"This is the most considerable work on diseases  
of the liver which has appeared since the classical  
treatise of Murchison; it fully deserves to take a  
high place among modern text-books."  
*British Medical Journal.*  
"Is well written and well produced, and we can  
cordially recommend it as a work of reference con-  
taining a mine of valuable information and of  
suggestive ideas."  
*Lancet.*  
"The author is to be congratulated on having  
produced a standard text-book."  
*Practitioner.*

**SECOND EDITION, with Illustrations,**  
Royal 8vo, 10s. 6d.  
**THE  
TREATMENT OF LATERAL  
CURVATURE OF THE SPINE.**

By BERNARD ROTH, F.R.C.S.  
"In speaking of the first edition we expressed the  
hope that this book would do something to check  
the unscientific and often disastrous treatment of  
lateral curvature of the spine by spinal supports and  
prolonged rest, and this new edition is even better  
calculated to show the good results which may be  
obtained in lateral curvature by posture and  
exercise."  
*Lancet.*

"There can be no doubt that good work has been  
done by the author by his strong advocacy of the  
more rational method of treating lateral curvature  
of the spine by exercises."  
*BRITISH MED. JOURNAL.*  
London: H. K. LEWIS, 136, Gower Street, W.C.

**THE SURGERY AND PATHOLOGY OF  
APPENDICITIS.**

By CHARLES BARRETT LOCKWOOD, F.R.C.S.,  
Surgeon, St. Bartholomew's Hosp.; late Hunterian  
Prof., Royal College of Surgeons of England; late  
Surgeon Great Northern Central Hospital, etc., etc.  
Second Edition, with 62 Figs. and Microphotos.  
Demy 8vo, 10s. net.  
MACMILLAN & Co., Ltd., London.

"Quite the best work on the vermiform appendix  
which has yet appeared from the London School."  
*EDINBURGH MEDICAL JOURNAL.*

"The pathological descriptions are the fullest, the  
most accurate, and complete that have yet been  
published."  
*BRITISH MEDICAL JOURNAL.*

"We strongly recommend every practitioner and  
surgeon to read, re-read, and study it."  
*DUBLIN JOURNAL OF MEDICAL SCIENCE.*

"Probably the most able exposition on appendic-  
itis published in the English language."  
*MEDICAL REVIEW.*

**OPERATIVE TREATMENT  
OF FRACTURES.**

By W. ARBUTHNOT LANE, M.S.  
New Edition, in large clear type, demy 4to, 7s. 6d.

BY THE SAME AUTHOR.  
**THE OPERATIVE TREATMENT OF  
CHRONIC CONSTIPATION.**  
New Edition, uniform with above, 2s. 6d.

BY THE SAME AUTHOR.  
**CLEFT PALATE AND HARE LIP.**  
New Edition, Now in the Press, 5s.

"Mr. Lane makes out a clear case for early and  
almost immediate operation. To sum up: Mr. Lane  
has absolutely proved his contention, and rendered  
it quite clear, that early operation is the right  
course on every ground, developmental and other-  
wise; and, further, that delay in performing staphy-  
lorrhaphy until the third to the sixth year is fraught  
with most harmful results, and should not be per-  
mitted."  
*British Medical Journal*, Jan. 27th, 1906.  
THE MEDICAL PUBLISHING COMPANY, LTD.,  
22½, Bartholomew Close, E.C.

Just Published.  
**DR. HARRY CAMPBELL'S  
TREATMENT.**

5s. net.  
*LANCET.*—"It is quite refreshing to find such  
original ideas on a subject so widely written upon as  
therapeutics. . . . There is a quality about Dr.  
Campbell's writing that is very attractive. . . .  
We believe it will obtain a popularity which it  
thoroughly deserves."

*BRITISH MEDICAL JOURNAL.*—"No medical man  
will read it without a feeling of refreshment and real  
gain. . . . abounds in that higher power of common  
sense which may properly be called wisdom."

*BRITISH JOURNAL OF TUBERCULOSIS.*—"It consists  
of a series of essays interesting in subject, graceful  
in form, and often marked by a piquant humour.  
Practitioners of all ages will find abundant material  
for serious contemplation and no little of practical  
service in these most attractive pages."

*BRISTOL MEDICO-CHIRURGICAL JOURNAL.*—"The  
book is full of sound teaching and is so interesting  
that it may well take precedence over the popular  
novel of the day."

BAILLIÈRE, TINDALL & Cox, 8, Henrietta St., W.C.
