

Listen to the difference between Amoxil and other antibiotics

The difference which has given significantly longer periods of relief from acute exacerbations of chronic bronchitis than tetracyclines, ampicillin and cephalosporin.¹
The difference that makes Amoxil more effective than ampicillin in the treatment of chest infections.^{1,2,3,4}

The difference which takes over where the tetracyclines have done all you can

expect of them in bronchitis—

so that significantly greater relief of all clinical symptoms can be demonstrated.⁵

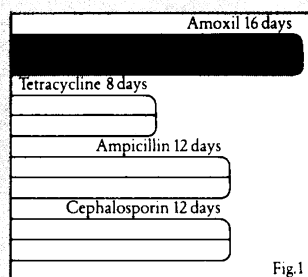

The difference that allows Amoxil to penetrate bronchial membrane barriers regardless of the degree of inflammation.⁴

The difference in absorption that means Amoxil can be taken t.d.s. with or without food—which means it is simpler for patients to take properly. To these differences must be added Amoxil's safety and the fact that it is one of the least expensive therapies for respiratory infections. No wonder doctors everywhere are recognising that Amoxil makes all the difference.

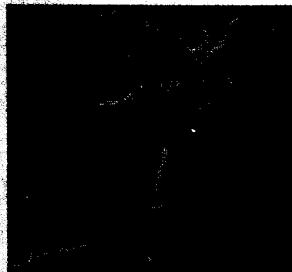

er antibiotics

6 In the cases of our severely sick in-patients, which of course cannot be compared with milder cases of out-patient practice, we found with amoxycillin [Amoxil] a clearly longer relapse rate than with other preparations.¹⁹ (These included various tetracyclines, ampicillin, chloramphenicol and cephalosporin).

6 Amoxycillin [Amoxil] was more effective than oxytetracycline when all the patients treated were considered together. Its superiority, however, was most marked in the case of the less severely affected patients, in whom the differences were highly significant.⁵⁹

6 The demonstration that amoxycillin [Amoxil] penetrates into bronchial secretions as efficiently when the mucosa is uninfamed as when it is inflamed, suggests that clearance of bacteria from the lower respiratory tract should be more easily accomplished with this drug than ampicillin. Further, there is the implication that organisms may be more readily cleared from the upper respiratory tract, which frequently acts as a reservoir of potential pathogens from which relapse of lower respiratory infection may stem.⁴⁹

Amoxil

Makes all the difference
in respiratory infections.

Dad's a chronic asthmatic.

...maintained on Bextasol inhaler.

In a six month study of sixteen asthmatic patients, previously receiving systemic steroids, it was found that . . .

'Betamethasone valerate aerosol offers to many patients previously steroid-dependent, the same quality of control of asthmatic symptoms as with systemic steroids but with freedom from steroid side-effects.

This is a breakthrough in the treatment of asthma.'

Bextasol in Asthma Symposium,
20-21 November, 1973 at the Royal College of
Obstetricians and Gynaecologists, Regents Park
(In Press).

Bextasol can establish effective prophylactic control of frequently recurring extrinsic and intrinsic asthma in patients of all ages.

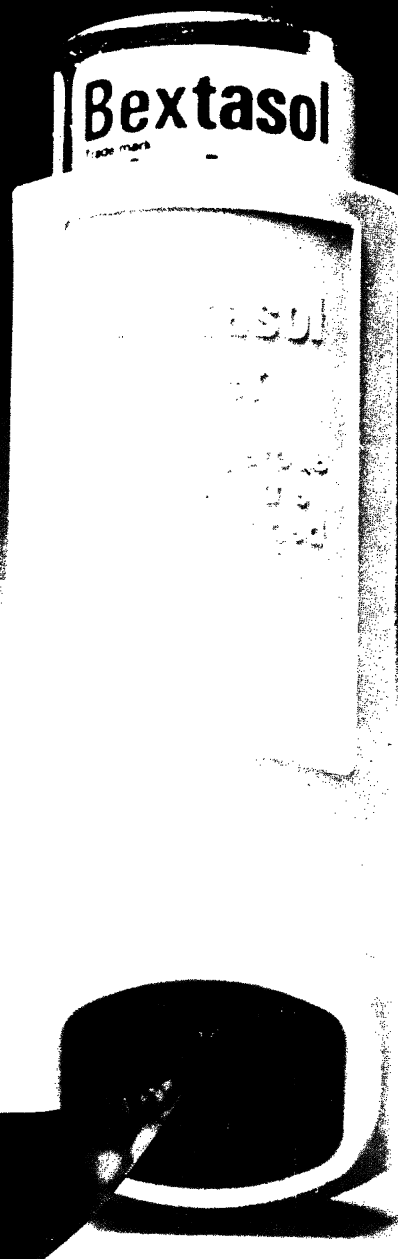

Moreover, many of your patients will enjoy greater, better-sustained breathing capacity than on previous therapy. And it is often the only maintenance therapy they will require.

Bextasol inhaler delivers metered micro-doses of betamethasone valerate, a corticosteroid known for its high topical and relatively low systemic activity, direct to the lungs. It has no steroid side-effects.

Bextasol inhaler is a pressurised aerosol containing a suspension of micronised Betamethasone Valerate BP with propellants. The container supplies 200 metered inhalations, each providing 100 micrograms of betamethasone valerate.

SPECIAL SYMPOSIA

LONDON-SPRING 1975

**Friday
February
28**

SYMPOSIUM on WOUND HEALING

BMA House, Tavistock Square, London WC1

Chairman: Professor Harold ELLIS MA DM FRCS

BASIC PRINCIPLES — Biochemical & Biomechanical; Healing of Incised Wounds; Wound Healing & Infection.

RESEARCH & SURGICAL IMPLICATIONS — Skin Flaps in the Repair of Wound Defects; Problems of Abdominal Wall Replacement; Healing of Bone & Cartilage; Healing of Tendons & Ligaments; Other Factors in Experimental Wound Healing.

**Friday
March
21**

SYMPOSIUM on PAIN

The School of Pharmacy, Brunswick Square, London WC1

Chairman: Dr. H. Wykeham BALME MA MD FRCP

MEASUREMENT — Assessment of Pain; Simple Descriptive Pain Scale; Post-Operative; Experimental. Measuring Pain by Post; Pain Measurement in Cancer Patients; Problems of Measuring Pain in Children; Vulgar Errors in the Measurement of Pain.

NEW APPROACHES TO TREATMENT — Clinical Aspects; Pain Relief before 1900; Acupuncture; Psychogenic Pain; Attitudes to Pain; Relevance of Sensory Interaction.

**Friday
April
11**

SYMPOSIUM on IMMUNOLOGY in TREATMENT

The School of Pharmacy, Brunswick Square, London WC1

Chairman: Professor J. R. HOBBS MD MRCP MRCPath

USE OF — Gamma-Globulin & Plasma; Thymus Grafts & Leucocyte Support; Transfer Factor; Bone Marrow Transplantation; Immunosuppressive Treatments in Renal Disease.

Immune Complex Diseases & their Treatment; Therapy of the Arthritides; Immunotherapy of Cancer.

Each Symposium has been approved as two sessions under Section 63 of the Health Services and Public Health Act 1968.

Speakers participating in these Symposia have been invited from all over the U.K., Europe and the United States.

Delegates wishing to attend may book accommodation in advance at a reduced rate for themselves and their wives.

Further details may be obtained from: The Executive Officer (London Symposia), BMA House, Tavistock Square, London WC1H 9JP (01-387 4499).

Floxapen.

The 97% answer to boils and abscesses

This patient has a boil. Not a serious infection, but it's painful and embarrassing. He'd like you to get rid of it for him—quickly. Floxapen can help you do just that. Following an oral dose, high blood levels are rapidly achieved ensuring effective concentrations at the site of infection. And, once there, Floxapen will destroy virtually all staphylococci as well as all streptococci.

In a recent G.P. clinical trial, Floxapen was successful in 97% of the soft tissue infections treated. (*Practitioner*, 1970, 205, 801.)

Oral dosage. Adult: 250mg q.i.d. a.c.; Children 2-10: ½ adult dose; under 2: ¼ adult dose. Side-effects: as with other penicillins. Contra-indications: penicillin hypersensitivity, ocular administration. Further information is available on request.

Floxapen* (flucloxacillin) is a British product originated by
Beecham Research Laboratories,
Brentford, England.

*regd.

Floxapen. The penicillin strong enough for today's infections

By the end of the day he'll know why you chose Nobrium.

Most people who need tranquillizers also need to work or run a home, so they should remain alert.

Nobrium can provide tranquillity without undue sedation. It has a specific, precise action on the amygdala which leaves most other parts of the brain virtually unaffected.

Nobrium "...is an anxiolytic agent to be given throughout the day,

particularly in the treatment of outpatients with duties in productive employment.... It is a medication with a strikingly low component of sedative action coming close to being the ideal anxiolytic for daytime use."¹

1. Int. Pharmacopsychiat., 1968, 1, 87.

NOBRIUM

THE TRANQUILLIZER FOR ACTIVE PATIENTS

Full information is available on request from: Roche Products Limited, 15 Manchester Square, London W1M 6AP.
Nobrium is the trade mark for pharmaceutical preparations containing medazepam.

Herpid is 5% idoxuridine, an agent effective against DNA viruses, in dimethyl sulphoxide, a penetrating solvent.

Herpid, brushed on to the vesicles by the patient regularly for 4 days, rapidly reduces pain and resolves lesions.

Eradicates pain

Herpid halves the duration of pain (otherwise often severe and long lasting) in most zoster

patients. In one series the median duration of pain was only 3 days.

