Day by Train, by G. BILLINGS, of Sawbridgeworth, Herts.

GEORGE BILLINGS begs respectfully to call the attention of the Public to the subjoined Testimonial (vide the *Lancet*, March 26th, 1852), as to the pure and unadulterated nature of Bread made by him.

Having been earnestly solicited by numerous parties in London to introduce it to the public, he has appointed as his agents—Mr. Holloway, 18, Liverpool-street, Bishopsgate; Billings, 189, Kingsland-road; Morgan, Lime-street, City; Boniface, Goswell-road Granary.—N.B. All Bread supplied to the London public is stamped, "G. BILLINGS, Sawbridgeworth."

London Hospital, March 17th, 1852.

I have made a careful analysis of the Bread manufactured by Mr. George Billings, Sawbridgeworth, Herts, and I find that it is perfectly free from everything of a deleterious nature: besides which, it is of good colour and light texture, is pleasant to the taste, entirely free from acidity, easy of digestion, and apparently well suited to the wants of the dyspeptic.

HENRY LETHEBY, M.B., Professor of Chemistry, etc., in the London Hospital.

January 21st, 1856.

Sir,—I hereby certify that I have this day terminated a careful examination of the loaves (one of which was Brown Bread) which you left with me for the purpose a few days ago; that they were all perfectly free from alum, and in every respect genuine, each according to its kind. I feel, therefore, much pleasure in giving you this certificate under the conditions which you have accepted, and which are recited in your letter to me—namely, that you have undertaken to forfeit £50 in behalf of a Provident or Charitable Institution should Bread or Flour in any way adulterated be subsequently found exposed for sale in your shop.—I remain, Sir, yours respectfully,

Mr. Billings, Baker, Sawbridgeworth.
