## STARLING'S PRINCIPALS OF PHYSIOLOGY.

NEW THIRD EDITION. THOROUGHLY REVISED.

Two Reviews:—

"Altogether this work is a solid, substantial and illuminating exposition on quite independent lines of the present state of physiology by one who has added not a few important but dingy stones to the superstructure itself. The whole constitutes a comprehensive and suggestive treatise and will be welcomed to by aspiring students and practitioners of medicine."—THE LANCET, 29th May, 1920.

"A full and up-to-date account of the whole subject, clearly written, excellently illustrated, and summarized by a practical physiologist of great knowledge and well-known originality."—BRIT. MED. JOUR. 15th May, 1920.

J. & A. CHURCHILL, 7, Great Marlborough St., W. 1.

By A. C. MAGIAN, M.D.,

Surgeon to the Manchester French Hospital and to  
the Wood Clinic for Genito-Urinary Diseases.
