THE SANITARY RECORD,

A NEW

Journal of Public Health:

Being a Weekly Journal of the Progress of Hygiene of Cities, Towns, Rural Districts, Mines, Factories, and Habitations; the Food, Water, Gas Supply, and Drainage of Towns and Rural Districts; the Vital Statistics of Population; the Influence on Health of Trades and Occupations; and the Operation of Acts bearing upon Public Health.

I. The object of this Journal will be to collect and digest the available information now largely accumulating, much scattered, and in some measure wasted, by reason of its diffusion and relative inaccessibility, relating to the Health of the People.

1. The Sanitation of Mines, Factories, Workhouses, Hospitals, Schools, Barracks, other Public Buildings, and Private Houses.
2. Arrangements, Projects, and Inventions relating to Water Supply, Ventilation, and Warming.
3. Current information relating to Food, Air, and Water.
4. Reports of Medical Officers of Health.
5. Digests of Reports relating to work done for the Local Government Board under the Public Health Acts, Adulteration Acts, Alkali Acts, Vaccination Acts, Poisons (Pharmacy) Bill, etc.
6. Vital Statistics of the Population.

II. To publish Original Papers communicating suggestions for Improvements or Inventions relating to any of the above subjects, or discussing these subjects in their scientific, social, and legislative aspects.

III. To Collate, Review, and Describe British and Foreign Literature relating to the above subjects, viz.:

1. The Reports of the Government Inspectors under Public Health Acts; Mines Regulation Act; Factory and Workshop Acts; Burial Acts; Alkali Acts; Marine Hygiene; Infant Life Protection Bill.
2. Reports of Medical Officers of Health; Papers relating to Public Health, and the like subjects, read at the Society of Engineers, Statistical Society, Society of Actuaries, Architectural Institute, Social Science Association, Chemical Society, Epidemiological Society, Association of Medical Officers of Health.
3. Reports of Registrars-General at home and abroad, and of Foreign Boards of Health, with extracts from Foreign Journals; Reports of the Indian Sanitary Commission and Indian Sanitary Officers; Coroners' Reports; Local Government Reports (Ireland).