Less postherpetic neuralgia

Herpid greatly reduces the incidence and severity of postherpetic neuralgia.

Resolves lesions quickly

Herpid cuts the average healing time of lesions by almost a third.

Herpid is most effective when used early in the course of the

disease. So consider zoster in any patient presenting with unilateral root pain and prescribe Herpid.

Further information and dermatome maps are available on request. Please write or phone:

WB Pharmaceuticals Limited,
P.O. Box No. 23, Bracknell,

Herpid® for Zoster-

First effective topical antiviral developed for general practice

The advertisement features a central image of the Herpid product packaging and a dermatome map. The product box is white with black text and a small illustration of a bottle. The dermatome map shows the human body divided into regions labeled with spinal nerve roots: C1-C8, T1-T12, L1-L5, and S1-S5. The text on the box includes 'HERPID FOR ZOSTER', 'The Dermatomes', 'Distribution of sensory spinal roots on the surface of the body. By comparing the two sides of the body, the extent of areas of exclusive nerve supply and variation may be determined.', 'Herpid', '5 ml', 'Batch No. 817899', 'Expiry Date APR 1975', and 'Made in England'. A small bottle of Herpid is shown next to the box. The text 'NEW PRODUCT' is written vertically on the bottom left of the box. The text 'WB PHARMACEUTICALS LIMITED, BRACKNELL' is written horizontally on the bottom right of the box.

no time for bronchitis

For children, time should be playtime. Bronchitis means misery for the child, and anxiety for everyone concerned.

Ceporex can help you to help them all.

Ceporex is the broad-spectrum antibiotic with proven ability to beat bronchitis fast.

Virtually completely absorbed, Ceporex rapidly reaches bactericidal levels in serum and pus, which are then well maintained.

Outstandingly successful in both acute and chronic bronchitis;

exceptionally well tolerated, even by most patients hypersensitive to the penicillins.

Ceporex is the antibiotic for today —because today who has time for bronchitis?

Ceporex (cephalexin) is available as syrups and paediatric drops.

Glaxo

Literature on Ceporex (trade mark) is available from: Glaxo Laboratories Ltd
Greenford, Middlesex UB6 0HE

Ceporex
beats bronchitis fast

If you ever thought there should be a better way to manage hypertension... ...you were right

better for you

Visken is quite simply a better way for you to manage hypertension. This is because it comes closer to ideal therapy.¹

Visken is highly effective, controlling all grades of essential hypertension within the simple dosage range of 15 to 45 mg daily.^{1, 9, 10} There is little or no risk of tolerance so progressive increases in dosage are unnecessary.¹ Furthermore, your hypertensive patients can really get on with living in the way they want, physically and mentally.

Visken is easy for you to use. Its effect normally builds up over 7 to 14 days without problems. Visken is compatible with diuretics and other antihypertensive therapies often allowing a reduction in their dosage and hence side effect potential.

Visken is the therapy patients will stay on, feel well on and do well on. Visken patients are more co-operative, which means you can be more effective in managing their condition.

better for your patients

As well as being a very effective antihypertensive, Visken will be highly acceptable therapy for your patients. In fact, Visken patients have commented on a feeling of well-being and increased energy.^{1, 10}

Visken provides 24 hour control of blood pressure and most importantly, your patients are free to go about their everyday activities and can really enjoy life. Thus, hypertensive patients who work hard out of doors, or under pressure indoors, housewives, elderly people – all are seen to benefit.

At therapeutic dosages Visken gives no problems of postural hypotension, sedation, impotence, and other side effects associated with traditional therapies.^{1, 3, 5, 8, 10}

Visken is a beta blocker with little risk of cardiac failure or bronchospasm.

A simple and convenient dosage added to all these advantages makes it easy to see why Visken is better for you and better for your patients.

Visken

the better way to manage hypertension.

Full prescribing information on Visken (Pindolol 5 mg) is available from Sandoz Products Limited, Sandoz House, 98 The Centre, Feltham, Middlesex TW13 4EP.

Pfizer PFIZER LIMITED
SANDWICH, KENT

Surgical hosiery provides venous support, but PAROVEN is a kind of 'physiological elastic stocking' for the capillaries.

"The most obvious effect of treatment with HR (Paroven) is the very constant relief of night cramps, with an improvement exceeding 90 per cent."

Brit J Clin Pract (1970) 23, 161

"The degree of relief in chronic aching pain in the legs was not so marked (compared with 90% improvement in night cramps and 70% improvement in heaviness of the legs), but still amounted to 54 per cent."

Brit J Clin Pract (1970) 23, 161

"Symptoms of heavy legs are improved in 70 per cent, and it was generally agreed that not only did legs feel lighter but the patients were more agile."

Brit J Clin Pract (1970) 23, 161

"The improved venous blood oxygenation and the reduced tissue oxygen extraction indicated better tissue perfusion with less blood oxygen having been taken from the increased capillary blood flow."

Brit med J (1971) 2, 138

PAROVEN[®]

improves capillary flow

Relief of symptoms in varicose disorders

Varicose veins, post-phlebitic syndrome, superficial thrombophlebitis, varicose ulcers, varicose eczema, ankle oedema, restless legs, paraesthesia, haemorrhoids.

Dosage Initial treatment: 4 capsules a day, preferably with meals. In most cases, at least four weeks treatment with PAROVEN is required before significant benefit is felt. At the point where the patient experiences benefit, the dosage may be adjusted to a maintenance level. Maintenance treatment: 1-2 capsules a day.

Side effects and Precautions In a few patients, slight gastro-intestinal disorders, flushes and headaches have been reported. These are usually overcome by taking the capsules with meals or by slight adjustment of dosage. There are no known contraindications to PAROVEN; it is virtually non-toxic and has no teratogenic effects. In keeping with current teaching and practice its use during the first trimester should, however, be avoided.

Availability Capsules, each containing 250 mg of O—(β -hydroxyethyl)—rutosides (not less than 45% troxerutin) in bottles of 20 and 100 capsules.

Further information is
available on request.

What on earth's a tub of margarine doing in this Medical Journal?

We know that there's a significant link between saturated fats, serum cholesterol levels and coronary heart disease in man.^{1,2}

There are a number of guidelines for reducing the risk of coronary heart disease. One of the most important is the recommendation to reduce the amount of saturated fat intake in the diet.³

The American Heart Association,⁴ the combined Medical Boards of Norway, Sweden and Finland,⁵ and the National Heart Foundations of Australia and New Zealand,^{6,7} all recommend the reduction of saturated fat intake and an increase in the level of polyunsaturated fatty acids.

Many doctors are recommending a modified fat diet for patients at risk

from a heart attack. The change is made easier with Flora.

Flora is an accepted component of a lipid lowering diet.^{8,9} The value of such a diet is indicated by the findings from three first generation clinical trials of primary prevention, which suggested that dietary modifications would reduce the incidence of coronary heart disease.^{10,11,12}

Flora is higher in polyunsaturated fats than any other leading margarine, and is low in saturated fats*. In addition, Flora is a highly acceptable food and so patients will use it if recommended to do so.

Give good advice - recommend Flora.

**At least 50% of Flora's fat content is linoleic essential fatty acid. Flora has a fat content of not less than 80% of the total product and is sold in half pound tubs.*

Dermovate

Scalp Application

**Your patients will find
there's nothing
to show for it!**

Treatment of scalp psoriasis and severe seborrhoeic dermatitis with Dermovate Scalp Application gives dramatic results.

No scaling, no itching and no mess!

Dermovate Scalp Application is designed to deal with the difficult case. The long standing or recalcitrant condition. Dermovate Scalp Application contains clobetasol propionate which in clinical trials has shown itself effective in resolving these conditions, often succeeding where other therapies have failed, with improvement frequently being seen in just a matter of days.

