Dr. J. Collis Browne's Chlorodyne.

From Thomas F. Hale, Esq., Surgeon, Saundersfoot, Pembrokeshire.
"Sir.—I should be much obliged by your forwarding three bottles of Dr. J. Collis Browne's Chlorodyne, which I have found most useful in allaying pain. I have used twelve ounces of it, and in nearly every case in which I have employed it, have every reason to be satisfied with the result; and although I object, as a rule, to use any preparation of a secret nature, and of whose composition I am not fully acquainted with, still having once tried the Chlorodyne, and found that it really did produce the effects stated, I do not think I should be justified in withholding such a preparation from my patients, when I see the value of the remedy."

Medical Men.—Observe.—Hospitals can obtain their supplies in bulk without stamp, by forwarding their orders, duly authenticated by address, to the Manufacturer, J. T. Davenport, Chemist, 33, Great Russell Street, Bloomsbury, London, W.C., when a liberal Discount will be allowed.

The introduction of the Spiral Elastic

PRINCIPLE in Surgical Appliances is the SOLE INVENTION OF MR. P. BOURJEAUD, PATENTEE, and the elite of the Medical profession, in recognition of the fact, uniformly recommend his Spiral Elastic Stockings, Knee-Caps, Ankle Socks, Abdominal Supporters, Hernia Apparatuses, etc., as being the only Elastic Bandages and appliances ever invented, that secure permanent and accurately regulated compression of the parts affected, without seams or lacing. The consequence has been, highly beneficial results to an almost incredible extent; hence the disgraceful manner in which unprincipled imitators, altogether incapable of devising any thing useful themselves,—totally unacquainted with anatomical and physiological laws, and the nature, cause, and effects of Hernia, Edema, etc.,—commit the most barefaced piracies upon the inventions, woodcuts, and advertisements, with the intent to rob Mr. BOURJEAUD of his well-earned reputation.

The Spiral Elastic Compressional Appliances are constructed solely by, and can be obtained only of, MR. P. BOURJEAUD, Inventor and Patentee, at his establishments, which are strictly private, No. 11 DAVIES STREET, BERKELEY SQUARE, near Mivart's Hotel; and 11 RUE DES BEAUX ARTS, PARIS. All others are spurious imitations.

NOTE.—Patients of limited means and the poor are supplied at charges not exceeding the cost of Articles made of the common elastic fabric. At home from 11 to 6 o'clock.
