, Dunedin, New Zealand.

Applications close in New Zealand and London on 31st December, 1973. (20770) 25

UNIVERSITY OF EDINBURGH
Department of Radiotherapy

RESEARCH FELLOWSHIP

Applications are invited for the post of Research Fellow at Registrar grade in the Department of Radiotherapy, University of Edinburgh. The post involves clinical duties related to the management of patients with breast cancer in a study supported by the Medical Research Council. Opportunities are also available for personal study and research. Candidates should preferably have had previous experience in radiotherapy but this is not essential. Tenure of the Research Fellowship may be for up to three years.

Salary scale: £2,850—£3,531 per annum. Further details may be obtained from Professor William Duncan, Radiotherapy Institute, Western General Hospital, Edinburgh EH4 2XU.

Applications (in writing) should be lodged with the Secretary to the University, Old College, South Bridge, Edinburgh EH8 9YL, not later than 30th November, 1973. Please quote reference 5082. (20644) 25

UNIVERSITY OF SYDNEY
AustraliaLECTURESHIP/SENIOR LECTURESHIP
IN HISTOLOGY AND EMBRYOLOGY

Applicants should have appropriate qualifications in Medicine, Dentistry, Veterinary Science or Science and research interests in Cytology, Histology or Embryology.

The position advertised is permanent but in appropriate cases an initial three-year appointment may be made with possibility thereafter of permanency or in certain cases return fares.

Salary range: Lecturer \$A8,698—\$11,982; Senior Lecturer \$A12,268—\$14,308 p.a.

Applications, including curriculum vitae, list of publications and names of three referees by 7th December, 1973 to the Registrar, University of Sydney, N.S.W. 2006, Australia, from whom further particulars available. Information also available from Association of Commonwealth Universities (Appts), 36 Gordon Square, London WC1H 0PF. (20771) 25

Medical Adviser
International
Pharmaceuticals

A leading French pharmaceutical manufacturer requires a qualified doctor to extend and develop its marketing operations in English-speaking countries, primarily the USA, Canada and Britain. The company employs over 1,000 and has a world-wide reputation for products developed in its own laboratories. After initial training the man appointed will co-ordinate and control all aspects of the registration and introduction of the company's products in the countries concerned—evaluation of clinical trial facilities, supervision of clinical trials, adaptation of technical literature, training of representatives. He will establish and maintain close collaboration with the company's associates. The appointment is based in Paris and will involve regular visits to the USA, Canada and Britain. Candidates must be qualified and, ideally, should have experience of the pharmaceutical industry and of the control of clinical trials. Salary is negotiable and the benefits include full re-location assistance. Please write—in confidence—describing how the requirements are met to D. A. Ravenscroft reference AM.25211.

ACCIDENT AND EMERGENCY (including CASUALTY)

NEWCASTLE REGIONAL HOSPITAL BOARD

CONSULTANT
whole-time or maximum part-time, to take charge of the Accident and Emergency Department at the Queen Elizabeth Hospital in the Gateshead and District Group of Hospitals, serving a population of some 165,000. A new comprehensive Accident and Emergency Department with short stay beds and full theatre facilities has recently been opened.

Duties of the Consultant will include the primary treatment of a wide range of medical and surgical conditions, the transfer of cases to the appropriate departments, and training of junior medical staff and the organisation of the department. An interest in some aspects of emergency work will be encouraged and beds will be allocated in connection with such an interest.

Applicants should have not less than 8 years postgraduate experience including several years preferably at a highly responsible level in accident and emergency work. A higher qualification is desirable but not essential in candidates with a fully appropriate range of experience.

Residence within 10 road miles of the Queen Elizabeth Hospital, Gateshead.

Further particulars from Senior Administrative Medical Officer, Regional Hospital Board, Benfield Road, Newcastle-upon-Tyne NE6 4PY to whom applications should be addressed naming 3 referees by 15th December, 1973. (58634) 51-1

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

SALARY SCALES OF HOSPITAL MEDICAL STAFF

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £1,914 per annum for the posts held during the first year; £2,061 per annum for posts held during the second year; £2,208 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,475 per annum x £189(1) x £186(1) — £2,850.

Deductions of £210 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,850 per annum x £1/1(3) x £168(1) — £3,531.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale, and £243 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £204 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £3,363 per annum x £168(1) x £216(4) — £4,395.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £3,155 per annum x £183(2) x £180(2) x £160(10) — £5,562.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £5,085 per annum x £279(8) x £282(1) — £7,599.

Deductions of £420 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rent is appropriate. August, 1973

BLOOD TRANSFUSION

NEWCASTLE REGIONAL HOSPITAL BOARD

Regional Blood Transfusion Centre & Tissue Typing Laboratory Deputy Director (Consultant) and Third Consultant

Two vacancies exist for Consultants, one of whom will act as Deputy Director. Applicants should hold a higher medical qualification and preference will be given to those with clinical and/or laboratory experience in blood transfusion work, blood-group serology, or immunology. Experience in other appropriate specialties may be acceptable.

Both posts will involve some routine duties in the organisation of the service and may include responsibility for blood collection, donor immunisation, plasmapheresis, immunohaematology etc., but within the general functioning of the Centre there would be full scope for research and development work depending to some extent on the previous interest and experience of the individuals appointed.

The Centre is at present located on the site of Newcastle General Hospital University Group of Hospitals, but planning of a new and larger Centre is now in progress.

Applications, stating age, qualifications, experience and the names of 3 referees to Senior Administrative Medical Officer, Regional Hospital Board, Benfield Road, Newcastle-upon-Tyne NE6 4PY by 15th December, 1973.

Applicants wishing to view the Centre may do so by appointment with the Director (Dr. S. Murray), Tel: Newcastle (0632) 37804. (58449)

UNITED OXFORD HOSPITALS

Applications are invited for the post of
SENIOR HOUSE OFFICER
IN OBSTETRICS AND GYNAECOLOGY
in the United Oxford Hospitals. The successful
candidate would cover during the absence of
the eight house staff, five in Obstetrics and
three in Gynaecology, and would also have
routine clinical responsibilities.
The post is vacant from mid-December and
is resident.

