

**For those  
who only catch  
colds**

# **PHENSEDYL linctus**

'Phensedyl' provides really effective symptomatic relief in the common cold.

It has a powerful antitussive action, soothing irritated throats and suppressing cough reflexes.

It quickly loosens blocked respiratory passages, reduces nasal irritation and dries watery discharge.

In fact, when 'Phensedyl' has done its work, there really isn't much left of a cold!

And it has a rather pleasant taste, too . . .

*'Phensedyl' contains: promethazine hydrochloride 3.6 mg  
codeine phosphate 9 mg ephedrine hydrochloride 7.2 mg*

## THE FINEST PRIVATE PSYCHIATRIC HOSPITAL IN BRITAIN IS IN NORTHAMPTON

St. Andrew's Hospital, which was established in 1838 as a non-profit making charitable foundation, is a progressive hospital staffed and equipped for the treatment of every type of psychiatric illness.

All patients are under the care of Consultant Psychiatrists.

In general, short stay patients are admitted to Isham House, a luxuriously appointed Nursing Home in the grounds. The accommodation consists of private bedrooms, most of which have private bathrooms. All forms of treatment are available, with emphasis on individual and group psychotherapy.

Facilities for occupational therapy and recreation are excellent, and include a 9-hole golf course, squash court, tennis courts, swimming pool and a Social Centre with restaurant, shop and hairdressing salon. All these are set in the hospital's own 100 acres of well-wooded grounds.

Long stay and psychogeriatric admissions are into the main hospital which has been modernised specifically for the purpose. Again, accommodation is mostly in private bedrooms.

St. Andrew's Hospital is only 65 miles from London and is easily accessible from all parts of the country by rail and road.

B.U.P.A., and P.P.P., subscribers are able to claim benefit in respect of their treatment fees.

St. Andrew's Hospital offers the highest standards of treatment for the whole spectrum of psychiatric illness in an ideal environment.

Further particulars, including fees, may be obtained from the Medical Director, St. Andrew's Hospital, Northampton, (Tel. 0604 21311) who can be seen in consultation by appointment at the hospital.

# Some patients stay on barbiturates until the day they die

Every day in Britain three patients die after deliberately taking overdoses of barbiturates – a total of over 1,000 every year<sup>1</sup>

Virtually all of these patients could have been transferred to Mogadon, which is much safer<sup>2</sup> but just as effective against insomnia<sup>3</sup>

The patients may still have tried to kill themselves. But with Mogadon few, if any, would have succeeded

# ASPECTS OF SEXUAL MEDICINE

**From the British Medical Journal**

Freer discussion of sexual matters on television and in the popular press has led to many more patients approaching their doctors for advice on sexual problems. The articles collected together in this book give practical advice on common problems such as impotence and on the help and guidance that may be given to handicapped patients and others with special difficulties. Few doctors received adequate instruction on sexual medicine at their medical schools: *Aspects of Sexual Medicine* brings them up to date.

## THE UNIVERSITY OF LIVERPOOL DEPARTMENT OF ANAESTHESIA

Courses of postgraduate instruction in anaesthesia will be conducted at the University of Liverpool during the Session October 1976 to September 1977. Three groups of students may be accepted for these courses:

(a) students from the United Kingdom or overseas who are prepared to accept designated remunerated posts in those Liverpool hospitals which permit attendance on the course. Overseas applicants must provide evidence that their medical qualifications entitle them to registration with the General Medical Council of Great Britain.

(b) those who already hold anaesthetic posts in the Liverpool area, and

(c) students who are in receipt of a Government or other grant and do not require a remunerated post.

The courses provide both for students who are studying for the basic sciences with the Primary F.F.A.R.C.S. in view, and also for those for whom instruction and practice are necessary in the clinical subjects required for the Final F.F.A.R.C.S. (Anaesthesia, Medicine and Surgery).

Further particulars and application forms may be obtained from Dr. I. C. Geddes, Acting Head of the Department, Department of Anaesthesia, The University of Liverpool, P.O. # APPOINTMENTS

Applicants for medical appointments are advised to check whether the post advertised is included in the Important Notice and to scrutinize carefully the remuneration and terms of service offered. Any member who is in doubt about these terms in relation to B.M.A. agreements should consult the Secretary of the Association.

