A Manual of Midwifery for MIDWIVES.

By FAN COURT BARNES, M.D. Aberd., M.R.C.P. Lond., Physician to the General Lying-in Hospital, Assistant-Physician to the Royal Maternity Charity of London, and Physician for Diseases of Women to the St. George's and St. James's Dispensary. With numerous illustrations, price 6s.

"We can recommend the book as far superior to any previous one intended for the same object. It is also fitted to serve as a guide for the immediate need of junior students while attending midwifery cases under the supervision of more experienced persons."—*Obstetrical Journal of Great Britain and Ireland*.

"He has given the most admirable and lucid account of the mechanism of labour which it has ever been our pleasure to read."—*St. Louis Medical & Surg. Jour.*

"The chapter on the management of the lying-in is well worth the attention of the most experienced practitioners. . . . It is as likely to be popular with students as with midwives."—*British Medical Journal*.

"From those chapters which enter into the domain of general medicine we can judge of the good qualities of the whole."—*Westminster Review*.

SMYTH, ELDER, & Co., Waterloo Place, S.W.

On the Immediate Treatment of STRICTURE of the URETHRA.

By BARNARD HOLT, F.R.C.S., Consulting Surgeon to the Westminster Hospital.

"Mr. Holt's method of treatment of stricture of the urethra by 'immediate dilatation' is so fully recognised and practised by surgeons of the day, that his work, in which the results of his own practice are recorded, can need no recommendation."—*Lancet*.

"This work will both spread Mr. Holt's already well-earned reputation, and—what he will value far more—will help to lessen human suffering and prolong human life."—*Edin. Med. Jour.*

London: J. & A. CHURCHILL, New Burlington Street.

BRYANT'S SURGERY.

Third Edition, Revised and Enlarged.
2 vols, crown 8vo, 28s.

"It has so much compactness, is so full of matter well employed and of experience well used, the illustrations are so good, and the rough purposes of a student's textbook are so well fulfilled, that we are not surprised that with the average medical student such a book is popular."—*British Medical Journal*.

"Mr. Bryant's work does him great honour, does his great Hospital honour, and stamps its author as a quite worthy descendant in a famous line, which includes the great Sir Astley."—*American Practitioner*.

"It is one of the very best treatises in surgery it has been our privilege to peruse; it is mature in its composition, sound in reasoning, full and complete in representing the varied subjects, and clear in its diction."—*St. Louis Clinical Record*.

J. & A. CHURCHILL, New Burlington Street.

By S. O. HABERSHON, M.D. Lond., F.R.C.P., Senior Physician to, and late Lecturer on Medicine at, Guy's Hospital.

3rd Ed., Revised & Enlarged, 5 Pl., 8vo, 21s.

On Diseases of the Abdomen,

comprising those of the Stomach and other Parts of the Alimentary Canal, Oesophagus, Cæcum, Intestines, and Peritoneum.

Third Edition, Revised, crown 8vo, 5s.

On Diseases of the Stomach,

the Varieties of Dyspepsia: their Diagnosis and Treatment.

On the Pneumogastric Nerve,

being the Lumsleian Lectures delivered at the Royal College of Physicians of London, 1876. Post 8vo, 3s. 6d.

J. & A. CHURCHILL, New Burlington Street.

Now ready, crown 8vo, 7s. 6d.

The Ocean as a Health-Resort.

A Handbook of Practical Information as to Sea Voyages, for the Use of Tourists and Invalids.

By WILLIAM S. WILSON, L.R.C.P. Lond., M.R.C.S.E. With a Chart showing the Ocean-Routes, and illustrating the Physical Geography of the Sea.

J. & A. CHURCHILL, New Burlington Street.

With 24 Lithographic Plates, 8vo, 7s. 6d.

A Guide to the Microscopical

EXAMINATION of DRINKING-WATER.

By J. D. MACDONALD, M.D., F.R.S., Assistant-Professor of Naval Hygiene in the Army Medical School.

J. & A. CHURCHILL, New Burlington Street.

8vo, 5s. 6d.

Physiology and Pathology of

the SYMPATHETIC SYSTEM of NERVES.

By Drs. EULENBURG and GUTTMANN. Translated by A. NAPIER, M.D.,

"Gives a masterly résumé of all that is known on the sympathetic system of nerves, as well as endorses or negatives conclusions already arrived at by original experiments and researches."—*London Medical Record*.

J. & A. CHURCHILL, New Burlington Street.

With 53 Engravings, royal 8vo, 14s.

Nervous Diseases: their Des-

cription and Treatment. By ALLEN MC LANE HAMILTON, M.D., Physician at the Epileptic and Paralytic Hospital, New York.

"This is unquestionably the best and most complete text-book of nervous diseases that has yet appeared. This book has been so well performed that no room is left for anything but commendation."—*Brain*.

J. & A. CHURCHILL, New Burlington Street.