Applications on forms obtainable from the
Group Personnel Officer, Manor House, Osler
Road, Headington, Oxford OX3 9BL, should be
returned by 1st December, 1973. (58190) 75-8

UNIVERSITY OF LIVERPOOL
Joint Committee for Regional
Postgraduate Medical Education**COMBINED TRAINING PROGRAMME**
FOR GENERAL PRACTICE

WITH OBSTETRICS AND PAEDIATRICS
Applications are invited from registered
medical practitioners for a three year
training post which will include Obstetrics,
Paediatrics and General Practice, starting on
1st March, 1974.

During the two years each doctor will spend
six months in Obstetrics, six months in
Paediatrics, and two six month periods in two
separate group practices. The training offered
would be of value not only to those intending
to enter General Practice, but also to those
hoping to specialise, particularly in Obstetrics
or Paediatrics.

The Obstetric post will be at Mill Road
Maternity Hospital, Liverpool, and the
Paediatric post at Alder Hey Children's
Hospital, Liverpool. General Practice training
will be in two approved teaching group
practices which are advertised in the
candidate for the D.Obst.R.C.O.G.
examination, and the Paediatric training will
qualify for the D.C.H. examination. The
appointment in Paediatrics allocated to this
training scheme is one of the Senior House
Officers posts which are advertised in the
Paediatric section of this issue. An
appropriate day release course is organised.
Any candidate who has already spent at least
one year post-registration in a hospital
appointment would also qualify for the
Vocational Training allowance on entering
general practice.

Salaries will be at the appropriate hospital
grade and, in the practice year, on the
appropriate level on the Trainee
Practitioner's Scheme, with car allowance.

Applicants wishing to visit the two practices
should apply to Dr. J. F. Lowe, Cantrill Farm
Health Centre, The Withens, Liverpool L28
1NL, Tel: 051-489 9924; or Dr. C. W. Warner, 6
Woolton Street, Liverpool 25, Tel: 051-425 4184.
Application forms are obtainable from the
Group Personnel Manager, East Liverpool
University Hospital Management Committee,
Group Headquarters, Broadgreen Hospital,
Liverpool L14 3LB, and should be returned by
3rd December, 1973. (20570) 75-8

rotate to either the Royal Victoria Infirmary,
Newcastle or Newcastle General Hospital.

Applications naming 3 referees to Senior
Administrative Medical Officer, Regional
Hospital Board, Benfield Road, Newcastle-
upon-Tyne NE6 4PY by 8th December, 1973.
(58640) 84-5

MANCHESTER REGIONAL HOSPITAL BOARD

Whole-time, non-resident
SENIOR REGISTRAR IN
CHILD AND ADOLESCENT PSYCHIATRY
at Booth Hall (Children's) Hospital and
Parkside Hospital

Training in Child Psychiatry will be at the unit at Booth Hall Hospital which includes a busy O.P. clinic and a large I.P. department. Members of the staff hold University appointments and are responsible for various training courses. Training includes courses of lectures, regular supervision of diagnostic and long term treatment cases and visits to special hospital units, special schools and homes and hospitals of the Social Services Department. Multi disciplinary team conferences and seminars are an important feature of the work of the Unit and all members of staff contribute to these. The 22-bedded Inpatient Unit with its school, Occupational Therapy Department and gymnasium is organized on a family group basis and the Senior Registrar in Charge to each Consultant plays an important role in the relevant family group, and is responsible for individual therapy with the children.

Training in the 20-bedded purpose-built unit for disturbed adolescents will involve team management under the supervision of the Consultant (who also holds a University appointment), daily group therapy, (initially as a co-therapist), daily group therapy meetings, weekly group for families, experience working in a team with individual families and experience in therapeutic community methods. Teaching hospital O.P. work and visits to units run by other caring agencies will also be arranged. The adolescent unit also provides a course of lectures from external sources including the Tavistock Clinic.

Previous clinical experience in child psychiatry desirable. Interested candidates are encouraged to visit the two units.

Application forms from the Senior Administrative Medical Officer to the Board, Gateway House, Piccadilly South, Manchester M60 7LP, to be returned by 7th December, 1973. (20326) 84-5

SHENLEY HOSPITAL MANAGEMENT COMMITTEE Shenley Hospital Shenley, Radlett, Herts WD7 9HB

UNIVERSITY HOSPITAL OF SOUTH MANCHESTER AND MANCHESTER ROYAL INFIRMARY

NON-RESIDENT
SENIOR HOUSE OFFICER
IN PSYCHIATRY

required for the 170 bedded unit at Withington Hospital where the University Department of Psychiatry is principally situated. Post available on 1st February, 1974. This is the main undergraduate and postgraduate teaching and research centre in the region. The appointee will form part of the clinical team and opportunities will be available to work with both psychiatric in-patients and attendance at Out-patient clinics. The appointee will be expected to attend the course for the University Diploma in Psychological Medicine and will be prepared for the examination for the Membership of the Royal College of Psychiatrists. The University Hospital and the Manchester Royal Infirmary have been accredited for postgraduate training by the Royal College of Psychiatrists in Category 1. The appointee will be rotated between the University Hospital of South Manchester and the Department of Psychiatry at the Manchester Royal Infirmary and opportunities will be available during training to gain experience in child psychiatry, adolescent psychiatry and at the alcoholism treatment unit of the University of Manchester. Upon satisfactory completion of Senior House Officer posts, Registrar posts will be available either in the unit at Withington Hospital or in other hospitals in the region to enable candidates to complete their training.

Applications with full details and the names of two referees to the Group Secretary, Withington Hospital, Manchester M20 8LR, by the 3rd December, 1973. (20553) 84-8

ST. BARTHOLOMEW'S HOSPITAL

London EC1 and
Hackney Hospital, London E9 6BE

Applications are invited for the Joint appointment of
SENIOR HOUSE OFFICER
(Psychiatry)

the post, vacant on 1st January, 1974, offers wide experience in all aspects of psychiatry in a General Hospital setting. The Department of Psychiatry in the Hackney Group of Hospitals, together with that at St. Bartholomew's Hospital, forms the Professional Unit of Psychiatry of St. Bartholomew's Hospital Medical College in the University of London. The successful applicant will spend time in both hospitals.

There is a comprehensive postgraduate and undergraduate teaching programme conducted by the Professor of Psychiatry and his academic staff. The Department undertakes full district responsibility for the greater part of the London Borough of Hackney, and this affords good experience in community care. There is also a Drug Dependency Unit attached.