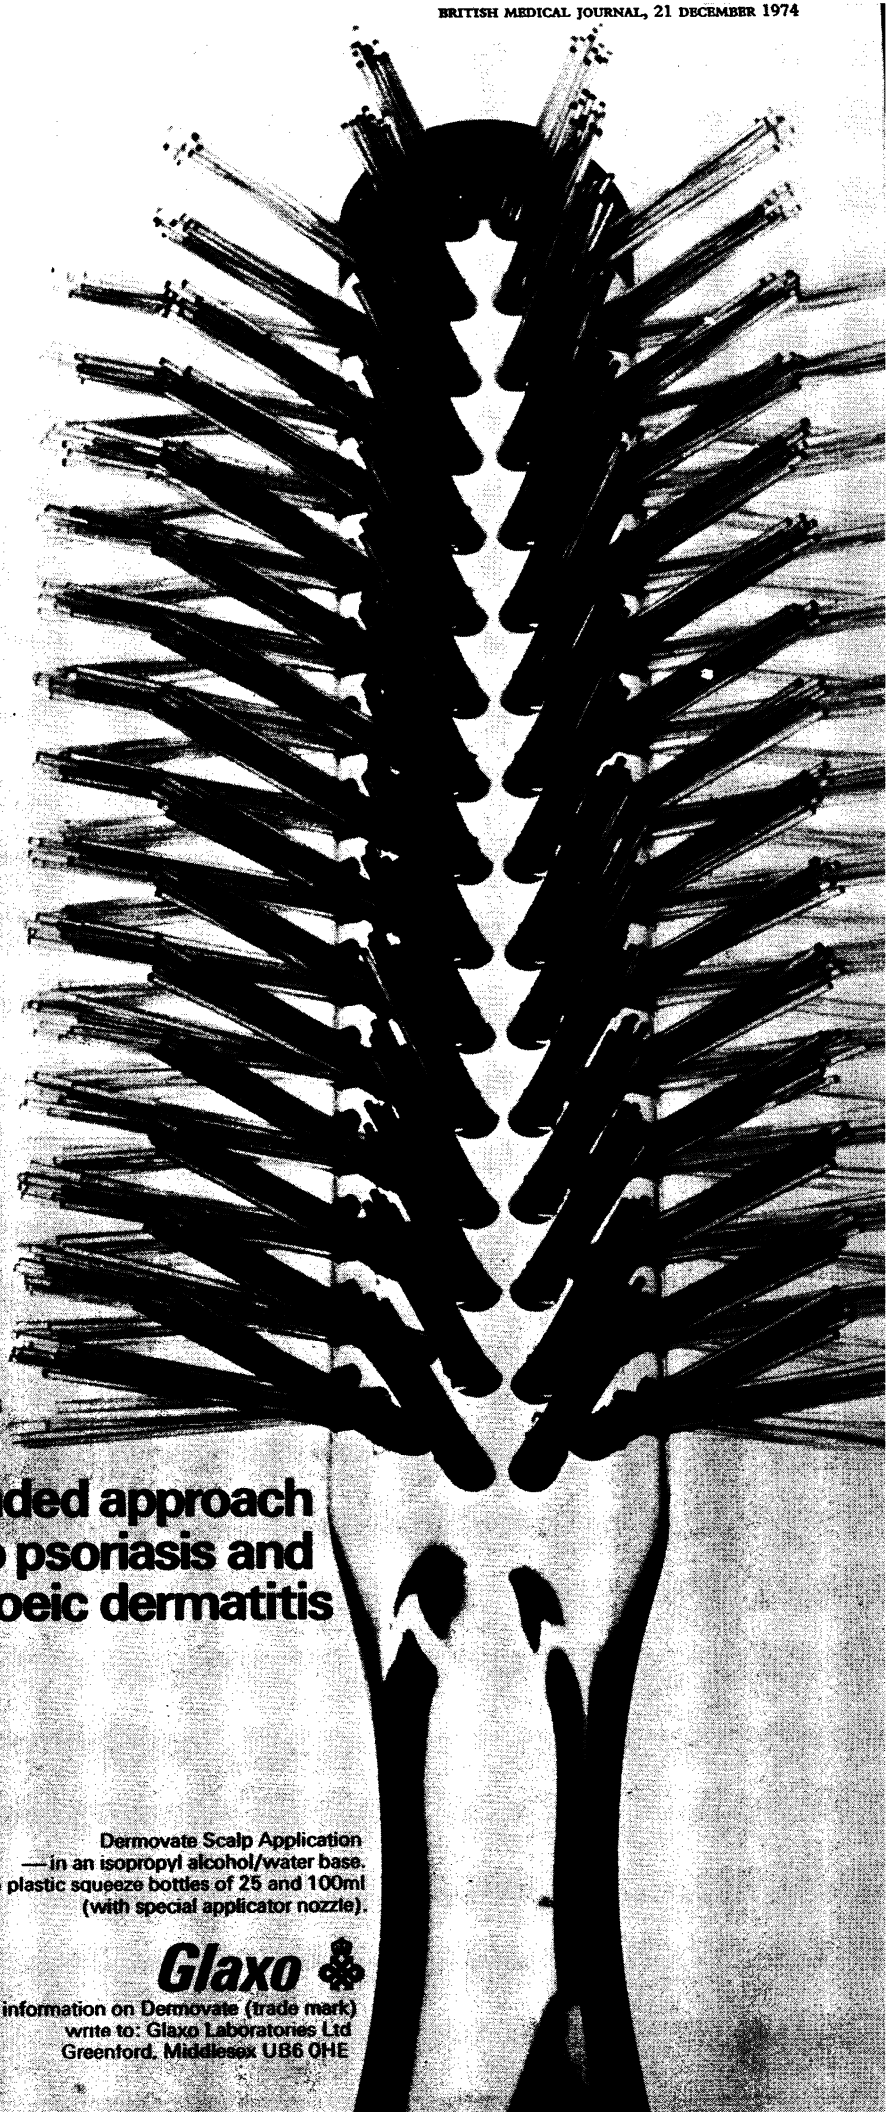

Dermovate Scalp Application, in practical squeeze bottles with elongated nozzle, allows easy application direct to the scalp.

**The clear headed approach
to psoriasis and
seborrhoeic dermatitis**

Dermovate Scalp Application
— in an isopropyl alcohol/water base.
Available in plastic squeeze bottles of 25 and 100ml
(with special applicator nozzle).

The issue of 4 January closed for press on Friday, 20 December.

UNIVERSITIES OF MANCHESTER AND SALFORD FINAL F.R.C.S. COURSE

A three weeks' intensive course in Advanced Surgery to assist Doctors who will be taking the Final F.R.C.S. examination, will be held in Crumpsall Hospital, Manchester 8 from Tuesday, 1st April - Friday, 18th April, 1975. The course will consist of lectures and clinical demonstrations. It will occupy three separate weeks from 1st - 4th April, 7th - 11th April and 14th - 18th April with a break in the intervening week-ends. Accommodation will be available for those who require it at the University of Salford, Halls of Residence, Oaklands Road, Salford 7. Course fee: £60.00. Details and application forms obtainable from the Dean of Postgraduate Medical Studies, Gateway House, Piccadilly South, Manchester M60 7LP. (28683)

WEST OF SCOTLAND COMMITTEE FOR POSTGRADUATE MEDICAL EDUCATION

DIAGNOSTIC VIROLOGY

A full-time Course in Diagnostic Virology will be held in the University Department of Infectious Diseases from 21st April to 10th May 1975.

The course will be given by the staff of the Regional Virus Laboratory, Ruchill Hospital and the Viral Epidemiology Unit assisted by guest lecturers from other departments. It will include, lectures, discussions and practical work covering the main laboratory diagnostic techniques relevant to epidemiological and public health problems.

Applicants should hold a university degree in Medicine or Veterinary Medicine or should be working in a medical or veterinary laboratory.

The Course Fee is £80. The number of places is strictly limited and early application is essential.

Further particulars and application forms may be obtained from the Dean of Postgraduate Medicine, The University of Glasgow, Glasgow G12 8QQ. (28694)

LONDON SCHOOL OF HYGIENE AND TROPICAL MEDICINE AND THE ROYAL POSTGRADUATE MEDICAL SCHOOL (University of London)

M.Sc. IN MEDICAL MICROBIOLOGY

Advanced academic and practical training, extending over two academic years, in bacteriology, virology, immunology, mycology, microbial genetics, medical protozoology, helminthology and entomology as applied to clinical medicine and to preventive and community medicine, is provided through a new intercollegiate course of study for a University of London degree, replacing the Dip.Bact.

The first year will be spent at the two Schools of the University followed by a second year at a recognized laboratory. Candidates with satisfactory evidence of prior supervised practical training may be exempted from the second year of study.

The course is open to medical, dental and veterinary practitioners, graduates in science or pharmacy and other suitably qualified students.

A limited number of bursaries at Senior Registrar salary scales and Medical Research Council awards may be available to suitably qualified British subjects resident in the United Kingdom.

Closing date for applications: 15th April, 1975.

Further particulars may be obtained from the Registrar, London School of Hygiene and Tropical Medicine, Keppel Street, London WC1E 7HT or The Secretary, Royal Postgraduate Medical School, Du Cane Road, London, W.12. (28671)

CRIPPS POSTGRADUATE MEDICAL CENTRE Northampton General Hospital

Course in General Medicine

A refresher course for General Practitioners will be held from 19th to 23rd May, 1975 inclusive. The registration fee for the course will be £5.00. Accommodation will be arranged if necessary.

The course will comprise half-day sessions in rheumatology, geriatrics, cardiology, respiratory diseases and gastro-enterology, together with other sessions which will include case demonstrations, ward rounds etc. All sessions will be chaired by General Practitioners and emphasis will be placed on discussion.

Numbers will be limited to 25 and the course has been approved under Section 63 of the National Health Service Act 1968. Full details can be obtained from the Clinical Tutor, Cripps Postgraduate Medical Centre, General Hospital, Northampton to whom applications should be made. (36526)

London School of Hygiene and Tropical Medicine
Centre for Extension Training in Community Medicine

INFORMATION AND INFORMATION SERVICES

The London School of Hygiene and Tropical Medicine is offering a series of one week courses on Information and Information Services for those working in Community Medicine, who wish to learn more about Health Information.

The objectives of the courses are to increase:—

1. Knowledge and understanding of the nature of, uses of, developments of, and problems in, medical information.
2. Skill in the planning and operation of an information system.

The first courses are being offered on a Regional Basis:—

Course 30:

10th — 14th February, 1975: Northern, North West Thames, South East Thames, Trent and Wessex Health Regions. Closing date for applications: 17th January, 1975.

Course 31:

24th — 28th February, 1975: East Anglia, North West, South West, South West Thames and West Midlands Health Regions. Closing date for applications: 24th January, 1975.

Course 34:

28th April — 2nd May, 1975: Mersey, North East Thames, Oxford and Yorkshire Health Regions and the Welsh Office. Closing date for applications: 4th February, 1975.

A fourth course will be offered in the academic year 1974/75:—

Course 38:

30th June — 4th July, 1975: open nationally. Closing date for applications: 31st March, 1975.

The number of places on each course is limited to 30.