Advertisers are reminded that the Race Relations Board insists that no descriptive term implying racial, national, or ethnic characteristics may be used in any advertisement. Further, readers are advised not to apply for any appointment which discriminates between applicants on grounds of creed or unreasonably on grounds of sex.

## HOSPITAL APPOINTMENTS

Applicants should state names, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Convassing disqualifies (Statutory Instrument, 1974, No. 361).

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

In particular, they will find full details of facilities provided in most hospitals in the United Kingdom in the current edition of the *Hospital Gazetteer*. If such details are not included members are advised to consult the Secretary of the B.M.A.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

No advertisement may stipulate that a non-resident must live less than 10 miles from a hospital. Advertisements for post-registration house officers, senior house officers and registrars should state clearly whether the post is resident, i.e. compulsorily resident.

In all advertisements grade should be clearly indicated. Normally a consultant vacancy must be advertised as (a) part-time with the number of sessions clearly stated, or (b) whole-time with the option of maximum part-time.

In the view of the B.M.A., an advertiser should not insist on possession of English higher qualifications in preference to Scottish or Irish qualifications (or vice versa).

## SALARY SCALES OF HOSPITAL MEDICAL STAFF

**HOUSE OFFICER:** Each post in this grade shall be tenable for six months. £2,859 per annum for the posts held during the first year; £3,075 per annum for posts held during the second year; £3,294 per annum for posts held during the third and subsequent years, subject to full registration.

**TRAINING SCHEME IN PATHOLOGY**  
Applications are invited for **REGISTRARSHIPS**

in the above scheme. When finance becomes available this new scheme will embrace all Registrar appointments in the West Midlands area, with nine posts in haematology, nine in histopathology, six in medical microbiology and three in chemical pathology. There are at present vacancies in Haematology. Trainees will be able to spend three years at Registrar level, one of these in a teaching and two in non-teaching hospitals. There are opportunities to gain experience in more than one discipline of pathology if this is desired.

Advisory groups of consultants and academic staff will supervise closely training in each discipline. There is a two-year half-day release course for the Primary examination for membership of the Royal College of Pathologists which covers all disciplines. Regular seminars are held for those who are working for the Final examination of the College. A course for the M.R.C.P. is also available.

Chances of promotion to the Senior Registrar level in the West Midlands are excellent there being six established Senior Registrar posts in Haematology. All these posts rotate between teaching and non-teaching hospitals.

Applicants will normally be expected to have spent a year as Senior House Officer either in pathology or in an appropriate clinical discipline.

## BASINGSTOKE DISTRICT HOSPITAL

## SENIOR HOUSE OFFICER

## IN PSYCHIATRY

required 1st February, 1976. Many young doctors looking for a house job early in their careers would shy away from psychiatry, but it could be a good idea, particularly if you want to enter general practice.

Surveys of the workload in general practice have shown that up to 30% of patients consulting their practitioners have primary psychiatric problems and that in another 30% emotional difficulties are a prominent secondary factor.

So why not consider working for your D.P.M. or M.R.C. Psych. at a modern Psychiatric Hospital with a big new District General Hospital in its grounds? Besides general clinical psychiatry the hospital (1,100 beds) has a variety of interesting special units: Alcoholic, Mother & Baby, Psychiatric, Intensive Care plus a rapidly expanding Community Psychiatric Nursing Service. It shares an active Postgraduate Education Centre with the District General Hospital, runs regular weekly conferences and grants generous study leave to doctors attending the Wessex School of Psychiatry for the courses in the D.P.M. & M.R.C. Psych. The hospital also has Category A approval from the Royal College of Psychiatrists. An active hospital social club exists and besides the usual varied sporting activities it boasts an excellent nine-hole golf course whilst Basingstoke itself has one of the best sports centres in the country.

The post is resident and single/married accommodation will be available.

