THE PITUITARY.

By W. BLAIR BELL, M.D.

This work contains a summary of our knowledge
containing the Pituitary. The Morphology—includ-
ing the Development, and the General and Compar-
ative Anatomy—the Physiology, and the Pathology
of the Pituitary, together with the uses of Pituitary
Extracts, are in turn discussed.

Much original work of the Author is presented in
the various sections; and the whole is profusely
illustrated with original drawings and untouched
direct photomicrographs in silver-tone and colour.