Further information and application forms are available from: **The Administrator, Centre for Extension Training in Community Medicine, 31 Bedford Square, London WC1B 3EL.** (28668)

GENERAL PRACTICE TRAINING POSTS

VOCATIONAL TRAINING FOR GENERAL PRACTICE

Applications are now invited from recently qualified medical graduates for a 3 year course of training commencing on 1st February 1975 in Halifax. The appointment will consist of: 1. Six months in General Practice; 2. Six months in General Medicine; 3. Six months in Accident and Emergency; 4. Twelve months in which candidates may select their specialities, which may include, Paediatrics and Obstetrics and Gynaecology; 5. Six months in General Practice.

Special arrangements will be made throughout the course for experience in E.N.T., Ophthalmology and Dermatology and Psychiatric departments and other sections relevant to General Practice. A study programme will be continuous throughout the three year period.

Other information may be obtained from Dr. I. M. Muscat-Baron, Consultant Physician, Royal Halifax Infirmary.

Applications giving names and addresses of two referees should be sent to Area Personnel Officer, Royal Halifax Infirmary, Halifax by 30th December, 1974. (36336) 21

NORTH WEST SURREY HEALTH DISTRICT

VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTICE

(Senior House Officer Grade)

Applications are invited for a post in the above scheme beginning on 1st March 1975. The posts are Paediatrics, Medicine (including Medical Specialities), and accident and emergency, in that order, each for 6 months. The medical post includes 3 months spent in general medicine and 3 months divided between Dermatology, Gastroenterology, Geriatrics, Neurology, Rheumatology and Thoracic Medicine. After 18 months in hospital a year will follow in an approved local training practice. There is a choice between a rural practice, a group practice and a health centre practice. A 6-month Obstetric post is not yet available but may be included later; however a clinical attachment for 6 weeks is at present available which may be taken during the period in general practice. Attachment to the local Psychiatric Unit can also be arranged. Married accommodation will be available throughout the hospital posts and in general practice posts.

During the period in general practice a half-day release scheme at Surrey University is available. An active postgraduate centre at St. Peter's Hospital, Chertsey, with frequent meetings for General Practitioners, ensures wide local contact. During the hospital period weekly Orthopaedic tutorials, x-ray tutorials, physicians meetings and Paediatric Journal clubs are regular features. A second post is available on 1st March, 1975, to begin with 6 months in general practice followed by 18 months in the same hospital posts and a final 6 months in general practice.

Applications together with names and addresses of two referees should be sent to the Hospital Administrator, St. Peter's Hospital, Chertsey, Surrey KT16 0PZ by 10th January 1975. For further details contact Clinical Tutor, Postgraduate Centre, Tel: Ottershaw 2000 Ext. 4. (36583) 21

WESSEX REGIONAL HEALTH AUTHORITY West Dorset Health Care District

Offer the following 3-year linked Hospital and General Practice training post in the S.H.O. grade, commencing on the 23rd January 1975. The hospital post includes an opportunity to take the D.Obst.R.C.O.G. and to study in various specialities and will be for a 2-year period, including 6 months each in Obstetrics and Gynaecology, Paediatrics, General Medicine and elective subjects.

One year will be as a Trainee in a Selected Practice near the hospital and includes a day-release course of vocational training for general practice.

Application forms and further particulars from the District Administrator, West Dorset Health Care District, Herrison Hospital, Dorchester, to whom they should be returned without delay. 21

NOTTINGHAMSHIRE AREA HEALTH AUTHORITY (Teaching)

BASSETLAW DISTRICT VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTICE

This is a new scheme which will start on 1st February, 1975. Initially there will be four vacant posts and training will be linked with the well established scheme at Doncaster. The training will be arranged to cater for the successful applicant's individual needs. All trainees will be offered four 6-month S.H.O. posts from the specialities of general medicine, obstetrics, paediatrics, geriatrics (acute work with day hospital facilities) and accident and emergency. This hospital service will be preceded and followed by six months in general practice with one trainer.

Experience in E.N.T., dermatology, orthopaedics, psychiatry and ophthalmology and a half-day release programme will be available throughout the course.

Accommodation available, but not necessarily within Hospital Premises. The paediatric post is recognized for the D.C.H. examination and the obstetric post for the D.Obst.R.C.O.G.

Application has been made through the Royal College of General Practitioners for recognition of the scheme as fulfilling the requirements for the M.R.C.G.P. examination. Workshop is a medium-sized town in rural North Nottinghamshire within easy reach of Sheffield, Doncaster, Nottingham and is the gateway to the Dukeries.

Written applications giving full experience of training and qualifications etc. to Assistant District Administrator, Victoria Hospital, Worksop S80 2BN, Notts. (36371) 21

WOLVERHAMPTON AREA HEALTH AUTHORITY

SOUTH STAFFORDSHIRE VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTICE

Applications are invited for a limited number of posts on the South Staffordshire Vocational Training Scheme for General Practice. After a short period in General Practice, trainees will spend two years in rotating S.H.O. Hospital Posts in general medicine, Obstetrics and Gynaecology, Paediatrics and Psychiatry. Flexibility in the choice of specialities is possible to meet individual needs. Half day release may be spent in Ophthalmology, Dermatology, E.N.T. or other chosen specialities. Trainees will return to general practice during the third year. The scheme is affiliated to the Birmingham University training course for general practice. The requirements for M.R.C.G.P., D.C.H., and D.R.C.O.G. can be fulfilled.

Married or single accommodation available. Excellent education facilities exist in the South Staffordshire Medical Centre. Further details and application form available from Area Personnel Officer, Administrative Offices, New Cross Hospital, Wolverhampton WV10 0QP. Telephone enquiries may be made to Dr. L. E. Tyler, Postgraduate Tutor in General Practice on Wolverhampton 782719 or Mr. A. W. Jowett, Postgraduate Clinical Tutor on Wolverhampton 732255 Ext 2147. (36578) 21

UNIVERSITY AND RESEARCH APPOINTMENTS

NORTH STAFFORDSHIRE ROYAL INFIRMARY Princes Road, Stoke-on-Trent

RESEARCH ASSISTANT
To participate in M.R.C. funded project on the role of the neutrophil in allergic glomerular injury. Work in purpose built research block will include human and animal material. Medically qualified person (M.R.C.P. essential) would train in active nephrology department. To start in early 1975. Salary appropriate to grade.
Apply to Dr. P. Nalsh, Department of Nephrology. (H13401) 25

ST. GEORGE'S HOSPITAL MEDICAL SCHOOL (University of London)

SENIOR LECTURER AND HONORARY CONSULTANT IN HISTOPATHOLOGY

Applications are invited for the above appointment which carries responsibilities in teaching, research and hospital pathology, in the Department of Histopathology, under Professor Sir Theo Crawford. Salary scale £5433-£7947 plus £229 p.a. threshold supplement.

Further particulars of the post may be obtained from the Establishments Officer, St. George's Hospital Medical School, Blackshaw Road, London, SW17 0QT, to whom applications, quoting the names of three referees, should be sent not later than 6th January, 1975. (H13404) 25

UNIVERSITY COLLEGE CARDIFF

Applications are invited for the following vacancy:

LECTURESHIP IN PHYSIOLOGY

Salary Range: £2118 - £4896 (or £2412 - £4896 if medically qualified) plus threshold payments. Duties to commence not later than 14th April 1975. Potential applicants who could not begin until after that date (but not later than 1st October 1975) are invited to submit the usual details informally. A medical qualification, and/or teaching experience in human respiratory, renal or oral physiology would be an advantage.

Applications together with the names and addresses of two referees, should be forwarded to the Registrar, University College, P.O. Box 78, Cardiff, CF1 1XL, from whom further particulars may be obtained. Closing date three weeks from the appearance of this advertisement. Please quote ref. 0707. (28701) 25

COMMERCIAL APPOINTMENTS

Vocational Training For General Surgery

Applications are invited from recently qualified Medical Graduates for courses of training starting in January, 1975.

The programme comprises:

1. Four successive six month appointments at Senior House Officer Grade, to be chosen from Paediatrics, Accident and Emergency, General Medicine with Geriatrics, Psychiatry and Obstetrics with Gynaecology.

2. A final years appointment in two general practices, comprising a rural practice and an urban practice.

3. Throughout the three year period there will be half-day release course which will include seminars on clinical topics, community care, practice administration and the general organisation of the health care services. As well as this, the trainees will be expected to attend staff conferences and general practitioner meetings held in the Bedford Medical Institute.

4. The course has the approval of the Royal College of General Practitioners, and the trainee will be eligible to sit the M.R.C.G.P., D.C.H., AND THE D.Obst.R.C.O.G.

Applications and requests for further information should be sent to the Establishment Officer, Bedfordshire Area Health Authority, Northern District, 3, Kimbolton Road, Bedford.

UNIVERSITY OF CAMBRIDGE

GRIMSHAW-PARKINSON STUDENTSHIP
IN THE FIELD OF DISEASES

OF THE HEART AND CIRCULATION
The Managers of the Grimshaw-Parkinson Fund invite applications for a Research Studentship for a tenure of one year from 1st June 1975, renewable at the discretion of the Managers. The regulations of the Fund require that the student shall be a registered medical practitioner or the holder of a medical degree, British or Foreign, approved by the Managers, without restriction on nationality or sex. The emolument of the studentship will be determined by the Managers within the range of £3,700-£4,400 p.a. after taking into account the age, qualifications and experience of the applicant.

The successful applicant who should be of Senior Registrar or equivalent status will engage in research in the field of diseases of the heart and circulation. The precise nature of the project undertaken will depend on previous experience and established interests. Facilities for the work will be available in the United Cambridge Hospitals and the Regional Cardiac Unit at Papworth Hospital.