In addition to clinical work, junior staff are encouraged to participate in a wide variety of research projects.

The appointment is resident in respect of the duties at Hackney Hospital and non-resident in respect of the duties at St. Bartholomew's Hospital.

Applications should reach the Medical Secretary, Hackney Hospital, London E9 6BE by 3rd December, (20794) 84-8

SENIOR REGISTRAR IN GENERAL MEDICINE, RHEUMATOLOGY AND PHYSICAL MEDICINE

Senior Registrar required in comprehensive training programme providing exceptional opportunities for experience in general medicine, rheumatology and rehabilitation. The training will be planned to suit individual requirements so that during the four year period of appointment the applicant will work at some of the following: Westminster, Charing Cross and Kennedy Institute of Rheumatology, Queen Mary's Hospital, St. Stephens, Royal National Orthopaedic Hospital and Institute of Orthopaedics. Candidates must be experienced in general medicine but not necessarily in the specialty.

Applications, typed curriculum vitae and names of three referees to the Deputy House Governor, Westminster Hospital, London SW1P 2AP by 30th November, 1973. (58292) 87-5

MANCHESTER REGIONAL HOSPITAL BOARD

invites applications for the post of

RESIDENT REGISTRAR IN

RHEUMATOLOGY & REHABILITATION at the Devonshire Royal Hospital, Buxton, (213 beds) in the Stockport and Buxton Group, vacant 2nd February, 1974.

The appointment which carries an additional allowance of £150 per annum, offers exceptional experience in Physical Medicine, Rheumatology and Rehabilitation and includes work with the Manchester University Rheumatism Research Unit. There are active Reconstructive Surgical and Hand Units in the Hospital and excellent opportunities for research.

The post is recognised for the Diploma in Physical Medicine and recommended for Consultant Training by the Royal College of Physicians of London.

Married accommodation is available.

Applications giving full particulars of age, qualifications and experience, together with the names and addresses of two persons for reference, to be made to the Group Secretary, Stockport and Buxton H.M.C. Group Offices, Bramhall Moor Lane, Hazel Grove, Stockport, SK7 5AB. (H15120) 87-6

THE LONDON HOSPITAL

Whitechapel, E1 1BB.

Applications are invited for the post of

NON-RESIDENT REGISTRAR

Department of Rheumatology. The Department includes an academic unit of rheumatology. Facilities are available for clinical laboratory research.

Applications (8 copies, no forms provided), giving the names and addresses of three referees, should be received by 8th December 1973. (20632) 87-6

ST. MICHAEL'S HOSPITAL

Aylsham, Norfolk
East Anglian Regional
Rheumatology Unit

SENIOR HOUSE OFFICER

resident as a condition of service, required at the above Unit of 52 beds. Furnished detached bungalow in hospital grounds available. The post is vacant from the 1st January, 1974 and the successful applicant will work in a progressive Department headed by three Physicians and an Orthopaedic Surgeon. A newly built block including large gymnasium, physiotherapy treatment area and enlarged Occupational Therapy Department together with Consultant Suite and associated Offices for Junior Medical Staff has recently been built. The Department works in close association with the Norfolk and Norwich Hospital, where excellent postgraduate facilities exist.

Applications stating age, nationality, sex, marital status and details of family, qualifications and information as to registration with the General Medical Council and the names and addresses of two referees, should be forwarded to the Secretary, St. Michael's Hospital, Aylsham, Norfolk NOR 07Y. (Tel: 2341) from whom further information may be obtained. (58320) 87-8

ROTATING APPOINTMENTS

MID-SUSSEX VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTICE

A vocational 3 year appointment commencing in the

SENIOR HOUSE OFFICER

grade and consists of 2 years in hospital post and 1 year in general practice linked with a general practice hospital — to commence 1st January, 1974.

The hospital appointments include (a) at Cuckfield Hospital — rotating post in Medicine, Obstetrics/Gynaecology Accident/Orthopaedic Surgery; (b) at St. Francis Hospital — Psychiatry; (c) at Crawley Hospital — Paediatric.

The holder will be expected to attend postgraduate teaching on a day release basis which includes a year in Social Studies at Sussex University. The Obstetric appointment fulfils the requirement of the D.Obst.R.C.O.G. Completion of the 3 year term will entitle the holder after entering general practice to the special vocational training allowance and encouragement is given to take the M.R.C.G.P. Married or single accommodation will be provided if required. Non-resident.

Application forms and further information can be obtained from the Honorary Secretary, Mid-Sussex Postgraduate Medical Centre, St. Francis Hospital, Haywards Heath, Sussex. (58627) 88-8

112

Department of Employment

Chief Employment Medical Adviser

£8675
London

The Chief Employment Medical Adviser is responsible to the Director of Occupational Safety and Health for the general direction and policy development of the Employment Medical Advisory Service.

He is also Chief Scientist of the Department of Employment for research programmes related to occupational health and safety and is a member of the Medical Research Council.

The EMAS defines criteria for safe and healthy working and offers medical supervision to workers where these criteria cannot be met. It co-operates with other official bodies concerned with industrial safety and health, and advises all those concerned with medical matters related to work. Members of the Service carry out medical examinations of workers thought to be at risk, of certain young people entering employment, and of people undergoing industrial rehabilitation and training. It has its own Laboratory as well as access to the investigatory services of the NHS.

Candidates (men and women) must be fully registered as medical practitioners in the United Kingdom with a wide knowledge of occupational medicine and experience in epidemiology. Fellowship or Membership of a Royal College of Physicians is highly desirable.

Non-contributory pension scheme.

For full details and an application form (to be returned by 7 December 1973) write to Civil Service Commission, Alencon Link, Basingstoke, Hants., RG21 1JB or telephone BASINGSTOKE 29222 ext. 500 or LONDON 01-839 1992 (24 hour answering service). Please quote S/8450/1.

Medical Library, Post Graduate facilities. All posts are registered. Modern married accommodation available.

Please apply for application form to the Group Personnel Officer, (Ref. AK/133) Wharfedale General Hospital, Otley, Yorkshire. Completed application forms to be returned by 14 days after the appearance of this advertisement. (58569) 91-9

GOVERNMENTAL

Pneumoconiosis Medical Officer (£4498-£6245)

... to serve on a Pneumoconiosis Medical Panel. The main duties are clinical examinations of claimants to disablement benefit under the National Insurance (Industrial Injuries) Act for the purpose of diagnosis and assessment, and of workers in certain scheduled occupations; interpreting X-ray films; giving advice and expert evidence on the relevance of Pneumoconiosis to the cause of death; and advising claimants about further employment.

