The introduction of the Spiral Elastic

PRINCIPLE in Surgical appliances is the SOLE INVENTION
 OF MR. P. BOURJEAUD, PATENTEE, and the élite of the Medical pro-
 fession, in recognition of the fact, uniformly recommend his Spiral Elastic
 Stockings, Knee-Caps, Ankle Socks, Abdominal Supporters, Hernia Appa-
 ratuses, etc., as being the only Elastic Bandages and appliances ever invented,
 that secure permanent and accurately regulated compression of the parts
 affected, without seams or lacing. The consequence has been, highly benefi-
 cial results to an almost incredible extent; hence the disgraceful manner in
 which unprincipled imitators, altogether incapable of devising any thing
 useful themselves,—totally unacquainted with anatomical and physiological
 laws, and the nature, cause, and effects of Hernia, Edema, etc.,—commit the
 most barefaced piracies upon the inventions, woodcuts, and advertisements,
 with the intent to rob Mr. BOURJEAUD of his well-earned reputation.

The Spiral Elastic Compressional Appliances are constructed solely by, and
 can be obtained only of, Mr. P. BOURJEAUD, Inventor and Patentee, at
 his establishments, which are strictly private, No. 11 DAVIES STREET,
 BERKELEY SQUARE, near Mivart's Hotel; and 11 RUE DES BEAUX
 ARTS, PARIS. All others are spurious imitations.

NOTE.—Patients of limited means and the poor are supplied at charges not
 exceeding the cost of Articles made of the common elastic fabric. At home
 from 11 to 6 o'clock.

ELASTIC STOCKINGS ON THE SPIRAL PRINCIPLE.

TO ADVERTISERS.

British Medical Journal.—Office,
 37, GREAT QUEEN STREET, LINCOLN'S INN FIELDS,
 LONDON, W.C.

The Journal of the British Medical Association is published every Satur-
 day, and is transmitted direct from the Office to BETWEEN TWO AND
 THREE THOUSAND Members of the Association in all parts of the
 United Kingdom, among whom are the Medical Officers of most Hospitals
 and Dispensaries, and the majority of the leading members of the profession.
 It is also taken in by many Libraries and Medical Societies, and thus comes
 under the notice of a large number of Medical Men not connected with the
 Association.

The following were the numbers of Stamps issued to the four London
 weekly Medical periodicals in 1857.

British Medical Journal	106,534
Lancet	60,250
Medical Circular	57,600
Medical Times and Gazette	44,725

SCALE OF CHARGES FOR ADVERTISEMENTS.

Four lines and under	£0 2 6
Each additional line	0 0 6
A whole column	2 15 0
A page	5 0 0

A line contains ten words.

When a series of insertions of the same advertisement is ordered, a reduc-
 tion is made in the above charges.

Advertisements ought to be delivered and paid for at the Office on the
 Thursday preceding publication; or if not paid for at the time, should be
 accompanied by a respectable reference.

Post-Office Orders are to be made payable at the "Bloomsbury Branch"
 Office, to THOMAS JOHN HONEYMAN (the Publisher), 37, Great Queen Street,
 Lincoln's Inn Fields, London, W. C.