Applications should be sent to the Secretary, Cambridge University Medical School, Hills Road, Cambridge CB2 2QL, before 31st January 1975, and should include details of education, academic and professional qualifications, previous clinical and research experience and the nature of the research the applicant proposes to pursue if elected, and the names of three persons to whom the Managers may refer. (H13449) 25

UNIVERSITY OF LEEDS
Department of Surgery

Applications are invited for the post of TUTOR IN ORTHOPAEDIC SURGERY in the University of Leeds. The post carries the status of Honorary Senior Registrar in the health service, and the successful applicant will work at the Leeds General Infirmary and St. James's University Hospital. The first part of this rotation will be at the Leeds General Infirmary. Applicants must have a senior qualification in surgery, and interest and experience in undergraduate teaching is desirable.

Salary on the scale £3120 x £234(3) — £3822 x £213(4) — £4674 x £156 — £4830.

Forms of application and further particulars may be obtained from the Registrar. The University, Leeds LS2 9JT, quoting reference 110/1. Closing date 20th January 1975. (28646) 25

UNIVERSITY OF LEEDS

Department of Obstetrics & Gynaecology
(Leeds Maternity Hospital)

Applications are invited for the post of TUTOR

(Senior Registrar) in the Department of Obstetrics and Gynaecology (Leeds Maternity Hospital). Salary on the scale £3120 x £234(3) — £3822 x £213(4) — £4674 x £156 — £4830.

Duties will include involvement in the management of patients in the Maternity Hospital at Leeds and gynaecological patients at the Hospital for Women at Leeds. There will be a responsibility for instruction and training of medical students during their period of residency. Holders of the post are normally granted honorary Senior Registrar status. There are opportunities for clinical and laboratory research.

Interested candidates may contact Professor J. S. Scott, Department of Obstetrics and Gynaecology, 17 Springfield Mount, Leeds LS2 9NG (Tel: 0532-453905). Forms of application and further particulars may be obtained from the Registrar. The University, Leeds LS2 9JT. Please quote reference 100/1. Closing date 13th January 1975. (28521) 25

UNIVERSITY OF NOTTINGHAM

Medical School
Department of Psychiatry

Applications are invited for a post of LECTURER IN PSYCHIATRY in the Department of Psychiatry (Professor J. E. Cooper). Clinical duties will be at Mapperley Hospital, where the Department of Psychiatry has its headquarters. Duties will also include teaching in both the clinical and behavioural sciences courses, and taking part in the psychiatric assessment of ward referrals in the district general hospitals. The curriculum at Nottingham features an unusual degree of integration between the various departments in the Medical School, and an interest in all aspects of psychiatry in relation to medicine will be required. The successful candidate will be eligible for Honorary Senior Registrar or Registrar status according to qualifications and experience.

Salary will be on the clinical lecturer scale (£2,883 to £5,619) and the appointment will carry membership of F.S.S.U. The starting salary will depend on qualifications, age and experience.

Other particulars and a form of application may be obtained from the Senior Assistant Registrar, Medical School, University of Nottingham, Nottingham NG7 2RD, to whom completed applications should be returned by the 20th January, 1975. (28648) 25

Young Morphologist

required immediately for scientific staff of research unit working in development neurobiology field. Unit now at Carshalton, but a move to WC1 area of London is planned for 1976.

Applicants should have at least 3 years' postgraduate experience. The studies will be concerned with investigations on the developing Central Nervous System with light and electron microscopy, and will also involve co-operative studies with biochemists and neuroendocrinologists working in the Unit.

Appointment will be for 3 years; salary in the range £2019-£3636; F.S.S.U. Superannuation.

Apply to Dr. R. Balazs, Neuropsychiatry Unit, Medical Research Council, Laboratories, Woodmansterne Road, Carshalton, Surrey. (Tel: 01-643 8000).

Medical Research Council

OCCUPATIONAL HEALTH

Attention is drawn to the British Medical Association's statement of policy on the Remuneration of Industrial Medical Officers as approved by the Representative Body, which is available on request from the Secretary.

Medical Officer

West Midlands £6,500 plus

Longbridge Operations, located on the Southern outskirts of Birmingham, has a vacancy for a full-time Medical Officer. The variety of processes involved in the manufacture of motor cars provides an unusually broad range of occupational health experience. Some 26,000 employees are served by an established comprehensive medical service of full-time doctors and nurses and there are X-ray and Rehabilitation facilities. The Service works in co-operation with an established Industrial Hygiene Unit.

Duties include the examination of employees as a result of injury or illness occurring in the place of employment, and examinations for certain categories of staff in order to advise on placement. In addition, study of the working environment will be required to ensure safe working methods and use of materials. There will also be an opportunity to train for the Diploma of Industrial Health. Applicants need not have previous industrial experience but general medical experience would be helpful.

Starting salary will not be less than £6,500 p.a. Attractive fringe benefits are available and assistance will be given in moving house.

Applications which will be treated in confidence should be made to:

John G. Priest, Recruitment Co-ordinator,
Divisional Personnel, Power and Transmission Division,
British Leyland, Longbridge, BIRMINGHAM B31 2TB.

APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1974, No. 361).

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

In particular, they will find full details of facilities provided in most hospitals in the United Kingdom in the current edition of the *Hospital Gazetteer*. If such details are not included members are advised to consult the Secretary of the B.M.A.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

SALARY SCALES OF HOSPITAL MEDICAL STAFF

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £2,202 per annum for the posts held during the first year; £2,370 per annum for posts held during the second year; £2,538 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,823 per annum x £189(1) x £186(1) — £3,198.

Deductions of £210 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £3,198 per annum x £171(3) x £168(1) — £3,879.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale and £243 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £204 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £3,711 per annum x £168(1) x £216(4) — £4,743.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £3,504 per annum x £183(2) x £180(2) x £168(10) — £5,910.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £5,433 per annum x £279(8) x £282(1) — £7,947.

Deductions of £420 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rent is appropriate. July, 1974

NORTH WESTERN AND NORTHERN REGIONAL HEALTH AUTHORITIES

CONSULTANT

PSYCHIATRIST

Whole-time or maximum part-time

Consultant Psychiatrist

to the Lancashire

Area Health Authority

and the Cumbria

Area Health Authority

The appointee will be based at the Royal Albert Hospital, Lancaster, which has 996 beds for the mentally handicapped and will be required to liaise with the Health Authorities in the Lancashire, Preston and Blackpool Districts of the Lancashire Area Health Authority and with those in the South West Cumbria District and South Lakeland Sector of the East Cumbria District of the Cumbria Area Health Authority.

The Royal Albert Hospital is situated in very pleasant surroundings, one mile from the City of Lancaster and in easy reach of the seaside, Lake District and Southern Scotland. It is a progressive hospital, having amongst the usual services associated with a hospital of this kind, a very wide variety of occupational and industrial therapies, together with a modern, well equipped Assessment Centre, catering for both adults and children. An active psychology service functions within the hospital.

Wide experience and a higher qualification are essential. The appointee will be required to live within ten miles of the Royal Albert Hospital.

Application forms and further particulars from the Regional Medical Officer, North Western Regional Health Authority, Gateway House, Piccadilly South, Manchester, M60 7LP. Closing date for applications, 4th January, 1975. (28483) 84-1

CONSULTANT PSYCHIATRISTS

(Two posts)

Whole-time or maximum part-time. Both posts are related to Edgware/Hendon District of Barnet Area Health Authority with out-patient sessions at Edgware General Hospital. (Tel: 01-852 233.)

Residence required within ten miles by road of Napsbury Hospital and within reasonable distance of Edgware General Hospital.

Hospitals may be visited by direct appointment, with the Chairman of the Medical Executive Committee at Edgware and Napsbury Hospitals.

Application forms and further particulars obtainable from the Regional Personnel Officer, North West Thames Regional Health Authority, 40 Eastbourne Terrace London W2 3QR. Tel: 01-262 8011 Ext. 248. Returnable before 14th January 1975. (28730) 84-1

BRENT & HARROW AREA HEALTH AUTHORITY Shenley Hospital Shenley, Radlett, Herts. WD7 9HB

CLINICAL ASSISTANT

required for 9/11 sessions at Shenley Hospital, a modern psychiatric hospital of 1,569 beds, within 30 minutes of Central London (not required to be resident).

This job involves psychiatric work at a senior level of competence in Shenley Hospital and in out-patient work at Central Middlesex and Acton Hospitals.

The hospital is recognized by the Royal College of Psychiatrists for purposes of training for the M.R.C.Psych.

The successful applicant would be working in a team consisting of two Consultant Psychiatrists with multi-disciplinary support from Social Workers, Psychologists and Occupational Therapists.

Please apply to the Consultant 'B' Division, Shenley Hospital, for further information or apply to the Administrator for application form. Closing date 31st December, 1974. (28505) 84-4

EAST ANGLIAN REGIONAL HEALTH AUTHORITY The West Suffolk Hospital

LOCUM SENIOR REGISTRAR

IN PSYCHIATRY

(Adult Mental Illness)

required from 22nd December for an indefinite period. Accommodation may be available for this post.

Applicants should have good psychiatric training.

Applications to Hospital Secretary, Tel: Bury St. Edmunds (0284) 63131. (36516) 84-5

Amended Advertisement

HAMPSHIRE

AREA HEALTH AUTHORITY

(Teaching)

TWO SENIOR REGISTRARS

IN CHILD/ADOLESCENT PSYCHIATRY

Applications are invited for these four-posts affording comprehensive training and experience at various centres.

