An Introduction to the Practice of the Analysis of Organic Compounds.

AN INTRODUCTION to the PRACTICE OF THE ANALYSIS of ORGANIC COMPOUNDS: being a Treatise on the Properties, Proximate Analytical Examination, and Modes of Assaying the various Organic Chemicals and Preparations employed in the Arts, Manufactures, Medicine, etc.; with Concise Methods for the Detection and Determination of their Impurities, Adulterations, and Products of Decomposition. By ALFRED H. ALLEN, F.C.S., Lecturer on Chemistry at the Sheffield School of Medicine. Vol. I.—Cyanogen Compounds, Alcohols and their Derivatives, Phenols, Acids, etc. J. & A. CHURCHILL, New Burlington Street.

Sixth Edition, in 15 Monthly Parts at 2s. 6d.; Part XIII now ready.

Cooley's Cyclopædia of Practical Receipts and Collateral Information in the Arts, Manufactures, Professions, and Trades, including Medicine, Pharmacy, Domestic Economy, and Hygiene.

Edited by Prof. TUSON, F.C.S., assisted by several Scientific Contributors. J. & A. CHURCHILL, New Burlington Street.

With 53 Illustrations, royal 8vo, 14s.

Nervous Diseases: their Description and Treatment.

By ALLEN McLANE HAMILTON, M.D., one of the attending Physicians at the Epileptic and Paralytic Hospital, Blackwell's Island, New York City. "We have no hesitation in saying that reliance may be placed on Dr. Hamilton's conscientious performance of his self-assigned task, on his soundness of judgment, and freedom from empiricism."—*Edin. Med. Jour.* J. & A. CHURCHILL, New Burlington Street.

NEW WORKS & NEW EDITIONS published by J. & A. CHURCHILL, see p. 3 of Advertisement Sheet.

NEW EDITION OF DR. GREENHOW'S WORK ON BRONCHITIS.

Now ready, in 8vo, price 10s. 6d. cloth.

On Bronchitis, & the Morbid Conditions connected with it.

Being Clinical Lectures delivered at the Middlesex Hospital. By E. HEADLAM GREENHOW, M.D., F.R.S., Fellow of the Royal College of Physicians, and Physician to the Middlesex Hospital. Second Edition, revised and greatly enlarged.

London: LONGMANS & Co.

Crown 8vo, price 6s.

Diseases of Women.

By LAWSON TAIT, F.R.C.S., Surgeon to the Birmingham Hospital for Women, etc. "The distinguished merit of this book is its originality and practical character."—*Med. Times & Gazette.* "It abounds in valuable hints as to diagnosis and treatment, which cannot but prove most useful to the general practitioner, while in it the gynecologist will find the most recent theories as to the etiology and pathology of these affections, many of the views put forward being striking and original."—*Dub. Med. Jour.* WILLIAM & NORGATE, London and Edinburgh.

Just published, small 8vo, cloth, price 2s. 6d. (Post free).

Malarial Poisoning, Agues, etc.: Their PREVENTION and CURE.

Being the Experiences of a Long Residence in an Ague District. By the Rev. RICHARD BINGHAM, M.A., late Rector of Queensborough. With an Introduction by HORACE DOBELL, M.D.

"A remarkable little book... particularly valuable to all who are exposed to malarial or ague influences."—*Chatham and Rochester News.*

London: WERTHEIMER, LEA, & Co., Circus Place, London Wall.

Crown 8vo, pp. xii-108, with 35 Figures, cloth, 3s. 6d.

How to Use the Ophthalmoscope.

SCOPE: being Elementary Instructions in Ophthalmoscopy arranged to the wants of Students.

By EDGAR A. BROWNE,

Surgeon to the Liverpool Eye and Ear Infirmary, etc.

"This little work cannot be spoken of too highly."—*Dublin Journal Med. Science.* "Singularity happy in his choice of explanations.... As a guide to ophthalmoscopy, for the student there is no better work in print."—*Canada Med. and Surg. Jour.* "The information is given in a very concise, but we may add in a very clear and forcible manner. Many of the diagrams that illustrate the text are original and ingenious in their construction and very instructive."—*Edin. Med. Jour.* London: TRUBNER & Co., Ludgate Hill.

Now ready, Second Edition, copiously illustrated and entirely re-written, 8vo, 16s.

The Heart and its Diseases,

with their Treatment: including the Gouty Heart. By J. MILNER FOTHERGILL, M.D., Assistant Physician to the City of London Hospital for Diseases of the Chest (Victoria Park), and to the West London Hospital.

NOTICES OF FIRST EDITION.

"The chapter on treatment is unquestionably the best in the book, and may be read with profit by any physician. Throughout the whole work, indeed, are scattered remarks of value, which will repay the experienced practitioner."—*British Medical Journal.*

"Dr. Fothergill's remarks on rest, on proper blood nutrition in heart disease, on the treatment of the sequelæ of it, and on the actions of special medicines, all indicate that, in studying the pathology of heart disease, he has earnestly kept in view the best means of mitigating suffering and of prolonging life."—*The Lancet.* London: H. K. LEWIS, 136, Gower Street.
