## CRITIQUES.

"Situating as is Dr. Ashwell, in extensive practice, and at the head of the obstetric department of a large hospital, it could not be but that his work must contain very valuable information, the results of great experience. The book is full of important information and excellent practical description."—*Dublin Medical Journal.*

"It is sound and sensible in its doctrines."—*Medical Gazette.*

"The contributions of Dr. Ashwell, coming, as they do, armed with the authority of his personal observation and great experience, are eminently entitled to consideration. Throughout every page we have only the result of the author's own observation; and of the work, so far as it has yet been published, we entertain a high opinion, believing that it is characterised by accurate observation and sound judgment."—*Edinburgh Monthly Journal.*
