Members of the Association, in binding the second Volume of the *British Medical Journal* for 1879, are requested to substitute the two pages of Index which they will find in this day's number for the corresponding pages issued last week.

Recently published, in crown 8vo, price 6s.

**Historical Sketch of the PROGRESS of MEDICINE from the EARLIEST TIMES to the End of the EIGHTEENTH CENTURY, embracing the PRACTICE of MEDICINE among the ASIATICS, that of the Burmese being translated from the Original MSS. By Dr. KEITH NORMAN MACDONALD.**

Edinburgh: MACLACHLAN & STEWART.  
London: SIMPKIN, MARSHALL, & CO.

## BRYANT'S SURGERY.

Third Edition, Revised and Enlarged.  
2 vols, crown 8vo, 28s.

"It has so much compactness, is so full of matter well employed and of experience well used, the illustrations are so good, and the rough purposes of a student's text-book are so well fulfilled, that we are not surprised that with the average medical student such a book is popular."—*British Medical Journal*.

"Mr. Bryant's work does him great honour, does his great Hospital honour, and stamps its author as a quite worthy descendant in a famous line, which includes the great Sir Astley."—*American Practitioner*.

"It is one of the very best treatises in surgery it has been our privilege to peruse; it is mature in its composition, sound in reasoning, full and complete in representing the varied subjects, and clear in its diction."—*St. Louis Clinical Record*.

J. & A. CHURCHILL, New Burlington Street.

## THE LONDON MEDICAL RECORD.
