The Germ Theory applied to the EXPLANATION of the PHENOMENA of DISEASE. By T. MACLAGAN, M.D.
"We think it well that such a book as this should be written. It places before the reader in clear and unmistakable terms what is meant by the germ theory of disease."—*Lancet*.
"An able and exhaustive inquiry."—*Public Health*.
"A book of a very high order of merit. We cordially recommend it to all. It is a book that is full of suggestions, and one which all physicians who claim to have an opinion on the germ theory are bound to read carefully."—*Medical Examiner*.
"Brings before us in a simple and clear form what the facts are which must be accounted for. The profession should be grateful to Dr. MacLagan for showing the actual position of the advocates of the germ theory at the present time."—*London Medical Record*.
MACMILLAN & Co., Bedford Street, Strand, W.C.

BAILLIÈRE, TINDALL, & COX, 20, King William Street, Strand, London.