The successful candidates will spend 18 months at the Wessex Unit for Children and Parents, Milton Ford, Portsmouth; Knowle Hospital; the Professorial Unit of Southampton University is at Knowle Hospital. The final year will be tailored to suit the particular requirements of the candidate.

No change of residence will be required in this rotation.

Candidates should have good experience in general psychiatry and hold the D.P.M. or an equivalent qualification, and have a special interest or experience in psychotherapy.

Arrangements to visit can be made directly with the Secretary, Wessex Unit for Children and Parents (Tel: Portsmouth 35211, Ext. 358) and Knowle Hospital. (Tel: Wickham 2271).

enclosed with application.

TAYSIDE HEALTH BOARD

SENIOR REGISTRAR IN HISTOPATHOLOGY

DUNDEE TEACHING HOSPITALS

Applications are invited for the post of Senior Registrar in Histopathology and Morbid Anatomy in the Department of Pathology at the recently opened Ninewells Hospital and Medical School (805 beds). This Department serves all the Dundee Hospitals (3253 beds) and most of the Tayside Area (Total 6633 beds), and consequently offers wide-ranging training in Histopathology and Morbid Anatomy. The successful candidate may be offered an honorary appointment with the University of Dundee.

The appointee will have the opportunity to undertake research in histopathology or experimental pathology. The Department is recognized for the examinations of the Royal College of Pathologists, and may be visited by arrangement.

Further particulars and application forms from the Secretary to the Board, Vernonholme, Riverside Drive, Dundee, with whom applications should be lodged not later than 21st January 1975.

(H13408) 81-5

MOSS SIDE HOSPITAL MAGHULL, LIVERPOOL

WHOLETIME CONSULTANT IN PSYCHIATRY

required at this special hospital for the investigation and treatment of a wide range of psychiatric patients. The majority of patients have intellectual deficit together with associated behaviour disorder or mental illness. They are in the hospital because it is judged that their dangerous and violent behaviour requires treatment under conditions of special security. There are opportunities for research in the field of mental handicap and behaviour disorder in association with the Research Unit for the special hospitals.

A wide experience of psychiatry is essential and the D.P.M. is required. Accommodation is available.

Candidates may visit the hospital by appointment with the Medical Superintendent (Telephone 051-526-4127/8).

Further particulars and application forms may be obtained from The Secretary, Moss Side Hospital, Maghull, Liverpool L31 1BD, to whom application should be made by 10th January, 1975. (28435) 84-1

**YORKSHIRE

MEDICAL OFFICER

at the Wolfson Medical Rehabilitation Centre from 1st February 1975, for three months in the first instance.

Applications stating age, qualifications and experience, together with the names of two referees should be made to the Principal Administrative Assistant, Medical Staffing Office, St. George's Hospital, SW1X 7EZ (Tel: 01-235 4343 Ext: 160) as soon as possible. (H13439) 88-4

THE BRADFORD AREA HEALTH AUTHORITY

invites applications for the post of **ROTATING REGISTRAR**

for duties in the Bradford Hospitals. Resident post. Subject to satisfactory progress, the tenure of the post will be two years. Six months will be spent in Orthopaedic Surgery, 2 six month periods in General Surgery and six months in Urology. Primary F.R.C.S. essential. Recognized posts for F.R.C.S.

There is an active postgraduate training programme with full library and University facilities. Undergraduate students are also trained at the hospital of the district.

Applications may be obtained from the District Administrator, Bradford Area Health Authority, Daisy Bank, 109 Duckworth Lane, Bradford BD9 6RL to whom they should be returned as soon as possible. (28662) 88-6

SPINAL INJURIES**LOTHIAN HEALTH BOARD****CONSULTANT TO SPINAL PARALYSIS SERVICE**

Applications are invited for this consultant post based initially at the Spinal Injuries Unit, Edenhall Hospital with responsibility for the co-ordination of the day to day care of patients working in association with the other consultants concerned. The present unit will be replaced in new building at the Princess Margaret Rose Orthopaedic Hospital and will offer an expanded spinal paralysis service.

Where the successful applicant has experience in a specialty associated with the care of spinal paralysis, consideration will be given to an attachment to a specialist unit of his interest. Participation in teaching will be expected. There are opportunities to pursue research either on an individual or team basis.

The appointment will be whole-time or maximum part-time and the person appointed may be offered a part-time Senior Lectureship in the University of Edinburgh and in that case his contract with the Health Board would include a specific allocation of sessions for academic duties. The appointment may, however be one with whole-time or maximum part-time duties to the Health Board without a University component other than an appointment to the Clinical Teaching Staff.

Further details on application. Applications which should be typewritten, giving particulars of age, qualifications and previous experience, together with the names and addresses of three referees should be lodged with the Secretary, 11 Drumsheugh Gardens, Edinburgh, EH3 7QQ by 11th January 1975. (H13339) 90-1

APPLICANTS ARE ADVISED NOT TO send original testimonials when replying to advertisements. Copies will serve the purpose quite as well, and in the event of their being lost or mislaid no inconvenience will ensue.

SURGERY**ESSEX AREA HEALTH AUTHORITY**

maximum part-time or whole-time required 13th-24th January 1975, inclusive. Sessions mainly at Bishop's Stortford Hospitals and Hertford County Hospital.

Apply, with names of two referees to District Administrator, Essex Area Health Authority, Harlow District Office, Hamstel Road, Harlow, Essex, CM20 1RB.v (H13433) 91-1

AMENDED ADVERTISEMENT**GREATER GLASGOW HEALTH BOARD**

Applications are invited for the following appointment:

CONSULTANT GENERAL SURGEON

with a special interest in the clinical and research aspects of Renal Transplantation, Glasgow Western Infirmary and Gartnavel General Hospital Whole-time or maximum part-time sessions.

Further details can be obtained from the Secretary, Greater Glasgow Health Board, Room 117, 351 Sauchiehall Street, Glasgow G2 3HT to whom applications (1 copy) should be sent with details of age, qualifications, experience, present appointment and the names of two referees not later than 30 days after the publication of this advertisement. (H13429) 91-1

GREATER GLASGOW HEALTH BOARD

Applications are invited for the following appointment:

CONSULTANT IN GENERAL SURGERY

with a special interest in Peripheral Vascular Surgery, Glasgow Western and Gartnavel Hospitals. Whole-time or maximum part-time sessions.

The Consultant appointed will have facilities in both the Western Infirmary and Gartnavel General Hospital and will be expected to have a wide experience of Peripheral Vascular Surgery.

Further details can be had from the Secretary, Greater Glasgow Health Board, 351 Sauchiehall Street, Glasgow G2 3HT to whom applications (1 copy) should be sent with details of age, qualifications experience, 30 days after publication of this advertisement. (H13430) 91-1

HAMPSHIRE AREA HEALTH AUTHORITY
(Teaching)**CONSULTANT GENERAL SURGEON**

Whole-time or maximum part-time required with an interest in gastro-enterology for the Portsmouth and South East Hampshire Health District.

The Consultant will work at Queen Alexandra Hospital and at out-patient sessions in one of the small peripheral hospitals.

Residence within a ten mile radius of Portsmouth is a condition of this appointment.

Application forms and further particulars from: Area Medical Officer, Dawn House, Sleepers Hill, Winchester, Hants. Closing date: 20th January. (36568) 91-1

MERSEY REGIONAL HEALTH AUTHORITY**CONSULTANT GENERAL SURGEON**

(Whole-time or maximum part-time) to undertake duties at hospitals in the Northern District of the Wirral Area Health Authority.

The duties will initially be centred on Victoria Central Hospital, Wallasey pending rationalisation of surgery services consequent upon retirement early in 1975 when the duties and responsibilities will be realigned to Victoria Central Hospital (6 sessions), St. Catherine's Hospital Birkenhead (4 sessions) and 1 session at Birkenhead Children's Hospital.

Applicants must have wide experience in this specialty and a special interest would be an advantage. A higher qualification is required. The successful applicant will be required to reside within 10 road miles of Victoria Central Hospital Wallasey. Canvassing will disqualify.

Application forms and further information obtainable from Regional Medical Officer, Mersey Regional Health Authority, Wilberforce House, The Strand, Liverpool L2 7RW to be returned by 10th January, 1975. (28628) 91-1

**LANCASHIRE
AREA HEALTH AUTHORITY**
Blackpool Health District

**PRE-REGISTRATION
HOUSE SURGEON**
There is a vacancy for a Pre-registration
House Surgeon at the Victoria Hospital,
Blackpool from 1st February 1975. Any
interested applicants should telephone David
Greenwood, Medical Appointments Officer,
Tel: Blackpool 34111, Ext: 435 for further
information and to arrange an informal visit to
the district and meet a member of the
Consultant Staff.
Victoria Hospital, Blackpool (an acute
general hospital of 765 beds) is one of the most
modern, well-equipped and up-to-date
hospitals in the Country. Major development
schemes which have recently been completed
include a New Maternity Unit of 144 beds and
two 30 bedded Geriatric Assessment Wards
and a new Consultative Out-Patient Unit,
including a Day Case Theatre, Accident and
Emergency Centre and a Rehabilitation
Department have recently been provided. A
great wealth and variety of clinical material is
seen in the Hospital, which has Departments
for all major specialties, including the main
Cardio-thoracic surgical unit and a new
Cardiac Investigation Unit, which serve the
Northern part of the North Western Regional
Health Authority area. (H13437) 91-9

COMMUNITY MEDICINE

CHESHIRE
AREA HEALTH AUTHORITY

**AREA SPECIALIST
IN COMMUNITY MEDICINE**
Capital Building & Service Planning
Applications are invited from registered medical practitioners in England and Wales with broad experience of administrative medical work at a senior level in the provision of health services by local health or education authorities or in the public health services of local authorities. This post is part of a multi-disciplinary team responsible for various functions in relation to health care within the area. Salary within the scale £5433 x 279(8) - £7665 x 282(1) - £7947.

