NOTICES TO CORRESPONDENTS 149

Now ready, thick 8vo, 1,232 pp., with 80 Illustrations on Wood and Steel, price 25s.

The Diseases of the Heart and the AORTA. By THOMAS HAYDEN, F.R.C. and Q.C.P.L., Physician to the Mater Misericordie Hospital, etc.

"There is not an unnecessary page. It really contributes a small library on the subject of which it treats. . . . We can learn from this book alone almost everything which is now known concerning the Anatomy, Physiology, and Diseases of the Heart."—*New York Medical Record*.

"As a work of reference for the growth of our knowledge upon the subject, it is far the best we possess."—*Practitioner*.

"Of all the works which have appeared on the Diseases of the Heart and its Great Vessels the one before us is the most elaborate and the most complete."—*Medical Press and Circular*.

"Dr. Hayden's *opus magnum* must assuredly place him in the front rank as an authority in the department of medicine in which he laboured so long and to such good purpose."—*Dublin Journal of Medical Science*.

London: J. & A. CHURCHILL, New Burlington Street. Dublin: FANNIX & Co., Grafton Street.

Second Edition, Enlarged and Revised, 8vo, 7s.

Fistula, Hæmorrhoids, Ulceration, STRICTURE, and other DISEASES of the RECTUM, their DIAGNOSIS and TREATMENT. By WILLIAM ALINGHAM, F.R.C.S., Surgeon to St. Mark's Hospital for Fistula, &c.

"We consider it the standard work on Diseases of the Rectum."—*Medical Press*.

By the same Author, 8vo, limp cloth, 1s. 6d.

The Treatment of Fistula by MEANS of the ELASTIC LIGATURE. Being a Paper (with additional cases) read before the Medical Society of London.

"A very interesting pamphlet."—*Edin. Med. Jour.* J. & A. CHURCHILL, New Burlington Street.

Just published, crown 8vo, price 10s. 6d.

The Natural History and Relations of PNEUMONIA. A Clinical Study. By OCTAVIUS STURGES, M.D., Physician to the Westminster Hospital.

London: SMITH, ELDER, & Co., 15, Waterloo Place.

Demy 8vo, with Illustrations, 12s. 6d.

The Pathological Anatomy of the NERVOUS CENTRES. By EDWARD LONG FOX, M.D., F.R.C.P., Physician to the Bristol Royal Infirmary, late Lecturer on the Principles and Practice of Medicine and on Pathological Anatomy at the Bristol Medical School.

London: SMITH, ELDER, & Co., 15, Waterloo Place.

A few copies of the following work still remain on the publishers' hands.

N.B.—A Second Edition will not be published for a considerable time.

Post 8vo, cloth, 10s. 6d.

Gout, Rheumatism, and RHEUMATIC GOUT. By AUSTIN MELDON, L. and F.R.C.S.I., L.K. and L.C.P.I., Surgeon to Jervi's Street Hospital.

"We strongly recommend the book to busy practitioners, and feel sure that they will rise from the perusal of it, as we have done, with a feeling of indebtedness to the author for having brought together in so small a space so much original matter."—*Med. Press and Circ.*, April, 1873.

London: LONGMANS & Co., Paternoster Row, London.

Just Published, price 2s. 6d., post 8vo.

Outlines of Medical and SURGICAL ELECTRICITY, and Short Notices of the Principal Diseases in which Electricity has been Employed successfully.

London: HENRY RENSHAW, 356, Strand.

Now ready, Fasciculus II, containing Varieties of Chancres (3 figures), Melanosis (7 figures), Congenital Cystic Tumour of Neck (2 figures), an Extraordinary Form of Acute Erysipelatoid (Edema, imp. 4to, 6s. 6d.).
