Lancet.—"By great care, and by the use of an
amazing amount of material, he has accomplished
what many readers have been waiting for, giving
us a complete account of the diagnosis, prognosis,
and treatment of heart diseases by modern methods
in association with all the invaluable teaching be-
queathed to us by the older masters of clinical
observation."

British Medical Journal.—"The book presents a
comprehensive account of modern knowledge of
cardiology."

Edinburgh Medical Journal.—"Taken as a whole
the book is, from the practitioner's standpoint, one
of the best of the many monographs on the heart
that has appeared in recent years."

Dublin Medical Journal.—"It is probably des-
tined to take the place in the library of the present
day physician that was occupied some twenty or
more years ago by Sir W. Broadbent's well-known
work."

Midland Medical Review.—"It is impossible to
enumerate the many excellencies of this book."