Further particulars setting out the main functions of this post will be sent on request. Application forms are obtainable from the Area Personnel Officer, Pepper House, Pepper Row, Chester. Closing date for applications — 7th January, 1975. (28629) 110

SCOTTISH HEALTH SERVICE
Common Services Agency
Building Division

**SPECIALISTS
IN COMMUNITY MEDICINE**
£5433-£7947 per annum
Applications are invited from Registered Medical Practitioners for posts of Specialists in Community Medicine with the Building Division of the Agency. The posts are based in Glasgow with some responsibilities throughout Scotland.

Further particulars and forms of application may be obtained by writing to the Personnel Officer, Common Services Agency, 17 Rothesay Terrace, Edinburgh, EH3 7SF. The closing date for applications is 4th January, 1975. (28687) 110

PUBLIC APPOINTMENTS (Whitley Scales)

STOCKPORT
AREA HEALTH AUTHORITY

CLINICAL MEDICAL OFFICER
Applications are invited from registered medical practitioners for the above full-time or part-time post.

In the main, the post will involve work with children from birth to 16 years. A knowledge of developmental paediatrics, of experience with handicapped children and of the work in a school health service would be desirable, but full training facilities exist if the successful candidate requires this.

Salary for the full-time appointment will be within the scale £3,180-£4,176 per annum, starting point being fixed according to experience and qualifications. Travelling and subsistence allowances will be paid in accordance with Whitley Council Rates.

Application forms obtainable from Dr. R. G. Murray, the Area Medical Officer, Area Offices, Bramhall Moor Lane, Hazel Grove, Stockport, SK7 5AB. The closing date for applications is the 6th January, 1975. (H13406) 113

CHESHIRE
AREA HEALTH AUTHORITY
SENIOR MEDICAL OFFICER
(Child Health)
Crewe District

Applications are invited from registered medical practitioners for this full-time post.

The person appointed will share clinical responsibility with two other senior medical officers, through the Specialist in Community Medicine, for Child Health — including school health services within the district.

A knowledge of developmental paediatrics, and experience of assessment of handicap and educational medicine would be required for this post, which is advertised on a locum basis of one year.

Salary will be within the scale £3783-£4563 per annum starting point being fixed according to experience and qualifications. Car user allowances are payable in accordance with National Health Service conditions.

Application forms, obtainable from the Area Personnel Officer, should be returned to Pepper House, Pepper Row, Chester not later than 7th January, 1975. Further information is available from Dr. I. Cheam, Specialist in Community Medicine, Tel: Chester 48661. Ext. 20. (28630) 113

NORTHAMPTONSHIRE
AREA HEALTH AUTHORITY

**SENIOR CLINICAL
MEDICAL OFFICER**

Applications for this post are invited from registered medical officers with experience in child health work and an interest in developmental paediatrics. Much of the work will be concerned with the early detection, assessment and surveillance of handicapped children. Close links exist with the hospital services for children.

Relevant postgraduate qualifications would be an advantage and there will be opportunities for further in-service training. Salary in the range: £3,909 to £4,692.

Applications, giving the names and addresses of two referees, should be sent to the Area Medical Officer, 39 Billing Road, Northampton NN1 5BB by 3rd January 1975.

Further information about this post can be obtained from Dr V. V. Tracey, Area Specialist Community Medicine (Child Health) Northampton House, Northampton, NN1 2HR. (36434) 113

WAKEFIELD
AREA HEALTH AUTHORITY

**SENIOR CLINICAL
MEDICAL OFFICER**

The Wakefield Area Health Authority has a vacancy for a Senior Clinical Medical Officer. Applicants must have had experience of the community child health services both for the pre-school and the school child. The person appointed must be qualified under the Medical Examinations (ESN Children) NHS Regulations 1974. It is also essential that applicants have experience of developmental screening procedures.

Salary for the full-time appointment will be within the scale £4,305 to £5,088 per annum. Travelling and subsistence allowances will be paid in accordance with Whitley Council rates.

Application forms and a job description are available from the Area Personnel Officer, Wakefield Area Health Authority, Wood Street, Wakefield WF1 2HN and completed applications must be returned by 4th January 1975. (28700) 113

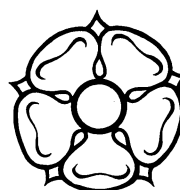

COMMUNITY MEDICINE

Specialist in Community Medicine (Health Care Planning)

Applications for the above appointment are invited from suitably qualified registered medical practitioners in England and Wales. Appropriate administrative experience is essential. The successful applicant will be associated with health care planning teams and monitoring of services as well as other related duties delegated by the Regional Medical Officer.

Salary Scale: £5,433 x £279(8) — £7,665 x £282(1) — £7,947 plus threshold agreement.

Application forms and further particulars of the post are obtainable from The Regional Administrator, Yorkshire Regional Health Authority, Park Parade, Harrogate, North Yorkshire HG1 5AH (Tel: Harrogate 65061). Closing date 10th January, 1975.

Yorkshire

COMMUNITY MEDICINE

NORTHERN IRELAND HEALTH
AND SOCIAL SERVICES

District Administrative Medical Officer

(District Community Physician)

EASTERN HEALTH AND SOCIAL SERVICES BOARD

The Central Services Agency on behalf of the Eastern Health and Social Services Board invites applications for a post of District Administrative Medical Officer at the North Down and Ards District of the Board, based at Newtownards, Co. Down.

Candidates must be registered medical practitioners with wide experience in medical administration and a good clinical background. They should also have specialised knowledge of the organisation and management of medical services in the hospital or community context.

The salary is £5,433 rising by nine increments to £7,947 per annum. The starting point on the scale will be determined in the light of qualifications and experience.

Application forms and further particulars are available from: The Chief Administrative Officer, Central Services Agency, 27 Adelaide Street, Belfast BT2 8FH.

Latest date for receipt of applications is 21st January 1975. (28582) 110

ADVISORY WORK FOR GPs

We have a number of opportunities for experienced practitioners who are prepared to act in a part-time and mainly advisory capacity as Local Medical Officers in these areas:

England and Wales

Cheadle, Felling-on-Tyne, Hayling Island, Hethersett, Leyburn, Newcastle-Upon-Tyne, Stalybridge, Morriston, Longton-Stoke-on-Trent, London E14 (Poplar), London SE17 (Walworth), New Ferry, Todmorden.

Scotland and Ireland

Burntisland, Edinburgh, Glasgow — Fiffnock, New Galloway, Peebles, Renfrew, Stranraer, Tain, Ballymena, Belfast, Maghera.

Candidates should be under 60 years of age and have a surgery in the district.

Duties include examining and reporting on the health of government employees, teachers, candidates for appointments, and occasionally attending government offices in cases of sudden illness or accident. Fees are according to a scale agreed with the B.M.A., and a mileage allowance is paid for journeys when necessary. Please write for an application form within 14 days, stating the name of this journal, to The Medical Advisor, Civil Service Department, Whitehall, London SW1A 2AZ.

(28581) CIVIL SERVICE MEDICAL SERVICE

112

WAKEFIELD
AREA HEALTH AUTHORITY

CLINICAL MEDICAL OFFICER

Applications are invited from registered medical practitioners for the above full-time post in the Wakefield Area Health Authority.

The post will involve work with the pre-school and school child; a knowledge of developmental paediatrics, experience with handicapped children and of the work in a school health service would be desirable, but training facilities exist if the successful candidate requires this.

The Area Medical Officer is the Chief Medical Officer with overall responsibility for Clinical Medical Officers but the community physician in child health, Dr. C. Simpson Smith, is the Senior Administrative Medical Officer responsible for the allocation of the above duties and any others that may be required.

Salary for the full-time appointment will be within the scale £3,189 to £4,176 per annum. Travelling and subsistence allowances will be paid in accordance with Whitley Council rates.

Application forms obtainable from the Area Personnel Officer, Wakefield Area Health Authority, Wood Street, Wakefield WF1 2HN to whom they should be returned by 4th January 1975. (28699) 113

REPUBLIC OF IRELAND

UNIVERSITY OF DUBLIN
Trinity College

Closing date for the receipt of completed applications — 31st January, 1975. (28655) 117

WARNING

HOSPITAL STAFFING DISPUTE

We the undersigned private medical practitioners of Canberra, Australia, warn that a dispute with the Australian Government over the staffing of the two Canberra hospitals, is still in progress.

We strongly advise members of the profession not to accept any full time salaried specialist post which may be offered on the staff of either Canberra Hospital or Woden Valley Hospital.

Some time ago the Government announced a new 'free' hospital scheme for Canberra which it was proposed we should staff on a part-time sessional basis.

The sessional contract offered by the Government was rejected by an overwhelming majority of us as inadequate, unjust and unworkable.

The Government reacted by announcing that it would by-pass the local doctors and import full-time salaried specialists, if necessary from overseas, to man the new scheme.

Though better terms have since been offered for sessional work in Canberra, the Government is persisting with its plans to import full-time salaried doctors, who must threaten the livelihood of at least some of us.

The proposed scheme cannot work without our co-operation which we do not propose to give. We will continue to fight for the preservation of private practice in Canberra which the new scheme would ultimately destroy.

Do not be tempted to enter this unhappy environment.