Facilities are available for training in industrial chest diseases including the clinical, radiological, physiological and pathological aspects. Opportunities also occur for participation in research projects in occupational chest diseases.

Current vacancies are at Manchester and Sheffield; further vacancies may arise in other centres.

Candidates must be fully registered as medical practitioners in the U.K. Good general medical experience, including hospital experience, is desirable together with a special interest in chest diseases.

STARTING SALARY: Within the quoted scale according to qualifications and experience. Non-contributory pension scheme. Promotion prospects.

For full details and an application form (to be returned by 17th December, 1973) write to Civil Service Commission, Alencon Link, Basingstoke, Hants. RG21 1JB, or Tel: Basingstoke 29222, Ext. 500 or London 01-839 1992 (24 hour answering service), quoting S(AA)/630/1.

L'HOPITAL D'ENSEIGNEMENT AU ZAIRE

Un poste de
CHEF DE LABORATOIRE

se trouve vacant a partir du 28th. Fevrier, 1974 a l'hôpital d'enseignement au Zaïre.

La preference sera donnee aux candidats ayant une formation en parasito-bacteriologie mais il sera également tenu compte des candidats ayant une formation en chimie-clinique et une connaissance de la specialite premierement citee. Le chef de laboratoire doit administrer le laboratoire parasito-bacteriologique, la section biochimique-hematologique ainsi que la banque du sang. Il serait preferable que le candidat ait en outre une formation en medecine tropicale. Etant donne que dans ce poste il est necessaire d'enseigner, les candidats doivent posseder une bonne connaissance du francais. La remuneration s'effectue suivant les accords entre le syndicat professionnel et la Croix Rouge Danoise. Suivant les regles en vigueur, le salaire est exempt d'impots tant au Danemark qu'au Zaïre.

L'engagement s'effectue pour deux ans et les voyages aller-retour sont payes, eventuellement avec conjoint et enfants de moins de 21 ans. Un voyage de vacances au pays natal est également paye apres expiration d'un an.

Un logement meuble est mis a disposition. Les demandes s'effectuent sur des questionnaires speciaux a demander et a retourner au plus tot a: Croix Rouge Danoise, Ny Vestergade 17, 1471, Copenhagen K. (H15098) 118

FULLY REGISTERED doctor needed for at least 12 months in a Lagos General Practice, £300 per month. Attractive bonuses assured. P.O. Box 70, Ikeja, Lagos. 118

IPSWICH HOSPITAL BOARD

Ipswich Hospital
Queensland, Australia

Applications are invited for the position of
VISITING PAEDIATRICIAN
to the Ipswich Hospital, for two (2) sessions each of 3 hours duration per week.

Remuneration will be at the following rates:—

Senior Grade I — \$2,152 per annum per session.

Senior Grade II — \$1,967 per annum per session.

Junior Grade I — \$1,679 per annum per session.

Junior Grade II — \$1,587 per annum per session.

The term will expire on 31st December, 1974 and the successful applicant will be eligible for re-appointment each three years thereafter.

The Ipswich Hospital has 300 beds with combined daily averages of 200 inpatients and 300 outpatients. There are 1,800 births per annum. A full specialist coverage is provided. The hospital is the base for the West Moreton region. In addition, a Private 50 Bed Hospital of modern design and facilities, also functions in Ipswich. There are also a number of beds for private patients at the Ipswich General Hospital for maternity and general patients. There is good potential in Ipswich for a Paediatrician, and a busy private practice can be anticipated.

Ipswich with a population of 65,000 is located 25 miles West of Brisbane and 60 miles from the Gold Coast.

Further details may be obtained from the Medical Superintendent.

Please apply to the Manager, Ipswich Hospitals Board, P.O. Box 73, Ipswich, Q'ld 4305. (20805) 118

crown agents MEDICAL POSTS ABROAD

Here are opportunities to travel, widen your experience and direct your skills towards the needs of developing countries. Opportunities to earn an excellent salary often with considerable tax concessions. Paid leave with free passages. Educational allowances and subsidized housing. In some cases a tax free grant of up to £200 on first appointment and an interest free loan for purchase of a car. Generous gratuity after 2 to 3 years' service. The posts described are partly financed by Britain's programme of aid to the developing countries administered by the Overseas Development Administration of the Foreign and Commonwealth Office. Candidates for these posts must possess full medical qualifications and be eligible for full registration with the General Medical Council in the United Kingdom. They should normally be citizens of and permanently resident in the United Kingdom, and should be available for interview in London if selected.

ST LUCIA Consultant Surgeon

Required by the Department of Education & Health at the Victoria Hospital, Castries, to perform all surgery including emergencies and to hold specialist consulting clinics in general surgery. Candidates must possess F.R.C.S. and have five years experience of general surgery. The post is vacant in January, 1974.

Salary will be £4,250 or £4,460 (without private practice) according to marital status.

Because of lower rates of Income Tax in St. Lucia the gross emoluments are roughly equivalent to U.K. salaries of £6,400 for a single man, £7,470 for a married man with two children.

Ref: M2X/731061/BG

JAMAICA Radiotherapist Ministry of Health

to take charge of the Radiotherapy department at the new Montego Bay hospital but will be posted to Kingston Public Hospital until the new hospital is operational. F.F.R.(T.) or D.M.R.(T.) is essential and five years experience in the specialty would be preferable.

Salary will be in the range of £5,020 to £5,450 (or £4,110 to £4,680 with Private Practice) according to qualifications and experience.

Because of lower rates of Income Tax in Jamaica the gross emoluments applicable to the non-private practice scale are roughly equivalent to U.K. salaries of £6,950 to £7,500 for a single man, £6,750 to £7,250 for a married man with two children.

The Future General Practitioner

Learning and Teaching

General or family practice is a special subject. This book is written by six experienced teachers selected by the Council of the Royal College of General Practitioners. It is intended chiefly for teachers, but it will also be valuable to those who are learning and to all who are concerned about the place of family practice within a country's medical services.

