A REPORT ON THE PROGRESS OF PRACTICAL & SCIENTIFIC MEDICINE.

EDITED BY

HORACE DOBELL, M.D.,

Senior Physician to the Royal Hospital for Diseases of the Chest, etc., etc.

Assisted by numerous and distinguished Coadjutors.

EXTRACT FROM PREFACE.—"The design of this work is to bring together, in the English language, original and independent Reports from all parts of the world, written by distinguished men resident in the countries which they represent. . . . In future Reports we hope to include those departments of Medicine which have been omitted in this, and to fill up the gaps which have unavoidably occurred in the Representation of Countries and Districts."

NOTE.—It will be seen that this Report differs widely in scope and intention from the Half-Yearly Abstracts, Biennial Retrospects, and other works of the kind.
