## ADVERTISEMENTS.

THE ASTLEY COOPER PRIZE ESSAY FOR 1853.  
This day, 8vo, with 64 Illustrations, 18s.

**On the Structure and Use of the SPLEEN.** By HENRY GRAY, F.R.S., Demonstrator of Anatomy at St. George's Hospital.  
London: JOHN W. PARKER & SON, West Strand.

Just published, price 1s. 6d., or by post 2s.,  
**On the Displacements of the Uterus.**  
By J. MATTHEWS DUNCAN, M.D., F.R.C.P.E., Lecturer on Midwifery, Physician-Accoucheur to the Royal Dispensary, Edinburgh, etc.  
SUTHERLAND & KNOX, Edinburgh. SIMPKIN, MARSHALL & Co., London.

Just published, price 10s.  
**The Modern Treatment of Syphilitic DISEASES,** both Primary and Secondary; comprising the Treatment of Constitutional and Confirmed Syphilis by a safe and successful method; with numerous Cases, Formulas, and Clinical Observations. By LANGSTON PARKER, Surgeon to the Queen's Hospital, Birmingham. The Third Edition, entirely re-written.

"Those who have to contend against this most frequent disease cannot do better than consult Mr. Parker's very useful work. His treatment appears to us highly judicious."—*British and Foreign Medico-Chirurgical Review*, April 1854.

"We have no doubt of its efficacy."—*London Journal of Medicine.*  
"The third edition of Mr. Parker's valuable treatise may be almost regarded as a new work, so much is it extended and improved. It contains the result of twenty years' experience in the treatment of Syphilis, during which period the author states that he has personally treated more than eight thousand cases. In it the profession is presented with an admirable collection of cases, carefully tabulated and indexed. Mr. Parker's opinions are moderate and judicious, and we consider that he takes a sound view of the mercurial and non-mercurial treatment of the disease."—*Dublin Quarterly Journal of Medical Science*, May 1854.  
"As the result of twenty years' experience, during which time, besides the field a large hospital affords, the author has treated more than eight thousand cases, his opinions are worthy of the most attentive consideration."—*Medical Times and Gazette*, April 1854.

London: JOHN CHURCHILL, Princes Street, Soho.

## Kousso.—(Brayera Anthelmintica.)

—THE NEW REMEDY FOR TAPE-WORM.—Mr. KEATING begs to inform the Profession that he receives constant supplies of this invaluable drug, hermetically sealed in Abyssinia, which he begs to offer the Profession at 1s. 4d. the ounce, postage free. By means of this remedy Mr. Keating has lately had a case in which the worm was completely voided, including the head.

MATICO, or the PERUVIAN STYPTIC, is constantly imported, fresh, and can be had with its various Preparations—viz., Tincture, Alcoholic Extracts, etc., with directions for its use.

Since the first introduction of Matico, other features of its effects are worthy of remark, and none more so than its successful exhibition in the more obstinate forms of Diarrhoea, and those Epidemical derangements of the Bowels indicating Cholera.

THOMAS KEATING, Chemist, 79, St. Paul's Churchyard, London.

## Varicose Veins and Supporting Belts.

—SURGICAL ELASTIC STOCKINGS and KNEE-CAPS, puerious, light in texture, and inexpensive, yielding are an efficient and unvarying support, without the trouble of lacing. Likewise, a strong low-priced article for Hospitals and the Working-classes. ELASTIC NET CORSETS of the same beautiful fabric. ABDOMINAL SUPPORTING BELTS for both Sexes; those for Ladies' use, before and after accouchement, are admirably adapted for giving adequate support with extreme lightness—a point little attended to in the comparatively clumsy contrivances and fabrics hitherto employed.

Instructions for measurement and prices on application and the articles sent by post from the Manufacturers, POPE and PLANTE, 4, Waterloo-place, Pall Mall, London.

The Profession, Trade, and Hospitals supplied.