A syllabus is developed in five main parts:

Health and Diseases

Human Development

Human Behaviour

Medicine and Society

The Practice

Throughout the book the authors have tried to indicate ways in which the teacher may approach the task of passing on what he had learned by his own experience. The theme is the search for objectives which will satisfy the needs of learner and teacher. The belief is that this search will benefit the future family practitioner and through him the community of his patients.

Physician

This appointment with Roan Consolidated Mines in Zambia is for an experienced medical practitioner with a higher qualification in medicine, ideally MRCP.

At Mufulira we provide a comprehensive medical service for our employees and their dependants, which includes approximately 55,000 local and 2500 expatriate personnel. Curative medical services are centred around two well-equipped hospitals totalling 460 beds. There are 13 medical officers including those with higher qualifications who are working predominantly in their specialised fields.

There will be a certain amount of direct in-patient and out-patient responsibility as well as consultancy involvement at both hospitals. In addition a limited amount of student nurse teaching will be undertaken in association with a registered nurse training school established in 1970. In common with the other medical specialists employed, duties will include a minimal amount of general medical work.

A competitive salary will be negotiated depending on experience and qualifications for a three-year contract.

Additional benefits include ■ furnished accommodation at low rental ■ tax free settling-in allowance ■ tax free children's education and travel allowance ■ generous leave conditions with return passages for employee and family paid every two years ■ free life assurance ■ car provided.

Please write, quoting reference AM.762, for an application form and information booklet to:

NOTICE TO ADVERTISERS

Display Advertisements

Applications for advertisement space and for rates should be addressed to the Advertisement Manager, *British Medical Journal*, B.M.A. House, Tavistock Square, London WC1H 9JR. 01-387 4499. Telegrams: Britmedads, London WC1H 9JR. Telex: 265929.

Classified Advertisements

Please write advertisements and name and address clearly in BLOCK CAPITALS and send to the Classified Advertisement Manager, *British Medical Journal*, B.M.A. House, Tavistock Square, London WC1H 9JR. For immediate insertion please enclose cheque in payment and state whether member or non-member. Classified rates for Doctors' Personal advertisements and for Appointments in General Practice are as follows:

MEMBERS' RATE: Minimum charge £1.10 for twelve words and a Box Number; or £1.05 for eighteen words including name and address or telephone number. Additional words at the rate of 35p for each six or less. Box Number address counts as six words, and 5p to be added for postage.

NON-MEMBERS' RATE: Minimum charge £2.45 for twelve words and a Box Number; or £2.40 for eighteen words including name and address or telephone number. Additional words at the rate of 80p for each six or less. Box Number address counts as six words, and 5p to be added for postage.

PUBLIC APPOINTMENTS: Hospitals; Public Health; the Services; University and Research and other medical situations; Practices (Executive Councils) and Non-Medical Posts. Minimum charge £2 for four lines and 50p for each additional line. Box Number address counts as one line, and 5p to be added for postage.

COMMERCIAL AND INDUSTRIAL APPOINTMENTS: Minimum charge £2.80 for four lines and 70p for each additional line. Box Number address counts as one line, and 5p to be added for postage.

EDUCATIONAL NOTICES, MEETINGS AND HOMES: Minimum charge £2.20 for four lines and 55p for each additional line. Box Number address counts as one line, and 5p to be added for postage.

GENERAL AND COMMERCIAL (TRADE): Notices; Accommodation; Consulting Rooms; Houses and Property; Travel; Hotels; Nursing, Medical and Secretarial Agencies; Commercial. Minimum charge £2.70 for eighteen words. Additional words at the rate of 90p for each six or less. Box Number address counts as six words, and 5p to be added for postage.

SEMI-DISPLAY ADVERTISEMENTS

£9 per single column inch and pro rata

All classified advertisements, subject to approval, will appear in the forthcoming issue provided they reach this office not later than 10 a.m. on the Friday of the week preceding date of issue. Semi-display advertisements must reach this office by 10 a.m. on the Tuesday of the week preceding date of issue.

Cancellation and corrections of advertisements must be received before 12 noon on the Friday of the week preceding date of issue (issues affected by public holidays excepted).

It is requested that when stamped addressed envelopes are enclosed in response to advertisements advertisers will ensure that a reply is sent.

Every effort is made to ensure the accuracy of advertisements appearing in the Journal. No recommendation is implied by acceptance, and the Editor of the *British Medical Journal* reserves the right to refuse, discontinue or interrupt the insertion of any advertisement.

NOTICE TO READERS

REPLIES TO BOX NUMBERS. The names and addresses of advertisers under box numbers are held by us in strict confidence and cannot be disclosed. Each Box Number should be addressed separately. Two or more replies can be enclosed in one envelope. The replies will be forwarded to the advertisers in plain envelopes.

NOTICE TO SUBSCRIBERS

United Kingdom and Irish Republic. The annual subscription rates for members of the medical profession who are not members of the B.M.A. is £21.00. Subscriptions can be ordered direct from the Subscription Manager, *British Medical Journal*, B.M.A. House, Tavistock Square, London WC1H 9JR, or through any leading subscription agent or bookseller.

Overseas. The rate for non-members is £15 direct from the Subscription Manager. Orders can also be placed through any leading subscription agent or bookseller.

North America. A B.M.J. There are
miles of arterioles
in the body...

they constrict

Blood supply to the periphery is suddenly reduced. The skin cools. If any abnormal constriction lasts, some tissue anoxia develops. Eventually, if not relieved, gangrene can set in. Opilon is the simple and specific way to solve the problem of peripheral vasospasm, with one tablet four times a day.

Vasospastic conditions: Opilon improves blood flow in the skin and superficial tissues in such conditions as Raynaud's phenomenon, night cramps, acrocyanosis and chilblains.

Occlusive conditions: by selectively enhancing the peripheral blood flow and thus maintaining nutrition of the skin distal to the block, Opilon can be used with beneficial effect in intermittent claudication and other occlusive circulatory disorders.