For further details of the dispute contact John Connors, President, ACT Medical Association, MLC Building, Civic Centre, Canberra, ACT, Australia.

Signed:

Center, Morgantown, West Virginia, 26506.
(H13239) 118

Medical Officer GHANA

The Ghana Bauxite Company Limited require a general practitioner at their mine in Awaso, Ghana, to replace the resident Medical Officer who will be retiring shortly after 12 years in this position. This provides an excellent opportunity for a qualified Ghanaian national wishing to return to his own country.

This company, which is an associate of The British Aluminium Company Limited in the U.K., has a mining community of approximately 2000 persons, made up of employees and their dependents, for whom they provide general medical services. There is also the opportunity, locally, for the private treatment of non-employees.

The facilities available include a small mine hospital with 12 beds, a small casualty theatre, dispensary, X-ray department and a laboratory for routine investigations and the diagnosis of common disorders.

The Medical Officer is responsible to the General Manager of the Company for maintaining these services and will be supported by a staff of 14, including 6 qualified nurses, a midwife and a laboratory technician. It is essential that candidates should be suitably qualified and have at least 3 years of relevant post-qualification experience.

Salary will be negotiable from £8000, and free housing, electricity, etc, is provided.

Please write or telephone (01-839 8888) quoting reference AM.126 for an application form to: The Staff Manager,

BACO The British Aluminium
Company Ltd

Norfolk House St James's Square London SW1Y 4JS

The Cell and Cancer

COMMERCIAL AND INDUSTRIAL MEDICAL AID SOCIETY

MEDICAL OFFICERS (General Duties/Obstetrics) (General Duties/Anaesthesia) Sterling £7,680 +

The Society requires two Medical Officers to fill vacancies occurring within its medical department in the near future.

Our service provides full medical care for some 18,000 employees and dependants operating from two Group Practice Centres and two small hospitals with a total of 55 beds.

The medical staff includes specialists in Anaesthesia, Obstetrics and Gynaecology, General Surgery and part-time in Medicine and Radiology, together with six General Medical Practitioners.

The duties of Medical Officers include both In-patient and Out-patient responsibilities covering most facets of medicine and whilst not absolutely necessary we would prefer the one post to be filled by a Practitioner with added experience in Anaesthesia, and the other with added experience in Obstetrics. Experience in Paediatrics would be of extra advantage in both cases.

Kitwe and Ndola are commercial centres on the Copperbelt plateau in the Republic of Zambia which at 4,500 ft. enjoy a very healthy climate together with excellent social and sporting facilities. We as a Society endeavour to provide good working and living conditions for our staff in order to maintain as happy a medical team as possible.

Terms

- Two year Contract renewable. Basic salary negotiable depending on experience but not less than K9,600 per annum (Range — K9,000 to K14,000) (£151 — £100).
- Gratuity of 20% basic salary. Payable on completion of Contract.
- Rent free attractive furnished accommodation.
- Free passage to and from Zambia for employee and family with generous baggage allowance on recruitment and repatriation.
- Other benefits include: Car provided; generous annual leave; settling in allowance; insurance scheme: Education allowance and passages.

N.B. Present Exchange Control Regulations allow for externalisation of one third gross salary in addition to end of Contract allowance and Terminal Gratuity.

LOCUM POSITIONS MAY BE AVAILABLE

Please write giving full personal and professional details together with the names and addresses of two referees to Box 4233 BMJ.

Interviews may be arranged in the U.K. December/January period.

Annual Subscription (six issues a year), Inland £8.00; Overseas £8.75

Order from: The Subscription Manager, British Medical Journal.

In ASTHMA,
when Bronchodilators or
Bronchodilators + Cromoglycate
will not provide adequate
control, Becotide Inhaler
is the rational approach.

THE RATIONALE

When asthma can neither be prevented by sodium cromoglycate nor adequately relieved by a sympathomimetic bronchodilator, the most effective treatment is unquestionably a corticosteroid.

Until beclomethasone dipropionate inhaled steroid was made available (as Becotide Inhaler), corticosteroids could only be given in asthma by mouth or injection and unfortunately when administered by these routes on a long term basis, they depress the response of the hypothalamic-pituitary adrenal (HPA) axis to stress and may cause other well known undesirable side effects.

Thus the decision to prescribe steroids in asthma has posed a considerable dilemma for clinicians. Side effects have either been accepted as the inevitable consequence of efficacy or attempts have been made to minimise them by using a reduced dosage which has often led to inadequate control of the disease.

A NEW DIMENSION IN ASTHMA THERAPY

The acceptance and success to date of Becotide Inhaler has introduced a new dimension into asthma therapy. The benefits of effective control of the inflammatory processes in the lung can be achieved without causing potentially dangerous side effects, including adrenal suppression. The only adverse findings with Becotide Inhaler have been occasional hoarseness and candidiasis of the mouth and throat which responds to topical antifungal therapy without discontinuing treatment with the inhaler.

Thus patients with asthma may now be given the full benefit of steroid therapy without serious risk: for many, their whole lives can be transformed.

"For those who are poorly controlled on bronchodilators or DSCG, this treatment (Becotide Inhaler) can give complete or comparative freedom from airways obstruction without risk of adrenal suppression or other side effects."

(*Brit. med. J.*, 1973, 3, 161.)

"These show very clearly the dramatic changes which took place on the introduction of aerosol therapy (Becotide Inhaler), but cannot illustrate the even more striking improvement which occurred in psychological adjustment to the disease and in athletic performance."

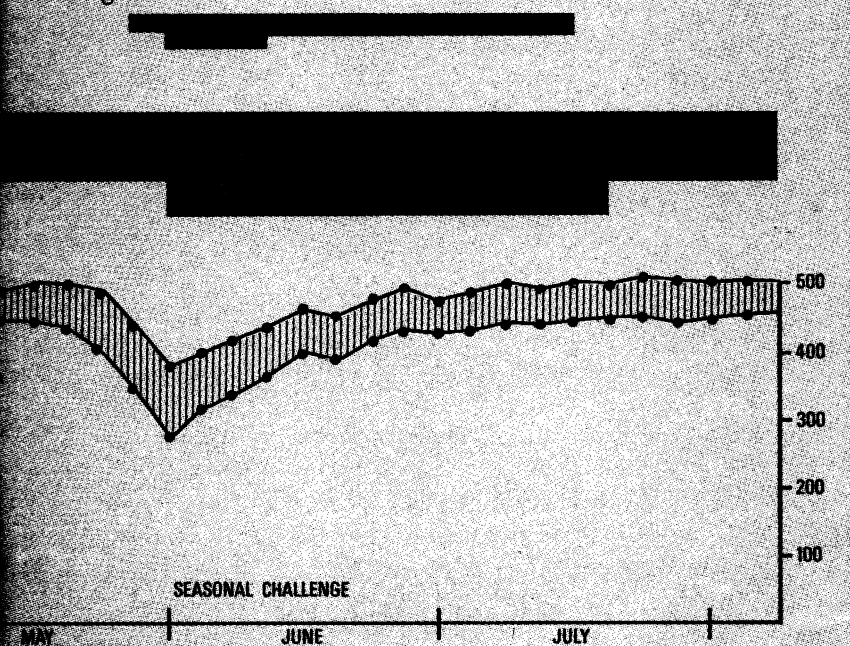

(*Brit. med. J.*, 1973, 3, 161.)

THE CLINICAL EVIDENCE IS EXTENSIVE AND CONVINCING

Becotide Inhaler has been evaluated in many British Chest Units, at first in severe chronic asthmatic patients already maintained on systemic steroids and, as its efficacy has been established, increasingly in patients with only occasional or no previous treatment with steroids.

To date, no fewer than twenty published clinical trials confirm that Becotide Inhaler is an exceptionally effective means of controlling asthma without the risk of serious side effects.

The clinical management of a typical patient exhibiting a waning response to bronchodilators illustrating the introduction of inhaled steroid into the therapeutic regimen.

Becotide INHALER

When Asthma causes concern the decision to prescribe a steroid need not.

Full prescribing information is available on request

ALLEN & HANBURY LTD LONDON E2 6LA

a complete change

MUCODYNE is a unique treatment for bronchitic mucus. This means easier expectoration¹; decrease in dyspnoea; a more normal secretion which does not plug the bronchus, is less likely to damage lung tissue or act as a source of secondary infection.

Other treatments are mostly expectorants, "nauseants which, reflexly, increase the secretions within the respiratory tract"², thus forming more mucus. MUCODYNE avoids this vicious circle. It acts at biochemical and cellular levels to restrict sticky mucus formation, to convert tenacious sputum to a healthier secretion and to reduce hyperplasia of the respiratory mucosa. MUCODYNE literally changes bronchitic mucus. And your patients will feel the change.

in bronchitic mucus

Mucodyne[®]

A seasonal reminder from Bencard

A reminder, that is, that the hayfever season is closer than you think. Make it a Pollinex season.

Recent clinical trial work¹ showed that a single three-dose course of Pollinex is effective in the large majority of hayfever patients. It is considered that further benefits may ensue with each year's pre-seasonal Pollinex course.

Combining safety and efficacy, Pollinex contains twelve grass pollens chemically modified and adsorbed on a tyrosine base to allow slow and complete release of

active material, ensuring maximum effectiveness and minimum risk of side effects.

Pollinex consists of only three injections presented in disposable syringes pre-filled for accuracy of dosage and ease of administration.

Give your hayfever patients a trouble-free year. Remind them about Pollinex treatment now. Ask for a supply of Patient Recall Cards from Bencard, and give your patients the best New Year gift they could receive.

¹In press.

Pollinex

Positive action in hayfever prevention