Application forms can be obtained from Personnel Department, Aldermaston Road, Basingstoke, Hants. Tel: Basingstoke 29908. (21553) 84-8

# Headquarters Medical Officers

(Full or Part-time)

Posts in this Department are concerned with the general health of the population, changes in patterns of disease, and developments in prevention, treatment and remedial services; and the medical aspects of planning and organisation in the National Health Service. The work covers the whole range of medical specialties, and includes general medicine and surgery, obstetrics and gynaecology, psychiatry, pathology, toxicology, child health, clinical pharmacology, and radiology. Experience in these fields is advantageous and there is a special need for doctors with experience in community medicine.

Opportunities for special study, including attendance at university courses and travel abroad, may be available.

Candidates must be fully registered as medical practitioners in the U.K. and have good post-qualification clinical or administrative experience. Possession of a higher medical qualification would be advantageous.

Starting salary will be between £7,390 and £9,970 according to qualifications and experience (pro-rata for part-time appointments). Good promotion prospects. Non-contributory pension scheme.

For further details and an application form (to be returned by 16th January, 1976) write to Civil Service Commission, Alencon Link, Basingstoke, Hants RG21 1JB, or telephone Basingstoke (0256) 68551 (answering service operates outside office hours) or London 01-839 1992 (24 hour answering service). **AUSTIN HOSPITAL**  
**HEIDELBERG — VICTORIA — AUSTRALIA**

## DIRECTOR

### Department of MEDICAL MICROBIOLOGY

This is a new position which has been created to meet the expanding needs of the hospital.

The Austin Hospital is a 466 bed teaching hospital, affiliated with the University of Melbourne, with Chairs of Medicine, Surgery, Pathology, Gynaecology and Obstetrics at the hospital. Each Professor is responsible for medical services appropriate to his specialty. The hospital is in a pleasant garden setting in Heidelberg, which is a residential suburb of Melbourne 8 miles from the city and the University campus.

Within the hospital, the Division of Diagnostic Laboratory Services comprises Anatomical Pathology, Biochemistry, Haematology and Serology and Microbiology. These provide a full range of services for inpatients, outpatients and casualty and offer a laboratory service for medical practitioners and hospitals in the surrounding community.

#### QUALIFICATIONS:

Applications are invited for the above position, from legally qualified medical practitioners with a postgraduate qualification in Microbiology who are eligible for registration with the Medical Board of Victoria as a specialist. Experience in hospital departments of Microbiology is required, together with demonstrated ability in teaching and research.

#### DUTIES:

To be responsible to the Medical Superintendent through Professor H. D. Attwood, Chairman of the Division of Diagnostic Laboratory Services, for the provision of a day-to-day clinical microbiology service to the hospital's inpatients, outpatients and casualty services. To be responsible for development of an overall programme of infection control within the hospital. To participate in teaching programmes for undergraduates and post-graduates and to undertake research.

#### TERMS OF APPOINTMENT

This appointment will be a joint appointment between the Austin Hospital and the University of Melbourne, with the hospital as the major employer. Conditions of employment will be in accordance with the determination of the Hospital Senior Medical Officers Wages Board and salary will be paid according to qualifications and experience to a current maximum of \$A29,796 per annum. The appointee will be granted the title of Senior Lecturer or Reader in Microbiology, as determined by the University.

Further information regarding this post is available from Dr. F. J. O'Rourke, Medical Superintendent, or Professor H. D. Attwood, Chairman of Division of Diagnostic Laboratory Services.

Applications in writing, including curriculum vitae and names and addresses of three referees, should be addressed to

The General Manager,  
Austin Hospital,  
Heidelberg,  
Victoria 3084, Australia.

Applications close at 4.00 p.m. on Friday, 13th February, 1976.

R. H. Kronborg,  
General Manager.

## **This Christmas give a little more than handkerchiefs**

Now is the season of goodwill.  
And a good time to start thinking about  
your hayfever patients. Then in the new  
year you can give them Pollinex -

the simplest hayfever immunisation  
course available. It's a nice thought.

After all, Pollinex is one Christmas  
gift that can last the whole year through.

# **Pollinex**

## **Positive action in hayfever prevention**