Supplied as tablets containing thymoxamine 40 mg. Full information on request. William R. Warner & Co. Ltd., Eastleigh, Hants. Tel. Eastleigh 3131

Opilon is a registered trade mark.

helps blood go to extremes

NEW
anti-inflammatory

Orudis

New from May & Baker

**Better tolerated than indomethacin
...with comparable activity**

**More active than ibuprofen
...with comparable tolerance**

**In both
rheumatoid arthritis
and osteoarthritis**

Orudis

provides the optimal therapeutic combination

high activity with good tolerance

effectively

- relieves pain
- reduces inflammation
- restores mobility

ensures

- a low incidence of side-effects
- minimal discomfort to the patient
- major benefits with fewer risks

obviates

the difficult choice between the "highly active but poorly tolerated" and the "less active but well tolerated" compound

'ORUDIS'

supplied as capsules of 50 mg in easy-to-open containers

Orudis

high activity
with good tolerance

Prescribing information

Indications

'Orudis' is a potent non-steroidal, anti-inflammatory analgesic agent. It is an inhibitor of prostaglandin synthesis.

'Orudis' is recommended in the management of the rheumatic diseases:

rheumatoid arthritis
osteoarthrosis
ankylosing spondylitis
gout

other forms of non-infectious arthropathy
acute articular and periarticular disorders – bursitis, tendinitis, synovitis, tenosynovitis, capsulitis of the shoulder
painful musculo-skeletal conditions.

Administration and dosage

'Orudis' is administered orally and *should always be taken with food.*

Dosage is usually one capsule (50 mg) three times daily. This dosage may be increased to one capsule four times daily or decreased to one capsule twice daily depending on the size and condition of the patient and on the severity of the disease.

Side-effects and precautions

No serious side-effects have been reported. Symptoms of dyspepsia have occurred in a small percentage of patients and, in some such instances, a reduction of dosage has been helpful. 'Orudis' should always be prescribed "To be taken with food".

Skin rashes have been rare.

In common with other anti-inflammatory agents, 'Orudis' should be used with caution in patients with a history of peptic ulcer and in those with impaired hepatic function.

No embryopathic effects have been recorded but it is a sound medical principle to exercise caution in prescribing any medication during the first trimester of pregnancy.

Presentation

Capsules each containing 50 mg ketoprofen, in packs of 100 and 500. The capsules are bi-coloured (opaque green/opaque purple), each half printed ORUDIS 50 in white.

Basic NHS cost (as at November 1973)
25 capsules of 50 mg £1.14
(ex dispensing pack)

BRONCHITIS MEANS LOSS

Bronchitis means the loss of millions of working days.

This winter, as every winter, you can expect to see a number of new patients with acute bronchitis.

This winter, too, you'll be seeing a lot of familiar faces—your regular chronic bronchitic patients.

Ceporex can help all your bronchitic patients. Ceporex is cephalexin, the broad spectrum antibiotic from Glaxo.

With a success rate of 94% in acute bronchitis and 87% in acute exacerbations of chronic bronchitis.*

