TO PHYSICIANS, SURGEONS, AND DRUGGISTS.

Brown's Cantharidine Blistering

TISSUE, prepared from Pure Cantharidine. An elegant preparation, vesicating in much less time than the Emp. Lyttæ P. L., easily applied and removed, and will not produce stranguary or troublesome after-sores. It has received the sanction and commendation of many of the most eminent Practitioners in the kingdom. In Tin Cases, containing ten feet, 6s. 6d.; and small Cases of five square feet, 3s. 6d. each.

BROWN'S TISSUE DRESSING, an elegant, economical, and cleanly substitute for all ointments as a dressing for Blisters, and may be called a companion to the above. In Tin Cases, containing twelve square feet, 1s. 6d. each.

Extracts and Editorial Note from the "New York Journal of Medicine".
"March 1st, 1850.

"BROWN'S CANTHARIDINE TISSUE.—It presents peculiar claims to our notice in the inflammatory diseases of females and children, in whom the unpleasant consequences which so often follow the application of the Emp. Cantharides are most apt to occur. We have found it a reliable and peculiarly safe vesicant, and from the many trials we have given it, we are satisfied that it deserves the attention of the Medical Profession.

"Accompanying this article is a very simple and neat dressing."

"June 24th, 1850.

"Mr. Dalrymple presents his compliments to Mr. Brown, and is much obliged to him by his kindness in sending Specimens of his Preparation for Blistering, etc. Mr. D. delayed answering this present until he had had an opportunity of testing it in practice, and is most happy to acknowledge its utility, elegance, and cheapness, and he has recommended it with great satisfaction."

"60, Grosvenor Street, London.

"10, Finsbury Place South,

"March 16, 1852.

"Dear Sir,—I beg to acknowledge the receipt of a case of your Cantharidine Tissue, as well as a case of your Tissue Dressing, for which I have to offer you my best thanks. I have given both preparations a thorough trial, and cannot refrain from speaking of them in the highest terms. The Cantharidine Plaster is the most elegant and effective blistering agent with which I am acquainted, and only requires a trial or two to ensure its being preferred before those applications of a similar kind that are now in use.

"I am, dear Sir, yours faithfully,

"JOHN GAY, F.R.C.S.,

"To Mr. Brown."

"Hon. Surgeon to the Royal Free Hospital, &c.

Prepared by THOMAS B. BROWN, Pharmaceutical Chemist, at his Laboratory, Stanwell Moor, Staines, Middlesex; and Sold by his Sole Consignees, Messrs. BAILEY & WILLS, Horseleyfields Chemical Works, Wolverhampton, and all wholesale and retail Druggists and Medicine Agents throughout the British Empire.

Messrs. Gosling and Sharpe, 19, Fleet Street.

SECRETARY SUPERINTENDENT.

John Capes, Esq.

The objects of this Society are—

1st. To provide a safe and efficient medium by which the Medical Profession may secure more certain and regular payment for their services; with every consideration for the convenience of those who are willing, but unable directly to discharge their liabilities; with rigour from those who are able, but have not the disposition, to remunerate medical men.

2nd. With the machinery necessary for carrying out the foregoing purpose to establish a means of privately negotiating the transfer of Practices and Partnerships.

3rd. A Register is kept for Assistants and Pupils.

4th. To raise a Benevolent Fund by devoting to that object the profits arising from the general operations of the Society.

The Members of this Society consist of qualified Practitioners only. Annual Subscription, One Guinea; a Firm, consisting of two Partners, a Guinea and a half; a Firm of three Partners, Two Guineas. Fixed rates of Commission are charged on business transacted.

TO ADVERTISERS.

Association Medical Journal.—

Office—37, GREAT QUEEN STREET, LINCOLN'S INN FIELDS, LONDON.

Machinist and Surgical Instrument Maker, 28, Great Queen Street, Lincoln's-Inn-Fields, late of Lamb's Conduit Street, is prepared, as usual, to execute all favours entrusted to his care with accuracy and dispatch.

H. Silverlock's Medical Label Ware-

HOUSE, LETTER-PRESS, COPPER-PLATE, and LITHOGRAPHIC PRINTING OFFICES, 3, Wardrobe Terrace, Doctors' Commons, London.

The members of the Medical Profession are respectfully informed that at H. SILVERLOCK'S establishment they will find every kind of Label they can possibly require; and also that every description of Engraving, Letter-press, Copper-plate and Lithographic Printing is executed by competent workmen, and at the lowest charges.

Catalogues of each sort of Labels are published separately, and will be sent per post on application.

MARK YOUR LINEN.

T. CULLETON, 2 Long Acre, one door from St. Martin's Lane.

CAUTION—Copy the Address.

The Pen Super-

SEDED.—The most easy, permanent, and best method of Marking Linen, Silk, Cotton, or Books, is with the PATENT ELECTRO-SILVER PLATES. By means of this invention, 1000 articles can be marked in ten minutes. Any person can easily use them. Initial Plate, 1s.; Name Plate, 2s.; Crest, 5s.; Set of Numbers, 2s. Sent free, with instructions, on the receipt of stamps, by the inventor and sole patentee,

ADNAM'S Improved Patent Groats and Barley.

THE ONLY EXISTING PATENT,
And strongly Recommended by the Medical Profession.

To Invalids, Mothers, and Families.

—The important object so desirable to be obtained, has at length been secured to the Public, by J. & J. C. ADNAM, PATENTEES, who, after much time and attention, have succeeded, by their Improved Process, in producing preparations of the purest and finest quality ever manufactured from the OAT and BARLEY.

The Barley being prepared by a similar process is as pure as can be manufactured, and will be found to produce a light and nourishing Food for Infants and the Aged.

A report having been circulated that preparations of so white a character could not be produced from Groats and Barley alone, the Patentees have had recourse to the highest authority for an analysis to establish the fact, a copy of which is subjoined:—

Chemical Laboratory, Guy's Hospital, February 10, 1855.

I have submitted to a microscopical and chemical examination the samples of Barley-meal and Groats which you have forwarded to me, and I beg to inform you that I find in them only those principles which are found in good Barley: there is no mineral or other impurity present, and from the result of my investigation, I believe them to be genuine and to possess those nutritive properties assigned by the late Dr. Pereira to this description of food.

Messrs. J. and J. C. Adnam and Co.

(Signed) A. S. TAYLOR.

To be obtained Wholesale at the Manufactory, Maiden Lane, Queen Street, London; Messrs. Barclay and Sons, Farringdon Street; Edwards, St. Paul's Church Yard; Sutton and Co., Bow Church Yard, and other Wholesale houses. Retail in Packets and Canisters, at 6d. and 1s. each, and in Canisters for Families at 2s., 5s., and 10s. each, of all respectable Grocers, Druggists, etc., in Town and Country.
