WISE PARENTHOOD

By MARIE STOPES, D.Sc., Ph.D.
3s. 6d. net (postage extra).

Medical Schools generally have omitted Training on Birth Control so that many Doctors lack the knowledge to advise their Patients.

"WISE PARENTHOOD" is the text-book on the subject and the first scientific discussion of the various practical methods. It should be read by every Medical Man and Woman.

"It should be read, as it is intended, by married people."—THE JOURNAL OF STATE MEDICINE.