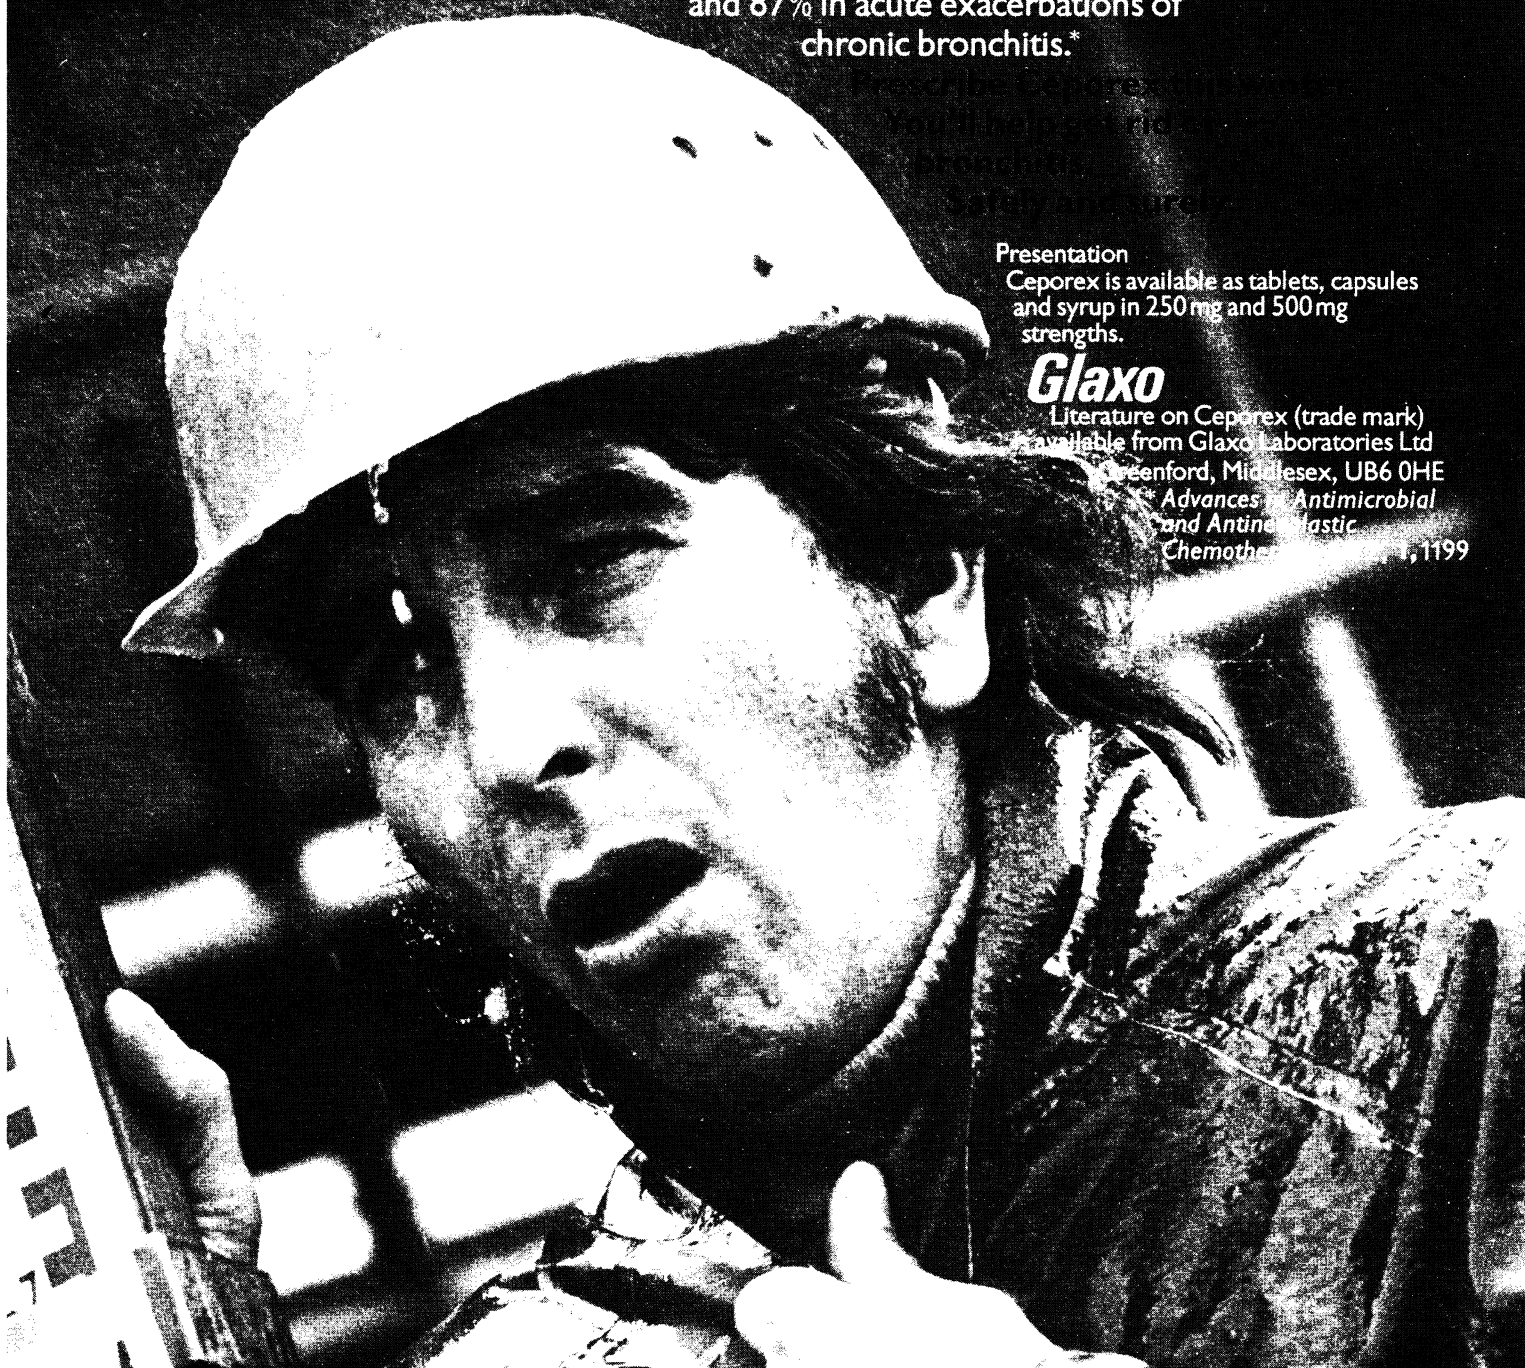

Presentation

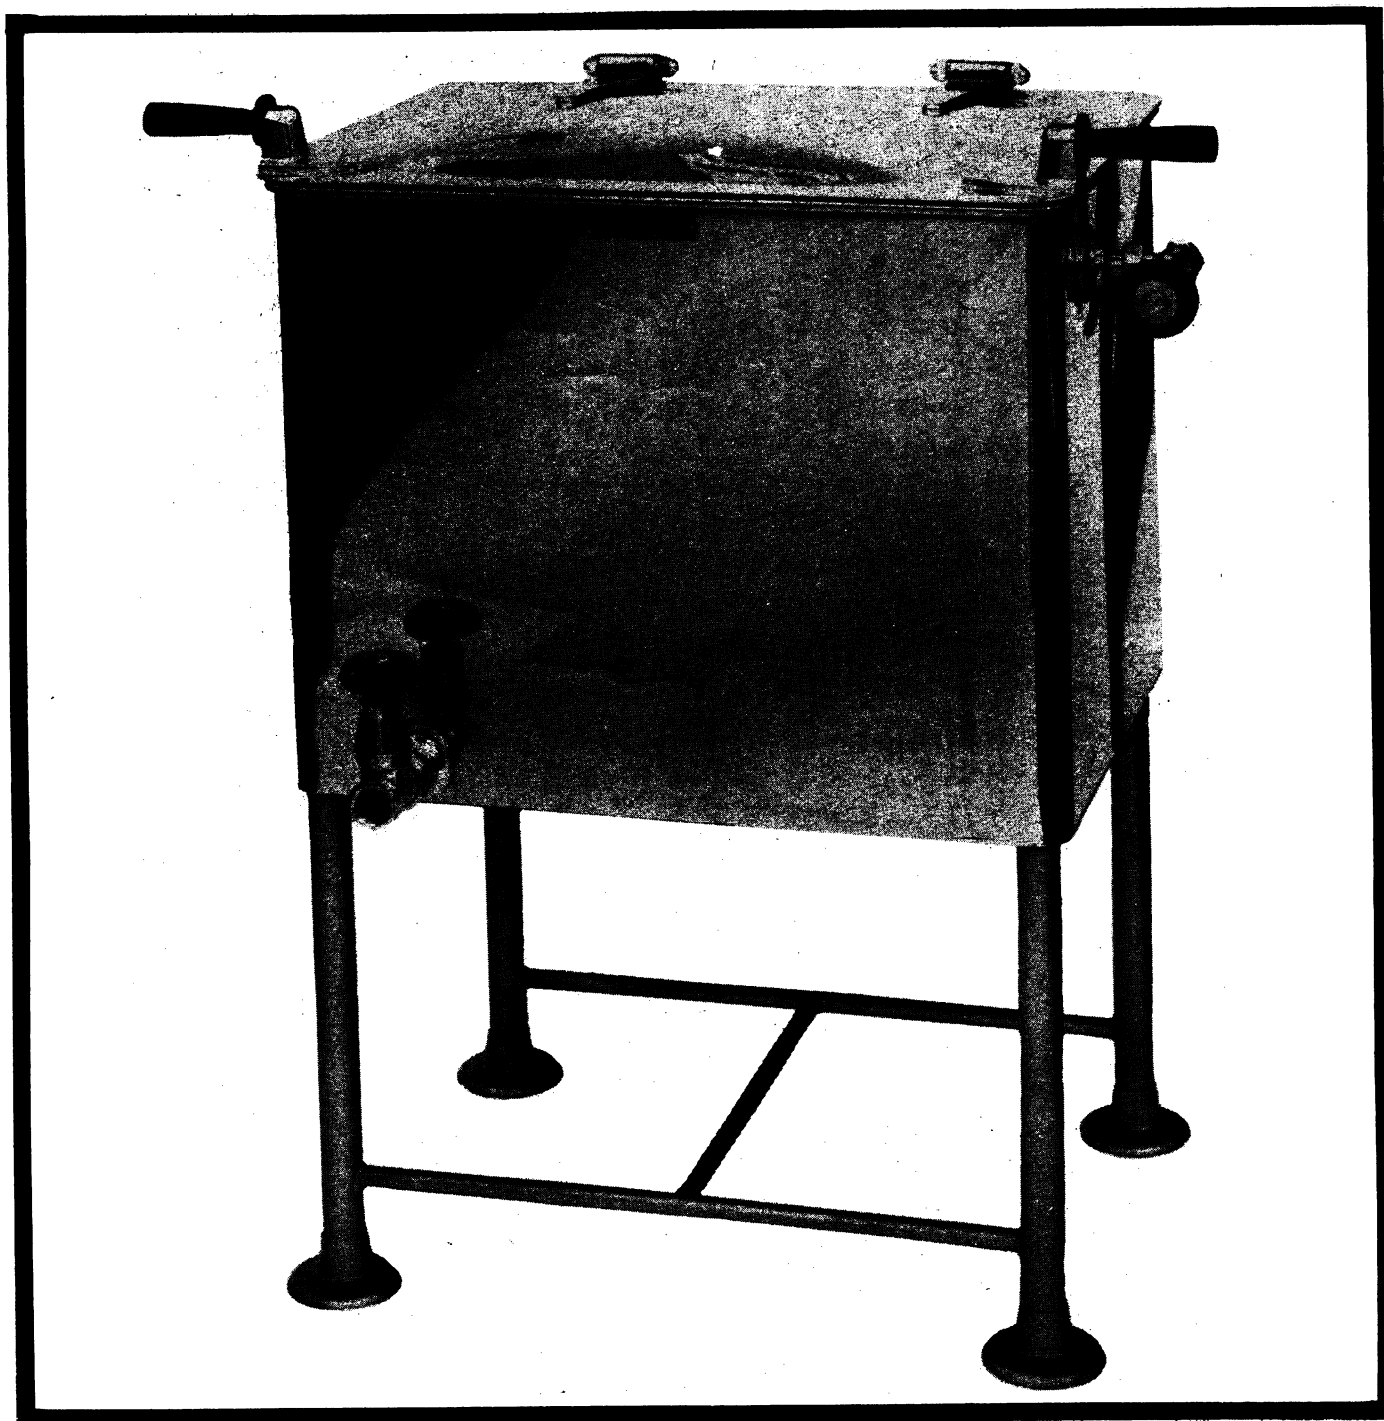

Ceporex is available as tablets, capsules and syrup in 250 mg and 500 mg strengths.

Glaxo

When did you last use one of these?

Paraffin heated sterilizers are past history in the health service.

In some developing countries paraffin is the only available power source and these sterilizers are urgently needed. The Joint Mission Hospital Equipment Board supplies them.

Many of your colleagues in the emergent nations in mission hospitals and medical relief programmes work in primitive conditions and with outmoded equipment. Will you help them a little by helping the Joint Mission Hospital Equipment Board to supply them with up-to-date equipment very cheaply?

All it needs is a money gift which will be carefully spent.

Please send what you think you can spare to:
Sir John Richardson, BT., M.V.O., M.D., F.R.C.P.,
Joint Mission Hospital Equipment Board, 5 Robin Hood Lane, Sutton, Surrey.

The Joint Mission Hospital Equipment Board is a registered charity and benefits from income tax rebates on covenanted gifts.

Please write for details of how to take out a personal covenant or banker's order. All gifts will be personally acknowledged. Thank you.

When waking hours stretch far into the night...

...The simple answer so often is **'Surmontil'**

Insomnia is a complex problem.

Partly because sleep itself is a complex process: to correct abnormalities requires special care.

And partly because sleep disorder is but a symptom: its cause must be identified and treated too.

'Surmontil' can often provide a simple answer.

First, by promoting sound, *natural* sleep. Research has shown that many hypnotics fall short of this requirement: they do, of course, provide sleep, but only by inducing new, artificial sleep patterns. These can cause unpleasant symptoms when treatment is withdrawn and so encourage dependence. With 'Surmontil' old, physiological patterns are restored, and the patient sleeps as she used to.

