The publication of THE LONDON MEDICAL RECORD constitutes an epoch in Medical Literature.—Professor Burdon Sanderson, F.R.S., Address to British Medical Association, 1873.

The LONDON MEDICAL RECORD

A MONTHLY ABSTRACT SUMMARY of 240 MEDICAL PERIODICALS

Of all COUNTRIES and LANGUAGES, by A STAFF of upwards of 100 CONTRIBUTORS.

SPECIAL NOTICE.—The LONDON MEDICAL RECORD contains a body of scientific information representing the most recent contributions to medical knowledge and progress by the practitioners and scientific medical workers of all parts of the World, which is declared by eminent medical men to be without example or rival in contemporary medical literature of any country. It is believed that it needs only to be seen by a large class of medical practitioners who are not at present familiar with its contents to be adopted even much more largely than at present as

The MONTHLY INTELLIGENCER and DAILY COMPANION of the GENERAL PRACTITIONER as well as of the HOSPITAL PHYSICIAN and SURGEON. Price 1s. 6d. monthly, or 19s. 6d. annually, post free.

Subscribers for the year 1881 will receive the December Number free.

London: SMITH, ELDER, & Co., 15, Waterloo Place.

Just published, Second Edition, Enlarged, and chiefly Re-written, with Coloured Plates, price 10s. 6d.

Diseases of the Ear.

By GEORGE P. FIELD, M.R.C.S., Aural Surgeon to St. Mary's Hospital, and Lecturer on Aural Surgery in the Medical School.

"Plain, shrewd, common-sense."—*British Medical Journal*

"This book is worthy to have reached a second edition in a very short time, as it has done. It will be found to be very practical and helpful to the student and to the general practitioner."—*The Lancet*.

"The medical practitioner will not often take up a book on a special subject the perusal of which will afford him more pleasure and satisfaction."—*Medical Press and Circular*.

"Of all the smaller text books we have recently seen this seems to us to contain the most. . . . The plan is novel and the book is good."—*Medical Times and Gazette*.

"Book of value for reference."—*American Journal of Otolology*.

London: H. RENSHAW, 356, Strand.

Third Edition, Crown 8vo, 4s. 6d.

Notes on Asthma.
