'PITIBULIN'

Trade BRAND Mark

Post Pituitary Extract

*Specially prepared for Hypodermic and
Intramuscular Injection.*

'Pitibulin' Preparations are physiologically tested and standardised by the most approved methods, and may be relied upon for purity, constancy, activity and asepsis.

NOW ISSUED IN TWO STRENGTHS.

'Pitibulin' Obstetric

A 10 per cent. standardised extract of infundibular substance as recommended by the Medical Research Council for obstetrical and general purposes. Given intramuscularly, 'Pitibulin' Obstetric is invaluable for promoting uterine contraction in the second stage of labour and after delivery; also for the prevention of post-partum hæmorrhage.

Preparations:

- 'Azoule' 'Pitibulin' Obstetric— $\frac{1}{2}$ and 1 c.c. in each.
In boxes of 6 and 12.
- 'Azoule' 'Pitibulin' with Adrenin— $\frac{1}{2}$ c.c. with gr. ad.
In boxes of 6 and 12.
- 'Azoule' 'Pitibulin' with Adrenin—1 c.c. with
gr. ad. In boxes of 6 and 12.

'Pitibulin' Surgical

A 20 per cent. extract of infundibular body. This preparation is identical with 'Pitibulin' as hitherto supplied by this House. Its use is especially indicated to raise blood pressure in surgical shock and post-anæsthetic collapse. In very urgent cases it may be administered per rectum or intravenously diluted with normal saline.

Preparations:

- 'Azoule' 'Pitibulin' Surgical— $\frac{1}{2}$ and 1 c.c. in each.
In boxes of 6 and 12.

*Leaflet giving further particulars
will be sent on request.*
