"Mr. Lane makes out a clear case for early and  
almost immediate operation. To sum up: Mr. Lane  
has absolutely proved his contention, and rendered  
it quite clear, that early operation is the right  
course on every ground, developmental and other-  
wise; and, further, that delay in performing staphy-  
lorrhaphy until the third to the sixth year is fraught  
with most harmful results, and should not be per-  
mitted."—*British Medical Journal*, Jan. 27th, 1906.

BY THE SAME AUTHOR.
