PRACTICE OF MEDICINE. THE By THOMAS HAWKES TANNER, M.D., M.R.C.P.

The Sixth Edition, Revised, much enlarged, and thoroughly brought up to the present time; with a Complete Section on the DISEASES PECULIAR TO WOMEN; And containing an extensive Appendix of Formulæ for Medicines, Baths, Mineral Waters, Climates, etc.

"There is a common character about the writings of Dr. Tanner, a character which constitutes one of their chief values; they are all essentially and thoroughly practical. Dr. Tanner never for one moment allows this utilitarian end to escape his mental view. He aims at teaching how to recognise and how to cure disease, and in this he is thoroughly successful. * * * It is indeed a wonderful mine of knowledge."—Medical Times, July 1869. London: HENRY RENSHAW, 356, Strand.

Now ready, with numerous Engravings on Wood, 8vo, cloth, 9s.