Second, because 'Surmontil' also has powerful mood-elevating and tranquillizing properties it provides more than partial relief when insomnia is traced to anxiety/depression. It acts not only

on the physical symptom but also on the emotional causes, thus ensuring full recovery. No hypnotic, tranquillizer or antidepressant alone can provide this comprehensive benefit — only 'Surmontil', with all three required effects, makes a complex problem less so.

**'Surmontil' restores sleep,
lifts depression, allays anxiety**

Any similarity between Burinex and other diuretics. is purely beneficial (and so are the differences.)

Different in Chemistry

Burinex* is a new chemical entity, being derived from metanilamide; it is quite distinct from any available diuretic. Despite careful search by such techniques as autoradiography, it has not been possible to detect any metabolite in the human.

Different in Pharmacology

Burinex differs in pharmacological potency, with a dose about one-fortieth that of any other short-acting diuretic. After oral administration, diuresis normally begins at 30 minutes - "peaks" at 90 minutes and is largely complete within three hours.

Beneficial in Effect

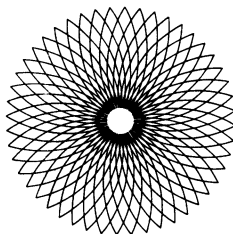

Burinex has been shown to be of value in clinical practice, not only for the seriously ill patient where a rapid diuresis is required but also for maintenance, where the predictable effect can be utilised to fit the patient's domestic circumstances and work routine. During long term treatment Burinex has proved to be very well tolerated.

Beneficial in Price

The price of Burinex is significantly less than any comparable diuretic. The long term use of Burinex would therefore represent a considerable saving in cost.

Burinex

a major new diuretic
