## Specialist Journals on MICROFICHE

Since January 1976 all the BMA Specialist Journals have been published in a microfiche edition simultaneously with the standard paper editions. Overseas subscribers to the microfiche editions will receive microfiches, by AIR MAIL, within days of publication. The availability of the microfiche editions should have great appeal to libraries and other readers far distant from the United Kingdom.

The microfiche produced for the British Medical Association conform to the international standard as laid down by the National Microfilm Association of America. These microfiches are produced by a step and repeat camera with duplicates produced on silver halide film for archival permanence. Each fiche measures 105 mm x 148 mm and can contain up to 98 images filmed at a reduction ratio of 24 x along with an eye readable title for identification. Details of microfiche volume binders are available on request.

The subscription prices for each annual volume on microfiche are as follows:

	Rate for Paper Edition Subscribers	Rate for those NOT subscribing to Paper Edition
<b><u>Published Monthly</u></b>		
Archives of Disease in Childhood	}	
British Heart Journal		
British Journal of Ophthalmology
