## FOR THE GENERAL PRACTITIONER.

## Clinical Surgical Diagnosis for Students & Practitioners.

Containing a Chapter on "Some General Diagnostic Problems in connection with the Military Surgery of the Limbs." By Professor F. DE QUERVAIN, Director of the Surgical Clinic, University of Basle. Translated by J. SNOWMAN, M.D. 862 pp., with 604 Illustrations and 5 Coloured Plates. Second English Edition, Royal 8vo. Price 35s. net. Postage: inland, 7d., abroad 2s.

"The illustrations.....are all admirably reproduced. The arrangement of the subjects is from the head to the heel..... The book is thus easy to consult, and is particularly suitable for the general practitioner, as it emphasizes those features which are to be noted by clinical observation."—PROCEED. OF ROY. SOC. OF MED.
