Second Edition (preparing for the press).
The Heart and its Diseases: with their Treatment; including the Gouty Heart. By J. MILNER FOTHERGILL, M.D., M.R.C.P. Lond., Assistant-Physician to the City of London Hospital for Diseases of the Chest (Victoria Park), and to the West London Hospital.
“The chapter on treatment is unquestionably the best in the book, and may be read with advantage by any physician.”—*Brit. Med. Jour.*
“Dr. Fothergill's remarks on rest, on proper blood nutrition in heart disease, on the treatment of the sequelæ of it, and on the actions of special medicines, all indicate that, in studying the pathology of heart disease, he has earnestly kept in view the best means of mitigating suffering and of prolonging life.”—*Lancet.*
H. K. LEWIS, 156, Gower Street.

Now ready, price 5s.
The Influence of Climate in the PREVENTION and TREATMENT of PULMONARY CONSUMPTION. Lettsomian Lectures for 1876. By C. THEODORE WILLIAMS, M.A., M.D. Oxon., F.R.C.P., Physician to the Hospital for Consumption, Brompton.
SMITH, ELDER, and Co.
