TO CORRESPONDENTS.

THE MEDICAL REGISTER. Mr. Robert Martin Crowe, of Albion Street, Hull, informs us that, not finding his name in the Medical Register, he has made inquiry as to the cause, and has been informed that a local registrar had reported the death of a Robert Martin Crowe, at Scarborough. We agree with our correspondent in thinking that in all such cases of deaths reported by registrars under Section XLV of the Medical Act, care should be taken to compare the dates of the diplomas and age of the individual registered with those of him who is reported as dead.

ADVERTISEMENTS.

"FOLVIE JACOBI VER, NEWBURY'S"

Diphtheria, Fevers, Hooping Cough,

etc., etc. We beg to caution the profession against imitations of this invaluable medicine, for so many years prescribed as "Folvie Jacobi Ver," but to which it is now necessary to add the name "Newbury's," to secure purchasers against the substitution of articles advertised as James' Powder, but which have nothing at all to do with the original article, which has been prepared at 44, St. Paul's Churchyard continuously since its introduction in 1764.

Price—1 lb. bottles, 11s.; 2 oz. bottles, 6s. 6d.; with the usual allowance to the profession.

The introduction of the Spiral Elastic

PRINCIPLE in Surgical appliances is the SOLE INVENTION OF MR. P. BOURJEAUD, PATENTEE, and the *Alte* of the Medical profession, in recognition of the fact, uniformly recommend his Spiral Elastic Stockings, Knee-Caps, Ankle Socks, Abdominal Supporters, Hernia Apparatuses, etc., as being the only Elastic Bandages and appliances ever invented, that ensure permanent and accurately regulated compression of the parts affected, without pressure or laceration. The consequence has been, highly beneficial results to an almost incredible extent; hence the diaphragmatic manner in which unprincipled imitators, altogether incapable of devising any thing useful themselves, totally unacquainted with anatomical and physiological laws, and the nature, cause, and effects of Hemiplegia, etc., attempt the most baseless piracies upon the inventions, wisdoms, and advertisements, with the intent to rob Mr. BOURJEAUD of his well-earned reputation.

The Spiral Elastic Compression Appliances are constructed solely by, and can be obtained only of, MR. P. BOURJEAUD, PATENTEE, and his agents at his establishments, which are strictly private, No. 11 DAVENPORT STREET, BIRMINGHAM SQUARE, near St. Martin's Hotel; and 15 RUE DES BELLUX ARTS, PARIS. All others are spurious imitations.

NOTE.—Patients of limited means and the poor are supplied at charges not exceeding the cost of Articles made of the common elastic fabric. At home, from 11 to 6 o'clock.
