## "Pitibulin" Mark

### Denotes Unvarying Pituitary Extract

Conforming to the requirements of the Therapeutic Substances Regulations, 1927, "Pitibulin" is prepared according to the official standards, its activity being expressed in terms of the accepted unit.

"Pitibulin" maintains the stringently high criteria of therapeutic efficiency, safety in use and stability, self-imposed by its manufacturers—qualities which have given it its high place in the esteem of physicians. It has made a reputation among the Profession as the Pituitary Extract which can be relied on in emergency.

"Pitibulin" is supplied in boxes of 6 and 12 ampoules containing 2.5, 5 and 10 units per ampoule.

Literature giving fuller particulars of the therapeutic applications of "Pitibulin" will be sent on request.
