'PITIBULIN'

Trade BRAND Mark

Post Pituitary Extract

*Specially prepared for Hypodermic and
Intramuscular Injection.*

'Pitibulin' Preparations are physiologically tested
and standardised by the most approved methods,
and may be relied upon for purity, constancy,
activity and asepsis.

NOW ISSUED IN TWO STRENGTHS.

'Pitibulin' Obstetric

A 10 per cent. standardised extract of
infundibular substance as recommended by
the Medical Research Council for obstetrical
and general purposes. Given intramuscularly,
'Pitibulin' Obstetric is invaluable for pro-
moting uterine contraction in the second
stage of labour and after delivery; also for
the prevention of post-partum hæmorrhage.

Preparations:

'Azoule' 'Pitibulin' Obstetric— $\frac{1}{2}$ and 1 c.c. in each.
In boxes of 6 and 12.

'Azoule' 'Pitibulin' with Adrenin— $\frac{1}{2}$ c.c. with gr. $\frac{1}{100}$.
In boxes of 6 and 12.

'Azoule' 'Pitibulin' with Adrenin—1 c.c. with gr. $\frac{1}{100}$.
In boxes of 6 and 12.

'Pitibulin' Surgical

A 20 per cent. extract of infundibular body.
This preparation is identical with 'Pitibulin'
as hitherto supplied by this House. Its use
is especially indicated to raise blood pressure
in surgical shock and post-anæsthetic collapse.
In very urgent cases it may be administered
per rectum or intravenously diluted with
normal saline.

Preparations:

'Azoule' 'Pitibulin' Surgical— $\frac{1}{2}$ and 1 c.c. in each.
In boxes of 6 and 12.

Leaflet giving further particulars
will be sent on request.
