Now Ready, 5th Edition, revised and enlarged, price 3s.

On Diet and Regimen in SICKNESS AND HEALTH, and on the Interdependence and prevention of Diseases and the diminution of the fatality. By HORACE DOBELL, M.D., Senior Physician to the Royal Hospital for Diseases of the Chest; Physician to the Royal Albert Orphan Asylum, etc.

By the same author.

Just published, illustrated by the heliotype process, 8vo. cloth, 6s. 6d.

On Affections of the Heart, and in its neighbourhood; Cases, Aphorisms and Commentaries.

London: H. K. LEWIS, 136, Gower Street.

This day, in 2 vols., crown 8vo, price 28s.

The Beginnings of Life:

being some Account of the Nature, Modes of Origin, and Transformation of the Lower Organisms.

By H. CHARLTON BASTIAN, M.D., F.R.S.

With upwards of 100 Illustrations.
MACMILLAN & Co., London.

New Edition of Dr. Graily

HEWITT'S Work on DISEASES OF WOMEN. The Third Edition of Dr. GRAILY HEWITT'S Work on Diseases of Women, in great part re-written and with additional Illustrations, is in the press, and will be published in September.

London: LONGMANS, GREEN, & Co., Paternoster Row.

Second Edition, profusely illustrated, price 15s.

Dr. Althaus on Medical Elec-

TRICITY, and its USE in the TREATMENT of PARALYSIS, NEURALGIA, and other DISEASES. "Dr. Althaus thoroughly understands the subject which for years he has pursued with so much distinction, and his book is one which in every way is creditable to British therapeutics."—*Scientific Opinion*.

LONGMANS AND Co., Paternoster Row.

Just published, crown 8vo, price 8s. 6d.

Insanity and its Treatment:

LECTURES on the Treatment, Medical and Legal, of INSANE PATIENTS. By G. FIELDING BLANDFORD, M.D. Oxon., F.R.C.P., Lecturer on Psychological Medicine at the School of St. George's Hospital.

"It satisfies a want which must have been sorely felt by the busy general practitioners of this country. . . . His pictures of the various forms of mental disease are so clear and good, that no reader can fail to be struck with their superiority to those given in ordinary manuals."—*The Practitioner*.

Edinburgh: OLIVER and BOYD.

London: SIMPKIN, MARSHALL, and Co.

Now ready, demy 8vo, cloth, with nine page plates, 14s.

Dr. Sansom on Antiseptics.

"A very valuable and much needed contribution to medical literature. Dr. Sansom has undoubtedly succeeded in placing the germ theory, in its relation to actual Practice, upon a much firmer foundation than that on which it has hitherto rested."—*Birmingham Medical Review*.

"The ambition which has led Dr. Sansom to undertake the very large and difficult task which this book aims to carry out is every way honourable to him. Dr. Sansom has written a highly thoughtful essay."—*Practitioner*.

"We cannot do more than recommend our readers to peruse Dr. Sansom's work, not merely for its special interest, but as conveying clear knowledge of the nature, the action, and of what is required of antiseptics."—*Quarterly Journal of Science*.

NOTICE.

The Medical Directory.

The ANNUAL CIRCULAR was posted to every Member of the Profession in the United Kingdom on Thursday, August 1st.

The Editors will feel obliged by its being returned with as little delay as possible. Should the Circular in any case miscarry, immediate communication with the Office of the Medical Directory is requested.
