On Diseases of the Chest:

Contributions to their Clinical History, Pathology, and Treatment. By A. T. H. WATERS, M.D., F.R.C.P., Physician to the Liverpool Royal Infirmary. "A work of very great merit."—*The Lancet.* "A special value attaches to the commentaries of a physician like the author, for he writes not merely upon the evidence adduced by others, but brings the matured experience of a long practice to bear upon the many disputed points in the treatment of disease."—*The Practitioner.*

"The notice here presented of Dr. Waters's work will suffice to show what important practical instruction it contains: instruction founded on experience and illustrated at large by the record of cases."—*Med. Clin. Rev.*

"We have thus passed in review Dr. Waters's admirable book, which we regard as a very valuable addition to the works on Diseases of the Chest."—*Amer. Jour. Med. Science.*
J. and A. CHURCHILL, New Burlington Street.

With Lithographic Plates, price 10s. 6d.

Diseases of the Skin: their

Symptoms, Diagnosis, and Treatment. By GEORGE NAYLER, F.R.C.S., Surgeon to the Hospital for Diseases of the Skin, Bridge Street, Blackfriars.

"The descriptions of disease are clear and short, and withal clinical—such as imply considerable observation and familiarity with the subject."—*Lancet.*
J. and A. CHURCHILL, New Burlington Street.
