*Lancet*, 1920.—"The student will welcome the

book as a crisp and well arranged summary from

which a concise knowledge may be gained."

*Medical Press*, 1920.—"A succinct and practical

volume which cannot fail to appeal to those for

whom it is intended. . . . a work which in size, con-

ciseness and practical teaching admirably fulfils its

purpose."

*Medical Officer*, 1920.—"Those engaged in V.D.

Clinics or about to take up such appointments could

hardly do better than take this book as an introduc-

tion to the work, while the busy practitioner will

find it invaluable for the treatment of venereal

diseases in his private practice.

## Angina Pectoris.

Walter Verdon, F.R.C.S.

Proof introduced in this work shows, that Angina Pectoris is excited, not from the heart but from the stomach, and that remedial measures to be successful, must be directed against disorders of the alimentary track and against neuroses causing them and resulting therefrom.
