On Paralysis from Brain Disease in its COMMON FORMS.

By H. CHARLTON BASTIAN, M.D., F.R.S., Physician to University College Hospital, and to the Hospital for the Paralyzed and Epileptic.

"We have formed a high estimate of this work. No one should omit reading it who wishes to keep abreast of recent progress in the difficult department of cerebral disease."—*Glasgow Med. Jour.*

"The author has been able to discuss every part of his subject in the light of a wide, practical, and scientific knowledge."—*The Lancet.*

"The remarks on treatment are, we think, practical, sagacious, and clinically useful."—*Brit. Med. Jour.*

"There is no better account of cerebral paralysis in our language."—*Birmingham Medical Review.*

MACMILLAN & Co., London.
